

In the opinion of Stradling Yocca Carlson & Rauth, a Professional Corporation, San Francisco, California (“Bond Counsel”), under existing statutes, regulations, rulings and judicial decisions, and assuming the accuracy of certain representations and compliance with certain covenants and requirements described herein, interest (and original issue discount) on the Bonds is excluded from gross income for federal income tax purposes and is not an item of tax preference for purposes of calculating the federal alternative minimum tax imposed on individuals. In the further opinion of Bond Counsel, interest (and original issue discount) on the Bonds is exempt from State of California personal income tax. See “TAX MATTERS” with respect to tax consequences relating to the Bonds.

This cover page contains certain information for quick reference only. It is not a summary of this issue. Investors must read the entire Official Statement to obtain information essential to the making of an informed investment decision. Capitalized terms used on this cover page but not otherwise defined will have the meanings assigned thereto as provided in the Official Statement.

The Portola Valley School District (San Mateo County, California) Election of 2018 General Obligation Bonds, Series 2019A (the “Series 2019A Bonds”), were authorized at an election of the registered voters of the Portola Valley School District (the “District”) held on November 6, 2018, at which the requisite 55% of the persons voting on the proposition voted to authorize the issuance and sale of \$49,500,000 aggregate principal amount of general obligation bonds of the District. The Series 2019A Bonds are being issued to (i) finance the acquisition, construction, modernization and equipping of District sites and facilities, and (ii) pay the costs of issuance of the Series 2019A Bonds.

The Portola Valley School District (San Mateo County, California) 2020 General Obligation Refunding Bonds (the “Refunding Bonds,” and together with the Series 2019A Bonds, the “Bonds”) are being issued by the District to (i) currently refund the District’s 2010 General Obligation Refunding Bonds, Series B, and (ii) pay the costs of issuing the Refunding Bonds.

The Bonds are general obligations of the District payable solely from the proceeds of *ad valorem* property taxes. The Board of Supervisors of San Mateo County is empowered and obligated to annually levy such *ad valorem* property taxes, without limitation as to rate or amount (except certain personal property which is taxable at limited rates), upon all property subject to taxation by the District, for the payment of the principal of and interest on the Bonds when due.

Each series of the Bonds will be dated as of their respective dates of initial delivery, and will be issued as current interest bonds such that interest thereon will accrue from the such initial delivery dates and be payable semiannually. Interest on the Series 2019A Bonds will be payable on February 1 and August 1 of each year, commencing August 1, 2019. Interest on the Refunding Bonds will be payable on February 1 and August 1 of each year, commencing August 1, 2020. The Bonds are issuable in denominations of \$5,000 principal amount or any integral multiple thereof.

The Refunding Bonds are scheduled to be issued and delivered on May 6, 2020. For a discussion regarding the delayed delivery of the Refunding Bonds, certain conditions to the obligation of the Underwriter to purchase the Refunding Bonds and certain risks to purchasers of beneficial interests in the Refunding Bonds resulting from the delayed delivery thereof, see “THE BONDS –Delayed Delivery of the Refunding Bonds” herein.

The Bonds will be issued in book-entry form only, initially registered in the name of Cede & Co. as nominee of The Depository Trust Company, New York, New York (collectively referred to herein as “DTC”). Purchasers of the Bonds (the “Beneficial Owners”) will not receive physical certificates representing their interest in the Bonds, but will instead receive credit balances on the books of their respective nominees.

Payments of principal of and interest on the Bonds will be made by The Bank of New York Mellon Trust Company, as the designated Paying Agent, to DTC for subsequent disbursement to DTC Participants who will remit such payments to the Beneficial Owners of the Bonds.

The Bonds are subject to optional and mandatory sinking fund redemption prior to maturity as further described herein.

**Maturity Schedule
(see inside front cover)**

The Bonds will be offered when, as and if issued and received by the Underwriter, subject to the approval of legality by Stradling Yocca Carlson & Rauth, a Professional Corporation, San Francisco, California, Bond Counsel. Certain matters will be passed on for the District by Stradling Yocca Carlson & Rauth, a Professional Corporation, as Disclosure Counsel. It is anticipated that the Series 2019A Bonds, in book-entry form, will be available for delivery through the facilities of DTC in New York, New York on or about April 3, 2019. It is anticipated that the Refunding Bonds, in book-entry form, will be available for delivery through the facilities of DTC, in New York, New York, on or about May 6, 2020.

This Official Statement does not constitute an offering of any security other than the original offering of the Bonds of the District. No dealer, broker, salesperson or other person has been authorized by the District to give any information or to make any representations other than as contained in this Official Statement, and if given or made, such other information or representation not so authorized should not be relied upon as having been given or authorized by the District.

The issuance and sale of the Bonds have not been registered under the Securities Act of 1933 or the Securities Exchange Act of 1934, both as amended, in reliance upon exemptions provided thereunder by Sections 3(a)2 and 3(a)12, respectively. This Official Statement does not constitute an offer to sell or a solicitation of an offer to buy in any state in which such offer or solicitation is not authorized or in which the person making such offer or solicitation is not qualified to do so or to any person to whom it is unlawful to make such offer or solicitation.

The information set forth herein, other than that provided by the District, has been obtained from sources which are believed to be reliable, but is not guaranteed as to accuracy or completeness, and is not to be construed as a representation by the District. The information and expressions of opinions herein are subject to change without notice and neither delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, create any implication that there has been no change in the affairs of the District since the date hereof. This Official Statement is submitted in connection with the sale of the Bonds referred to herein and may not be reproduced or used, in whole or in part, for any other purpose.

When used in this Official Statement and in any continuing disclosure by the District in any press release and in any oral statement made with the approval of an authorized officer of the District or any other entity described or referenced in this Official Statement, the words or phrases “will likely result,” “are expected to,” “will continue,” “is anticipated,” “estimate,” “project,” “forecast,” “expect,” “intend” and similar expressions identify “forward looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995. Such statements are subject to risks and uncertainties that could cause actual results to differ materially from those contemplated in such forward-looking statements. Any forecast is subject to such uncertainties. Inevitably, some assumptions used to develop the forecasts will not be realized and unanticipated events and circumstances may occur. Therefore, there are likely to be differences between forecasts and actual results, and those differences may be material.

The Underwriter has provided the following sentence for inclusion in this Official Statement: “The Underwriter has reviewed the information in this Official Statement in accordance with, and as part of, its responsibilities to investors under the federal securities laws as applied to the facts and circumstances of this transaction, but the Underwriter does not guarantee the accuracy or completeness of such information.”

IN CONNECTION WITH THIS OFFERING, THE UNDERWRITER MAY OVER-ALLOT OR EFFECT TRANSACTIONS WHICH STABILIZE OR MAINTAIN THE MARKET PRICE OF THE BONDS AT LEVELS ABOVE THOSE THAT MIGHT OTHERWISE PREVAIL IN THE OPEN MARKET. SUCH STABILIZING, IF COMMENCED, MAY BE DISCONTINUED AT ANY TIME. THE UNDERWRITER MAY OFFER AND SELL THE BONDS TO CERTAIN SECURITIES DEALERS AND DEALER BANKS AND BANKS ACTING AS AGENT AT PRICES LOWER THAN THE PUBLIC OFFERING PRICES STATED ON THE INSIDE COVER PAGE HEREOF AND SAID PUBLIC OFFERING PRICES MAY BE CHANGED FROM TIME TO TIME BY THE UNDERWRITER.

This Official Statement is submitted in connection with the sale of the Bonds referred to herein and may not be reproduced or used, in whole or in part, for any other purpose.

\$10,000,000	\$3,475,000
Election of 2018 General Obligation Bonds, Series 2019A	2020 General Obligation Refunding Bonds (Delayed Delivery)

INTRODUCTION

This Official Statement, which includes the cover page, inside cover pages and appendices hereto, provides information in connection with the sale of (i) Portola Valley School District (San Mateo County, California) Election of 2018 General Obligation Bonds, Series 2019A (the “Series 2019A Bonds”), and (ii) Portola Valley School District (San Mateo County, California) 2020 General Obligation Refunding Bonds (the “Refunding Bonds,” and together with the Series 2019A Bonds, the “Bonds”).

This Introduction is not a summary of this Official Statement. It is only a brief description of and guide to, and is qualified by, more complete and detailed information contained in the entire Official Statement, including the cover page, inside cover pages and appendices hereto, and the documents summarized or described herein. A full review should be made of the entire Official Statement. The offering of the Bonds to potential investors is made only by means of the entire Official Statement.

The District

The Portola Valley School District (the “District”), located in San Mateo County (the “County”), currently provides educational services to the residents of the Town of Portola Valley, a portion of the Town of Woodside and certain unincorporated areas of the County. The District is located approximately 37 miles south of San Francisco, on the edge of the Silicon Valley. The District currently operates Ormondale School and Corte Madera School, servicing students in grades kindergarten through eight. For fiscal year 2018-19, the District’s average daily attendance (“ADA”) is projected to be 558 students, and taxable property has an assessed valuation of \$5,448,495,550.

The District is governed by a five-member Board of Trustees (the “District Board”), each member of which is elected to a four-year term. Elections for positions to the Board are held every two years, alternating between two and three available positions. The District Board currently has one vacancy. The District expects that the District Board, at their March 27 meeting, will select and appoint someone to fill this vacancy.

The management and policies of the District are administered by a Superintendent appointed by the Board who is responsible for day-to-day District operations as well as supervision of the District’s other key personnel. Eric Hartwig currently serves as the District Superintendent. Mr. Hartwig has announced his retirement from the District, effective as of June 30, 2019. The District has begun a search for a new Superintendent.

See “PORTOLA VALLEY SCHOOL DISTRICT” and “DISTRICT FINANCIAL INFORMATION” for more information regarding the District generally and “TAX BASE FOR REPAYMENT OF BONDS” for information regarding the District’s assessed valuation. The District’s audited financial statements for the fiscal year ended June 30, 2018 are attached hereto as APPENDIX C and should be read in their entirety.

Purpose of the Bonds

The Series 2019A Bonds are being issued to (i) finance the acquisition, construction, modernization and equipping of the District sites and facilities, and (ii) pay the costs of issuing the Series 2019A Bonds.

The Refunding Bonds are being issued to (i) currently refund a portion of the District's outstanding 2010 General Obligation Refunding Bonds, Series B (the "Prior Bonds"), and (ii) pay the costs of issuing the Refunding Bonds.

See also "THE BONDS – Application and Investment of Bond Proceeds" and "ESTIMATED SOURCES AND USES OF FUNDS" herein.

Authority for Issuance of the Bonds

The Bonds are issued pursuant to certain provisions of the State of California Government Code and pursuant to resolutions adopted by the District Board on February 6, 2019. See "THE BONDS – Authority for Issuance" herein.

Sources of Payment for the Bonds

The Bonds are general obligations of the District payable solely from the proceeds of *ad valorem* property taxes. The Board of Supervisors of the County (the "County Board") is empowered and obligated to levy such *ad valorem* property taxes, without limitation as to rate or amount, upon all property within the District subject to taxation thereby (except certain personal property which is taxable at limited rates), for the payment of principal of and interest on the Bonds when due.

Description of the Bonds

Form and Registration. The Bonds will be issued in fully registered form only, without coupons. The Bonds will be initially registered in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York ("DTC"), who will act as securities depository for the Bonds. See "THE BONDS – General Provisions" and "– Book-Entry Only System" herein. Purchasers of the Bonds (the "Beneficial Owners") will not receive physical certificates representing their interests in the Bonds purchased, but will instead receive credit balances on the books of their respective nominees. In the event that the book-entry only system described below is no longer used with respect to the Bonds, the Bonds will be registered in accordance with the Resolutions (as defined herein). See "THE BONDS – Discontinuation of Book-Entry Only System; Registration, Payment and Transfer of Bonds" herein.

So long as Cede & Co. is the registered owner of the Bonds, as nominee of DTC, references herein to the "Owners," "Bondowners" or "Holders" of the Bonds (other than under the caption "TAX MATTERS" and in APPENDIX A) will mean Cede & Co. and will not mean the Beneficial Owners of the Bonds.

Denominations. Individual purchases of interests in the Bonds will be available to purchasers of the Bonds in the denominations of \$5,000 principal amount, or any integral multiples thereof.

Delayed Delivery of the Refunding Bonds. The Refunding Bonds will be sold to Piper Jaffray & Co. ("Underwriter") on a delayed delivery basis (the "Delayed Delivery") pursuant to a purchase contract (the "Refunding Bonds Purchase Contract") by and between the District and the Underwriter. See "THE BONDS – Delayed Delivery of the Refunding Bonds" and "MISCELLANEOUS – Underwriting."

Redemption. The Bonds are subject to optional and mandatory sinking fund redemption prior to their stated maturity dates as further described herein. See “THE BONDS – Redemption” herein.

Payments. Each series of the Bonds will be dated as of the dates of their respective initial delivery, such dates being the Closing Date (as defined herein) with respect to the Series 2019A Bonds and the Settlement Date (as defined herein) with respect to the Refunding Bonds. The Bonds will be issued as current interest bonds such that interest thereon will accrue from such respective initial delivery dates and be payable semiannually. Interest on the Series 2019A Bonds will be payable on February 1 and August 1 of each year (each, a “Bond Payment Date”), commencing August 1, 2019. Interest on the Refunding Bonds will be payable on each Bond Payment Date, commencing August 1, 2020. Principal of the Bonds is payable on August 1 in the amounts and years as set forth on the inside cover pages hereof.

Payments of the principal of and interest on the Bonds will be made by The Bank of New York Mellon Trust Company, as the designated paying agent, registrar and transfer agent (the “Paying Agent”), to DTC for subsequent disbursement through DTC Participants (defined herein) to the Beneficial Owners of the Bonds.

Tax Matters

In the opinion of Stradling Yocca Carlson & Rauth, a Professional Corporation, San Francisco, California, Bond Counsel, based on existing statutes, regulations, rulings and judicial decisions and assuming the accuracy of certain representations and compliance with certain covenants and requirements described herein, interest (and original issue discount) on the Bonds is excluded from gross income for federal income tax purposes and is not an item of tax preference for purposes of calculating the federal alternative minimum tax imposed on individuals. In the further opinion of Bond Counsel, interest on the Bonds is exempt from State of California personal income tax. See “TAX MATTERS – Bonds” herein.

Offering and Delivery of the Bonds

The Bonds are offered when, as and if issued, subject to approval as to their legality by Bond Counsel. It is anticipated that the Series 2019A Bonds in book-entry form will be available for delivery through the facilities of DTC in New York, New York, on or about April 3, 2019 (the “Closing Date”). It is anticipated that the Refunding Bonds in book-entry form will be available for delivery through the facilities of DTC in New York, New York, on or about May 6, 2020 (the “Settlement Date”). The Delayed Delivery of the Refunding Bonds is necessary to achieve a current refunding of the Prior Bonds for purposes of the Internal Revenue Code of 1986, as amended. See “THE BONDS – Delayed Delivery of the Refunding Bonds.”

Bond Owner’s Risks

The Bonds are general obligations of the District payable solely from *ad valorem* property taxes which may be levied on all taxable property in the District, without limitation as to rate or amount (except with respect to certain personal property which is taxable at limited rates). For more complete information regarding the taxation of property within the District, and certain other considerations related thereto, see “TAX BASE FOR REPAYMENT OF BONDS” and “LIMITATION ON REMEDIES; BANKRUPTCY” herein.

Continuing Disclosure

Pursuant to those certain Continuing Disclosure Certificates relating to each series of the Bonds, the District will covenant for the benefit of the Owners and Beneficial Owners of the Bonds to make available certain financial information and operating data relating to the District and to provide notices of the occurrence of certain listed events. The specific nature of the information to be made available and of the notices of listed events is summarized below under “LEGAL MATTERS – Continuing Disclosure” and “APPENDIX D – FORM OF CONTINUING DISCLOSURE CERTIFICATE FOR THE SERIES 2019A BONDS” and “APPENDIX E – FORM OF CONTINUING DISCLOSURE CERTIFICATE FOR THE REFUNDING BONDS” herein. These covenants have been made in order to assist the Underwriter in complying with Rule 15c2-12(b)(5) promulgated under the Securities Exchange Act of 1934, as amended (the “Rule”).

Professionals Involved in the Offering

Stradling Yocca Carlson & Rauth, a Professional Corporation, San Francisco, California, is acting as Bond Counsel and Disclosure Counsel to the District with respect to the Bonds. Keygent, LLC, El Segundo, California is acting as Municipal Advisor to the District with respect to the Bonds. Stradling Yocca Carlson & Rauth, a Profession Corporation and Keygent, LLC will receive compensation from the District contingent upon the sale and delivery of the Bonds. From time to time, Bond Counsel represents the Underwriter on matters unrelated to the Bonds or the District.

Forward Looking Statements

Certain statements included or incorporated by reference in this Official Statement constitute “forward-looking statements” within the meaning of the United States Private Securities Litigation Reform Act of 1995, Section 21E of the United States Securities Exchange Act of 1934, as amended, and Section 27A of the United States Securities Act of 1933, as amended. Such statements are generally identifiable by the terminology used such as “plan,” “intend,” “expect,” “estimate,” “project,” “budget” or other similar words. Such forward-looking statements include, but are not limited to, certain statements contained in the information regarding the District herein.

THE ACHIEVEMENTS OF CERTAIN RESULTS OR OTHER EXPECTATIONS CONTAINED IN SUCH FORWARD-LOOKING STATEMENTS INVOLVE KNOWN AND UNKNOWN RISKS, UNCERTAINTIES AND OTHER FACTORS WHICH MAY CAUSE ACTUAL RESULTS, PERFORMANCE OR ACHIEVEMENTS DESCRIBED TO BE MATERIALLY DIFFERENT FROM ANY FUTURE RESULTS, PERFORMANCE OR ACHIEVEMENTS EXPRESSED OR IMPLIED BY SUCH FORWARD-LOOKING STATEMENTS. THE DISTRICT DOES NOT PLAN TO ISSUE ANY UPDATES OR REVISIONS TO THE FORWARD-LOOKING STATEMENTS SET FORTH IN THIS OFFICIAL STATEMENT.

Other Information

This Official Statement speaks only as of its date, and the information contained herein is subject to change. Copies of documents referred to herein and information concerning the Bonds are available from the Portola Valley School District, 4575 Alpine Road, Portola Valley, California 94028, telephone: (650) 851-3700. The District may impose a charge for copying, mailing and handling.

No dealer, broker, salesperson or other person has been authorized by the District to give any information or to make any representations other than as contained herein and, if given or made, such other information or representations must not be relied upon as having been authorized by the District.

This Official Statement does not constitute an offer to sell or the solicitation of an offer to buy nor shall there be any sale of the Bonds by a person in any jurisdiction in which it is unlawful for such person to make such an offer, solicitation or sale.

This Official Statement is not to be construed as a contract with the purchasers of the Bonds. Statements contained in this Official Statement which involve estimates, forecasts or matters of opinion, whether or not expressly so described herein, are intended solely as such and are not to be construed as representations of fact. THE BONDS

Authority for Issuance

Series 2019A Bonds. The Series 2019A Bonds are issued pursuant to the provisions of Article 4.5 of Chapter 3 of Part 1 of Division 2 of Title 5 of the California Government Code of the State of California, commencing with Section 53506 *et seq.*, as amended, Article XIII A of the California Constitution, other applicable law, and pursuant to a resolution of the Board adopted on February 6, 2019 (the “Series 2019A Resolution”). The District received authorization at an election held on November 6, 2018 by the requisite fifty-five percent of the votes cast by eligible voters within the District to issue \$49,500,000 aggregate principal amount of general obligation bonds (the “Authorization”). The Series 2019A Bonds are the first series of bonds issued under the Authorization, and following the issuance thereof, \$39,500,000 of the Authorization will remain unissued.

Refunding Bonds. The Refunding Bonds are issued pursuant to the provisions of Articles 9 and 11 of Chapter 3 of Part 1 of Division 2 of the State Government Code and other applicable law, and pursuant to a resolution of the Board adopted on February 6, 2019 (the “Refunding Resolution,” and together with the Series 2019A Resolution, the “Resolutions”).

Security and Sources of Payment

The Bonds are general obligations of the District payable solely from the proceeds of *ad valorem* property taxes. The County Board is empowered and obligated to annually levy such *ad valorem* property taxes, without limitation as to rate or amount (except certain personal property which is taxable at limited rates), upon all property within the District subject to taxation thereby for the payment of the principal of and interest on the Bonds when due. Such *ad valorem* property taxes will be levied annually in addition to all other taxes during the period that the Bonds are outstanding in an amount sufficient to pay the principal of and interest on the Bonds when due. The levy may include an allowance for an annual reserve, established for the purpose of avoiding fluctuating tax levies. While the County has historically levied *ad valorem* property taxes to establish such a reserve for other bonds of the District, the County is not obligated to establish or maintain such a reserve, and the District can make no

representations that the County will do so in future years. Such taxes, when collected, will be placed by the County in the respective Debt Service Funds (defined herein) for each series of the Bonds created by the respective Resolutions, which are segregated and maintained by the County and which are designated for the payment of the principal of and interest on the related series of Bonds when due, and for no other purpose. Pursuant to each Resolution, the District had pledged funds on deposit in each Debt Service Fund to the payment of the respective series of Bonds to which such fund relates. Although the County is obligated to levy *ad valorem* property taxes for the payment of the Bonds, and the County will maintain the Debt Service Funds, the Bonds are not a debt of the County.

Moneys in the Debt Service Funds, to the extent necessary to pay the principal of and interest on the series of Bonds to which funds relate, as the same becomes due and payable, will be transferred by the County to the Paying Agent. The Paying Agent will in turn remit the funds to DTC for remittance of such principal and interest to its Participants (as defined herein) for subsequent disbursement to the respective Beneficial Owners of such Bonds.

The amount of the annual *ad valorem* property taxes levied by the County to repay the Bonds as described above will be determined by the relationship between the assessed valuation of taxable property in the District and the amount of debt service due on the Bonds in any year. Fluctuations in the annual debt service on the Bonds and the assessed value of taxable property in the District may cause the annual tax rates to fluctuate. Economic and other factors beyond the District's control, such as general market decline in land values, disruption in financial markets that may reduce the availability of financing for purchasers of property, reclassification of property to a class exempt from taxation, whether by ownership or use (such as exemptions for property owned by the State of California (the "State") and local agencies and property used for qualified education, hospital, charitable or religious purposes), or the complete or partial destruction of the taxable property caused by a natural or manmade disaster, such as earthquake, flood, drought, fire, wildfire or toxic contamination, could cause a reduction in the assessed value of taxable property within the District and necessitate a corresponding increase in the respective annual tax rates. For further information regarding the District's assessed valuation, tax rates, overlapping debt, and other matters concerning taxation, see "CONSTITUTIONAL AND STATUTORY PROVISIONS AFFECTING DISTRICT REVENUES AND APPROPRIATIONS – Article XIII A of the California Constitution" and "TAX BASE FOR REPAYMENT OF BONDS" herein.

Statutory Liens

Pursuant to California Government Code Section 53515, the Bonds will be secured by a statutory lien on all revenues received pursuant to the levy and collection of *ad valorem* property taxes for the payment thereof. The lien automatically attaches, without further action or authorization by the Board, and is valid and binding from the time the Bonds are executed and delivered. The revenues received pursuant to the levy and collection of the *ad valorem* property tax will be immediately subject to the lien, and such lien will be enforceable against the District, its successor, transferees and creditors, and all other parties asserting rights therein, irrespective of whether such parties have notice of the lien and without the need for physical delivery, recordation, filing or further act.

This statutory lien, by its terms, secures not only the Bonds, but also any other bonds of the District issued after January 1, 2016 and payable, both as to principal and interest, from the proceeds of *ad valorem* property taxes that may be levied pursuant to paragraphs (2) and (3) of subdivision (b) of Section 1 of Article XIII A of the California Constitution. The statutory lien provision does not specify the relative priority of obligations so secured or a method of allocation in the event that the revenues received pursuant to the levy and collection of such *ad valorem* property taxes are insufficient to pay all amounts then due and owing that are secured by the statutory lien.

General Provisions

The Bonds will be issued in book-entry form only, and will be initially issued and registered in the name of Cede & Co., as nominee for DTC. Beneficial Owners will not receive physical certificates representing their interests in the Bonds. The Series 2019A Bonds will be dated as of the Closing Date and the Refunding Bonds will be dated as of the Settlement Date.

Interest on the Bonds accrues from the dates of their respective initial delivery (such dates being the Closing Date with respect to the Series 2019A Bonds and the Settlement Date with respect to the Refunding Bonds), and is payable semiannually. Interest on the Series 2019A Bonds will be payable on each Bond Payment Date, commencing August 1, 2019. Interest on the Refunding Bonds will be payable on each Bond Payment Date, commencing August 1, 2020. Interest on the Bonds will be computed on the basis of a 360-day year of 12, 30-day months. Each Bond will bear interest from the Bond Payment Date next preceding the date of authentication thereof unless it is authenticated as of a day during the period from the 16th day of the month next preceding any Bond Payment Date to that Bond Payment Date, inclusive, in which event it will bear interest from such Bond Payment Date, or unless it is authenticated on or before the first Record Date (defined herein) with respect to each series of the Bonds, in which event it will bear interest from the Closing Date or Settlement Date, as applicable. The Bonds are issuable in denominations of \$5,000 principal amount or any integral multiple thereof. The Bonds mature on August 1, in the years and amounts set forth on the inside cover pages hereof.

Payment of interest on any Bond on any Bond Payment Date will be made to the person appearing on the registration books of the Paying Agent as the registered Owner thereof as of the 15th day of the month immediately preceding such Bond Payment Date (the “Record Date”), such interest to be paid by wire transfer to the bank and account number on file with the Paying Agent as of the Record Date. The principal of and redemption premiums, if any, payable on the Bonds shall be payable upon maturity upon surrender at the principal office of the Paying Agent. The principal of, and interest, and redemption premiums, if any, on the Bonds shall be payable in lawful money of the United States of America. The Paying Agent is authorized to pay the Bonds when duly presented for payment at maturity, and to cancel all Bonds upon payment thereof. So long as the Bonds are held in the book-entry system of DTC, all payments of principal of and interest on the Bonds will be made by the Paying Agent to Cede & Co. (as a nominee of DTC), as the registered Owner of the Bonds,

Delayed Delivery of Refunding Bonds

Delayed Delivery. The District expects to deliver the Refunding Bonds, in book-entry form, to DTC on or about the Settlement Date for the account of the Underwriter pursuant to the Refunding Bonds Purchase Contract.

Certain Terms Concerning the Delayed Delivery. The Underwriter reserves the right to obligate investors purchasing interests in the Refunding Bonds to execute a delayed delivery contract in substantially the form of APPENDIX H attached hereto (the “Delayed Delivery Contract”). The Delayed Delivery Contract restricts the ability of the purchasers of the Refunding Bonds to transfer their interests in the Refunding Bonds prior to the Settlement Date and no representation is made that any such transfer will be permitted. The proposed form of Delayed Delivery Contract is attached as APPENDIX H at the request and for the convenience of the Underwriter. The District will not be a party to any Delayed Delivery Contracts and is not in any way responsible for the performance thereof or for any representations or warranties contained therein. The rights and obligations under the Refunding Bonds Purchase Contract are not conditioned or dependent upon the performance of any Delayed Delivery Contract.

Certain Considerations. The delivery of the Refunding Bonds is subject to certain conditions, including, but not limited to, receipt by the District of an opinion of Bond Counsel in substantially the form set forth in APPENDIX B hereto, the delivery of other documents specified in the Refunding Bonds Purchase Contract and the payment of the purchase price by the Underwriter in accordance with the Refunding Bonds Purchase Contract. Changes or proposed changes in federal or State laws, court decisions, regulations or proposed regulations or rulings of administrative agencies occurring or in effect prior to the delivery of the Refunding Bonds or failure of the District to provide closing certificates customarily required in connection with the issuance of tax-exempt bonds could prevent those conditions from being satisfied. None of the Refunding Bonds will be issued on the Settlement Date unless all of the Refunding Bonds are issued on the Settlement Date. See “MISCELLANEOUS – Underwriting” herein for a description of the Underwriter’s obligations under the Refunding Bonds Purchase Contract.

During the period between the date hereof and the Settlement Date (the “Delayed Delivery Period”), certain information contained in the Official Statement may change in a material respect. The District has agreed to update this Official Statement, if it is necessary, so that the Official Statement does not contain any untrue statement of a material fact or omit to state a material fact necessary in order to make the statements herein, in the light of the circumstances under which they were made, not misleading as of the Settlement Date. Except for any such update, neither the District nor the Underwriter is obligated to update the Official Statement during the Delayed Delivery Period.

Rating. It is anticipated that upon the issuance of the Refunding Bonds, the District will deliver to the Underwriter evidence satisfactory to the Underwriter that the existing rating on the Refunding Bonds has been maintained as of the Settlement Date. However, no assurance can be given that at the Settlement Date, such rating will continue to be in effect. See “MISCELLANEOUS - Rating.”

Market Value. The market value of the Refunding Bonds at the Settlement Date may be affected by a variety of factors, including, without limitation, general market conditions, the ratings then assigned to the Refunding Bonds, the financial condition and business operations of the District and federal, state and local income tax and other laws. The market value of the Refunding Bonds as of the Settlement Date could therefore be higher or lower than the price to be paid by the initial purchasers of the Refunding Bonds and that difference could be substantial. None of the District, the Underwriter or the Municipal Advisor make any representation as to the expected market price of the Refunding Bonds as of the Settlement Date.

Secondary Market. The Underwriter is not obligated to make a secondary market in the Refunding Bonds and no assurance can be given that a secondary market will exist for the Refunding Bonds, including during the Delayed Delivery Period. Prospective purchasers of the Refunding Bonds should assume that there will be no secondary market during the Delayed Delivery Period.

Federal Tax Proposals. The Refunding Bonds Purchase Contract obligates the District to deliver and the Underwriter to acquire the Refunding Bonds if the District delivers an opinion of Bond Counsel substantially in the form set forth in APPENDIX B hereto to the effect that the interest on the Refunding Bonds is not subject to inclusion in gross income for federal income tax purposes. It is possible that certain bills could be introduced (or that bills previously introduced could be amended) in the U.S. Congress that, if adopted, would reform the system of federal taxation. Those bills could (i) eliminate the tax exemption granted to interest payable on “state or local bonds” such as the Refunding Bonds, or (ii) diminish the value of the federal tax exemption granted interest on such bonds under the current system of federal income taxation. Notwithstanding that the enactment of certain of those bills could diminish the value of the federal exemption for interest payable on “state or local bonds” the District might be able to satisfy the requirements for the delivery of the Refunding Bonds. In such event, the purchasers would be required to accept delivery of the Refunding Bonds. Prospective purchasers are encouraged to consult

their tax advisors regarding the likelihood that such bills would be introduced or amended or enacted and the consequences of such enactment to the purchasers.

Application and Investment of Bond Proceeds

Series 2019A Bonds. The proceeds of the sale from the Bonds, net of costs of issuance and any premium received upon the sale thereof, will be deposited by the County to the credit of the building fund created by the Series 2019A Resolution (the “Building Fund”), and will be applied solely for the purposes for which the Bonds are being issued. Interest earnings in the Building Fund will be retained therein.

The *ad valorem* property taxes levied by the County for the payment of the Series 2019A Bonds, when collected, are required to be held separate and apart by the County in a debt service fund created by the Series 2019A Resolution (the “Series 2019A Debt Service Fund”), and used only for payment of principal of and interest on Series 2019A Bonds, and for no other purpose. Accrued interest and any premium received upon the sale of the Series 2019A Bonds will be deposited into the Series 2019A Debt Service Fund. Any interest earnings on moneys held in the Series 2019A Debt Service Fund will be retained therein. If, after all of the Bonds have been redeemed or paid and otherwise cancelled, there are moneys remaining in the Series 2019A Debt Service Fund, said moneys will be transferred to the general fund of the District as provided and permitted by law.

Refunding Bonds. The Refunding Bonds are being issued to: (i) currently refund the Prior Bonds, and (ii) pay the costs of issuing the Refunding Bonds. Specifically, proceeds of the Refunding Bonds will be used to refund the Prior Bonds maturing on August 1, 2023 through and including August 1, 2031.

On the Settlement Date, the net proceeds of the Refunding Bonds will be deposited with The Bank of New York Mellon Trust Company, N.A., to the credit of an escrow fund (the “Escrow Fund”) held pursuant to an escrow agreement by and between the District and the Escrow Agent. Amounts on deposit in the Escrow Fund will be initially held uninvested as cash in such amount as to enable the Escrow Agent to pay the principal, redemption premium (if any), and interest due on the Prior Bonds on August 1, 2020, such date being the first optional redemption date therefor.

The *ad valorem* taxes levied by the County for the payment of the Refunding Bonds will be kept separate and apart in a debt service fund created by the Refunding Resolution (the “Refunding Debt Service Fund,” and together with the Series 2019A Debt Service Fund, the “Debt Service Funds”) and used only for payment of principal of and interest on the Refunding Bonds, and for no other purpose. Any excess proceeds of the Refunding Bonds not needed for the authorized purposes for which the Refunding Bonds are being issued shall be transferred to the Refunding Debt Service Fund and applied to the payment of principal of and interest on the Refunding Bonds. Any interest earnings on moneys held in the Refunding Debt Service Fund will be retained therein. If, after payment in full of the Refunding Bonds, there are monies remaining in the Refunding Debt Service Fund, said monies will be transferred to the general fund of the District as provided and permitted by law.

Escrow Sufficiency. The sufficiency of the cash on deposit in the Escrow Fund to pay the redemption price of and the accrued interest due on the Refunded Bonds on the above-referenced date, as described above, will be verified by Causey Demgen & Moore P.C. (the “Verification Agent”). As a result of the deposit and application of funds so provided in the Escrow Agreement, and assuming the accuracy of the Underwriter’s and Verification Agent’s computations, the Prior Bonds will be defeased as of the Settlement Date, and the obligation of the County to levy *ad valorem* property taxes for the payment thereof will terminate on such date.

Investment of Funds. Moneys in the Debt Service Funds and the Building Fund are expected to be invested through the County’s pooled investment fund. See “APPENDIX E - SAN MATEO COUNTY TREASURY POOL” herein.

⁽¹⁾ Interest payments on the Bonds will be made semiannually on February 1 and August 1 of each year, commencing August 1, 2019 (with respect to the Series 2019A Bonds) and August 1, 2020 (with respect to the Refunding Bonds).

See also “PORTOLA VALLEY SCHOOL DISTRICT – District Debt Structure – General Obligation Bonds” herein for a full debt service schedule for all of the District’s general obligation bonded debt.

Redemption

Optional Redemption. The Bonds maturing on and before August 1, 2027 are not subject to redemption prior to their stated maturity dates. The Bonds maturing on and after August 1, 2028 may be redeemed prior to their respective stated maturity dates at the option of the District, from any source of funds, in whole or in part, on August 1, 2027 or on any date thereafter, at a redemption price equal to the principal amount of such Bonds called for redemption, together with interest accrued thereon to the date fixed for redemption, without premium.

Mandatory Sinking Fund Redemption. The Series 2019A Bonds maturing on August 1, 2045 (the “Term Bonds”) are subject to redemption prior to maturity from mandatory sinking fund payments on August 1 of each year, on and after August 1, 2040, at a redemption price equal to the principal amount thereof as of the date fixed for redemption, together with interest accrued to the date set for such redemption, without premium. The principal amount of the Term Bonds to be so redeemed and the redemption dates therefor, and the final payment date is as indicated in the following table.

Redemption Date (August 1)	Principal Amount
2040	\$505,000
2041	555,000
2042	615,000
2043	675,000
2044	735,000
2045 ⁽¹⁾	805,000

⁽¹⁾ Maturity.

Selection of Bonds for Redemption. Whenever provision is made for the redemption of Bonds and less than all Bonds are to be redeemed, the Paying Agent, upon written instruction from the District, shall select Bonds for redemption as so directed and if not directed, in inverse order of maturity. Within a maturity, the Paying Agent, shall select Bonds for redemption by lot. Redemption by lot shall be in such manner as the Paying Agent shall determine; provided, however, that the portion of any Bond to be redeemed in part shall be in a principal amount of \$5,000, or any integral multiple thereof.

Redemption Notice. When redemption is authorized or required pursuant to the Resolution, the Paying Agent, upon written instruction from the District, will give notice (a “Redemption Notice”) of the redemption of the Bonds. Each Redemption Notice will specify (a) the Bonds or designated portions thereof (in the case of redemption of the Bonds in part but not in whole) which are to be redeemed, (b) the date of redemption, (c) the place or places where the redemption will be made, including the name and address of the Paying Agent, (d) the redemption price, (e) the CUSIP numbers (if any) assigned to the Bonds to be redeemed, (f) the Bond numbers of the Bonds to be redeemed in whole or in part and, in the case of any Bond to be redeemed in part only, the portion of the principal amount of such Bond to be redeemed, and (g) the original issue date, interest rate and stated maturity date of each Bond to be redeemed in whole or in part.

The Paying Agent will take the following actions with respect to each such Redemption Notice: (a) at least 20 but not more than 45 days prior to the redemption date, such Redemption Notice will be given to the respective Owners of Bonds designated for redemption by registered or certified mail, postage prepaid, at their addresses appearing on the bond register; (b) at least 20 but not more than 45 days prior to the redemption date, such Redemption Notice will be given by registered or certified mail, postage prepaid, telephonically confirmed facsimile transmission, or overnight delivery service, to the Securities Depository; (c) at least 20 but not more than 45 days prior to the redemption date, such

Redemption Notice will be given by registered or certified mail, postage prepaid, or overnight delivery service, to one of the Information Services; and (d) provide such Redemption Notice to such other persons as may be required pursuant to the Continuing Disclosure Certificate.

“Information Services” means the Municipal Securities Rulemaking Board’s Electronic Municipal Market Access System; or, such other services providing information with respect to called municipal obligations as the District may specify in writing to the Paying Agent or as the Paying Agent may select.

“Securities Depository” shall mean The Depository Trust Company, 55 Water Street, New York, New York 10041.

A certificate of the Paying Agent or the District that a Redemption Notice has been given as provided in the Resolution will be conclusive as against all parties. Neither failure to receive any Redemption Notice nor any defect in any such Redemption Notice so given will affect the sufficiency of the proceedings for the redemption of the affected Bonds. Each check issued or other transfer of funds made by the Paying Agent for the purpose of redeeming Bonds will bear or include the CUSIP number identifying, by issue and maturity, the Bonds being redeemed with the proceeds of such check or other transfer.

Payment of Redeemed Bonds. When a Redemption Notice has been given substantially as described above, and, when the amount necessary for the redemption of the Bonds called for redemption (principal, interest, and premium, if any) is irrevocably set aside in trust for that purpose, as described in “—Defeasance,” the Bonds designated for redemption in such notice will become due and payable on the date fixed for redemption thereof and upon presentation and surrender of said Bonds at the place specified in the Redemption Notice, said Bonds will be redeemed and paid at the redemption price out of such funds. All unpaid interest payable at or prior to the redemption date will continue to be payable to the respective Owners, but without interest thereon.

Partial Redemption of Bonds. Upon the surrender of any Bond redeemed in part only, the Paying Agent will execute and deliver to the Owner thereof a new Bond or Bonds of like tenor and maturity and of authorized denominations equal in principal amounts to the unredeemed portion of the Bond surrendered. Such partial redemption is valid upon payment of the amount required to be paid to such Owner, and the County and the District will be released and discharged thereupon from all liability to the extent of such payment.

Effect of Redemption Notice. If on the applicable designated redemption date, money for the redemption of the Bonds to be redeemed, together with interest to such redemption date, is held by an independent escrow agent selected by the District so as to be available therefor on such redemption date as described in “—Defeasance,” and if a Redemption Notice thereof will have been given substantially as described above, then from and after such redemption date, interest on the Bonds to be redeemed shall cease to accrue and become payable.

Rescission of Redemption Notice. With respect to any Redemption Notice in connection with the optional redemption of Bonds (or portions thereof) as described above, unless upon the giving of such notice such Bonds or portions thereof shall be deemed to have been defeased as described in “—Defeasance,” such Redemption Notice will state that such redemption will be conditional upon the receipt by an independent escrow agent selected by the District, on or prior to the date fixed for such redemption, of the moneys necessary and sufficient to pay the principal, and premium, if any, and interest on, such Bonds (or portions thereof) to be redeemed, and that if such moneys shall not have been so received said Redemption Notice will be of no force and effect, no portion of the Bonds will be subject to redemption

on such date and such Bonds will not be required to be redeemed on such date. In the event that such Redemption Notice contains such a condition and such moneys are not so received, the redemption will not be made and the Paying Agent will within a reasonable time thereafter (but in no event later than the date originally set for redemption) give notice to the persons to whom and in the manner in which the Redemption Notice was given that such moneys were not so received. In addition, the District will have the right to rescind any Redemption Notice, by written notice to the Paying Agent, on or prior to the date fixed for such redemption. The Paying Agent will distribute a notice of the rescission of such Redemption Notice in the same manner as such notice was originally provided.

Bonds No Longer Outstanding. When any Bonds (or portions thereof), which have been duly called for redemption prior to maturity, or with respect to which irrevocable instructions to call for redemption prior to maturity at the earliest redemption date have been given to the Paying Agent, in form satisfactory to it, and sufficient moneys shall be held irrevocably in trust for the payment of the redemption price of such Bonds or portions thereof, and, accrued interest thereon to the date fixed for redemption, then such Bonds will no longer be deemed outstanding and shall be surrendered to the Paying Agent for cancellation.

Book-Entry Only System

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the District believes to be reliable, but none of the District, the Municipal Advisor or the Underwriter take any responsibility for the accuracy or completeness thereof. The District and the Underwriter cannot and do not give any assurances that DTC, DTC Direct Participants or Indirect Participants (as defined herein) will distribute to the Beneficial Owners (a) payments of interest on, principal of or premium, if any, on the Bonds, (b) certificates representing ownership interest in or other confirmation or ownership interest in the Bonds, or (c) redemption or other notices sent to DTC or Cede & Co., its nominee, as the registered Owner of the Bonds, or that they will so do on a timely basis or that DTC, Direct Participants or Indirect Participants will act in the manner described in this Official Statement. The current "Rules" applicable to DTC are on file with the Securities and Exchange Commission and the current "Procedures" of DTC to be followed in dealing with Participants are on file with DTC.

The Depository Trust Company, New York, New York, will act as securities depository for the Bonds. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Bond certificate will be issued for each maturity of the Bonds, each in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.6 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company

for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants,” and together with the Direct Participants, the “Participants”). DTC has a Standard & Poor’s rating of “AA+.” The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com. However, the information presented on such website is not incorporated herein by any reference.

Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC’s records. The ownership interest of each Beneficial Owner is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC’s records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Bonds, such as redemptions, defaults, and proposed amendments to the Resolution. For example, Beneficial Owners of Bonds may wish to ascertain that the nominee holding the Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Bonds within an issue are being redeemed, DTC’s practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Bonds unless authorized by a Direct Participant in accordance with DTC’s MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the District as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.’s consenting or voting rights to those Direct Participants to whose accounts Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds and distributions on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the District or the Paying Agent, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Paying Agent, or the District, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds or distributions to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the District or the Paying Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

For every transfer and exchange of Bonds, Owners requesting such transfer or exchange may be charged a sum sufficient to cover any tax, governmental charge or transfer fees that may be imposed in relation thereto, which charge may include transfer fees imposed by the Paying Agent, DTC or the DTC Participant in connection with such transfers or exchanges.

DTC may discontinue providing its services as depository with respect to the Bonds at any time by giving reasonable notice to the District or the Paying Agent. Under such circumstances, in the event that a successor depository is not obtained, Bond certificates are required to be printed and delivered.

The District may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Bond certificates will be printed and delivered to the Owners thereof.

Discontinuation of Book-Entry Only System; Registration, Payment and Transfer of Bonds

So long as any of the Bonds remain outstanding, the District will cause the Paying Agent to maintain at its principal office all books and records necessary for the registration, exchange and transfer of such Bonds, which shall at all times be open to inspection by the District, and, upon presentation for such purpose, the Paying Agent shall, under such reasonable regulations as it may prescribe, register, exchange or transfer or cause to be registered, exchanged or transferred, on said books, Bonds as provided in the Resolution.

In the event that the book-entry system described above is no longer used with respect to the Bonds, the following provisions will govern the payment, registration, transfer, exchange and replacement of the Bonds.

The principal of the Bonds and any premium and interest upon the redemption thereof prior to the maturity will be payable in lawful money of the United States of America upon presentation and surrender of the Bonds at the designated office of the Paying Agent, initially located in Dallas, Texas. Interest on the Bonds will be paid by the Paying Agent by wire to a bank and account number on file with the Paying Agent as of the Record Date.

Any Bond may be exchanged for Bonds of like tenor, maturity and Transfer Amount (which with respect to any outstanding Bonds means the principal amount thereof) upon presentation and surrender at the principal office of the Paying Agent, together with a request for exchange signed by the registered Owner or by a person legally empowered to do so in a form satisfactory to the Paying Agent. A Bond may be transferred only on the Bond Register by the person in whose name it is registered, in person or

by his duly authorized attorney, upon surrender of such Bond for cancellation at the office of the Paying Agent, accompanied by delivery of a written instrument of transfer in a form approved by the Paying Agent, duly executed. Upon exchange or transfer, the Paying Agent shall register, authenticate and deliver a new Bond or Bonds of like tenor and of any authorized denomination or denominations requested by the Owner equal to the Transfer Amount of the Bond surrendered and bearing interest at the same rate and maturing on the same date.

Neither the District nor the Paying Agent will be required (a) to issue or transfer any Bonds during a period beginning with the opening of business on the 16th day next preceding any Bond Payment Date, the stated maturity of any of the Bonds or any date of selection of Bonds to be redeemed and ending with the close of business on the applicable Bond Payment Date, the close of business on the applicable stated maturity date or any day on which the applicable notice of redemption is given or (b) to transfer any Bonds which have been selected or called for redemption in whole or in part.

Defeasance

All or any portion of the outstanding maturities of the Bonds may be defeased at any time prior to maturity in the following ways:

- (a) Cash: by irrevocably depositing with an independent escrow agent selected by the District an amount of cash which, together with amounts transferred from the respective Debt Service Fund, if required, is sufficient to pay all Bonds outstanding and designated for defeasance, including all principal thereof, interest thereon and redemption premium, if any, at or before their maturity dates;
- (b) Government Obligations: by irrevocably depositing with an independent escrow agent selected by the District noncallable Government Obligations together with monies transferred from the respective Debt Service Fund together with any other cash, if required, in such amount as will, in the opinion of an independent certified public accountant, be fully sufficient to pay and discharge all Bonds outstanding and designated for defeasance, including all principal thereof, interest thereon and redemption premium, if any, at or before their maturity dates;

then, notwithstanding that any such maturities of Bonds shall not have been surrendered for payment, all obligations of the District with respect to all such designated outstanding Bonds shall cease and terminate, except only the obligation of the independent escrow agent selected by the District to pay or cause to be paid from funds deposited pursuant to paragraphs (a) or (b) above, to the Owners of such designated Bonds not so surrendered and paid all sums due with respect thereto.

“Government Obligations” means direct and general obligations of the United States of America, obligations that are unconditionally guaranteed as to principal and interest by the United States of America (which may consist of obligations of the Resolution Funding Corporation that constitute interest strips), or obligations the payment of the principal of and interest on which is secured, guaranteed or otherwise backed by, directly or indirectly, a pledge of the full faith and credit of the United States of America. In the case of direct and general obligations of the United States of America, Government Obligations shall include evidences of direct ownership of proportionate interests in future interest or principal payments of such obligations. Investments in such proportionate interests must be limited to circumstances where (a) a bank or trust company acts as custodian and holds the underlying United States obligations; (b) the owner of the investment is the real party in interest and has the right to proceed directly and individually against the obligor of the underlying United States obligations; and (c) the underlying United States obligations are held in a special account, segregated from the custodian’s

general assets, and are not available to satisfy any claim of the custodian, any person claiming through the custodian, or any person to whom the custodian may be obligated; provided that such obligations are rated or assessed by S&P Global Ratings (“S&P”) or Moody’s Investors Service (“Moody’s”) at least as high as direct or general obligations of the United States of America.

TAX BASE FOR REPAYMENT OF BONDS

The information in this section describes ad valorem property taxation, assessed valuation, and other measures of the tax base of the District. The Bonds are payable solely from ad valorem property taxes. The District's general fund is not a source for the repayment of the Bonds.

Ad Valorem Property Taxation

District property taxes are assessed and collected by the County at the same time and on the same rolls as special district property taxes. Assessed valuations are the same for both the District and the County's taxing purposes.

Taxes are levied for each fiscal year on taxable real and personal property which is located in the District as of the preceding January 1. For assessment and collection purposes, property is classified either as "secured" or "unsecured" and is listed accordingly on separate parts of the assessment roll. The "secured roll" is that part of the assessment roll containing State assessed public utilities property and real property having a tax lien which is sufficient, in the opinion of the assessor, to secure payment of the taxes. Other property is assessed on the "unsecured roll." A supplemental roll is developed when property changes hands or new construction is completed. The County levies and collects all property taxes for property falling within the County's taxing boundaries.

The valuation of secured property is established as of January 1 and is subsequently enrolled in August. Property taxes on the secured roll are due in two installments, November 1 and February 1 of the calendar year. If unpaid, such taxes become delinquent after December 10 and April 10, respectively, and a minimum 10% penalty attaches to any delinquent installment plus a \$10 cost on the second installment, plus any additional amount determined by the County Treasurer (the "Treasurer"). Property on the secured roll with delinquent taxes is declared tax-defaulted on or about June 30 of the calendar year. Such property may thereafter be redeemed by payment of the delinquent taxes and the delinquency penalty, plus a minimum \$15 redemption fee and a redemption penalty of 1.5% per month to the time of redemption. If taxes are unpaid for a period of five years or more, the property is subject to sale by the Treasurer.

Property taxes on the unsecured roll are due as of the January 1 lien date and become delinquent if they are not paid by August 31. In the case of unsecured property taxes, a 10% penalty attaches to delinquent taxes on property on the unsecured roll, and an additional penalty of 1.5% per month begins to accrue beginning November 1 of the fiscal year, and a lien may be recorded against the assessee. The taxing authority has four ways of collecting unsecured personal property taxes: (1) a civil action against the assessee; (2) filing a certificate in the office of the County Clerk specifying certain facts in order to obtain a judgment lien on specific property of the assessee; (3) filing a certificate of delinquency for record in the County Recorder's office in order to obtain a lien on specified property of the assessee; and (4) seizure and sale of personal property, improvements or possessory interests belonging or assessed to the assessee. Information regarding District-wide tax delinquencies is not currently available. See also "—Alternative Method of Tax Apportionment – Teeter Plan" herein.

State law exempts from taxation \$7,000 of the full cash value of an owner-occupied dwelling, but this exemption does not result in any loss of revenue to local agencies, since the State reimburses local agencies for the value of the exemptions.

All property is assessed using full cash value as defined by Article XIII A of the State Constitution. State law provides exemptions from *ad valorem* property taxation for certain classes of property such as churches, colleges, non-profit hospitals, and charitable institutions.

Assessed valuation growth allowed under Article XIII A (new construction, certain changes of ownership, 2% inflation) is allocated on the basis of “situs” among the jurisdictions that serve the tax rate area within which the growth occurs. Local agencies, including school districts, share the growth of “base” revenues from the tax rate area. Each year’s growth allocation becomes part of each agency’s allocation in the following year.

Assessed Valuations

The assessed valuation of property in the District is established by the County Assessor, except for public utility property which is assessed by the State Board of Equalization (“SBE”). Assessed valuations are reported at 100% of the “full cash value” of the property, as defined in Article XIII A of the California Constitution. For a discussion of how properties currently are assessed, see “CONSTITUTIONAL AND STATUTORY PROVISIONS AFFECTING DISTRICT REVENUES AND APPROPRIATIONS” herein. The table on the following page shows a five-year history of assessed valuations of the District, as of the date the equalized assessment tax roll is established in August of each year.

Economic and other factors beyond the District’s control, such as general market decline in property values, disruption in financial markets that may reduce availability of financing for purchasers of property, reclassification of property to a class exempt from taxation, whether by ownership or use (such as exemptions for property owned by the State and local agencies and property used for qualified education, hospital, charitable or religious purposes), or the complete or partial destruction of the taxable property caused by a natural or manmade disaster, such as earthquake, flood, fire, wildfire, drought or toxic contamination, could cause a reduction in the assessed value of taxable property within the District. Any such reduction would result in a corresponding increase in the annual tax rate levied by the County to pay the debt service with respect to the Bonds. See “THE BONDS – Security and Sources of Payment” herein.

Appeals and Adjustments of Assessed Valuations. Under California law, property owners may apply for a reduction of their property tax assessment by filing a written application, in form prescribed by the SBE, with the appropriate county board of equalization or assessment appeals board. The County Assessor may independently reduce assessed values as well based upon the above factors or reductions in the fair market value of the taxable property. In most cases, an appeal is filed because the applicant believes that present market conditions (such as residential home prices) cause the property to be worth less than its current assessed value. Any reduction in the assessment ultimately granted as a result of such appeal applies to the year for which application is made and during which the written application was filed. A second type of assessment appeal involves a challenge to the base year value of an assessed property. Appeals for reduction in the base year value of an assessment, if successful, reduce the assessment for the year in which the appeal is taken and prospectively thereafter. The base year is

determined by the completion date of new construction or the date of change of ownership. Any base year appeal must be made within four years of the change of ownership or new construction date.

In addition to the above-described taxpayer appeals, county assessors may independently reduce assessed valuations based on changes in the market value of property, or for other factors such as the complete or partial destruction of taxable property caused by natural or man-made disasters such as earthquakes, floods, drought, fire, or toxic contamination pursuant to relevant provisions of the State Constitution.

Whether resulting from taxpayer appeals or county assessor reductions, adjustments to assessed value are subject to yearly reappraisals by the county assessor and may be adjusted back to their original values when real estate market conditions improve. Once property has regained its prior assessed value, adjusted for inflation, it once again is subject to the annual inflationary growth rate factor allowed under Article XIII A. See “CONSTITUTIONAL AND STATUTORY PROVISIONS AFFECTING DISTRICT REVENUES AND APPROPRIATIONS — Article XIII A of the California Constitution” herein.

No assurance can be given that property tax appeals currently pending or in the future, actions by the County assessor, or other factors in the future will not significantly reduce the assessed valuation of property within the District.

Assembly Bill 102. On June 27, 2017, the Governor signed into law Assembly Bill 102 (“AB 102”). AB 102 restructures the functions of the SBE and creates two new separate agencies: (i) the California Department of Tax and Fee Administration, and (ii) the Office of Tax Appeals. Under AB 102, the California Department of Tax and Fee Administration will take over programs previously in the SBE Property Tax Department, such as the Tax Area Services Section, which is responsible for maintaining all property tax-rate area maps and for maintaining special revenue district boundaries. Under AB 102, the SBE will continue to perform the duties assigned by the State Constitution related to property taxes, however, beginning January 1, 2018, the SBE will only hear appeals related to the programs that it constitutionally administers and the Office of Tax Appeals will hear tax appeals will hear appeals on all other taxes and fee matters, such as sales and use tax and other special taxes and fees. AB 102 obligates the Office of Tax Appeals to adopt regulations as necessary to carry out its duties, powers, and responsibilities.

Alternative Method of Tax Apportionment - Teeter Plan

The County Board has approved the implementation of the Alternative Method of Distribution of Tax Levies and Collections and of Tax Sale Proceeds (the “Teeter Plan”), as provided for in Section 4701 *et seq.* of the California Revenue and Taxation Code. Under the Teeter Plan, the County apportions secured property taxes on an accrual basis when due (irrespective of actual collections) to its local political subdivisions, including the District, for which the County acts as the tax-levying or tax-collecting agency, or for which the County’s treasury is the legal depository of the tax collections.

If the Teeter Plan remains in effect during the term of the Bonds, the District will receive 100% of the *ad valorem* property tax levied in the County to pay the Bonds irrespective of actual delinquencies in the collection of the tax by the County. The District can give no assurance that the Teeter Plan will remain in effect in its present form, or in any form, during the term of the Bonds.

The Teeter Plan is to remain in effect unless the County Board orders its discontinuance or unless, prior to the commencement of any fiscal year of the County (which commences on July 1 for the County), the County Board receives a petition for its discontinuance joined in by a resolution adopted by at least two-thirds of the participating revenue districts in the County, in which event the County Board is to order discontinuance of the Teeter Plan effective at the commencement of the subsequent fiscal year. The County Board may, by resolution adopted not later than July 15 of the fiscal year for which it is to apply, after holding a public hearing on the matter, discontinue the procedures under the Teeter Plan with respect to any tax levying agency or assessment levying agency in such county if the rate of secure tax delinquency in that agency in any year exceeds 3% of the total of all taxes and assessments levied on the secured rolls for that agency. In the event the County Board is to order discontinuance of the Teeter Plan subsequent to its implementation, only those secured property taxes actually collected would be allocated to political subdivisions (including the District) for which such county acts as the tax-levying or tax-collecting agency.

Statement of Direct and Overlapping Debt

Set forth on the following page is a direct and overlapping debt report (the "Debt Report") prepared by California Municipal Statistics, Inc. effective as of January 1, 2019. The Debt Report is included for general information purposes only. The District has not reviewed the Debt Report for completeness or accuracy and makes no representation in connection therewith.

The Debt Report generally includes long-term obligations sold in the public credit markets by public agencies whose boundaries overlap the boundaries of the District in whole or in part. Such long-term obligations generally are not payable from revenues of the District (except as indicated) nor are they necessarily obligations secured by land within the District. In many cases long-term obligations issued by a public agency are payable only from the general fund or other revenues of such public agency.

The table shows the percentage of each overlapping entity's assessed value located within the boundaries of the District. The table also shows the corresponding portion of the overlapping entity's existing debt payable from property taxes levied within the District. The total amount of debt for each overlapping entity is not given in the table.

The first column in the table names each public agency which has outstanding debt as of the date of the report and whose territory overlaps the District in whole or in part. The second column shows the percentage of each overlapping agency's assessed value located within the boundaries of the District. This percentage, multiplied by the total outstanding debt of each overlapping agency (which is not shown in the table) produces the amount shown in the third column, which is the apportionment of each overlapping agency's outstanding debt to taxable property in the District.

CONSTITUTIONAL AND STATUTORY PROVISIONS AFFECTING DISTRICT REVENUES AND APPROPRIATIONS

The Bonds are payable solely from the proceeds of an ad valorem property tax required to be levied by the County on taxable property within the District in an amount sufficient for the payment thereof. (See “THE BONDS – Security and Sources of Payment” herein) Articles XIII A, XIII B, XIII C and XIII D of the Constitution, Propositions 98 and 111, and certain other provisions of law discussed below, are included in this section to describe the potential effect of these Constitutional and statutory measures on the ability of the County to levy taxes on behalf of the District and to the District to spend tax proceeds for operating and other purposes, and it should not be inferred from the inclusion of such materials that these laws impose any limitation on the ability of the County to levy taxes for payment of the Bonds.

Article XIII A of the California Constitution

Article XIII A (“Article XIII A”) of the State Constitution limits the amount of *ad valorem* property taxes on real property to 1% of “full cash value” as determined by the county assessor. Article XIII A defines “full cash value” to mean “the county assessor’s valuation of real property as shown on the 1975-76 bill under “full cash value,” or thereafter, the appraised value of real property when purchased, newly constructed or a change in ownership has occurred after the 1975 assessment,” subject to exemptions in certain circumstances of property transfer or reconstruction. Determined in this manner, the full cash value is also referred to as the “base year value.” The full cash value is subject to annual adjustment to reflect increases, not to exceed 2% for any year, or decreases in the consumer price index or comparable local data, or to reflect reductions in property value caused by damage, destruction or other factors.

Article XIII A has been amended to allow for temporary reductions of assessed value in instances where the fair market value of real property falls below the adjusted base year value described above. Proposition 8—approved by State voters in November of 1978—provides for the enrollment of the lesser of the base year value or the market value of real property, taking into account reductions in value due to damage, destruction, depreciation, obsolescence, removal of property, or other factors causing a similar decline. In these instances, the market value is required to be reviewed annually until the market value exceeds the base year value. Reductions in assessed value could result in a corresponding increase in the annual tax rate levied by the County to pay debt service on the Bonds. See “THE BONDS – Security and Sources of Payment” and “TAX BASE FOR REPAYMENT OF BONDS” herein.

Article XIII A requires a vote of two-thirds or more of the qualified electorate of a city, county, special district or other public agency to impose special taxes, while totally precluding the imposition of any additional *ad valorem*, sales or transaction tax on real property. Article XIII A exempts from the 1% tax limitation any taxes above that level required to pay debt service (a) on any indebtedness approved by the voters prior to July 1, 1978, or (b), as the result of an amendment approved by State voters on June 3, 1986, on any bonded indebtedness approved by two-thirds of the votes cast by the voters for the acquisition or improvement of real property on or after July 1, 1978, or (c) bonded indebtedness incurred by a school district or community college district for the construction, reconstruction, rehabilitation or replacement of school facilities or the acquisition or lease of real property for school facilities, approved by fifty-five percent or more of the votes cast on the proposition, but only if certain accountability measures are included in the proposition. In addition, Article XIII A requires the approval of two-thirds of all members of the State Legislature to change any State taxes for the purpose of increasing tax revenues.

Legislation Implementing Article XIII A

Legislation has been enacted and amended a number of times since 1978 to implement Article XIII A. Under current law, local agencies are no longer permitted to levy directly any property tax (except to pay voter-approved indebtedness). The 1% property tax is automatically levied by the county and distributed according to a formula among taxing agencies. The formula apportions the tax roughly in proportion to the relative shares of taxes levied prior to 1979.

That portion of annual property tax revenues generated by increases in assessed valuations within each tax rate area within a county, subject to claims, if any, on tax increment and subject to changes in organizations, if any, of affected jurisdictions, is allocated to each jurisdiction within the tax rate area in the same proportion that the total property tax revenue from the tax rate area for the prior year was allocated to such jurisdictions.

Increases of assessed valuation resulting from reappraisals of property due to new construction, change in ownership or from the annual adjustment not to exceed 2% are allocated among the various jurisdictions in the “taxing area” based upon their respective “situs.” Any such allocation made to a local agency continues as part of its allocation in future years.

All taxable property value included in this Official Statement is shown at 100% of taxable value (unless noted differently) and all tax rates reflect the \$1 per \$100 of taxable value.

Both the United States Supreme Court and the California State Supreme Court have upheld the general validity of Article XIII A.

Unitary Property

Some amount of property tax revenue of the District is derived from utility property which is considered part of a utility system with components located in many taxing jurisdictions (“unitary property”). Under the State Constitution, such property is assessed by the SBE as part of a “going concern” rather than as individual pieces of real or personal property. State-assessed unitary and certain other property is allocated to the counties by SBE, taxed at special county-wide rates, and the tax revenues distributed to taxing jurisdictions (including the District) according to statutory formulae generally based on the distribution of taxes in the prior year. So long as the District is a basic aid district, taxes lost through any reduction in assessed valuation will not be compensated by the State as equalization aid under the State’s school financing formula. See “DISTRICT FINANCIAL INFORMATION” herein.

Article XIII B of the California Constitution

Article XIII B (“Article XIII B”) of the State Constitution, as subsequently amended by Propositions 98 and 111, respectively, limits the annual appropriations of the State and of any city, county, school district, authority or other political subdivision of the State to the level of appropriations of the particular governmental entity for the prior fiscal year, as adjusted for changes in the cost of living and in population and for transfers in the financial responsibility for providing services and for certain declared emergencies. As amended, Article XIII B defines:

- (a) “change in the cost of living” with respect to school districts to mean the percentage change in California per capita income from the preceding year, and

- (b) “change in population” with respect to a school district to mean the percentage change in the ADA of the school district from the preceding fiscal year.

For fiscal years beginning on or after July 1, 1990, the appropriations limit of each entity of government shall be the appropriations limit for the 1986-87 fiscal year adjusted for the changes made from that fiscal year pursuant to the provisions of Article XIII B, as amended.

The appropriations of an entity of local government subject to Article XIII B limitations include the proceeds of taxes levied by or for that entity and the proceeds of certain State subventions to that entity. “Proceeds of taxes” include, but are not limited to, all tax revenues and the proceeds to the entity from (a) regulatory licenses, user charges and user fees (but only to the extent that these proceeds exceed the reasonable costs in providing the regulation, product or service), and (b) the investment of tax revenues.

Appropriations subject to limitation do not include (a) refunds of taxes, (b) appropriations for bonded debt service such as the Bonds, (c) appropriations required to comply with certain mandates of the courts or the federal government, (d) appropriations of certain special districts, (e) appropriations for all qualified capital outlay projects as defined by the State legislature, (f) appropriations derived from certain fuel and vehicle taxes and (g) appropriations derived from certain taxes on tobacco products.

Article XIII B includes a requirement that all revenues received by an entity of government other than the State in a fiscal year and in the fiscal year immediately following it in excess of the amount permitted to be appropriated during that fiscal year and the fiscal year immediately following it shall be returned by a revision of tax rates or fee schedules within the next two subsequent fiscal years.

Article XIII B also includes a requirement that fifty percent of all revenues received by the State in a fiscal year and in the fiscal year immediately following it in excess of the amount permitted to be appropriated during that fiscal year and the fiscal year immediately following it shall be transferred and allocated to the State School Fund pursuant to Section 8.5 of Article XVI of the State Constitution. See “– Propositions 98 and 111” herein.

Proposition 26

On November 2, 2010, State voters approved Proposition 26. Proposition 26 amends Article XIII C of the State Constitution to expand the definition of “tax” to include “any levy, charge, or exaction of any kind imposed by a local government” except the following: (1) a charge imposed for a specific benefit conferred or privilege granted directly to the payor that is not provided to those not charged, and which does not exceed the reasonable costs to the local government of conferring the benefit or granting the privilege; (2) a charge imposed for a specific government service or product provided directly to the payor that is not provided to those not charged, and which does not exceed the reasonable costs to the local government of providing the service or product; (3) a charge imposed for the reasonable regulatory costs to a local government for issuing licenses and permits, performing investigations, inspections, and audits, enforcing agricultural marketing orders, and the administrative enforcement and adjudication thereof; (4) a charge imposed for entrance to or use of local government property, or the purchase, rental, or lease of local government property; (5) a fine, penalty, or other monetary charge imposed by the judicial branch of government or a local government, as a result of a violation of law; (6) a charge imposed as a condition of property development; and (7) assessments and property-related fees imposed in accordance with the provisions of Article XIII D. Proposition 26 provides that the local government bears the burden of proving by a preponderance of the evidence that a levy, charge, or other exaction is not a tax, that the amount is no more than necessary to cover the reasonable costs of the governmental

activity, and that the manner in which those costs are allocated to a payor bear a fair or reasonable relationship to the payor's burdens on, or benefits received from, the governmental activity.

Article XIIC and Article XIID of the California Constitution

On November 5, 1996, State voters approved Proposition 218, popularly known as the "Right to Vote on Taxes Act." Proposition 218 added to the California Constitution Articles XIIC and XIID (respectively, "Article XIIC" and "Article XIID"), which contain a number of provisions affecting the ability of local agencies, including school districts, to levy and collect both existing and future taxes, assessments, fees and charges.

According to the "Title and Summary" of Proposition 218 prepared by the California Attorney General, Proposition 218 limits "the authority of local governments to impose taxes and property-related assessments, fees and charges." Among other things, Article XIIC establishes that every tax is either a "general tax" (imposed for general governmental purposes) or a "special tax" (imposed for specific purposes), prohibits special purpose government agencies such as school districts from levying general taxes, and prohibits any local agency from imposing, extending or increasing any special tax beyond its maximum authorized rate without a two-thirds vote; and also provides that the initiative power will not be limited in matters of reducing or repealing local taxes, assessments, fees and charges. Article XIIC further provides that no tax may be assessed on property other than *ad valorem* property taxes imposed in accordance with Articles XIII and XIII A of the California Constitution and special taxes approved by a two-thirds vote under Article XIII A, Section 4. Article XIID deals with assessments and property-related fees and charges, and explicitly provides that nothing in Article XIIC or XIID will be construed to affect existing laws relating to the imposition of fees or charges as a condition of property development.

The District does not impose any taxes, assessments, or property-related fees or charges which are subject to the provisions of Proposition 218. It does, however, receive a portion of the basic 1% *ad valorem* property tax levied and collected by the County pursuant to Article XIII A of the California Constitution. The provisions of Proposition 218 may have an indirect effect on the District, such as by limiting or reducing the revenues otherwise available to other local governments whose boundaries encompass property located within the District thereby causing such local governments to reduce service levels and possibly adversely affecting the value of property within the District.

Propositions 98 and 111

On November 8, 1988, State voters approved Proposition 98, a combined initiative constitutional amendment and statute called the "Classroom Instructional Improvement and Accountability Act" (the "Accountability Act"). Certain provisions of the Accountability Act have, however, been modified by Proposition 111, discussed below, the provisions of which became effective on July 1, 1990. The Accountability Act changed State funding of public education below the university level and the operation of the State's appropriations limit. The Accountability Act guarantees State funding for K-12 school districts and community college districts (hereinafter referred to collectively as "K-14 school districts") at a level equal to the greater of (a) the same percentage of State general fund revenues as the percentage appropriated to such districts in the 1986-87 fiscal year, and (b) the amount actually appropriated to such districts from the State general fund in the previous fiscal year, adjusted for increases in enrollment and changes in the cost of living. The Accountability Act permits the State legislature to suspend this formula for a one-year period.

The Accountability Act also changed how tax revenues in excess of the State appropriations limit are distributed. Any excess State tax revenues up to a specified amount are, instead of being returned to

taxpayers, transferred to K-14 school districts. Any such transfer to K-14 school districts is excluded from the appropriations limit for K-14 school districts and the K-14 school district appropriations limit for the next year is automatically increased by the amount of such transfer. These additional moneys enter the base funding calculation for K-14 school districts for subsequent years, creating further pressure on other portions of the State budget, particularly if revenues decline in a year following an Article XIII B surplus. The maximum amount of excess tax revenues which can be transferred to K-14 school districts is 4% of the minimum State spending for education mandated by the Accountability Act.

Since the Accountability Act is unclear in some details, there can be no assurances that the Legislature or a court might not interpret the Accountability Act to require a different percentage of State general fund revenues to be allocated to K-14 school districts, or to apply the relevant percentage to the State's budgets in a different way than is proposed in the Governor's Budget.

On June 5, 1990, State voters approved Proposition 111 (Senate Constitutional Amendment No. 1) called the "Traffic Congestion Relief and Spending Limitation Act of 1990" ("Proposition 111") which further modified Article XIII B and Sections 8 and 8.5 of Article XVI of the State Constitution with respect to appropriations limitations and school funding priority and allocation.

The most significant provisions of Proposition 111 are summarized as follows:

- a. Annual Adjustments to Spending Limit. The annual adjustments to the Article XIII B spending limit were liberalized to be more closely linked to the rate of economic growth. Instead of being tied to the Consumer Price Index, the "change in the cost of living" is now measured by the change in California per capita personal income. The definition of "change in population" specifies that a portion of the State's spending limit is to be adjusted to reflect changes in school attendance.
- b. Treatment of Excess Tax Revenues. "Excess" tax revenues with respect to Article XIII B are now determined based on a two-year cycle, so that the State can avoid having to return to taxpayers excess tax revenues in one year if its appropriations in the next fiscal year are under its limit. In addition, the Proposition 98 provision regarding excess tax revenues was modified. After any two-year period, if there are excess State tax revenues, 50% of the excess are to be transferred to K-14 school districts with the balance returned to taxpayers; under prior law, 100% of excess State tax revenues went to K-14 school districts, but only up to a maximum of 4% of the minimum funding level for such districts. Also, reversing prior law, any excess State tax revenues transferred to K-14 school districts are not built into K-14 school district base expenditures for calculating their entitlement for State aid in the next year, and the State's appropriations limit is not to be increased by this amount.
- c. Exclusions from Spending Limit. Two exceptions were added to the calculation of appropriations which are subject to the Article XIII B spending limit. First, there are excluded all appropriations for "qualified capital outlay projects" as defined by the Legislature. Second, there are excluded any increases in gasoline taxes above the 1990 level (then nine cents per gallon), sales and use taxes on such increment in gasoline taxes, and increases in receipts from vehicle weight fees above the levels in effect on January 1, 1990. These latter provisions were necessary to make effective the transportation funding package approved by the Legislature and the Governor, which was expected to raise over \$15 billion in additional taxes from 1990 through 2000 to fund transportation programs.

- d. Recalculation of Appropriations Limit. The Article XIII B appropriations limit for each unit of government, including the State, is to be recalculated beginning in fiscal year 1990-91. It is based on the actual limit for fiscal year 1986-87, adjusted forward to 1990-91 as if Proposition 111 had been in effect.
- e. School Funding Guarantee. There is a complex adjustment in the formula enacted in Proposition 98 which guarantees K-14 school districts a certain amount of State general fund revenues. Under prior law, K-14 school districts were guaranteed the greater of (1) 40.9% of State general fund revenues (“Test 1”) or (2) the amount appropriated in the prior year adjusted for changes in the cost of living (measured as in Article XIII B by reference to per capita personal income) and enrollment (“Test 2”). Under Proposition 111, K-14 school districts will receive the greater of (1) Test 1, (2) Test 2, or (3) a third test (“Test 3”), which will replace Test 2 in any year when growth in per capita State general fund revenues from the prior year is less than the annual growth in California per capita personal income. Under Test 3, K-14 school districts will receive the amount appropriated in the prior year adjusted for change in enrollment and per capita State general fund revenues, plus an additional small adjustment factor. If Test 3 is used in any year, the difference between Test 3 and Test 2 will become a “credit” to schools which will be paid in future years when State general fund revenue growth exceeds personal income growth.

Proposition 39

On November 7, 2000, California voters approved an amendment (commonly known as Proposition 39) to the California Constitution. This amendment (1) allows school facilities bond measures to be approved by 55% (rather than two-thirds) of the voters in local elections and permits property taxes to exceed the current 1% limit in order to repay the bonds and (2) changes existing statutory law regarding charter school facilities. As adopted, the constitutional amendments may be changed only with another statewide vote of the people. The statutory provisions could be changed by a majority vote of both houses of the Legislature and approval by the Governor, but only to further the purposes of the proposition. The local school jurisdictions affected by this proposition are K-12 school districts, including the District, community college districts, and county offices of education. As noted above, the California Constitution previously limited property taxes to 1% of the value of property, and property taxes could only exceed this limit to pay for (1) any local government debts approved by the voters prior to July 1, 1978 or (2) bonds to buy or improve real property that receive two-thirds voter approval after July 1, 1978.

The 55% vote requirement applies only if the local bond measure presented to the voters includes: (1) a requirement that the bond funds can be used only for construction, rehabilitation, equipping of school facilities, or the acquisition or lease of real property for school facilities; (2) a specific list of school projects to be funded and certification that the school board has evaluated safety, class size reduction, and information technology needs in developing the list; and (3) a requirement that the school board conduct annual, independent financial and performance audits until all bond funds have been spent to ensure that the bond funds have been used only for the projects listed in the measure. Legislation approved in June 2000 placed certain limitations on local school bonds to be approved by 55% of the voters. These provisions require that the tax rate per \$100,000 of taxable property value projected to be levied as the result of any single election be no more than \$60 (for a unified school district), \$30 (for a high school or elementary school district), or \$25 (for a community college district), per \$100,000 of taxable property value, when assessed valuation is projected to increase in accordance with Article XIII A of the Constitution. These requirements are not part of Proposition 39 and can be changed with a majority vote of both houses of the Legislature and approval by the Governor.

Proposition 1A and Proposition 22

On November 2, 2004, California voters approved Proposition 1A, which amends the State Constitution to significantly reduce the State's authority over major local government revenue sources. Under Proposition 1A, the State cannot (i) reduce local sales tax rates or alter the method of allocating the revenue generated by such taxes, (ii) shift property taxes from local governments to schools or community colleges, (iii) change how property tax revenues are shared among local governments without two-third approval of both houses of the State Legislature or (iv) decrease Vehicle License Fee revenues without providing local governments with equal replacement funding. Proposition 1A does allow the State to approve voluntary exchanges of local sales tax and property tax revenues among local governments within a county. Proposition 1A also amends the State Constitution to require the State to suspend certain State laws creating mandates in any year that the State does not fully reimburse local governments for their costs to comply with the mandates. This provision does not apply to mandates relating to schools or community colleges or to those mandates relating to employee rights.

Proposition 22, The Local Taxpayer, Public Safety, and Transportation Protection Act, approved by State voters on November 2, 2010, prohibits the State from enacting new laws that require redevelopment agencies to shift funds to schools or other agencies and eliminates the State's authority to shift property taxes temporarily during a severe financial hardship of the State. In addition, Proposition 22 restricts the State's authority to use State fuel tax revenues to pay debt service on State transportation bonds, to borrow or change the distribution of State fuel tax revenues, and to use vehicle license fee revenues to reimburse local governments for State-mandated costs. Proposition 22 impacts resources in the State's general fund and transportation funds, the State's main funding source for schools and community colleges, as well as universities, prisons and health and social services programs. According to an analysis of Proposition 22 submitted by the Legislative Analyst's Office (the "LAO") on July 15, 2010, the reduction in resources available for the State to spend on these other programs as a consequence of the passage of Proposition 22 was expected to be approximately \$1 billion in fiscal year 2010-11, with an estimated immediate fiscal effect equal to approximately 1% of the State's total general fund spending. The longer-term effect of Proposition 22, according to the LAO analysis, will be an increase in the State's general fund costs by approximately \$1 billion annually for several decades.

Jarvis vs. Connell

On May 29, 2002, the California Court of Appeal for the Second District decided the case of *Howard Jarvis Taxpayers Association, et al. v. Kathleen Connell* (as Controller of the State of California). The Court of Appeal held that either a final budget bill, an emergency appropriation, a self-executing authorization pursuant to State statutes (such as continuing appropriations) or the California Constitution or a federal mandate is necessary for the State Controller to disburse funds. The foregoing requirement could apply to amounts budgeted by the District as being received from the State. To the extent the holding in such case would apply to State payments reflected in the District's budget, the requirement that there be either a final budget bill or an emergency appropriation may result in the delay of such payments to the District if such required legislative action is delayed, unless the payments are self-executing authorizations or are subject to a federal mandate. On May 1, 2003, the California Supreme Court upheld the holding of the Court of Appeal, stating that the Controller is not authorized under State law to disburse funds prior to the enactment of a budget or other proper appropriation, but under federal law, the Controller is required, notwithstanding a budget impasse and the limitations imposed by State law, to timely pay those State employees who are subject to the minimum wage and overtime compensation provisions of the federal Fair Labor Standards Act.

Proposition 55

The California Children’s Education and Health Care Protection Act of 2016 (also known as “Proposition 55”) is a constitutional amendment approved by the voters of the State on November 8, 2016. Proposition 55 extends, through 2030, the increases to personal income tax rates for high-income taxpayers that were approved as part of Temporary Taxes to Fund Education, Guaranteed Local Public Safety Funding, Initiative Constitutional Amendment (also known as “Proposition 30”). Proposition 30 increased the marginal personal income tax rate by: (i) 1% for taxable income over \$250,000 but less than \$300,001 for single filers (over \$500,000 but less than \$600,001 for joint filers and over \$340,000 but less than \$408,001 for head-of-household filers), (ii) 2% for taxable income over \$300,000 but less than \$500,001 for single filers (over \$600,000 but less than \$1,000,001 for joint filers and over \$408,000 but less than \$680,001 for head-of-household filers), and (iii) 3% for taxable income over \$500,000 for single filers (over \$1,000,000 for joint filers and over \$680,000 for head-of-household filers).

The revenues generated from the personal income tax increases will be included in the calculation of the Proposition 98 Minimum Funding Guarantee (defined herein) for school districts and community college districts. See “CONSTITUTIONAL AND STATUTORY PROVISIONS AFFECTING DISTRICT REVENUES AND APPROPRIATIONS – Propositions 98 and 111” herein. From an accounting perspective, the revenues generated from the personal income tax increases are being deposited into the State account created pursuant to Proposition 30 called the Education Protection Account (the “EPA”). Pursuant to Proposition 30, funds in the EPA will be allocated quarterly, with 89% of such funds provided to schools districts and 11% provided to community college districts. The funds will be distributed to school districts and community college districts in the same manner as existing unrestricted per-student funding, except that no school district will receive less than \$200 per unit of ADA and no community college district will receive less than \$100 per full time equivalent student. The governing board of each school district and community college district is granted sole authority to determine how the moneys received from the EPA are spent, provided that the appropriate governing board is required to make these spending determinations in open session at a public meeting and such local governing board is prohibited from using any funds from the EPA for salaries or benefits of administrators or any other administrative costs.

Proposition 2

On November 4, 2014, State voters approved the Rainy Day Budget Stabilization Fund Act (also known as “Proposition 2”). Proposition 2 is a legislatively-referred constitutional amendment which makes certain changes to State budgeting practices, including substantially revising the conditions under which transfers are made to and from the State’s Budget Stabilization Account (the “BSA”) established by the California Balanced Budget Act of 2004 (also known as Proposition 58).

Under Proposition 2, and beginning in fiscal year 2015-16 and each fiscal year thereafter, the State will generally be required to annually transfer to the BSA an amount equal to 1.5% of estimated State general fund revenues (the “Annual BSA Transfer”). Supplemental transfers to the BSA (a “Supplemental BSA Transfer”) are also required in any fiscal year in which the estimated State general fund revenues that are allocable to capital gains taxes exceed 8% of total estimated general fund tax revenues. Such excess capital gains taxes—net of any portion thereof owed to K-14 school districts pursuant to Proposition 98—will be transferred to the BSA. Proposition 2 also increases the maximum size of the BSA to an amount equal to 10% of estimated State general fund revenues for any given fiscal year. In any fiscal year in which a required transfer to the BSA would result in an amount in excess of the 10% threshold, Proposition 2 requires such excess to be expended on State infrastructure, including deferred maintenance.

For the first 15-year period ending with the 2029-30 fiscal year, Proposition 2 provides that half of any required transfer to the BSA, either annual or supplemental, must be appropriated to reduce certain State liabilities, including making certain payments owed to K-14 school districts, repaying State interfund borrowing, reimbursing local governments for State mandated services, and reducing or prefunding accrued liabilities associated with State-level pension and retirement benefits. Following the initial 15-year period, the Governor and the Legislature are given discretion to apply up to half of any required transfer to the BSA to the reduction of such State liabilities. Any amount not applied towards such reduction must be transferred to the BSA or applied to infrastructure, as described above.

Proposition 2 changes the conditions under which the Governor and the Legislature may draw upon or reduce transfers to the BSA. The Governor does not retain unilateral discretion to suspend transfers to the BSA, nor does the Legislature retain discretion to transfer funds from the BSA for any reason, as previously provided by law. Rather, the Governor must declare a “budget emergency,” defined as an emergency within the meaning of Article XIII B of the Constitution or a determination that estimated resources are inadequate to fund State general fund expenditures, for the current or ensuing fiscal year, at a level equal to the highest level of State spending within the three immediately preceding fiscal years. Any such declaration must be followed by a legislative bill providing for a reduction or transfer. Draws on the BSA are limited to the amount necessary to address the budget emergency, and no draw in any fiscal year may exceed 50% of funds on deposit in the BSA unless a budget emergency was declared in the preceding fiscal year.

Proposition 2 also requires the creation of the Public School System Stabilization Account (the “PSSSA”) into which transfers will be made in any fiscal year in which a Supplemental BSA Transfer is required (as described above). Such transfer will be equal to the portion of capital gains taxes above the 8% threshold that would be otherwise paid to K-14 school districts as part of the minimum funding guarantee. A transfer to the PSSSA will only be made if certain additional conditions are met, as follows: (i) the minimum funding guarantee was not suspended in the immediately preceding fiscal year, (ii) the operative Proposition 98 formula for the fiscal year in which a PSSSA transfer might be made is “Test 1,” (iii) no maintenance factor obligation is being created in the budgetary legislation for the fiscal year in which a PSSSA transfer might be made, (iv) all prior maintenance factor obligations have been fully repaid, and (v) the minimum funding guarantee for the fiscal year in which a PSSSA transfer might be made is higher than the immediately preceding fiscal year, as adjusted for ADA growth and cost of living. Proposition 2 caps the size of the PSSSA at 10% of the estimated minimum guarantee in any fiscal year, and any excess funds must be paid to K-14 school districts. Reductions to any required transfer to the PSSSA, or draws on the PSSSA, are subject to the same budget emergency requirements described above. However, Proposition 2 also mandates draws on the PSSSA in any fiscal year in which the estimated minimum funding guarantee is less than the prior year’s funding level, as adjusted for ADA growth and cost of living.

Proposition 51

The Kindergarten Through Community College Public Education Facilities Bond Act of 2016 (also known as Proposition 51) is an initiative that was approved by State voters on November 8, 2016. Proposition 51 authorizes the sale and issuance of \$9 billion in State general obligation bonds for the new construction and modernization of K-14 facilities.

K-12 School Facilities. Proposition 51 includes \$3 billion for the new construction of K-12 facilities and an additional \$3 billion for the modernization of existing K-12 facilities. K-12 school districts will be required to pay for 50% of the new construction costs and 40% of the modernization costs with local revenues. If a school districts lack sufficient local funding, it may apply for additional State grant funding, up to 100% of the project costs. In addition, a total of \$1 billion will be available for the

modernization and new construction of charter school (\$500 million) and technical education (\$500 million) facilities. Generally, 50% of modernization and new construction project costs for charter school and technical education facilities must come from local revenues. However, schools that cannot cover their local share for these two types of projects may apply for State loans. State loans must be repaid over a maximum of 30 years for charter school facilities and 15 years for career technical education facilities. For career technical education facilities, State grants are capped at \$3 million for a new facility and \$1.5 million for a modernized facility. Charter schools must be deemed financially sound before project approval.

Community College Facilities. Proposition 51 includes \$2 billion for community college district facility projects, including buying land, constructing new buildings, modernizing existing buildings, and purchasing equipment. In order to receive funding, community college districts must submit project proposals to the Chancellor of the community college system, who then decides which projects to submit to the Legislature and Governor based on a scoring system that factors in the amount of local funds contributed to the project. The Governor and Legislature will select among eligible projects as part of the annual State budget process.

The District makes no guarantees that it will either pursue or qualify for Proposition 51 State facilities funding.

Future Initiatives

Article XIII A, Article XIII B, Article XIII C and Article XIII D of the California Constitution and Propositions 22, 26, 30, 39, 98, 51 and 55 were each adopted as measures that qualified for the ballot pursuant to the State's initiative process. From time to time other initiative measures could be adopted further affecting District revenues or the District's ability to expend revenues. The nature and impact of these measures cannot be anticipated by the District.

DISTRICT FINANCIAL INFORMATION

The information in this section concerning the District's general fund finances is provided as supplementary information only, and it should not be inferred from the inclusion of this information in this Official Statement that the principal of or interest on the Bonds is payable from the general fund of the District. The Bonds shall be payable solely from the proceeds of an ad valorem property tax required to be levied by the County on taxable property within the District in an amount sufficient for the payment thereof. See "THE BONDS – Security and Sources of Payment" herein.

State Funding of Education

School district revenues consist primarily of guaranteed State moneys, local property taxes and funds received from the State in the form of categorical aid under ongoing programs of local assistance. All State aid is subject to the appropriation of funds in the State's annual budget.

Revenue Limit Funding. Previously, school districts operated under general purpose revenue limits established by the State Department of Education. In general, revenue limits were calculated for each school district by multiplying the ADA for such district by a base revenue limit per unit of ADA. Revenue limit calculations were subject to adjustment in accordance with a number of factors designed to provide cost of living adjustments ("COLAs") and to equalize revenues among school districts of the same type. Funding of a school district's revenue limit was provided by a mix of local property taxes and State apportionments of basic and equalization aid. Since fiscal year 2013-14, school districts have been funded based on uniform system of funding grants assigned to certain grade spans, as described below. See "—Local Control Funding Formula."

Local Control Funding Formula. State Assembly Bill 97 (Stats. 2013, Chapter 47) (“AB 97”), as amended by Senate Bill 91 (Stats. 2013, Chapter 49) (“SB 91”), established the current system for funding school districts, charter schools and county offices of education.

The primary component of AB 97 was the implementation of the Local Control Funding Formula (“LCFF”), which replaced the revenue limit funding system for determining State apportionments, as well as the majority of categorical program funding. State allocations are now provided on the basis of target base funding grants per unit of ADA (a “Base Grant”) assigned to each of four grade spans. Each Base Grant is subject to certain adjustments and add-ons, as discussed below. During the implementation period of the LCFF, an annual transition adjustment was calculated for each school district, equal to such district’s proportionate share of appropriations included in the State budget to close the gap between the prior-year funding level and the target allocation following full implementation of the LCFF. In each year, school districts had the same proportion of their respective funding gaps closed, with dollar amounts varying depending on the size of a district’s funding gap.

The Base Grants per unit of ADA for each grade span are as follows: (i) \$6,845 for grades K-3; (ii) \$6,947 for grades 4-6; (iii) \$7,154 for grades 7-8; and (iv) \$8,289 for grades 9-12. During the implementation period of the LCFF, Base Grants were required to be adjusted annually for COLAs by applying the implicit price deflator for government goods and services. The provision of COLAs is now subject to appropriation for such adjustment in the annual State budget. The differences among Base Grants are linked to differentials in statewide average revenue limit rates by district type, and are intended to recognize the generally higher costs of education at higher grade levels. See also “—State Budget Measures” for information on the adjusted Base Grants provided by current budgetary legislation.

The Base Grants for grades K-3 and 9-12 are subject to adjustments of 10.4% and 2.6%, respectively, to cover the costs of class size reduction in early grades and the provision of career technical education in high schools. Unless otherwise collectively bargained for, school districts serving students in grades K-3 must maintain an average class enrollment of 24 or fewer students in grades K-3 at each school site in order to continue receiving the adjustment to the K-3 Base Grant. Such school districts must also make progress towards this class size reduction goal in proportion to the growth in their funding over the implementation period. AB 97 also provides additional add-ons to school districts that received categorical block grant funding pursuant to the Targeted Instructional Improvement and Home-to-School Transportation programs during fiscal year 2012-13.

School districts that serve students of limited English proficiency (“EL” students), students from low income families that are eligible for free or reduced priced meals (“LI” students) and foster youth are eligible to receive additional funding grants. Enrollment counts are unduplicated, such that students may not be counted as both EL and LI (foster youth automatically meet the eligibility requirements for free or reduced priced meals). AB 97 authorizes a supplemental grant add-on (each, a “Supplemental Grant”) for school districts that serve EL/LI students, equal to 20% of the applicable Base Grant multiplied by such districts’ percentage of unduplicated EL/LI student enrollment. School districts whose EL/LI populations exceed 55% of their total enrollment are eligible for a concentration grant add-on (each, a “Concentration Grant”) equal to 50% of the applicable Base Grant multiplied by the percentage of such district’s unduplicated EL/LI student enrollment in excess of the 55% threshold.

The table below shows a breakdown of the District’s ADA by grade span, total enrollment, and the percentage of EL/LI student enrollment for fiscal years 2013-14 through 2018-19.

Note: ADA figures rounded to the nearest whole number.

- (1) Except for fiscal year 2018-19, reflects ADA as of the second principal reporting period (P-2 ADA), ending on or before the last attendance month prior to April 15 of each school year. An attendance month is equal to each four-week period of instruction beginning with the first day of school for a particular school district.
- (2) Enrollment for fiscal year 2012-13 is reported as of the October report submitted to the California Basic Educational Data System (“CBEDS”). Fiscal years 2013-14 and onward reflect certified enrollment as of the fall census day (the first Wednesday in October), which is reported to the California Longitudinal Pupil Achievement Data System (“CALPADS”) in each school year and used to calculate each school district’s unduplicated EL/LI student enrollment. Adjustments may be made to the certified EL/LI counts by the California Department of Education. CALPADS figures exclude preschool and adult transitional students.
- (3) For purposes of calculating Supplemental and Concentration Grants, a school district’s fiscal year 2013-14 percentage of unduplicated EL/LI students was expressed solely as a percentage of its total fiscal year 2013-14 total enrollment. For fiscal year 2014-15, the percentage of unduplicated EL/LI enrollment was based on the two-year average of EL/LI enrollment in fiscal years 2013-14 and 2014-15. Beginning in fiscal year 2015-16, a school district’s percentage of unduplicated EL/LI students has been based on a rolling average of such district’s EL/LI enrollment for the then-current fiscal year and the two immediately preceding fiscal years.
- (4) Reflects projected figures.

For certain school districts that would have received greater funding levels under the prior revenue limit system, the LCFF provides for a permanent economic recovery target (“ERT”) add-on, equal to the difference between the revenue limit allocations such districts would have received under the prior system in fiscal year 2020-21, and the target LCFF allocations owed to such districts in the same year. To derive the projected funding levels, the LCFF assumes the discontinuance of deficit revenue limit funding, implementation of COLAs in fiscal years 2014-15 through 2020-21, and restoration of categorical funding to pre-recession levels. The ERT add-on will be paid incrementally over the implementing period of the LCFF. The District does not qualify for the ERT add-on.

The sum of a school district’s adjusted Base, Supplemental and Concentration Grants will be multiplied by such district’s P-2 ADA for the current or prior year, whichever is greater (with certain adjustments applicable to small school districts). This funding amount, together with any applicable ERT or categorical block grant add-ons, will yield a district’s total LCFF allocation. Generally, the amount of annual State apportionments received by a school district will amount to the difference between such total LCFF allocation and such district’s share of applicable local property taxes. Most school districts receive a significant portion of their funding from such State apportionments. As a result, decreases in State revenues may significantly affect appropriations made by the Legislature to school districts.

Certain schools districts, referred to as “basic aid” (or “community funded”), have allocable local property tax collections that equal or exceed such districts’ total LCFF allocation, and result in the receipt

of no State apportionment aid. Basic aid school districts receive only special categorical funding, which is deemed to satisfy the “basic aid” requirement of \$120 per student per year guaranteed by Article IX, Section 6 of the State Constitution. The implication for basic aid districts is that the legislatively determined allocations to school districts, and other politically determined factors, are less significant in determining their primary funding sources. Rather, property tax growth and the local economy are the primary determinants. The District currently qualifies as a basic aid district. For fiscal year 2018-19, the District’s local property tax collection are expected to exceed its total LCFF allocation by approximately \$7.2 million.

Accountability. Regulations adopted by the State Board of Education require that school districts increase or improve services for EL/LI students in proportion to the increase in funds apportioned to such districts on the basis of the number and concentration of such EL/LI students, and detail the conditions under which school districts can use supplemental or concentration funding on a school-wide or district-wide basis.

School districts are also required to adopt local control and accountability plans (“LCAPs”) disclosing annual goals for all students, as well as certain numerically significant student subgroups, to be achieved in eight areas of State priority identified by the LCFF. LCAPs may also specify additional local priorities. LCAPs must specify the actions to be taken to achieve each goal, including actions to correct identified deficiencies with regard to areas of State priority. LCAPs covering a three-year period were required to be adopted beginning in fiscal year 2014-15, and updated annually thereafter. The State Board of Education has adopted a template LCAP for use by school districts.

Support and Intervention. AB 97, as amended by SB 91, established a new system of support and intervention to assist school districts meet the performance expectations outlined in their respective LCAPs. School districts must adopt their LCAPs (or annual updates thereto) in tandem with their annual operating budgets, and not later than five days thereafter submit such LCAPs or updates to their respective county superintendents of schools. On or before August 15 of each year, a county superintendent may seek clarification regarding the contents of a district’s LCAP (or annual update thereto), and the district is required to respond to such a request within 15 days. Within 15 days of receiving such a response, the county superintendent can submit non-binding recommendations for amending the LCAP or annual update, and such recommendations must be considered by the respective school district at a public hearing within 15 days. A district’s LCAP or annual update must be approved by the county superintendent by October 8 of each year if the superintendent determines that (i) the LCAP or annual update adheres to the State template, and (ii) the district’s budgeted expenditures are sufficient to implement the actions and strategies outlined in the LCAP.

A school district is required to receive additional support if its respective LCAP or annual update thereto is not approved, if the district requests technical assistance from its respective county superintendent, or if the district does not improve student achievement across more than one State priority for one or more student subgroups. Such support can include a review of a district’s strengths and weaknesses in the eight State priority areas, or the assignment of an academic expert to assist the district identify and implement programs designed to improve outcomes. Assistance may be provided by the California Collaborative for Educational Excellence, a State agency created by the LCFF and charged with assisting school districts achieve the goals set forth in their LCAPs. The State Board of Education has developed rubrics to assess school district performance and the need for support and intervention.

The State Superintendent of Public Instruction (the “State Superintendent”) is further authorized, with the approval of the State Board of Education, to intervene in the management of persistently underperforming school districts. The State Superintendent may intervene directly or assign an academic trustee to act on his or her behalf. In so doing, the State Superintendent is authorized to (i) modify a

district's LCAP, (ii) impose budget revisions designed to improve student outcomes, and (iii) stay or rescind actions of the local governing board that would prevent such district from improving student outcomes; provided, however, that the State Superintendent is not authorized to rescind an action required by a local collective bargaining agreement.

Other State Sources. In addition to State allocations determined pursuant to the LCFF, the District receives other State revenues consisting primarily of restricted revenues designed to implement State mandated programs. Beginning in fiscal year 2013-14, categorical spending restrictions associated with a majority of State mandated programs were eliminated, and funding for these programs was folded into the LCFF. Categorical funding for certain programs was excluded from the LCFF, and school districts will continue to receive restricted State revenues to fund these programs.

Other Revenue Sources

Federal and Local Sources. The federal government provides funding for several of the District's programs, including special education programs, programs under the Every Student Succeeds Act, and specialized programs such as Drug Free Schools, Innovative Strategies, and Vocational & Applied Technology. In addition, the District receives additional local revenues beyond local property tax collections, such as leases and rentals, interest earnings, interagency services, parcel tax collections (as discussed below) and other local sources.

Parcel Tax. Parcel taxes are "special taxes" for purposes of the State Constitution, as and such must be approved by at least two-thirds of the voters voting on the relevant proposition. On May 7, 2013, the voters of the District approved an eight-year parcel tax to raise funds to augment the District's operating budget, beginning July 1, 2013. The measure provides for a levy of a tax of \$581 per parcel. The parcel tax provides an exemption for property owners who are 65 years or older, or certain recipients of Supplemental Security Income for a disability, and occupy the parcel subject to the tax as their principal residence. The parcel tax generates approximately \$1.2 million in annual funding.

Accounting Practices

The accounting practices of the District conform to generally accepted accounting principles in accordance with policies and procedures of the California School Accounting Manual. This manual, according to Section 41010 of the California Education Code, is to be followed by all California school districts.

The District's expenditures are accrued at the end of the fiscal year to reflect the receipt of goods and services in that year. Revenues generally are recorded on a cash basis, except for items that are susceptible to accrual (measurable and/or available to finance operations). Current taxes are considered susceptible to accrual. Delinquent taxes not received after the fiscal year end are not recorded as revenue until received. Revenues from specific state and federally funded projects are recognized when qualified expenditures have been incurred. State block grant apportionments are accrued to the extent that they are measurable and predictable. The State Department of Education sends the District updated information from time to time explaining the acceptable accounting treatment of revenue and expenditure categories.

The District's accounting is organized on the basis of fund groups, with each group consisting of a separate set of self-balancing accounts containing assets, liabilities, fund balances, revenues and expenditures. The major fund classification is the general fund which accounts for all financial resources not requiring a special type of fund. The District's fiscal year begins on July 1 and ends on June 30.

Comparative Financial Statements

The District's general fund finances the legally authorized activities of the District for which restricted funds are not provided. General fund revenues are derived from such sources as State school fund apportionments, taxes, use of money and property, and aid from other governmental agencies. Audited financial statements for the District for the fiscal year ended June 30, 2018, and prior fiscal years are on file with the District and available for public inspection at the Office of the Chief Business Official, 4575 Alpine Road, Portola Valley, California 94028, telephone: (650) 851-3700. The audited financial statements for the year ended June 30, 2018, are included in APPENDIX C hereto.

The table on the following page reflects the District's audited general fund revenues, expenditures and fund balances from fiscal year 2013-14 to fiscal year 2017-18.

Budget Process

State Budgeting Requirements. The District is required by provisions of the State Education Code to maintain a balanced budget each year, in which the sum of expenditures and the ending fund balance cannot exceed the sum of revenues and the carry-over fund balance from the previous year. The State Department of Education imposes a uniform budgeting and accounting format for school districts. The budget process for school districts was substantially amended by Assembly Bill 1200 (“AB 1200”), which became State law on October 14, 1991. Portions of AB 1200 are summarized below. Additional amendments to the budget process were made by Assembly Bill 2585, effective as of September 9, 2014, including the elimination of the dual budget cycle option for school districts. All school districts must now be on a single budget cycle.

School districts must adopt a budget on or before July 1 of each year. The budget must be submitted to the county superintendent within five days of adoption or by July 1, whichever occurs first. The county superintendent will examine the adopted budget for compliance with the standards and criteria adopted by the State Board of Education and identify technical corrections necessary to bring the budget into compliance, and will determine if the budget allows the district to meet its current obligations, if the budget is consistent with a financial plan that will enable the district to meet its multi-year financial commitments, whether the budget includes the expenditures necessary to implement a local control and accountability plan, and whether the budget’s ending fund balance exceeds the minimum recommended reserve for economic uncertainties.

On or before August 15, the county superintendent will approve, conditionally approve or disapprove the adopted budget for each school district. Budgets will be disapproved if they fail the above standards. The district board must be notified by August 15 of the county superintendent’s recommendations for revision and reasons for the recommendations. The county superintendent may assign a fiscal advisor or appoint a committee to examine and comment on the superintendent’s recommendations. The committee must report its findings no later than August 20. Any recommendations made by the county superintendent must be made available by the district for public inspection. No later than September 22, the county superintendent must notify the State Superintendent of Public Instruction of all school districts whose budget may be disapproved.

For districts whose budgets have been disapproved, the district must revise and readopt its budget by September 8, reflecting changes in projected income and expense since July 1, including responding to the county superintendent’s recommendations. The county superintendent must determine if the budget conforms with the standards and criteria applicable to final district budgets and not later than October 8, will approve or disapprove the revised budgets. If the budget is disapproved, the county superintendent will call for the formation of a budget review committee pursuant to Education Code Section 42127.1. No later than October 8, the county superintendent must notify the State Superintendent of Public Instruction of all school districts whose budget has been disapproved. Until a district’s budget is approved, the district will operate on the lesser of its proposed budget for the current fiscal year or the last budget adopted and reviewed for the prior fiscal year.

Interim Financial Reports. Under the provisions of AB 1200, each school district is required to file interim certifications with the county office of education as to its ability to meet its financial obligations for the remainder of the then-current fiscal year and, based on current forecasts, for the subsequent fiscal year. The county office of education reviews the certification and issues either a positive, negative or qualified certification. A positive certification is assigned to any school district that will meet its financial obligations for the current fiscal year and subsequent two fiscal years. A negative certification is assigned to any school district that will be unable to meet its financial obligations for the

remainder of the fiscal year or subsequent fiscal year. A qualified certification is assigned to any school district that may not meet its financial obligations for the current fiscal year or two subsequent fiscal years.

Within the past five years, the District has designated, and the County superintendent of schools has accepted, all of its interim financial reports as positive.

Budgeting Trends. The table on the following page sets forth the District's general fund adopted budgets for fiscal years 2014-15 through 2018-19, ending results for fiscal years 2014-15 through 2017-18, and projected results for fiscal year 2018-19.

⁽¹⁾ As of the District's second interim financial report for fiscal year 2018-19.

⁽²⁾ Beginning in fiscal year 2015-16, the District is required to report its share of payments made by the State to STRS (as defined herein) on behalf of District employees, pursuant to GASB Statement No. 68. These funds are not received or spent by the District, but have been recorded as revenues and expenditures. On behalf payments for fiscal years 2015-16 through 2017-18 totaled \$423,121, \$385,060 and \$559,219, respectively. The District has budgeted \$559,219 of such payments for fiscal year 2018-19.

⁽³⁾ The schedule of revenues, expenditures and changes in fund balances for the general fund, on page 57 of the District's 2017-18 audit, contains certain errors to the budgeted beginning and ending fund balances, actual beginning fund balance, and budgeted other finances sources (uses), each of which has been corrected in the figures shown above. See APPENDIX C herein.

⁽⁴⁾ The District's beginning balance was decreased in order to recognize certain prior-year health and welfare expenditures.

State Budget Measures

The following information concerning the State's budgets has been obtained from publicly available information which the District believes to be reliable; however, the District does not guarantee the accuracy or completeness of this information and has not independently verified such information.

2018-19 Budget. On June 27, 2018, the Governor signed into law the State budget for fiscal year 2018-19 (the "2018-19 Budget"). The following information is drawn from the LAO's review of the 2018-19 Budget.

To protect against potential future economic recessions, the 2018-19 Budget fully funds the BSA with a total deposit of over \$4.4 billion, including a \$2.6 billion optional deposit in addition to the Constitutionally-required deposit, and adds two additional reserves to State law: the Safety Net Reserve Fund, intended to save money specifically for future expenditures of the CalWORKs and Medi-Cal programs; and the Budget Deficit Savings Account ("BDSA"), which for 2018-19 will temporarily hold the \$2.6 billion optional BSA deposit until May 2019. In May 2019, the optional BSA deposit amount will be adjusted as necessary to reflect updated estimates of revenues, at which point it will be transferred to the BSA. The projected ending balance in the BSA at the end of the 2018-19 fiscal year is expected to equal the BSA's current constitutional maximum of 10 percent of the estimated general fund revenues for fiscal year 2018-19.

For fiscal year 2017-18, the 2018-19 Budget projects total general fund revenues and transfers of \$129.8 billion and total expenditures of \$127.0 billion. The State is projected to end the 2017-18 fiscal year with total available general fund reserves of \$16.7 billion, including \$7.3 billion in the traditional general fund reserve and \$9.4 billion in the BSA. For fiscal year 2018-19, the 2018-19 Budget projects total general fund revenues of \$133.3 billion and authorizes expenditures of \$138.7 billion. The State is projected to end the 2018-19 fiscal year with total available general fund reserves of \$15.9 billion, including \$2.0 billion in the traditional general fund reserve, \$13.8 billion in the BSA and \$200 million in the Safety Net Reserve Fund. See also "CONSTITUTIONAL AND STATUTORY PROVISIONS AFFECTING DISTRICT REVENUES AND APPROPRIATIONS – Proposition 2" herein.

With respect to education funding, the 2018-19 Budget revises the Proposition 98 minimum funding guarantees for both fiscal years 2016-17 and 2017-18, as a result of higher general fund revenues. The 2018-19 Budget sets the Proposition 98 minimum funding guarantee for fiscal year 2016-17 at \$71.6 billion, an increase of \$252 million from the prior year. The 2018-19 Budget revises the minimum funding guarantee for fiscal year 2017-18 at \$75.6 billion, reflecting an increase of \$1.1 billion from the prior year. As part of the 2017-18 increase, the State is making an additional maintenance factor payment of \$789 million, on top of a previous \$536 million payment. After making the approximately \$1.3 billion total payment, the State will have eliminated all remaining maintenance factor for the first time since 2005-06. In both 2016-17 and 2017-18, the State is spending at the calculated minimum guarantee.

For fiscal year 2018-19, the 2018-19 Budget sets the minimum funding guarantee at \$78.4 billion, reflecting an increase of \$2.8 billion (or 3.7%) from the revised prior-year level. Fiscal year 2018-19 is projected to be a "Test 2" year, with the increase in the minimum funding guarantee attributable to a 3.67% increase in per capita personal income. With respect to K-12 education, the 2018-19 Budget sets Proposition 98 funding at \$67.9 billion, including \$47.5 billion from the State general fund, reflecting an increase of \$1.3 billion (or 2.7%) from the prior year. Per-pupil spending increases by \$579 (or 5.2%) from the prior year, up to \$11,640.

Other significant features with respect to K-12 education funding include the following:

- *Local Control Funding Formula* – An increase of \$3.7 billion in Proposition 98 funding to fully implement the LCFF, reaching the target funding targets and funding the statutory 2.71% COLA to the adjusted Base Grants for the prior year. Additionally, the 2018-19 Budget provides nearly an extra 1 percentage point increase in the LCFF rates. The adjusted Base Grants for fiscal year 2018-19 are as follows: \$8,235 for grades K-3, \$7,571 for grades 4-6, \$7,796 for grades 7-8 and \$9,269 for grades 9-12.
- *Low-Performing Students Block Grant* – \$300 million in one-time Proposition 98 funding to provide resources to local education agencies to help certain low-performing students, with funding allocated to local education agencies based on the count of students who did not meet statewide standards in spring 2018 on assessments of reading and math and who are not foster youth, low-income students, English learners, or students with disabilities.
- *State System of Support* – An increase of \$54 million in Proposition 98 funding for county offices of education to provide technical assistance to low-performing local educational agencies.
- *California Collaborative for Educational Excellence* – \$12 million in ongoing Proposition 98 funding for the California Collaborative for Educational Excellence (the “Collaborative”) to assist county offices of education and regional lead agencies. Additionally, the 2018-19 Budget re-appropriates \$5.6 million from prior-year one-time Proposition 98 appropriations for use by the Collaborative for additional statewide trainings and technical assistance.
- *Special Education Local Plan Area (SELPA) Technical Assistance* – \$10 million in Proposition 98 funding for up to ten SELPAs to assist county offices of education in providing technical assistance to school districts identified for differentiated assistance within the Statewide system of support.
- *Career Technical Education (CTE)* – \$164 million in ongoing Proposition 98 funding to create a new K-12 CTE program funded through the Strong Workforce Program, which is administrated by California Community College Chancellor’s Office, in consultation with the State Department of Education, as well as \$150 million in ongoing Proposition 98 funding to make permanent the State’s Career Technical Education Incentive Grant Program.
- *One-Time Discretionary Funding* – An increase of \$1.1 billion in one-time Proposition 98 funding for school districts, charter schools and county offices of education to use at local discretion. Similar to features included in prior State budgets, these funds would offset any applicable mandate reimbursement claims for these entities.
- *Special Education, Bilingual, and STEM Teachers* – \$75 million in one-time Proposition 98 funding to start new or expand existing teacher residency programs with \$50 million earmarked for special education teachers and \$25 million earmarked for bilingual and STEM teachers; and \$50 million in one-time Proposition 98 funding to provide one-time competitive grants to local educational agencies to fund new or existing local efforts to recruit and retain special education teachers.
- *Classified School Employee Summer Assistance Program* – \$50 million one-time Proposition 98 funding to provide state matching funds to classified school employees that elect to have a portion of their monthly paychecks withheld during the 2019-20 school year, supplemented by State funding, and paid during the summer recess period.

- *Classified School Employee Professional Development Block Grant Program* – \$50 million one-time Proposition 98 funding for professional development opportunities for classified staff, with a priority on professional development for the implementation of school safety plans.
- *Federal Funds for Academic Enrichment* – \$165 million one-time federal ESSA Title IV funding for academic enrichment, with \$121 million of such funds distributed to local education agencies based on their share of existing Title I funding, and the remainder distributed competitively.
- *Charter School Facility Grant Program* – \$21 million one-time and \$25 million ongoing Proposition 98 funding to reflect increases in programmatic costs.
- *Kids Code After School Program* – \$15 million one-time Proposition 98 funding to fund the inclusion of computer coding in after-school curriculum.
- *Fiscal Crisis and Management Assistance Team (FCMAT)* – \$972,000 Proposition 98 funding to allow FCMAT provide additional assistance for fiscally distressed school districts and provide additional training for county offices of education regarding fiscal oversight of school districts.
- *Kindergarten Facilities* – \$100 million one-time non-Proposition 98 funding to help school districts cover facility costs associated with converting their part-day kindergarten programs into full-day programs.
- *Proposition 51* – a total allocation of \$594 million in Proposition 51 bond funds for K-12 school facility projects.

Proposed 2019-20 Budget. On January 10, 2019, the Governor released his proposed State budget for fiscal year 2019-20 (the “Proposed 2019-20 Budget”). The following information is drawn from the State Department of Finance’s summary, and the LAO’s review of, the Proposed 2019-20 Budget.

For fiscal year 2018-19, the Proposed 2019-20 Budget projects total general fund revenues and transfers of \$136.9 billion and total expenditures of \$144.1 billion. The State is projected to end the 2018-19 fiscal year with total available general fund reserves of \$18.3 billion, including \$3.9 billion in the traditional general fund reserve, \$13.5 billion in the BSA and \$900 million in the Safety Net Reserve Fund. For fiscal year 2019-20, the Proposed 2019-20 Budget projects total general fund revenues and transfers of \$142.6 billion and authorizes expenditures of \$144.2 billion. The State is projected to end the 2019-20 fiscal year with total available general fund reserves of \$18.5 billion, including \$2.3 billion in the traditional general fund reserve, \$15.3 billion in the BSA and \$900 million in the Safety Net Reserve Fund. The Governor notes that additional deposits to the BSA are premised on a recent opinion by the California Office of Legislative Counsel which concluded that supplemental payments to the BSA made in prior fiscal years do not count towards calculating its constitutional maximum of 10%. Under the Governor’s new estimates, mandatory deposits to the BSA represent only 8.1% of State general fund taxes. See also “CONSTITUTIONAL AND STATUTORY PROVISIONS AFFECTING DISTRICT REVENUES AND APPROPRIATIONS – Proposition 2” herein.

With respect to education funding, the Proposed 2019-20 Budget revises the Proposition 98 minimum funding guarantees for both fiscal years 2017-18 and 2018-19, as a result of lower-than-anticipated ADA and a year-to-year decline in State general fund revenue growth. The Proposed 2019-20 Budget sets the Proposition 98 minimum funding guarantee for fiscal year 2017-18 at \$75.5 billion, a decrease of \$120.1 million from the prior year. The Proposed 2019-20 Budget revises the minimum funding guarantee for fiscal year 2018-19 at \$77.9 billion, reflecting a decrease of \$525.7 million from the prior year. Notwithstanding these decreases, the Proposed 2019-20 Budget maintains level funding for K-14 education in these years by maintaining a \$44 million overappropriation to the fiscal year 2017-18 minimum guarantee and using settle-up payments to offset otherwise unfunded obligations in fiscal year 2018-19.

For fiscal year 2019-20, the Proposed 2019-20 Budget sets the minimum funding guarantee at \$80.7 billion, reflecting an increase of \$2.8 billion (or 3.6%) from the revised prior-year level. Fiscal year 2019-20 is projected to be a “Test 3” year. With respect to K-12 education, ongoing per-pupil spending is set at \$12,003, reflecting an increase of \$435 from the prior year.

Other significant features with respect to K-12 education funding include the following:

- *Local Control Funding Formula* – An increase of \$2 billion in Proposition 98 funding for the LCFF, reflecting a 3.46% COLA, and bringing total LFCC funding to \$63 billion.
- *Categorical Programs* – An increase of \$187 million in Proposition 98 funding to support a 3.46% COLA for categorical programs that remain outside the LCFF.
- *Pension Costs* – A \$3 billion, one-time payment from non-Proposition 98 funds to CalSTRS, to reduce long-term liabilities for K-14 school districts. Of this amount, \$700 million would be provided to buy down employer contribution rates in fiscal years 2019-20 and 2020-21. The remaining \$2.3 billion would be paid towards employers’ long-term unfunded liability.
- *State System of Support* – An increase of \$20.2 million in Proposition 98 funding for county offices of education to provide technical assistance to low-performing local educational agencies.
- *Special Education* – \$577 million in Proposition 98 funding (of which \$186 million is one-time) to school districts based on their unduplicated counts of low-income, English learner and disabled students. These funds may be used for either (i) special education services for students with disabilities, or (ii) early intervention programs for students are not yet receiving special education services.
- *Preschool* – \$125 million in non-Proposition 98, ongoing funding to provide 10,000 full-day preschool slots for children from low income families. The Proposed 2019-20 Budget also provides for an increase of \$26.8 million in Proposition 98 funding to reflect the full-year cost of full-day preschool slots implemented during the prior fiscal year.
- *Early Education* – An increase of \$750 million in one-time non-Proposition 98 funding to create more full-day Kindergarten programs. The funds are primarily intended for constructing new or retrofitting existing school facilities needed to operate longer-day programs. The Proposed 2019-20 Budget also includes \$500 million for improvements to early education (including \$245 million for facilities, \$245 million for the child care workforce, and \$10 million to improve access and quality).

- *County Offices of Education* – An increase of \$9 million in Proposition 98 funding for county offices of education, reflecting a 3.46% COLA and ADA changes applicable to the LCFF.
- *Proposition 51* – a total allocation of \$1.5 billion in Proposition 51 bond funds for K-12 school facility projects.

Future Actions. The District cannot predict what actions will be taken in the future by the State legislature and the Governor to address changing State revenues and expenditures. The District also cannot predict the impact such actions will have on State revenues available in the current or future years for education. The State budget will be affected by national and State economic conditions and other factors over which the District will have no control. Certain actions or results could produce a significant shortfall of revenue and cash, and could consequently impair the State's ability to fund schools. State budget shortfalls in future fiscal years may also have an adverse financial impact on the financial condition of the District. However, the obligation to levy *ad valorem* property taxes upon all taxable property within the District for the payment of principal of and interest on the Bonds would not be impaired.

PORTOLA VALLEY SCHOOL DISTRICT

The information in this section concerning the operations of the District and the District's finances are provided as supplementary information only, and it should not be inferred from the inclusion of this information in this Official Statement that the principal of or interest on the Bonds is payable from the general fund of the District. The Bonds shall be payable solely from the proceeds of an ad valorem property tax required to be levied by the County on taxable property within the District in an amount sufficient for the payment thereof. See "THE BONDS – Security and Sources of Payment" herein.

Introduction

The District, located in the County, currently provides educational services to the residents of the Town of Portola Valley, a portion of the Town of Woodside and certain unincorporated areas of the County. The District is located approximately 37 miles south of San Francisco, on the edge of the Silicon Valley. The District currently operates Ormondale School and Corte Madera School, servicing students in grades kindergarten through eight. For fiscal year 2018-19, the District's ADA is projected to be 558 students, and taxable property has an assessed valuation of \$5,448,231,898.

Administration

The District is governed by a five-member Board of Trustees, each member of which is elected to a four-year term by electors within their respective trustee areas. Elections for positions to the District Board are held every two years, alternating between two and three available positions. The following table shows the current members and terms of the District Board. The District Board currently has one vacancy. The District expects that the District Board, at their March 27 meeting, will select and appoint someone to fill this vacancy.

The management and policies of the District are administered by a Superintendent appointed by the Board who is responsible for day-to-day District operations as well as supervision of the District's other key personnel. Eric Hartwig currently serves as the District Superintendent. Brief biographies of the Superintendent and Chief Business Official follow:

Eric Hartwig, Superintendent. Mr. Hartwig has served as the Superintendent of the District since October of 2015. Previously, Mr. Hartwig served as the Superintendent of the Las Lomas School District for five years. Mr. Hartwig's other prior positions include serving as a director of curriculum and instruction, principal, assistant principal and a teacher. Mr. Hartwig has announced his intention to retire from his position as Superintendent at the end of the current fiscal year. The District has begun the process of selecting a new Superintendent.

Connie Ngo, Chief Business Official. Ms. Ngo has served as the Chief Business Official of the District since January of 2018. Previously, she served as the Director of Fiscal Services of the Palo Alto Unified School District for four years. Ms. Ngo has also previously served the Jefferson Elementary School District and Burlingame Elementary School District in similar capacities, for a total of 16 years in education. Ms. Ngo is a certified public accountant with diverse experience in public schools and other local agencies.

Labor Relations

As of February 12, 2019, the District employed 29.38 full-time equivalent ("FTE") certificated employees and 54.14 FTE classified employees. These figures include both full-time and part-time faculty and staff. District employees, with the exception of management and some part-time employees, are represented by the bargaining units noted below.

Retirement Programs

The information set forth below regarding the STRS and PERS programs, other than the information provided by the District regarding its annual contributions thereto, has been obtained from publicly available sources which are believed to be reliable but are not guaranteed as to accuracy or completeness, and should not to be construed as a representation by either the District or the Underwriter.

STRS. All full-time certificated employees, as well as certain classified employees, are members of the State Teachers' Retirement System ("STRS"). STRS provides retirement, disability and survivor benefits to plan members and beneficiaries under a defined benefit program (the "STRS Defined Benefit Program"). The STRS Defined Benefit Program is funded through a combination of investment earnings and statutorily set contributions from three sources: employees, employers, and the State. Benefit provisions and contribution amounts are established by State statutes, as legislatively amended from time to time.

Prior to fiscal year 2014-15, and unlike typical defined benefit programs, none of the employee, employer nor State contribution rates to the STRS Defined Benefit Program varied annually to make up funding shortfalls or assess credits for actuarial surpluses. In recent years, the combined employer, employee and State contributions to the STRS Defined Benefit Program have not been sufficient to pay actuarially required amounts. As a result, and due to significant investment losses, the unfunded actuarial liability of the STRS Defined Benefit Program has increased significantly in recent fiscal years. In September 2013, STRS projected that the STRS Defined Benefit Program would be depleted in 31 years assuming existing contribution rates continued, and other significant actuarial assumptions were realized. In an effort to reduce the unfunded actuarial liability of the STRS Defined Benefit Program, the State passed the legislation described below to increase contribution rates.

Prior to July 1, 2014, K-14 school districts were required by such statutes to contribute 8.25% of eligible salary expenditures, while participants contributed 8% of their respective salaries. On June 24, 2014, the Governor signed AB 1469 ("AB 1469") into law as a part of the State's fiscal year 2014-15 budget. AB 1469 seeks to fully fund the unfunded actuarial obligation with respect to service credited to members of the STRS Defined Benefit Program before July 1, 2014 (the "2014 Liability"), within 32 years, by increasing member, K-14 school district and State contributions to STRS. Commencing July 1, 2014, the employee contribution rate increased over a three-year phase-in period in accordance with the following schedule:

**MEMBER CONTRIBUTION RATES
STRS (Defined Benefit Program)**

<u>Effective Date</u>	<u>STRS Members Hired Prior to January 1, 2013</u>	<u>STRS Members Hired After January 1, 2013</u>
July 1, 2014	8.150%	8.150%
July 1, 2015	9.200	8.560
July 1, 2016	10.250	9.205

Source: AB 1469.

Pursuant to the Reform Act (defined below), the contribution rates for members hired after the Implementation Date (defined below) will be adjusted if the normal cost increases by more than 1% since the last time the member contribution was set. The contribution rate for employees hired after the Implementation Date (defined below) increased from 9.205% of creditable compensation for fiscal year commencing July 1, 2017 to 10.205% of creditable compensation effective July 1, 2018.

Pursuant to AB 1469, K-14 school districts' contribution rate will increase over a seven-year phase-in period in accordance with the following schedule:

**K-14 SCHOOL DISTRICT CONTRIBUTION RATES
STRS (Defined Benefit Program)**

<u>Effective Date</u>	<u>K-14 school districts</u>
July 1, 2014	8.88%
July 1, 2015	10.73
July 1, 2016	12.58
July 1, 2017	14.43
July 1, 2018	16.28
July 1, 2019	18.13
July 1, 2020	19.10

Source: AB 1469.

Based upon the recommendation from its actuary, for fiscal year 2021-22 and each fiscal year thereafter the STRS Teachers' Retirement Board (the "STRS Board"), is required to increase or decrease the K-14 school districts' contribution rate to reflect the contribution required to eliminate the remaining 2014 Liability by June 30, 2046; provided that the rate cannot change in any fiscal year by more than 1% of creditable compensation upon which members' contributions to the STRS Defined Benefit Program are based; and provided further that such contribution rate cannot exceed a maximum of 20.25%. In addition to the increased contribution rates discussed above, AB 1469 also requires the STRS Board to report to the State Legislature every five years (commencing with a report due on or before July 1, 2019) on the fiscal health of the STRS Defined Benefit Program and the unfunded actuarial obligation with respect to service credited to members of that program before July 1, 2014. The reports are also required to identify adjustments required in contribution rates for K-14 school districts and the State in order to eliminate the 2014 Liability.

The District's contributions to STRS were \$521,954 in fiscal year 2014-15, \$690,707 in fiscal year 2015-16, \$822,206 in fiscal year 2016-17 and \$940,727 in fiscal year 2017-18. The District has projected its contribution to STRS for fiscal year 2018-19 to be \$1,032,403.

The State also contributes to STRS, currently in an amount equal to 7.328% for fiscal year 2018-19. The State's contribution reflects a base contribution rate of 2.017%, and a supplemental contribution rate that will vary from year to year based on statutory criteria. Based upon the recommendation from its actuary, for fiscal year 2017-18 and each fiscal year thereafter, the STRS Board is required, with certain limitations, to increase or decrease the State's contribution rates to reflect the contribution required to eliminate the unfunded actuarial accrued liability attributed to benefits in effect before July 1, 1990.

In addition, the State is currently required to make an annual general fund contribution up to 2.5% of the fiscal year covered STRS member payroll to the Supplemental Benefit Protection Account (the "SBPA"), which was established by statute to provide supplemental payments to beneficiaries whose purchasing power has fallen below 85% of the purchasing power of their initial allowance.

PERS. Classified employees working four or more hours per day are members of the Public Employees' Retirement System ("PERS"). PERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by the State statutes, as legislatively amended from time to time. PERS operates a number of retirement plans including the Public Employees Retirement Fund ("PERF"). PERF is a multiple-employer defined benefit retirement plan. In addition to the State, employer participants at June 30, 2017 included 1,624 public agencies and 1,366 K-14 school districts and charter schools. PERS acts as the common investment and administrative agent for the member agencies. The State and K-14 school districts (for "classified employees," which generally consist of school employees other than teachers) are required by law to participate in PERF. Employees participating in PERF generally become fully vested in their retirement benefits earned to date after five years of credited service. One of the plans operated by PERS is for K-14 school districts throughout the State (the "Schools Pool").

Contributions by employers to the Schools Pool are based upon an actuarial rate determined annually and contributions by plan members vary based upon their date of hire. The District is currently required to contribute to PERS at an actuarially determined rate, which is 18.062% of eligible salary expenditures or fiscal year 2018-19. Participants enrolled in PERS prior to January 1, 2013 contribute at a rate established by statute, which is 7% of their respective salaries in fiscal year 2017-18 and fiscal year 2018-19, while participants enrolled after January 1, 2013 contribute at an actuarially determined rate, which is 6.5% in fiscal year 2017-18 and will be 7% in fiscal year 2018-19. See "—California Public Employees' Pension Reform Act of 2013" herein.

The District's contributions to PERS were \$260,821 in fiscal year 2014-15 and \$278,442 in fiscal year 2015-16, \$313,954 in fiscal year 2016-17 and \$335,390 in fiscal year 2017-18. The District has projected its contribution to PERS for fiscal year 2018-19 to be \$389,000.

State Pension Trusts. Each of STRS and PERS issues a separate comprehensive financial report that includes financial statements and required supplemental information. Copies of such financial reports may be obtained from each of STRS and PERS as follows: (i) STRS, P.O. Box 15275, Sacramento, California 95851-0275; (ii) PERS, P.O. Box 942703, Sacramento, California 94229-2703. Moreover, each of STRS and PERS maintains a website, as follows: (i) STRS: www.calstrs.com; (ii) PERS: www.calpers.ca.gov. However, the information presented in such financial reports or on such websites is not incorporated into this Official Statement by any reference.

Both STRS and PERS have substantial statewide unfunded liabilities. The amount of these unfunded liabilities will vary depending on actuarial assumptions, returns on investments, salary scales and participant contributions. The following table summarizes information regarding the actuarially-determined accrued liability for both STRS and PERS. Actuarial assessments are "forward-looking" information that reflect the judgment of the fiduciaries of the pension plans, and are based upon

a variety of assumptions, one or more of which may not materialize or be changed in the future. Actuarial assessments will change with the future experience of the pension plans.

Source: PERS Schools Pool Actuarial Valuation; STRS Defined Benefit Program Actuarial Valuation.

The STRS Board has sole authority to determine the actuarial assumptions and methods used for the valuation of the STRS Defined Benefit Program. Based on the multi-year CalSTRS Experience Analysis (spanning from July 1, 2010, through June 30, 2015), on February 1, 2017, the STRS Board adopted a new set of actuarial assumptions that reflect member's increasing life expectancies and current economic trends. These new assumptions were first reflected in the STRS Defined Benefit Program Actuarial Valuation, as of June 30, 2016 (the "2016 STRS Actuarial Valuation"). The new actuarial assumptions include, but are not limited to: (i) adopting a generational mortality methodology to reflect past improvements in life expectancies and provide a more dynamic assessment of future life spans, (ii) decreasing the investment rate of return (net of investment and administrative expenses) to 7.25% for the 2016 STRS Actuarial Valuation and 7.00% for the June 30, 2017 actuarial evaluation (the "2017 STRS Actuarial Valuation"), and (iii) decreasing the projected wage growth to 3.50% and the projected inflation rate to 2.75%. The 2017 STRS Actuarial Valuation continues using the Entry Age Normal Actuarial Cost Method.

Based on the change in actuarial assumptions adopted by the STRS Board, including the adoption of a 7% investment rate of return, recent investment experience and the insufficiency of the contributions received in fiscal year 2016-17 to cover interest on the unfunded actuarial obligation, the 2017 STRS Actuarial Valuation reports that the unfunded actuarial obligation increased by \$10.6 billion since the June 30, 2016 actuarial valuation and the funded ratio decreased by 1.1% to 62.6% over such time period. As a result, it is currently projected that there will be a need for higher contributions from the State, employers and members in the future to reach full funding by 2046.

According to the 2017 STRS Actuarial Valuation, the future revenues from contributions and appropriations for the STRS Defined Benefit Program are projected to be approximately sufficient to finance its obligations with a projected ending funded ratio in fiscal year ending June 30, 2046 of 99.6%, except for a small portion of the unfunded actuarial obligation related to service accrued on or after July 1, 2014 for member benefits adopted after 1990, for which AB 1469 provides no authority to the STRS Board to adjust rates to pay down that portion of the unfunded actuarial obligation. This finding reflects the scheduled contribution rate increases directed by statute, assumes additional increases in the scheduled contribution rates allowed under the current law will be made, and is based on the valuation assumptions and valuation policy adopted by the STRS Board, including a 7.00% investment rate of return assumption.

In recent years, the PERS Board of Administration (the “PERS Board”) has taken several steps, as described below, intended to reduce the amount of the unfunded accrued actuarial liability of its plans, including the Schools Pool.

On March 14, 2012, the PERS Board voted to lower the PERS’ rate of expected price inflation and its investment rate of return (net of administrative expenses) (the “PERS Discount Rate”) from 7.75% to 7.5%. On February 18, 2014, the PERS Board voted to keep the PERS Discount Rate unchanged at 7.5%. On November 17, 2015, the PERS Board approved a new funding risk mitigation policy to incrementally lower the PERS Discount Rate by establishing a mechanism whereby such rate is reduced by a minimum of 0.05% to a maximum of 0.25% in years when investment returns outperform the existing PERS Discount Rate by at least four percentage points. On December 21, 2016, the PERS Board voted to lower the PERS Discount Rate to 7.0% over a three year phase-in period in accordance with the following schedule: 7.375% in fiscal year 2017-18, 7.25% in fiscal year 2018-19 and 7.00% in fiscal year 2019-20. The new discount rate went into effect July 1, 2017 for the State and July 1, 2018 for K-14 school districts and other public agencies. Lowering the PERS Discount Rate means employers that contract with PERS to administer their pension plans will see increases in their normal costs and unfunded actuarial liabilities. Active members hired after January 1, 2013, under the Reform Act (defined below) will also see their contribution rates rise.

On April 17, 2013, the PERS Board approved new actuarial policies aimed at returning PERS to fully-funded status within 30 years. The policies include a rate smoothing method with a 30-year fixed amortization period for gains and losses, a five-year increase of public agency contribution rates, including the contribution rate at the onset of such amortization period, and a five year reduction of public agency contribution rates at the end of such amortization period. The new actuarial policies were first included in the June 30, 2014 actuarial valuation and were implemented with respect the State, K-14 school districts and all other public agencies in fiscal year 2015-16.

Also, on February 20, 2014, the PERS Board approved new demographic assumptions reflecting (i) expected longer life spans of public agency employees and related increases in costs for the PERS system and (ii) trends of higher rates of retirement for certain public agency employee classes, including police officers and firefighters. The new actuarial assumptions were first reflected in the Schools Pool in the June 30, 2015 actuarial valuation. The increase in liability due to the new assumptions will be

amortized over 20 years with increases phased in over five years, beginning with the contribution requirement for fiscal year 2016-17. The new demographic assumptions affect the State, K-14 school districts and all other public agencies.

The PERS Board is required to undertake an experience study every four years under its Actuarial Assumptions Policy and State law. As a result of the most recent experience study, on December 20, 2017, the PERS Board approved new actuarial assumptions, including (i) lowering the inflation rate to 2.625% for the June 30, 2018 actuarial valuation and to 2.50% for the June 30, 2019 actuarial valuation, (ii) lowering the payroll growth rate to 2.875% for the June 30, 2018 actuarial valuation and 2.75% for the June 30, 2019 actuarial valuation, and (iii) certain changes to demographic assumptions relating to the salary scale for most constituent groups, and modifications to the morality, retirement, and disability retirement rates.

On February 14, 2018, the PERS Board approved a new actuarial amortization policy with an effective date for actuarial valuations beginning on or after June 30, 2019, which includes (i) shortening the period over which actuarial gains and losses are amortized from 30 years to 20 years, (ii) requiring that amortization payments for all unfunded accrued liability bases established after the effective date be computed to remain a level dollar amount throughout the amortization period, (iii) removing the 5-year ramp-up and ramp-down on unfunded accrued liability bases attributable to assumptions changes and non-investment gains/losses established on or after the effective date and (iv) removing the 5-year ramp-down on investment gains/losses established after the effective date. While PERS expects that reducing the amortization period for certain sources of unfunded liability will increase future average funding ratios, provide faster recovery of funded status following market downturns, decrease expected cumulative contributions, and mitigate concerns over intergenerational equity, such changes may result in increases in future employer contribution rates.

The Schools Pool Actuarial Valuation as of June 30, 2017, reported that, based on the changes in the discount rate, inflation rate, payroll growth rate and demographic assumptions, along with the expected reductions in normal cost due to the continuing transition of active members from those employees hired prior to the Implementation Date (defined below), to those hired after such date, the projected contribution rate for 2019-20 is projected to be 20.7%, with annual increases thereafter, resulting in a projected 25.5% employer contribution rate for fiscal year 2025-26.

The District can make no representations regarding the future program liabilities of STRS, or whether the District will be required to make additional contributions to STRS in the future above those amounts required under AB 1469. The District can also provide no assurances that the District's required contributions to PERS will not increase in the future.

California Public Employees' Pension Reform Act of 2013. On September 12, 2012, the Governor signed into law the California Public Employees' Pension Reform Act of 2013 (the "Reform Act"), which makes changes to both STRS and PERS, most substantially affecting new employees hired after January 1, 2013 (the "Implementation Date"). For STRS participants hired after the Implementation Date, the Reform Act changes the normal retirement age by increasing the eligibility for the 2% age factor (the age factor is the percent of final compensation to which an employee is entitled for each year of service) from age 60 to 62 and increasing the eligibility of the maximum age factor of 2.4% from age 63 to 65. Similarly, for non-safety PERS participants hired after the Implementation Date, the Reform Act changes the normal retirement age by increasing the eligibility for the 2% age factor from age 55 to 62 and increases the eligibility requirement for the maximum age factor of 2.5% to age 67. Among the other changes to PERS and STRS, the Reform Act also: (i) requires all new participants enrolled in PERS and STRS after the Implementation Date to contribute at least 50% of the total annual normal cost of their pension benefit each year as determined by an actuary, (ii) requires STRS and PERS to determine the

final compensation amount for employees based upon the highest annual compensation earnable averaged over a consecutive 36-month period as the basis for calculating retirement benefits for new participants enrolled after the Implementation Date (previously 12 months for STRS members who retire with 25 years of service), and (iii) caps “pensionable compensation” for new participants enrolled after the Implementation Date at 100% of the federal Social Security contribution (to be adjusted annually based on changes to the Consumer Price Index for all Urban Consumers) and benefit base for members participating in Social Security or 120% for members not participating in social security (to be adjusted annually based on changes to the Consumer Price Index for all Urban Consumers), while excluding previously allowed forms of compensation under the formula such as payments for unused vacation, annual leave, personal leave, sick leave, or compensatory time off.

GASB Statement Nos. 67 and 68. On June 25, 2012, GASB approved Statements Nos. 67 and 68 (“Statements”) with respect to pension accounting and financial reporting standards for state and local governments and pension plans. The new Statements, No. 67 and No. 68, replace GASB Statement No. 27 and most of Statements No. 25 and No. 50. The changes impact the accounting treatment of pension plans in which state and local governments participate. Major changes include: (1) the inclusion of unfunded pension liabilities on the government’s balance sheet (currently, such unfunded liabilities are typically included as notes to the government’s financial statements); (2) more components of full pension costs being shown as expenses regardless of actual contribution levels; (3) lower actuarial discount rates being required to be used for underfunded plans in certain cases for purposes of the financial statements; (4) closed amortization periods for unfunded liabilities being required to be used for certain purposes of the financial statements; and (5) the difference between expected and actual investment returns being recognized over a closed five-year smoothing period. In addition, according to GASB, Statement No. 68 means that, for pensions within the scope of the Statement, a cost-sharing employer that does not have a special funding situation is required to recognize a net pension liability, deferred outflows of resources, deferred inflows of resources related to pensions and pension expense based on its proportionate share of the net pension liability for benefits provided through the pension plan. Because the accounting standards do not require changes in funding policies, the full extent of the effect of the new standards on the District is not known at this time. The reporting requirements for pension plans took effect for the fiscal year beginning July 1, 2013 and the reporting requirements for government employers, including the District, took effect for the fiscal year beginning July 1, 2014.

As of June 30, 2018, the District reported its shares of the net pension liabilities for the STRS and PERS plans as \$12,022,270 and \$3,626,254, respectively. For more information, see “—District Debt Structure” and “APPENDIX C – 2017-18 AUDITED FINANCIAL STATEMENTS OF THE DISTRICT – Note 10A” and “—Note 10B” herein.

Other Post-Employment Benefits

Benefit Plan. The District currently provides post-employment medical, dental and vision insurance benefits (the “Post-Employment Benefits”) to eligible retired certificated, classified and management employees. As of June 30, 2018, membership in the plan consisted of 95 retirees receiving benefits, and 12 active members.

Funding Policy. Currently, the District funds the Post-Employment Benefits on a “pay-as-you-go” basis to cover the cost of current premiums. For fiscal years 2014-15 through 2017-18, the District recognized expenditures for Post-Employment Benefits equal to \$101,635, \$106,342, \$122,447 and \$92,873, respectively. For fiscal year 2018-19, the District has projected \$62,660 of total expenditures for the Post-Employment Benefits.

GASB Statement Nos. 74 and 75. On June 2, 2015, GASB approved Statements Nos. 74 and 75 (each, “GASB 74” and “GASB 75”) with respect to pension accounting and financial reporting standards for public sector post-retirement benefit programs and the employers that sponsor them. GASB 74 replaces GASB Statements No. 43 and 57 and GASB 75 replaces GASB 45.

Most of GASB 74 applies to plans administered through trusts, contributions in which contributions are irrevocable, trust assets are dedicated to providing other post –employment benefits to plan members and trust assets are legally protected from creditors. GASB Statements No. 74 and No. 75 will require a liability for OPEB obligations, known as the Net OPEB Liability, to be recognized on the balance sheet of the plan and the participating employer’s financial statements. In addition, an OPEB expense (service cost plus interest on total OPEB liability plus current-period benefit changes minus member contributions minus assumed earning on plan investments plus administrative expenses plus recognition of deferred outflows minus recognition of deferred inflows) will be recognized in the income statement of the participating employers. In the notes to its financial statements, employers providing other post-employment benefits will also have to include information regarding the year-to-year change in the Net OPEB Liability and a sensitivity analysis of the Net OPEB Liability to changes in the discount rate and healthcare trend rate. The required supplementary information will also be required to show a 10-year schedule of the plan’s net OPEB liability reconciliation and related ratios, and any actuarially determined contributions and investment returns.

Under GASB 74, the measurement date must be the same as the plan’s fiscal year end, but the actuarial valuation date may be any date up to 24 months prior to the measurement date. For the Total OPEB Liability, if the valuation date is before the measurement date, the results must be projected forward from the valuation date to the measurement date using standard actuarial roll-forward techniques. For plans that are unfunded or have assets insufficient to cover the projected benefit payments, a discount rate reflecting a 20-year tax-exempt municipal bond yield or index rate must be used. For plans with assets that meet the GASB 74 requirements, a projection of the benefit payments and future Fiduciary Net Position is performed based on the funding policy and assumptions of the plan, along with the methodology specified in GASB. The Fiduciary Net Position measures the value of trust assets, adjusted for payees and receivables.

GASB No. 74 has an effective date for plan fiscal years beginning after June 15, 2016, and was first recognized in the District’s financial statements for fiscal year 2016-17. GASB Statement No. 75 has an effective date for employer fiscal years beginning after June 15, 2017, and the District first recognized GASB No. 75 in their financial statements for fiscal year 2017-18. See also APPENDIX C – 2017-18 AUDITED FINANCIAL STATEMENTS OF THE DISTRICT – Note 10C” attached hereto.

Actuarial Studies. The District’s most recent actuarial study, dated as of February 20, 2019, calculated the District’s accrued liability in accordance with GASB No. 74 and GASB No. 75. The study concluded that the District’s Total OPEB Liability as of June 30, 2017 was \$1,367,737, its Fiduciary Net Position was \$0 and its Net OPEB Liability was \$1,367,737.

Risk Management

The District is exposed to various risks of loss related to property, general liability, and employee benefits. These risks are addressed through a combination of commercial insurance and participation in certain public entity risk pools, as described below.

The District is a member of the San Mateo County Schools Insurance Group joint powers authority (the “JPA”) for property and liability and workers’ compensation. The JPA arranges for and/or provide coverage for their members. Each member district pays a premium commensurate with the level of coverage requested and shares surpluses and deficits proportionately to its participation in the JPA. The JPA is not considered component unit of the District for financial reporting purposes.

District Debt Structure

Short-Term Debt. On July 10, 2018, the District issued \$1,375,000 of its 2018-19 Tax and Revenue Anticipation Notes (the “Notes”) to fund seasonal cashflow deficits. The Notes mature on June 28, 2019, and bear interest at a rate of 4.00% with a yield of 1.60%. The Notes are a general obligation of the District, payable from any legally available funds. The District has pledged a portion of its unrestricted revenues for fiscal year 2018-19, equal to the principal and interest due on the Notes, to the payment thereof.

Long-Term Debt. A schedule of changes in long-term debt for the year ended June 30, 2018, is shown below:

Capital Leases. In July of 2010, the District entered into a site lease for solar and other equipment, including installation, in the amount of \$2,850,000. Although the District’s audited financial statements indicate that, as of June 30, 2018, the District expected to receive federal subsidies to offset the lease payments due from the District, the District no longer intends to apply for or receive such subsidy payments. Future semi-annual lease payments in connection with such lease agreement are shown in the following table.

TAX MATTERS

In the opinion of Stradling Yocca Carlson & Rauth, a Professional Corporation, San Francisco, California (“Bond Counsel”), under existing statutes, regulations, rulings and judicial decisions, and assuming the accuracy of certain representations and compliance with certain covenants and requirements described herein, interest on the Bonds is excluded from gross income for federal income tax purposes and is not an item of tax preference for purposes of calculating the federal alternative minimum tax imposed on individuals. In the further opinion of Bond Counsel, interest on the Bonds is exempt from State of California personal income tax.

The excess of the stated redemption price at maturity over the issue price of a Bond (the first price at which a substantial amount of a maturity is to be sold to the public) constitutes original issue discount. Original issue discount accrues under a constant yield method, and original issue discount will accrue to a Bond Owner before receipt of cash attributable to such excludable income. The amount of original issue discount deemed received by the Bond Owner will increase the Bond Owner’s basis in the applicable Bond. In the opinion of Bond Counsel, the amount of original issue discount that accrues to

the owner of the Bond is excluded from the gross income of such owner for federal income tax purposes and is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals. In the opinion of Bond Counsel, the amount of original issue discount that accrues to the Beneficial Owner of the Bonds is exempt from State of California personal income tax.

Bond Counsel's opinion as to the exclusion from gross income for federal income tax purposes of interest (and original issue discount) on the Bonds is based upon certain representations of fact and certifications made by the District and others and is subject to the condition that the District complies with all requirements of the Internal Revenue Code of 1986, as amended (the "Code"), that must be satisfied subsequent to the issuance of the Bonds to assure that interest (and original issue discount) on the Bonds will not become includable in gross income for federal income tax purposes. Failure to comply with such requirements of the Code might cause the interest (and original issue discount) on the Bonds to be included in gross income for federal income tax purposes retroactive to the date of issuance of the Bonds. The District has covenanted to comply with all such requirements.

The amount by which a Bond Owner's original basis for determining gain or loss on sale or exchange of the applicable Bond (generally, the purchase price) exceeds the amount payable on maturity (or on an earlier call date) constitutes amortizable Bond premium, which must be amortized under Section 171 of the Code; such amortizable Bond premium reduces the Bond Owner's basis in the applicable Bond (and the amount of tax-exempt interest received), and is not deductible for federal income tax purposes. The basis reduction as a result of the amortization of Bond premium may result in a Bond Owner realizing a taxable gain when a Bond is sold by the Owner for an amount equal to or less (under certain circumstances) than the original cost of the Bond to the Owner. Purchasers of the Bonds should consult their own tax advisors as to the treatment, computation and collateral consequences of amortizable Bond premium.

The Internal Revenue Service (the "IRS") has initiated an expanded program for the auditing of tax-exempt bond issues, including both random and targeted audits. It is possible that the Bonds will be selected for audit by the IRS. It is also possible that the market value of the Bonds might be affected as a result of such an audit of the Bonds (or by an audit of similar bonds). No assurance can be given that in the course of an audit, as a result of an audit, or otherwise, Congress or the IRS might not change the Code (or interpretation thereof) subsequent to the issuance of the Bonds to the extent that it adversely affects the exclusion from gross income of interest on the Bonds or their market value.

SUBSEQUENT TO THE ISSUANCE OF THE BONDS THERE MIGHT BE FEDERAL, STATE, OR LOCAL STATUTORY CHANGES (OR JUDICIAL OR REGULATORY CHANGES TO OR INTERPRETATIONS OF FEDERAL, STATE, OR LOCAL LAW) THAT AFFECT THE FEDERAL, STATE, OR LOCAL TAX TREATMENT OF THE BONDS INCLUDING THE IMPOSITION OF ADDITIONAL FEDERAL INCOME OR STATE TAXES BEING IMPOSED ON OWNERS OF TAX-EXEMPT STATE OR LOCAL OBLIGATIONS, SUCH AS THE BONDS. THESE CHANGES COULD ADVERSELY AFFECT THE MARKET VALUE OR LIQUIDITY OF THE BONDS. NO ASSURANCE CAN BE GIVEN THAT SUBSEQUENT TO THE ISSUANCE OF THE BONDS STATUTORY CHANGES WILL NOT BE INTRODUCED OR ENACTED OR JUDICIAL OR REGULATORY INTERPRETATIONS WILL NOT OCCUR HAVING THE EFFECTS DESCRIBED ABOVE. BEFORE PURCHASING ANY OF THE BONDS, ALL POTENTIAL PURCHASERS SHOULD CONSULT THEIR TAX ADVISORS REGARDING POSSIBLE STATUTORY CHANGES OR JUDICIAL OR REGULATORY CHANGES OR INTERPRETATIONS, AND THEIR COLLATERAL TAX CONSEQUENCES RELATING TO THE BONDS.

Bond Counsel's opinions may be affected by actions taken (or not taken) or events occurring (or not occurring) after the date hereof. Bond Counsel has not undertaken to determine, or to inform any

person, whether any such actions or events are taken or do occur. The Resolution and the Tax Certificate relating to the Bonds permit certain actions to be taken or to be omitted if a favorable opinion of Bond Counsel is provided with respect thereto. Bond Counsel expresses no opinion as to the effect on the exclusion from gross income for federal income tax purposes of interest (or original issue discount) on any Bond if any such action is taken or omitted based upon the advice of counsel other than Bond Counsel.

Although Bond Counsel will render an opinion that interest (and original issue discount) on the Bonds is excluded from gross income for federal income tax purposes provided that the District continue to comply with certain requirements of the Code, the ownership of the Bonds and the accrual or receipt of interest (and original issue discount) on the Bonds may otherwise affect the tax liability of certain persons. Bond Counsel expresses no opinion regarding any such tax consequences. Accordingly, before purchasing any of the Bonds, all potential purchasers should consult their tax advisors with respect to collateral tax consequences relating to the Bonds.

Copies of the proposed forms of opinions of Bond Counsel for the Bonds are attached hereto as APPENDIX A and APPENDIX B.

LIMITATION ON REMEDIES; BANKRUPTCY

General

State law contains certain safeguards to protect the financial solvency of school districts. See “DISTRICT FINANCIAL INFORMATION – Budget Process” herein. If the safeguards are not successful in preventing a school district from becoming insolvent, the State Superintendent, operating through an administrator appointed thereby, may be authorized under State law to file a petition under Chapter 9 of the United States Bankruptcy Code (the “Bankruptcy Code”) on behalf of the school district for the adjustment of its debts, assuming that the school district meets certain other requirements contained in the Bankruptcy Code necessary for filing such a petition. School districts are not themselves authorized to file a bankruptcy proceeding, and they are not subject to involuntary bankruptcy.

Bankruptcy courts are courts of equity and as such have broad discretionary powers. If the District were to become the debtor in a proceeding under Chapter 9 of the Bankruptcy Code, the automatic stay provisions of Bankruptcy Code Sections 362 and 922 generally would prohibit creditors from taking any action to collect amounts due from the District or to enforce any obligation of the District related to such amounts due, without consent of the District or authorization of the bankruptcy court (although such stays would not operate to block creditor application of pledged special revenues to payment of indebtedness secured by such revenues). In addition, as part of its plan of adjustment in a chapter 9 bankruptcy case, the District may be able to alter the priority, interest rate, principal amount, payment terms, collateral, maturity dates, payment sources, covenants (including tax-related covenants), and other terms or provisions of the Bonds and other transaction documents related to the Bonds, as long as the bankruptcy court determines that the alterations are fair and equitable. There also may be other possible effects of a bankruptcy of the District that could result in delays or reductions in payments on the Bonds. Moreover, regardless of any specific adverse determinations in any District bankruptcy proceeding, the fact of a District bankruptcy proceeding could have an adverse effect on the liquidity and market price of the Bonds.

Statutory Lien

Pursuant to Government Code Section 53515, the Bonds are secured by a statutory lien on all revenues received pursuant to the levy and collection of the tax, and such lien automatically arises,

without the need for any action or authorization by the local agency or its governing board, and is valid and binding from the time the Bonds are executed and delivered. See “THE BONDS – Security and Sources of Payment” herein. Although a statutory lien would not be automatically terminated by the filing of a Chapter 9 bankruptcy petition by the District, the automatic stay provisions of the Bankruptcy Code would apply and payments that become due and owing on the Bonds during the pendency of the Chapter 9 proceeding could be delayed, unless the Bonds are determined to be secured by a pledge of “special revenues” within the meaning of the Bankruptcy Code and the pledged *ad valorem* property taxes are applied to pay the Bonds in a manner consistent with the Bankruptcy Code.

Special Revenues

If the *ad valorem* property tax revenues that are pledged to the payment of the Bonds are determined to be “special revenues” within the meaning of the Bankruptcy Code, then the application in a manner consistent with the Bankruptcy Code of the pledged *ad valorem* property tax revenues should not be subject to the automatic stay. “Special revenues” are defined to include, among others, taxes specifically levied to finance one or more projects or systems of the debtor, but excluding receipts from general property, sales, or income taxes levied to finance the general purposes of the debtor. State law prohibits the use of the tax proceeds for any purpose other than payment of the Bonds and the proceeds general obligation bonds can only be used to finance the acquisition or improvement of real property and other capital expenditures included in the proposition, so such tax revenues appear to fit the definition of special revenues. However, there is no binding judicial precedent dealing with the treatment in bankruptcy proceedings of *ad valorem* property tax revenues collected for the payments of general obligation bonds in California, so no assurance can be given that a bankruptcy court would not hold otherwise.

Possession of Tax Revenues; Remedies

The County on behalf of the District is expected to be in possession of the *ad valorem* property taxes and certain funds to repay the Bonds and may invest these funds in the County’s pooled investment fund, as described in “THE BONDS – Application and Investment of Bond Proceeds” herein and “APPENDIX E – SAN MATEO COUNTY TREASURY POOL” attached hereto. If the County goes into bankruptcy and has possession of tax revenues (whether collected before or after commencement of the bankruptcy), and if the County does not voluntarily pay such tax revenues to the owners of the Bonds, it is not entirely clear what procedures the owners of the Bonds would have to follow to attempt to obtain possession of such tax revenues, how much time it would take for such procedures to be completed, or whether such procedures would ultimately be successful. Further, should those investments suffer any losses, there may be delays or reductions in payments on the Bonds.

Opinions of Bond Counsel Qualified by Reference to Bankruptcy, Insolvency and Other Laws Relating to or Affecting Creditor’s Rights

The proposed forms of the approving opinions of Bond Counsel attached hereto as APPENDIX A and APPENDIX B are qualified by reference to bankruptcy, insolvency and other laws relating to or affecting creditor’s rights. Bankruptcy proceedings, if initiated, could subject the owners of the Bonds to judicial discretion and interpretation of their rights in bankruptcy or otherwise, and consequently may entail risks of delay, limitation, or modification of their rights.

LEGAL MATTERS

Legality for Investment in California

Under provisions of the California Financial Code, the Bonds are legal investments for commercial banks in California to the extent that the Bonds, in the informed opinion of the bank, are prudent for the investment of funds of depositors, and, under provisions of the Government Code of the State, are eligible for security for deposits of public moneys in the State.

Expanded Reporting Requirements

Under Section 6049 of the Internal Revenue Code of 1986, as amended by the Tax Increase Prevention and Reconciliation Act of 2005 (“TIPRA”), interest paid on tax-exempt obligations will be subject to information reporting in a manner similar to interest paid on taxable obligations. The effective date for this provision is for interest paid after December 31, 2005, regardless of when the tax-exempt obligations were issued. The purpose of this change was to assist in relevant information gathering for the IRS relating to other applicable tax provisions. TIPRA provides that backup withholding may apply to such interest payments made after March 31, 2007 to any bondholder who fails to file an accurate Form W-9 or who meets certain other criteria. The information reporting and backup withholding requirements of TIPRA do not affect the excludability of such interest from gross income for federal income tax purposes.

Continuing Disclosure

Current Undertaking. In connection with the issuance of the Bonds, the District will covenant for the benefit of the respective Owners and Beneficial Owners of each series of the Bonds to provide certain financial information and operating data relating to the District (the “Annual Reports”) by not later than nine months following the end of the District’s fiscal year (which currently ends June 30), and to provide notices of the occurrence of certain listed events. With respect to the Series 2019A Bonds, the obligation to file Annual Reports and notices of listed events will commence with the report for the 2018-19 fiscal year. With respect to the Refunding Bonds, the obligation to file such Annual Reports and notices of listed events will commence with the report for the 2019-20 fiscal year. The Annual Reports and notices of listed events will be filed by the District in accordance with the requirements of the Rule. The specific nature of the information to be contained in the Annual Reports or the notices of listed events is included in “APPENDIX D – FORM OF CONTINUING DISCLOSURE CERTIFICATE FOR THE SERIES 2019A BONDS” and “APPENDIX E – FORM OF CONTINUING DISCLOSURE CERTIFICATE FOR THE REFUNDING BONDS” attached hereto. These covenants have been made in order to assist the Underwriter in complying with the Rule.

Prior Undertakings. Within the past five years, the District has not failed to timely file annual reports or notices of listed events as required by its prior undertakings pursuant to the Rule.

Litigation

No litigation is pending or threatened concerning the validity of the Bonds, and a certificate to that effect will be furnished to purchasers at the time of the original delivery of the Bonds. The District is not aware of any litigation pending or threatened questioning the political existence of the District or contesting the District’s ability to receive *ad valorem* property taxes or to collect other revenues or contesting the District’s ability to issue and retire the Bonds.

Financial Statements

The District's audited financial statements with supplemental information for the year ended June 30, 2018, the independent auditor's report of the District, and the related statements of activities and of cash flows for the year then ended, and the report dated December 13, 2018 of Chavan & Associates LLP (the "Auditor"), are included in this Official Statement as Appendix B. In connection with the inclusion of the financial statements and the report of the Auditor herein, the District did not request the Auditor to, and the Auditor has not undertaken to, update its report or to take any action intended or likely to elicit information concerning the accuracy, completeness or fairness of the statements made in this Official Statement, and no opinion is expressed by the Auditor with respect to any event subsequent to the date of its report.

Legal Opinions

The legal opinions of Bond Counsel approving the validity of each series of the Bonds will be supplied to the respective original purchasers thereof without cost. The proposed forms of such legal opinion are attached to this Official Statement as APPENDIX A and APPENDIX B.

MISCELLANEOUS

Rating

The Bonds have also been assigned a rating of "AA+" by S&P. The rating reflects only the views of S&P, and any explanation of the significance of such ratings should be obtained therefrom. There is no assurance that the rating will be retained for any given period of time or that the same will not be revised downward or withdrawn entirely by S&P's if, in its judgment, circumstances so warrant. The District undertakes no responsibility to oppose any such revision or withdrawal. Any such downward revision or withdrawal of the ratings obtained may have an adverse effect on the market price of the Bonds.

Generally, rating agencies base their ratings on information and materials furnished to them (which may include information and material from the District which is not included in this Official Statement) and on investigations, studies and assumptions by the rating agencies.

The District has covenanted in a Continuing Disclosure Certificate to file on the Municipal Securities Rulemaking Board's Electronic Municipal Market Access website ("EMMA") notices of any ratings changes on the Bonds. See "APPENDIX C - FORM OF CONTINUING DISCLOSURE" attached hereto. Notwithstanding such covenant, information relating to ratings changes on the Bonds may be publicly available from the rating agencies prior to such information being provided to the District and prior to the date the District is obligated to file a notice of rating change on EMMA. Purchasers of the Bonds are directed to the S&P and its website and official media outlets for the most current ratings changes with respect to the Bonds after the initial issuance of the Bonds.

Underwriting

Purchase of Bonds. Piper Jaffray & Co., the Underwriter, has agreed, pursuant to a purchase contract by and between the District and the Underwriter, to purchase all of the Series 2019A Bonds. The Underwriter will purchase the Bonds for a purchase price of \$10,669,754.60 (consisting of the initial principal amount of the Series 2019A Bonds of \$10,000,000.00, plus original issue premium of \$702,254.60, and less an Underwriter's discount of \$32,500.00). The Underwriter has agreed, pursuant to the Refunding Bonds Purchase Contract, to purchase all of the Refunding Bonds for a purchase price of \$3,958,161.55 (consisting of the principal amount of the Refunding Bonds \$3,475,000.00, plus original issue premium of \$494,455.30, less the Underwriter's discount of \$11,293.75). See also "THE BONDS – Delayed Delivery of the Refunding Bonds" herein.

The purchase contracts for the Bonds provide that the Underwriter will purchase all of the Bonds if any are purchased, the obligation to make such purchase being subject to certain terms and conditions set forth in such purchase contracts, the approval of certain legal matters by bond counsel and certain other conditions. The initial offering prices stated on the inside front cover of this Official Statement may be changed from time to time by the Underwriter. The Underwriter may offer and sell Bonds to certain dealers and others at prices lower than such initial offering prices.

Certain Terms Relating to the Delayed Delivery of the Refunding Bonds. Under the Refunding Bonds Purchase Contract, the Underwriter is not required to purchase the Bonds if, among other conditions,

- (1) there has been a Change in Law (as defined below);
- (2) as a result of any legislation, regulation, ruling, order, release, court decision or judgment or action by the U.S. Department of the Treasury, the Internal Revenue Service, or any agency of the State either enacted, issued, effective, adopted or proposed (but only with respect to any such proposed legislation, regulation, ruling, order, release, court decision or judgment or action which continues to be proposed as of the Settlement Date), or for any other reason, Bond Counsel cannot issue an opinion substantially in the form attached to the Official Statement as APPENDIX B to the effect that (a) the interest on the Refunding Bonds is not subject to federal income tax under Section 103 of the Code (or comparable provisions of any successor federal tax laws), and (b) the interest on the Refunding Bonds is exempt from the State of California income taxation;
- (3) the Official Statement as of the Closing Date, or the updated Official Statement as of the Settlement Date, contained or contains an untrue statement or misstatement of material fact or omitted or omits to state a material fact necessary in order to make the statements and information contained therein not misleading in any material respect;
- (4) legislation shall be enacted, or a decision by a court of the United States shall be rendered, or any action shall be taken by, or on behalf of, the Securities Exchange Commission which, in the reasonable opinion of the Underwriter, following consultation with the District, has the effect of requiring the Refunding Bonds to be registered under the Securities Act of 1933, as amended, or requires the qualification of the Refunding Resolution under the Trust Indenture Act of 1939, as amended, or an event shall occur which would cause the sale of the Refunding Bonds to be in violation of any provision of the federal or State of California securities laws;

- (5) a general banking moratorium has been declared by federal, New York or California authorities and it is in effect as of the Settlement Date; or
- (6) any condition of settlement is not satisfied or any document is not delivered at the Settlement Date (including letters or other evidence from S&P stating the rating on the Refunding Bonds as of the Settlement Date), or if there is a withdrawal or downgrade of any rating on the Bonds below investment grade by at least one rating agency rating the Bonds, which withdrawal or downgrade exists on the Settlement Date.

A “Change in Law” means (i) any change in or addition to applicable federal or state law, whether statutory or as interpreted by the courts or by federal or state agencies, including any changes in or new rules, regulations or other pronouncements or interpretations by federal or state agencies; (ii) any legislation enacted by the Congress of the United States (if such enacted legislation has an effective date which is on or before the Settlement Date), (iii) any law, rule or regulation enacted by any governmental body, department or agency (if such enacted law, rule or regulation has an effective date which is on or before the Settlement Date) or (iv) any judgment, ruling or order issued by any court or administrative body, which in any such case would, (A) as to the Underwriter, prohibit the Underwriter from completing the underwriting of the Refunding Bonds or selling the Refunding Bonds or the beneficial ownership interests therein to the public, or enforcing confirmations for the purchase of the Bonds, or (B) as to the District, would make the completion of the issuance, sale or delivery of the Refunding Bonds illegal.

Additional Information

The purpose of this Official Statement is to supply information to prospective buyers of the Bonds. Quotations from and summaries and explanations of the Bonds, the Resolution providing for issuance of the Bonds, and the constitutional provisions, statutes and other documents referenced herein, do not purport to be complete, and reference is made to said documents, constitutional provisions and statutes for full and complete statements of their provisions.

Certain of the data contained herein has been taken or constructed from District records. Appropriate District officials, acting in their official capacities, have reviewed this Official Statement and have determined that, as of the date hereof, the information contained herein is, to the best of their knowledge and belief, true and correct in all material respects and does not contain an untrue statement of a material fact or omit to state a material fact necessary in order to make the statements made herein, in light of the circumstances under which they were made, not misleading. This Official Statement has been approved by the District.

FORM OF OPINION OF BOND COUNSEL FOR THE SERIES 2019A BONDS

Upon issuance and delivery of the Bonds, Stradling Yocca Carlson & Rauth, a Professional Corporation, Bond Counsel, proposes to render its final approving opinion with respect to the Series 2019A Bonds substantially in the following form:

[Closing Date]

Board of Trustees
Portola Valley School District

Members of the Board of Trustees:

We have examined a certified copy of the record of the proceedings relative to the issuance and sale of \$10,000,000 Portola Valley School District Election of 2018 General Obligation Bonds, Series 2019A (the “Bonds”). As to questions of fact material to our opinion, we have relied upon the certified proceedings and other certifications of public officials furnished to us without undertaking to verify the same by independent investigation.

Based on our examination as bond counsel of existing law, certified copies of such legal proceedings and such other proofs as we deem necessary to render this opinion, we are of the opinion, as of the date hereof and under existing law, that:

1. Such proceedings and proofs show lawful authority for the issuance and sale of the Bonds pursuant to Article 4.5 of Chapter 3 of Part 1 of Division 2 of Title 5 of the California Government Code of the State of California (the “Act”), commencing with Section 53506 *et seq.*, a fifty-five percent vote of the qualified electors of the Portola Valley School District (the “District”) voting at an election held on November 6, 2018, and a resolution of the Board of Trustees of the District (the “Resolution”).

2. The Bonds constitute valid and binding general obligations of the District, payable as to both principal and interest from the proceeds of a levy of *ad valorem* taxes on all property subject to such taxes in the District, which taxes are unlimited as to rate or amount.

3. Under existing statutes, regulations, rulings and judicial decisions, interest on the Bonds is excluded from gross income for federal income tax purposes and is not an item of tax preference for purposes of calculating the federal alternative minimum tax imposed on individuals.

4. Interest on the Bonds is exempt from State of California personal income tax.

5. The difference between the issue price of a Bond (the first price at which a substantial amount of the Bonds of a maturity is to be sold to the public) and the stated redemption price at maturity with respect to such Bonds constitutes original issue discount. Original issue discount accrues under a constant yield method, and original issue discount will accrue to a Bondowner before receipt of cash attributable to such excludable income. The amount of original issue discount deemed received by a Bondowner will increase the Bondowner’s basis in the applicable Bond. Original issue discount that accrues to the Bondowner is excluded from the gross income of such owner for federal income tax purposes, is

not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals, and is exempt from State of California personal income tax.

6. The amount by which a Bondowner's original basis for determining loss on sale or exchange in the applicable Bond (generally, the purchase price) exceeds the amount payable on maturity (or on an earlier call date) constitutes amortizable Bond premium, which must be amortized under Section 171 of the Internal Revenue Code of 1986, as amended (the "Code"); such amortizable Bond premium reduces the Bondowner's basis in the applicable Bond (and the amount of tax-exempt interest received), and is not deductible for federal income tax purposes. The basis reduction as a result of the amortization of Bond premium may result in a Bondowner realizing a taxable gain when a Bond is sold by the Bondowner for an amount equal to or less (under certain circumstances) than the original cost of the Bond to the Bondowner. Purchasers of the Bonds should consult their own tax advisors as to the treatment, computation and collateral consequences of amortizable Bond premium.

The opinions expressed herein may be affected by actions taken (or not taken) or events occurring (or not occurring) after the date hereof. We have not undertaken to determine, or to inform any person, whether any such actions or events are taken or do occur. The Resolution and the Tax Certificate relating to the Bonds permit certain actions to be taken or to be omitted if a favorable opinion of Bond Counsel is provided with respect thereto. No opinion is expressed herein as to the effect on the exclusion from gross income of interest (and original issue discount) for federal income tax purposes with respect to any Bond if any such action is taken or omitted based upon the advice of counsel other than ourselves. Other than expressly stated herein, we express no opinion regarding tax consequences with respect to the Bonds.

The opinions expressed herein as to the exclusion from gross income of interest (and original issue discount) on the Bonds are based upon certain representations of fact and certifications made by the District and others and are subject to the condition that the District complies with all requirements of the Code, that must be satisfied subsequent to the issuance of the Bonds to assure that such interest (and original issue discount) will not become includable in gross income for federal income tax purposes. Failure to comply with such requirements of the Code might cause interest (and original issue discount) on the Bonds to be included in gross income for federal income tax purposes retroactive to the date of issuance of the Bonds. The District has covenanted to comply with all such requirements.

It is possible that subsequent to the issuance of the Bonds there might be federal, state, or local statutory changes (or judicial or regulatory interpretations of federal, state, or local law) that affect the federal, state, or local tax treatment of the Bonds or the market value of the Bonds. No assurance can be given that subsequent to the issuance of the Bonds such changes or interpretations will not occur.

The rights of the owners of the Bonds and the enforceability thereof may be subject to bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable and their enforcement may also be subject to the exercise of judicial discretion in appropriate cases, and by the limitations on legal remedies against public agencies in the State of California.

Respectfully submitted,

FORM OF BOND COUNSEL OPINION FOR THE REFUNDING BONDS

Upon the issuance and delivery of the Refunding Bonds, Stradling Yocca Carlson & Rauth, a Professional Corporation, Bond Counsel, proposes to render its final approving opinions with respect to the Refunding Bonds substantially in the following form:

[Settlement Date]

Board of Trustees
Portola Valley School District

Members of the Board of Trustees:

We have examined a certified copy of the record of the proceedings relative to the issuance and sale of \$3,475,000 Portola Valley School District 2020 General Obligation Refunding Bonds (the “Bonds”). As to questions of fact material to our opinion, we have relied upon the certified proceedings and other certifications of public officials furnished to us without undertaking to verify the same by independent investigation.

Based on our examination as bond counsel of existing law, certified copies of such legal proceedings and such other proofs as we deem necessary to render this opinion, we are of the opinion, as of the date hereof and under existing law, that:

1. Such proceedings and proofs show lawful authority for the issuance and sale of the Bonds pursuant to Articles 9 and 11 of Chapter 3 of Part 1 of Division 2 of Title 5 of the California Government Code, and a resolution (the “Resolution”) adopted by the Board of Trustees of the Portola Valley School District (the “District”).
2. The Bonds constitute valid and binding general obligations of the District, payable as to both principal and interest from the proceeds of a levy of *ad valorem* taxes on all property subject to such taxes in the District, which taxes are unlimited as to rate or amount.
3. Under existing statutes, regulations, rulings and judicial decisions, interest on the Bonds is excluded from gross income for federal income tax purposes and is not an item of tax preference for purposes of calculating the federal alternative minimum tax imposed on individuals.
4. Interest on the Bonds is exempt from State of California personal income tax.
5. The difference between the issue price of a Bond (the first price at which a substantial amount of the Bonds of a maturity is to be sold to the public) and the stated redemption price at maturity with respect to such Bonds constitutes original issue discount. Original issue discount accrues under a constant yield method, and original issue discount will accrue to a Bondowner before receipt of cash attributable to such excludable income. The amount of original issue discount deemed received by a Bondowner will increase the Bondowner’s basis in the applicable Bond. Original issue discount that accrues to the Bondowner is excluded from the gross income of such owner for federal income tax purposes, is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals, and is exempt from State of California personal income tax.

6. The amount by which a Bondowner's original basis for determining loss on sale or exchange in the applicable Bond (generally, the purchase price) exceeds the amount payable on maturity (or on an earlier call date) constitutes amortizable Bond premium, which must be amortized under Section 171 of the Internal Revenue Code of 1986, as amended (the "Code"); such amortizable Bond premium reduces the Bondowner's basis in the applicable Bond (and the amount of tax-exempt interest received), and is not deductible for federal income tax purposes. The basis reduction as a result of the amortization of Bond premium may result in a Bondowner realizing a taxable gain when a Bond is sold by the Bondowner for an amount equal to or less (under certain circumstances) than the original cost of the Bond to the Bondowner. Purchasers of the Bonds should consult their own tax advisors as to the treatment, computation and collateral consequences of amortizable Bond premium.

The opinions expressed herein may be affected by actions taken (or not taken) or events occurring (or not occurring) after the date hereof. We have not undertaken to determine, or to inform any person, whether any such actions or events are taken or do occur. The Resolution and the Tax Certificate relating to the Bonds permit certain actions to be taken or to be omitted if a favorable opinion of Bond Counsel is provided with respect thereto. No opinion is expressed herein as to the effect on the exclusion from gross income of interest (and original issue discount) for federal income tax purposes with respect to any Bond if any such action is taken or omitted based upon the advice of counsel other than ourselves. Other than expressly stated herein, we express no opinion regarding tax consequences with respect to the Bonds.

The opinions expressed herein as to the exclusion from gross income of interest (and original issue discount) on the Bonds are based upon certain representations of fact and certifications made by the District and others and are subject to the condition that the District complies with all requirements of the Code, that must be satisfied subsequent to the issuance of the Bonds to assure that such interest (and original issue discount) will not become includable in gross income for federal income tax purposes. Failure to comply with such requirements of the Code might cause interest (and original issue discount) on the Bonds to be included in gross income for federal income tax purposes retroactive to the date of issuance of the Bonds. It is possible that subsequent to the issuance of the Bonds there might be federal, state, or local statutory changes (or judicial or regulatory interpretations of federal, state, or local law) that affect the federal, state, or local tax treatment of the Bonds or the market value of the Bonds. No assurance can be given that subsequent to the issuance of the Bonds such changes or interpretations will not occur.

The rights of the owners of the Bonds and the enforceability thereof may be subject to bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable and their enforcement may also be subject to the exercise of judicial discretion in appropriate cases, and by the limitations on legal remedies against public agencies in the State of California.

INDEPENDENT AUDITOR'S REPORT

Board of Trustees
Portola Valley School District
Portola Valley, California

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Portola Valley School District (the District), as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise Portola Valley School District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Portola Valley School District's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Portola Valley School District, as of June 30, 2018, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Change in Accounting Principle

As discussed in Note 1 to the financial statements, the District adopted new accounting guidance, GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions (OPEB). The District currently funds this obligation on a pay-as-you go basis. The District anticipates that its ongoing funding and current resources are sufficient to meet its obligations as they come due. Our opinion is not modified with respect to this matter.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, schedule of CalPERS pension plan contributions, schedule of CalPERS proportionate share of net pension liability, schedule of STRS pension plan contributions, schedule of STRS proportionate share of net pension liability and schedule of change in total OPEB liability as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The combining and individual nonmajor fund financial statements, organization schedule, schedule of average daily attendance, schedule of instructional time offered, schedule of financial trends and analysis, as required by the *Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Regulations, Cost Principles, and Audit Requirements for Federal Awards*, and the reconciliation of the Annual Financial Budget report to the audited financial statements, as required by the *2017-18 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, are presented for purposes of additional analysis and are not a required part of the basic financial statements and the

reconciliation of the Annual Financial and Budget Report to the audited financial statements, as required by the 2017-18 Guide for Annual Audits.

The combining and individual nonmajor fund financial statements, schedule of average daily attendance, schedule of instructional time offered, and the reconciliation of the Annual Financial and Budget Report to the audited financial statements, are the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements, schedule of average daily attendance, schedule of instructional time offered, and the reconciliation of the Annual Financial and Budget Report to the audited financial statements are fairly stated, in all material respects, in relation to the basic financial statements. The combining and individual nonmajor fund financial statements and other schedules listed in the supplementary section of the table of contents are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The organization schedule, and schedule of financial trends and analysis included have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 13, 2018 on our consideration of Portola Valley School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Portola Valley School District's internal control over financial reporting and compliance.

Management's Discussion and Analysis

**PORTOLA VALLEY SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

INTRODUCTION

The Management's Discussion and Analysis (MD&A) is a required section of the District's annual financial report, as shown in the overview below. The purpose of the MD&A is to present a discussion and analysis of the District's financial performance during the fiscal year that ended on June 30, 2018. This report will (1) focus on significant financial issues, (2) provide an overview of the District's financial activity, (3) identify changes in the District's financial position, (4) identify any individual fund issues or concerns, and (5) provide descriptions of significant asset and debt activity.

This information, presented in conjunction with the annual Basic Financial Statements, is intended to provide a comprehensive understanding of the District's operations and financial standing.

Required Components of the Annual Financial Report

FINANCIAL HIGHLIGHTS

Key financial highlights for the fiscal year ended June 30, 2018 were as follows:

- Total net position decreased by \$1,939,801, or 57.8%, from June 30, 2017 to June 30, 2018.
- General revenues accounted for \$16,078,392 which is 93.61% of all revenues. Program specific revenues in the form of operating grants and contributions and charges for services accounted for \$741,814 or 6.39% of total revenues of \$17,175,112.
- The District had \$15,785,216 in expenses, which was directly supported by program specific revenues of \$741,814.
- Total fund balances of governmental funds decreased by \$15,392, or -.42%, from June 30, 2017 to June 30, 2018.
- Among major funds, the General Fund had \$15,560,228 in revenues and \$15,025,730 in expenditures. The General Fund's fund balance increased by \$480,012 from June 30, 2017 to June 30, 2018.

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

USING THE ANNUAL REPORT

This annual report consists of a series of basic financial statements and notes to those statements. These statements are organized so the reader can understand the District as an entire operating entity. The statements provide an increasingly detailed look at specific financial activities.

The Statement of Net Position and Statement of Activities comprise the government-wide financial statements and provide information about the activities of the whole District, presenting both an aggregate view of the District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the District's most significant funds with all other non-major funds presented in total in one column. In the case of the District, the General Fund is by far the most significant fund. The basic financial statements also include notes that explain some of the information in the financial statements and provide more detailed data.

OVERVIEW OF THE FINANCIAL STATEMENTS

The full annual financial report is a product of three separate parts: the basic financial statements, supplementary information, and this section, the Management's Discussion and Analysis. The three sections together provide a comprehensive financial overview of the District. The basic financials are comprised of two kinds of statements that present financial information from different perspectives, government-wide and fund statements.

- Government-wide financial statements, which comprise the first two statements, provide both short-term and long-term information about the District's overall financial position.
- Individual parts of the District, which are reported as fund financial statements, focus on reporting the District's operations in more detail. These fund financial statements comprise the remaining statements.
- Notes to the financials, which are included in the financial statements, provide more detailed data and explain some of the information in the statements. The required supplementary information section provides further explanations and provides additional support for the financial statements.

GOVERNMENT-WIDE FINANCIAL STATEMENTS - STATEMENT OF NET POSITION AND THE STATEMENT OF ACTIVITIES

While this document contains the large number of funds used by the District to provide programs and activities, the view of the District as a whole looks at all financial transactions and asks the question, "How did we do financially during the fiscal year 2017 - 2018?" The Statement of Net Position and the Statement of Activities answer this question. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting practices used by most private-sector companies. This basis of accounting takes into account all of the current year revenues and expenses regardless of when cash is received or paid.

These two statements report the District's net position and changes in net position. This change in net position is important because it tells the reader that, for the District as a whole, the financial position of the District has improved or diminished. The causes of this change may be the result of many factors, some financial, and some not. Non-financial factors include the District's property tax base, current

**PORTOLA VALLEY SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

property tax laws in California restricting revenue growth, facility conditions, required educational programs and other factors.

In the Statement of Net Position and the Statement of Activities, the District reports governmental activities. Governmental activities are the activities where most of the District's programs and services are reported including, but not limited to, instruction, support services, operation and maintenance of plant, pupil transportation and extracurricular activities. The District does not have any business type activities.

REPORTING THE DISTRICT'S MOST SIGNIFICANT FUNDS

Fund Financial Statements

The analysis of the District's major funds begins with the balance sheet. Fund financial reports provide detailed information about the District's major funds. The District uses many funds to account for a multitude of financial transactions. These fund financial statements focus on each of the District's most significant funds. The District's major governmental funds are the General Fund, and Bond Interest and Redemption Fund.

Governmental Funds

Most of the District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in the future periods. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the District's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the future to finance educational programs. The relationship (or differences) between governmental activities (reported in the Statement of Net position and the Statement of Activities) and governmental funds is reconciled in the financial statements.

Fiduciary Funds

The district is the trustee, or fiduciary, for student body funds and a foundation trust fund. All of the district's fiduciary activities are reported in a separate Statement of Fiduciary Net Position. We exclude these activities from the district's fund and government-wide financial statements because the district cannot use these assets to finance its operations.

THE DISTRICT AS A WHOLE

Recall that the Statement of Net Position provides the perspective of the District as a whole. Table 1 provides a summary of the District's net position as of June 30, 2018 as compared to June 30, 2017:

Table 1 - Summary of Net Position				
	2018	2017	Increase (Decrease)	Percent

Total Net Position	\$ 1,417,146	\$ 3,356,947	\$ (1,939,801)	-57.8%

Net position decreased by \$1,939,801 because of the pension adjustments required by GASB 68 and GASB 75 which requires all local governments to record its proportionate share of net pension and OPEB liabilities from pension plans in the government-wide financial statements. There were prior period adjustments for the implementation for GASB 75 for \$605,273 and for Health and Welfare for \$111,060. The unrestricted net position of the District, which is the portion of net position that may be used to finance day-to-day activities without constraints from grants and legal requirements, decreased by 46.9%. There was no impact on fund balance as a result of GASB 68 and GASB 75.

GOVERNMENTAL ACTIVITIES

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services. Table 3 shows the net cost of services as compared to the prior fiscal year. That is, it identifies the cost of these services supported by general revenues for the government-wide statements (not the General Fund).

Table 3 - Net Cost of Services				
Function	2018	2017	Increase (Decrease)	Percent
Instruction	\$ 9,889,999	\$ 8,812,808	\$ 1,077,191	12.2%
Instruction-Related Services	2,597,716	2,162,214	435,502	20.1%
Pupil Services	978,046	805,378	172,668	21.4%
General Administration	1,777,506	1,384,323	393,183	28.4%
Plant Services	1,407,291	1,149,753	257,538	22.4%
Other Educational Agencies	(79,184)	(15,494)	(63,690)	-411.1%
Interest and Fiscal Charges	730,286	703,845	26,441	3.8%
Total Net Cost of Services	\$ 17,301,660	\$ 15,002,827	\$ 2,298,833	15.3%

Instruction expenses include activities directly dealing with the teaching of pupils and the interaction between teacher and pupil.

Instruction-related Services include the activities involved with assisting staff with the content and process of teaching to pupils.

General Administration includes the costs for the Board of Trustees, administration, fiscal and business services and other expenses associated with administrative and financial supervision of the District.

Plant Services includes the operation and maintenance of plant activities, which involve keeping the school grounds, buildings, and equipment in an effective working condition.

Ancillary Services includes the operation of non-instructional services including the preparation, delivery, and servicing of lunches, snacks and other incidental meals.

Interest and Fiscal Charges involve the transactions associated with the payment of interest and other related charges to debt of the District.

The dependence upon tax and local revenues is apparent, 94% of the District's activities are supported through taxes and other general revenues. The community, as a whole, is the primary support for the District.

GENERAL FUND BUDGETING HIGHLIGHTS

The District's budget is prepared according to California law and in the modified accrual basis of accounting.

During the course of the 2017-18 fiscal year, the District revised its General Fund budget twice, at 1st Interim and 2nd interim, which resulted in an increase in budgeted expenditures of \$96,370 from the original to final budget.

For the General Fund, the final budget basis revenue and other financing sources estimate was \$15,452,061. The original budgeted estimate was \$14,756,886.

FACTORS BEARING ON THE DISTRICT'S FUTURE

The State's funding scheme for school districts, the Local Control Funding Formula, directs funds to school districts disproportionately in two ways. Weighted grade span allocations recognize that programming costs differ at various points in the K-12 program. Districts will also receive additional dollars for students with limited English language proficiency, students in foster care, and those with limited income as measured by eligibility for free and reduced price meals in the Federal School Nutrition Program.

As a community funded district, the Portola Valley School District will be relatively unaffected by the Local Control Funding Formula. The District has explicitly connected the annual budget to the education program by formally adopting an annual "Local Control Accountability Plan".

Portola Valley School District will also need to monitor the macro-economy to be sure we are reacting to potential threats like those seen in recent years. It appears that property values in the region are on the rise again and the economy as a whole seems headed toward an upward swing. At the same time, the fluctuations in the stock markets may be indicating there are additional threats to stability on the horizon. The District's Board has indicated their intent to act prudently by committing to monitoring actively the multiyear projection and to building a reserve beyond required levels which will be sufficient to ensure solvency and to preserve programming for students.

RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF
REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES
OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

Total net change in fund balances - governmental funds	\$	95,668
Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital asset additions of \$656,053 was less than depreciation expense of \$568,362 in the period.		87,691
The governmental funds report bond proceeds as an other financing source, while repayment of bond principal is reported as an expenditure. Interest is recognized as an expenditure in the governmental funds when it is due. The net effect of these differences in the treatment of general obligation bonds and related items is as follows:		
Repayment of bond principal	<u>\$ 835,000</u>	835,000
The governmental funds report long-term debt proceeds as an other financing source, while repayment of debt principal is reported as an expenditure.		
Repayment of capital lease principal		141,699
In governmental funds, actual contributions to pension plans are reported as expenditures in the year incurred. However, in the government-wide statement of activities, only the current year pension expense as noted in the plans' valuation reports is reported as an expense, as adjusted for deferred inflows and outflows of resources.		(2,581,315)
In governmental funds, if debt is issued at a premium or at a discount, the premium or discount is recognized as an other financing source or other financing use in the period it is incurred. In the government-wide statements, the premium or discount is amortized as interest over the life of the debt. The difference between premiums or discounts recognized in the current period and amortized over future periods is:		26,216
In governmental funds, deferred loss on early retirement of long-term debt is recognized as other financing uses. In the government-wide statements, the deferred losses on early retirement of long-term debt is amortized over the life of the debt. The difference between other financing uses and amortization is:		(115,270)
In the statement of activities, compensated absences are measured by the amount earned during the year. In governmental funds, however, expenditures for those items are measured by the amount of financial resources used (essentially the amounts paid). This year vacation earned was less than the amounts used by:		16,548
Payments for early retirement incentive programs are expenditures in the governmental funds and liabilities amortized over the life of the program in the statement of activities.		125,259
In governmental funds, actual contributions to OPEB plans are reported as expenditures in the year incurred. However, in the government-wide Statement of Activities, only the current year pension expense as noted in the plans' valuation reports is reported as an expense, as adjusted for deferred inflows and outflows of resources.		136,036
Interest on long-term debt in the statement of activities differs from the amount reported in the governmental funds because interest is recognized as an expenditure in the funds when it is due and thus requires the use of current financial resources. In the statement of activities, however, interest expense is recognized as the interest accrues, regardless of when it is due.		<u>9,000</u>

**PORTOLA VALLEY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES

A. Accounting Principles

The Portola Valley School District (the “District”) accounts for its financial transactions in accordance with the policies and procedures of the Department of Education’s *California School Accounting Manual*. The accounting policies of the District conform to generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (GASB) and the American Institute of Certified Public Accountants (AICPA).

B. Reporting Entity

The District is the level of government primarily accountable for activities related to public education. The governing authority consists of five elected officials who, together, constitute the Board of Trustees. The District’s combined financial statements include the accounts of all its operations. The District evaluated whether any other entity should be included in these financial statements. The basic, but not the only, criterion for including a governmental department, agency, institution, commission, public authority, or other governmental organization in a governmental unit’s reporting entity for general purpose financial reports is the ability of the governmental unit’s elected officials to exercise oversight responsibility over such agencies. Oversight responsibility implies that one governmental unit is dependent on another and that the dependent unit should be reported as part of the other. Oversight responsibility is derived from the governmental unit’s power and includes, but is not limited to:

- Financial interdependency
- Selection of governing authority
- Designation of management
- Ability to significantly influence operations
- Accountability for fiscal matters

Accordingly, for the year ended June 30, 2018, the District does not have any component units and is not a component unit of any other reporting entity.

C. Basis of Presentation

Government-wide Financial Statements:

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the non-fiduciary activities of the District. The Statement of Net Position reports all assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position.

The government-wide statements are prepared using the economic resources measurement focus. This is the same approach used in the preparation of the proprietary fund and fiduciary fund financial statements but differs from the manner in which governmental fund financial statements are prepared. Governmental fund financial statements, therefore, include the reconciliation with brief explanations to better identify the relationship between the government wide statements and the statements for the governmental funds.

**PORTOLA VALLEY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

The government-wide statement of activities presents a comparison between direct expenses and program revenues for each function or program of the District's governmental activities. Direct expenses are those that are specifically associated with a service, program, or department and are therefore clearly identifiable to a particular function. The District does not allocate indirect expenses to functions in the statement of activities. Program revenues include charges paid by the recipients of goods or services offered by a program, as well as grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues of the District, with certain exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the District.

Fund Financial Statements:

Fund financial statements report detailed information about the District. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major governmental fund is presented in a separate column, and all nonmajor funds are aggregated into one column. Fiduciary funds are reported by fund type.

The accounting and financial treatment applied to a fund is determined by its measurement focus. All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets, deferred outflows, current liabilities and deferred inflows are generally included on the balance sheet. The Statement of Revenues, Expenditures, and Changes in Fund Balances for these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

Fiduciary funds are reported using the economic resources measurement focus.

D. Basis of Accounting

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Fiduciary funds use the accrual basis of accounting.

Revenues - Exchange and Non-exchange Transactions:

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded under the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. "Available" means the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the District, "available" means collectible within the current period or within 60 days after year-end.

**PORTOLA VALLEY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

Non-exchange transactions, in which the District receives value *without* directly giving equal value in return, include property taxes, grants, and entitlements. Under the accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants and entitlements is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are to be used or the fiscal year when use is first permitted; matching requirements, in which the District must provide local resources to be used for a specific purpose; and expenditure requirements, in which the resources are provided to the District on a reimbursement basis. Under the modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Deferred Outflows/Inflows of Resources:

In addition to assets, the Statement of Net Position includes a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s), and as such will not be recognized as an outflow of resources (expense/expenditures) until then. The District has recognized a deferred loss on refunding which is reported in the Statement of Net Position. A deferred loss on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shortened life of the refunded or refunding debt. Additionally, the District has recognized a deferred outflow of resources related to the recognition of the net pension liability reported in the Statement of Net Position.

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and as such, will not be recognized as an inflow of resources (revenue) until that time. The District has recognized a deferred inflow of resources related to the recognition of the pension liability reported which is in the Statement of Net Position.

Unearned Revenue:

Unearned revenue arises when assets are received before revenue recognition criteria have been satisfied. Grants and entitlements received before eligibility requirements are met are recorded as deferred inflows of resources. In the governmental fund financial statements, receivables associated with non-exchange transactions that will not be collected within the availability period have been recorded as deferred inflows from unearned revenue.

Expenses/Expenditures:

On the accrual basis of accounting, expenses are recognized at the time a liability is incurred. On the modified accrual basis of accounting, expenditures are generally recognized in the accounting period in which the related fund liability is incurred, as under the accrual basis of accounting. However, under the modified accrual basis of accounting, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due. Allocations of cost, such as depreciation and amortization, are not recognized in

the governmental funds. When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

E. Fund Accounting

The accounts of the District are organized on the basis of funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, deferred outflows, liabilities, deferred inflows, fund equity or retained earnings, revenues, and expenditures or expenses, as appropriate. District resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled. The District's accounts are organized into major, nonmajor, and fiduciary funds as follows:

Major Governmental Funds:

The *General Fund* is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund and includes transactions accounted for in the Special Reserve Fund for Other Than Capital Outlay Projects and Tax Override Fund.

The *Bond Interest and Redemption Fund* is maintained by the County Treasurer and is used to account for both the accumulation of resources from ad valorem tax levies and the interest and redemption of principal of the funding of general obligation bonds issued by the District.

Non-major Governmental Funds:

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are restricted or committed for purposes other than debt service or capital projects. The restricted or committed resources need to comprise a substantial portion of the inflows reported in the special revenue fund. The District maintains two non-major special revenue funds:

- The Cafeteria Fund is used to account for revenues received and expenditures made to operate the District's food service programs.
- The Deferred Maintenance Fund is used for the purpose of major repair or replacement of district property.

Capital Projects Funds are used to account for resources restricted, committed or assigned for capital outlays. The District maintains one non-major capital projects fund:

- The Capital Facilities Fund is used to account for resources received from developer impact fees assessed under provisions of the California Environmental Quality Act (CEQA).
- The Building Fund is used to account for proceeds from the sale of real property and account for the acquisition of major governmental capital facilities and buildings from the sale of bond proceeds..

**PORTOLA VALLEY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

Fiduciary Funds:

Agency Funds are used to account for assets of others for which the District acts as an agent. The District maintains an agency fund for the student body accounts. The student body funds are used to account for the raising and expending of money to promote the general welfare, morale, and educational experience of the student body. The amounts reported for student body funds represent the combined totals of all schools within the District.

F. Budgets and Budgetary Accounting

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all governmental funds. By state law, the District's governing board must adopt a final budget no later than July 1. A public hearing must be conducted to receive comments prior to adoption. The District's governing board satisfied these requirements.

These budgets are revised by the District's governing board and district superintendent during the year to give consideration to unanticipated income and expenditures. The original and final revised budgets for the General Fund are presented as Required Supplementary Information.

Formal budgetary integration was employed as a management control device during the year for all budgeted funds. The District employs budget control by minor object and by individual appropriation accounts.

For the fiscal year ended June 30, 2018, expenditures within the General Fund, in two expenditure categories, exceeded budget by \$12,711 in total. The overage reflects excess expenditures for Classified salaries and employee benefits, which were not budgeted. Fund balance was more than adequate to cover the excess expenditures.

G. Encumbrances

Encumbrance accounting is used in all budgeted funds to reserve portions of applicable appropriations for which commitments have been made. Encumbrances are recorded for purchase orders, contracts, and other commitments when they are written. Encumbrances are liquidated when the commitments are paid. All encumbrances are liquidated on June 30.

H. Benefit Plans

Pensions

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the District's California Public Employees' Retirement System (CalPERS) and California State Teachers' Retirement System plans (STRS) and additions to/deductions from the Plans' fiduciary net position have been determined on the same basis as they are reported by CalPERS and STRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. GASB Statement No. 68, Accounting and Financial Reporting for Pensions - an

**PORTOLA VALLEY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

amendment of GASB Statement No. 27 (GASB Statement No. 68) requires that the reported results must pertain to liability and asset information within certain defined time frames. For this period, the following time frames were used:

Valuation Date	June 30, 2016
Measurement Date	June 30, 2017
Measurement Period	July 1, 2016 to June 30, 2017

Other Postemployment Benefits Other Than Pensions (OPEB)

For purposes of measuring the total OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense information about the fiduciary net position of the District's Retiree Benefits Plan (the OPEB Plan) and additions to/deductions from the OPEB Plan's fiduciary net position have been determined on the same basis as they are reported by the OPEB Plan. For this purpose, the OPEB Plan recognizes benefit payments when due and payable in accordance with the benefit terms.

I. Assets, Liabilities, and Equity

1. Cash and Investments

Cash balances held in banks and in revolving funds are insured to \$250,000 by the Federal Deposit Insurance Corporation.

In accordance with *Education Code* Section 41001, the District maintains substantially all of its cash in the County Treasury. The county pools these funds with those of other districts in the county and invests the cash. These pooled funds are carried at cost, which approximates market value. Interest earned is deposited quarterly into participating funds. Any investment losses are proportionately shared by all funds in the pool.

All District-directed investments are governed by Government Code Section 53601 and Treasury investment guidelines. The guidelines limit specific investments to government securities, domestic chartered financial securities, domestic corporate issues, and California municipal securities. The District's securities portfolio is held by the County Treasurer. Interest earned on investments is recorded as revenue of the fund from which the investment was made.

2. Fair Value Measurements

Investments are recorded at fair value in accordance with GASB Statement No. 72, Fair Value Measurement and Application. Accordingly, the change in fair value of investments is recognized as an increase or decrease to investment assets and investment income. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction. In determining this amount, three valuation techniques are available:

**PORTOLA VALLEY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

The following is a summary of the definition of fair value:

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction. In determining this amount, three valuation techniques are available:

- Market approach - This approach uses prices generated for identical or similar assets or liabilities. The most common example is an investment in a public security traded in an active exchange such as the NYSE.
- Cost approach - This technique determines the amount required to replace the current asset. This approach may be ideal for valuing donations of capital assets or historical treasures.
- Income approach - This approach converts future amounts (such as cash flows) into a current discounted amount.

Each of these valuation techniques requires inputs to calculate a fair value. Observable inputs have been maximized in fair value measures, and unobservable inputs have been minimized.

3. Inventories and Prepaid Expenditures

Inventories are recorded using the purchases method, in that inventory acquisitions are initially recorded as expenditures. Reported inventories are equally offset by a fund balance reserve, which indicates that these amounts are not “available for appropriation and expenditure” even though they are a component of net current assets.

The District’s central warehouse inventory is valued at a moving average cost and consists of expendable supplies held for consumption. The District has the option of reporting expenditure in governmental funds for prepaid items either when purchased or during the benefiting period. The District has chosen to report the expenditure during the benefiting period.

4. Capital Assets

Capital assets, which include sites, improvement of sites, buildings and improvements, equipment, and construction in progress, are reported in the government-wide financial statements. Such assets are valued at historical cost or estimated historical cost unless obtained by annexation or donation, in which case they are recorded at estimated market value at the date of receipt. The District utilizes a capitalization threshold of \$5,000.

Projects under construction are recorded at cost as construction in progress and transferred to the appropriate asset account when substantially complete. Costs of major improvements and rehabilitation of buildings are capitalized. Repair and maintenance costs are charged to expense when incurred. Equipment disposed of, or no longer required for its existing use, is removed from the records at actual or estimated historical cost, net of accumulated depreciation.

**PORTOLA VALLEY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

All capital assets, except land and construction in progress, are depreciated using the straight-line method over the following estimated useful lives:

Assets	Years
Improvement of sites	20
Buildings	50
Portable buildings	20
Building improvements	20
Furniture and fixtures	20
Playground equipment	20
Food services equipment	15
Transportation equipment	15
Telephone system	10
Vehicles	8
Computer system and equipment	5
Office equipment	5

5. Compensated Absences

All vacation pay plus related payroll tax is accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

Accumulated sick leave benefits are not recognized as liabilities of the District. The District's policy is to record sick leave as an operating expense in the period taken, since such benefits do not vest, nor is payment probable; however, unused sick leave is added to the creditable service period for calculation of retirement benefits when the employee retires. At retirement, each classified member will receive .004 year of service credit for each day of unused sick leave. Credit for unused sick leave is applicable to all certificated employees and is determined by dividing the number of unused sick days by the number of base service days required to complete the last school year, if employed full-time.

6. Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds. Bonds payable are reported net of applicable bond premium or discount. Issuance costs are expensed in the period incurred.

In the fund financial statements, governmental funds recognize bond premiums and discounts as well as bond issuance costs, during the current period. The face amount of the debt issued, premiums, or discounts are reported as other financing sources/uses.

7. Fund Balance Classifications

The District maintains a minimum unassigned fund balance of not less than 4 percent of budgeted general fund expenditures and other financing uses as a reserve for economic uncertainties. The District believes a reserve of this level is prudent to maintain a high bond

**PORTOLA VALLEY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

rating and to protect the District from the effects of fluctuations in property tax revenues to which basic aide districts are vulnerable. Because amounts in the nonspendable, restricted, committed, and assigned categories are subject to varying constraints on their use, the reserve for economic uncertainties consists of balances that are otherwise unassigned.

In accordance with Government Accounting Standards Board 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, the District classifies governmental fund balances as follows:

- *Non-spendable* fund balance includes amounts that cannot be spent either because it is not in spendable form or because of legal or contractual constraints.
- *Restricted* fund balance includes amounts that are constrained for specific purposes which are externally imposed by providers, such as creditors or amounts constrained due to constitutional provisions or enabling legislation.
- *Committed* fund balances includes amounts that are constrained for specific purposes that are internally imposed by the government through formal action of the highest level of decision making authority and does not lapse at year-end. Committed fund balances are imposed by the District's board of education.
- *Assigned* fund balance includes amounts that are intended to be used for specific purposes that are neither considered restricted or committed. Fund balance may be assigned by the Superintendent and the Assistant Superintendent of Business Services.
- *Unassigned* fund balance includes positive amounts within the general fund which has not been classified within the above mentioned categories and negative fund balances in other governmental funds.

The District uses restricted/committed amounts to be spent first when both restricted and unrestricted fund balance is available unless there are legal documents/contracts that prohibit doing this, such as a grant agreement requiring dollar for dollar spending. Additionally, the District would first use committed, then assigned, and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

In order to comply with the requirements of GASB 54, the District has combined transactions in the Special Reserve fund for Other than Capital Outlay (Special Reserve Fund) and the Tax Override Fund with the General Fund because those funds do not meet the definition of a special revenue fund as defined by GASB 54.

8. Net Position

Net position represents the difference between assets, deferred outflows, liabilities and deferred inflows. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. In addition, deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt also are included in the net investment in capital assets component of net position. Net position is reported as restricted

**PORTOLA VALLEY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

when there are limitations imposed on its use either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors, laws or regulations of other governments. The District applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

Capital Projects restrictions will be used for the acquisition and construction of capital facilities.

Debt Service restrictions reflect the cash balances in the debt service funds that are restricted for debt service payments by debt covenants.

Educational Program restrictions reflect the amounts to be expended for federal and state funded educational programs.

Unrestricted net position reflect amounts that are not subject to any donor-imposed restrictions. This class also includes restricted gifts whose donor-imposed restrictions were met during the fiscal year. A deficit unrestricted net position may result when significant cash balances restricted for capital projects exist. Once the projects are completed, the restriction on these assets are released and converted to capital assets.

9. Local Control Funding Formula and Property Taxes

The Local Control Funding Formula (LCFF) creates base, supplemental, and concentration grants in place of most previously existing K–12 funding streams, including revenue limits and most state categorical programs. The revenue limit was a combination of local property taxes, state apportionments, and other local sources.

Until full implementation, local educational agencies (LEAs) will receive roughly the same amount of funding they received in 2012–13 plus an additional amount each year to bridge the gap between current funding levels and LCFF target levels. The budget projects the time frame for full implementation of the LCFF to be eight years.

The county is responsible for assessing, collecting, and apportioning property taxes. Taxes are levied for each fiscal year on taxable real and personal property in the county. The levy is based on the assessed values as of the preceding March 1, which is also the lien date. Property taxes on the secured roll are due on August 31 and February 1, and taxes become delinquent after December 10 and April 10, respectively. Property taxes on the unsecured roll are due on the lien date (March 1), and become delinquent if unpaid by August 31.

Secured property taxes are recorded as revenue when apportioned, in the fiscal year of the levy. The county apportions secured property tax revenue in accordance with the alternate method of distribution prescribed by Section 4705 of the *California Revenue and Taxation Code*. This alternate method provides for crediting each applicable fund with its total secured taxes upon completion of the secured tax roll - approximately October 1 of each year.

The County Auditor reports the amount of the District’s allocated property tax revenue to the California Department of Education. Property taxes are recorded as local revenue limit sources by the District.

**PORTOLA VALLEY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

10. Risk Management

The District is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets, errors and omissions, injuries to employees, and natural disasters. The District has joined together with other school districts in the County to form the San Mateo County Schools Insurance Group ("SMCSIG") public entity risk pool. The District pays an annual premium for its property and casualty, workers' compensation, and liability insurance coverage. The Joint Powers Agreements provide that SMCSIG will be self-sustaining through member premiums and will reinsure through commercial companies for claims in excess of self-insured levels.

There were no significant reductions in insurance coverage from coverage in the prior year and no insurance settlement exceeding insurance coverage.

11. Accounting Estimates

The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

12. Subsequent Events

Management has reviewed subsequent events and transactions that occurred after the date of the financial statements through the date the financial statements were issued. The financial statements include all events or transactions, including estimates, required to be recognized in accordance with generally accepted accounting principles. Management has determined that there are no non-recognized subsequent events that require additional disclosure other than the issuance of 2018-19 Tax and Revenue Anticipation Notes in the amount of \$1,375,000 and the Early Retirement Incentive pay off noted in Note 10 part D.

J. Implemented New Accounting Pronouncements

GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions* - The provisions in Statement 75 are effective for the fiscal year ended June 30, 2018. The primary objective of this Statement is to improve accounting and financial reporting by state and local governments for postemployment benefits other than pensions (other postemployment benefits or OPEB). It also improves information provided by state and local governmental employers about financial support for OPEB that is provided by other entities. This Statement replaces the requirements of Statements No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*, as amended, and No. 57, *OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans, for OPEB*. Statement No. 74, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*, establishes new accounting and financial reporting requirements for OPEB plans.

The scope of this Statement addresses accounting and financial reporting for OPEB that is provided to the employees of state and local governmental employers. This Statement

**PORTOLA VALLEY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

establishes standards for recognizing and measuring liabilities, deferred outflows of resources, deferred inflows of resources, and expense/expenditures. For defined benefit OPEB, this Statement identifies the methods and assumptions that are required to be used to project benefit payments, discount projected benefit payments to their actuarial present value, and attribute that present value to periods of employee service. Note disclosure and required supplementary information requirements about defined benefit OPEB also are addressed.

In addition, this Statement details the recognition and disclosure requirements for employers with payables to defined benefit OPEB plans that are administered through trusts that meet the specified criteria and for employers whose employees are provided with defined contribution OPEB. This Statement also addresses certain circumstances in which a nonemployer entity provides financial support for OPEB of employees of another entity. In this Statement, distinctions are made regarding the particular requirements depending upon whether the OPEB plans through which the benefits are provided are administered through trusts that meet the following criteria:

- Contributions from employers and nonemployer contributing entities to the OPEB plan and earnings on those contributions are irrevocable.
- OPEB plan assets are dedicated to providing OPEB to plan members in accordance with the benefit terms.
- OPEB plan assets are legally protected from the creditors of employers, nonemployer contributing entities, the OPEB plan administrator, and the plan members.

As of June 30, 2018, according to GASB 75, the District's total OPEB liability must be recognized. Therefore, the previous total OPEB liability as of June 30, 2017 in the amount of \$605,273 has been shown as a restatement of net position in the Statement of Activities as a separate line item.

GASB Statement No. 86, *Certain Debt Extinguishment Issues* - The primary objective of this Statement is to improve consistency in accounting and financial reporting for in-substance defeasance of debt by providing guidance for transactions in which cash and other monetary assets acquired with only existing resources—resources other than the proceeds of refunding debt—are placed in an irrevocable trust for the sole purpose of extinguishing debt. This Statement also improves accounting and financial reporting for prepaid insurance on debt that is extinguished and notes to financial statements for debt that is defeased in substance. The requirements of this Statement are effective for financial statements for periods beginning after June 15, 2017. Earlier application is encouraged. This statement did not have an impact on the District's financial statements.

K. Upcoming Accounting and Reporting Changes

GASB Statement No. 83, *Certain Asset Retirement Obligations* - This Statement addresses accounting and financial reporting for certain asset retirement obligations (AROs). An ARO is a legally enforceable liability associated with the retirement of a tangible capital asset. A government that has legal obligations to perform future asset retirement activities related to its tangible capital assets should recognize a liability based on the guidance in this Statement. The requirements of this Statement are effective for financial statements for periods

PORTOLA VALLEY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2018

beginning after June 15, 2018. Earlier application is encouraged. The District doesn't believe this statement will have a significant impact on the District's financial statements.

GASB Statement No. 84, *Fiduciary Activities* - The objective of this Statement is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported.

This Statement establishes criteria for identifying fiduciary activities of all state and local governments. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. Separate criteria are included to identify fiduciary component units and postemployment benefit arrangements that are fiduciary activities. The requirements of this Statement are effective for financial statements for periods beginning after December 15, 2018. Earlier application is encouraged. The District doesn't believe this statement will have a significant impact on the District's financial statements.

GASB issued Statement No. 87, *Leases* - The objective of this statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. The requirements of this statement are effective for the fiscal year ending June 30, 2021. The District doesn't believe this statement will have a significant impact on the District's financial statements.

GASB Statement No. 88, *Certain Disclosures Related to Debt, Including Direct Borrowings and Direct Placements* - This Statement addresses additional information to be disclosed in the notes to the financial statements regarding debt, including unused lines of credit; assets pledged as collateral for the debt; and terms specified in debt agreements related to significant events of default with finance-related consequences, significant termination events with finance-related consequences, and significant subjective acceleration clauses. The requirements of this Statement are effective for financial statements for periods beginning after June 15, 2018. Earlier application is encouraged. The District doesn't believe this statement will have a significant impact on the District's financial statements.

GASB Statement No. 89, *Accounting for Interest Cost Incurred Before the End of the Construction Period* - This Statement addresses interest costs incurred before the end of a construction period be recognized as an expense in the period in which the cost is incurred for financial statements prepared using the economic resources measurement focus. As a result, interest cost incurred before the end of a construction period will not be included in the historical cost of a capital asset reported in a business-type activity or enterprise fund. The requirements of this Statement are effective for financial statements for periods

NOTE 2 - CASH AND INVESTMENTS

Summary of Deposits

A summary of deposits as of June 30, 2018, is as follows:

<u>Description</u>	<u>Carrying Amount</u>	<u>Fair Value</u>	<u>Investment Rating</u>
Government-Wide Statements:			
Cash with County	\$ 3,899,340	\$ 3,881,715	AA
Cash with Fiscal Agent	28,287	28,287	AAA
<u>Total Cash Deposits</u>	<u>3,939,165</u>	<u>3,921,540</u>	
Fiduciary Funds:			
Cash in Banks	<u>\$ 6,287</u>	<u>\$ 6,287</u>	

Cash in banks and revolving funds

Cash balances in banks and revolving funds are insured up to \$250,000 by the Federal Deposit Insurance Corporation ("FDIC"). These accounts are held within various financial institutions. As of June 30, 2018, the bank balance of the District's accounts with banks was \$14,033, which did not exceed FDIC.

Cash in County Treasury

The District is considered to be an involuntary participant in an external investment pool as the District is required to deposit all receipts and collections of monies with their County Treasurer (Education Code Section 41001). The fair value of the District's investment in the pool is reported in the accounting financial statements at amounts based upon the District's pro rata share of the fair value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis.

Cash with Fiscal Agent

Cash with fiscal agent represents the amount on deposit with Deutsche Bank in two Trust accounts for federally subsidized loan proceeds from which vendor payments are made for the projects. The two escrow accounts had a combined balance of \$28,287 at June 30, 2018, invested in US Treasury obligations.

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

Fair Value Measurements

GASB 72 established a hierarchy of inputs to the valuation techniques above. This hierarchy has three levels:

- Level 1 inputs are quoted prices in active markets for identical assets or liabilities.
- Level 2 inputs are quoted market prices for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other than quoted prices that are not observable.
- Level 3 inputs are unobservable inputs, such as a property valuation or an appraisal.

The District has the following recurring fair value measurements as of June 30, 2018:

Investments in the San Mateo County Treasury Investment Pool are not measured using the input levels above because the District's transactions are based on a stable net asset value per share. All contributions and redemptions are transacted at \$1.00 net asset value per share.

Policies and Practices

The District is authorized under California Government Code to make direct investments in local agency bonds, notes, or warrants within the State; U.S. Treasury instruments; registered State warrants or treasury notes; securities of the U.S. Government, or its agencies; bankers acceptances; commercial paper; certificates of deposit placed with commercial banks and/or savings and loan companies; repurchase or reverse repurchase agreements; medium term corporate notes; shares of beneficial interest issued by diversified management companies, certificates of participation, obligations with first priority security; and collateralized mortgage obligations.

Limitations as they relate to interest rate risk, credit risk, custodial credit risk - deposits and concentration of credit risk are described below:

A. Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to the changes in market interest rates. The District manages its exposure to interest rate risk by investing in the County Treasury. The District keeps cash in the San Mateo County Investment Pool which had a fair value of approximately \$1.468 billion and an amortized book value of \$1.475 billion.

B. Credit Risk

Credit risk is the risk of loss due to the failure of the security issuer. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The investment with the San Mateo County Investment Pool is governed by the County's general investment policy. The investment with the San Mateo County Investment Pool is rated at least Aa by Moody's Investor Service.

**PORTOLA VALLEY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

C. Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of a bank failure, the District’s deposits may not be returned to it. The District does not have a policy for custodial credit risk for deposits. However, the California Government code requires that a financial institution secure deposits made by State or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under State law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110 percent of the total amount deposited by the public agencies. California law also allows financial institutions to secure public deposits by pledging first trust deed mortgage notes having a value of 150 percent of the secured public deposits and letters of credit issued by the Federal Home Loan Bank of San Francisco having a value of 105 percent of the secured deposits.

D. Concentration of Credit Risk

The investment policy of the District contains no limitations on the amount that can be invested in any one issuer beyond the amount stipulated by the California Government code. District investments that are greater than 5 percent of total investments are in either an external investment pool or mutual funds and are therefore exempt.

NOTE 3 - ACCOUNTS RECEIVABLE

Accounts receivable consisted of the following as of June 30, 2018:

Receivables	General Fund	Bond		Total
		Interest Redemption	Nonmajor Funds	
Federal Government	\$ 35,438	\$ -	\$ 3,772	\$ 39,210
State	48,348	-	-	48,348
Local	95,920	-	-	95,920
Unrestricted	62,452	4,750	4,921	72,123
Total Accounts Receivable	\$ 242,158	\$ 4,750	\$ 8,693	\$ 255,601

NOTE 4 - INTERFUND TRANSACTIONS

Interfund transactions are reported as loans, services provided reimbursements, or transfers. Loans are reported as interfund receivables and payables, as appropriate, and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements occur when one fund incurs a cost, charges the appropriate benefiting fund, and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers among governmental funds are netted as part of the reconciliation to the government-wide financial statements.

Interfund Receivables/Payables (Due From/Due To)

As of June 30, 2018, the District had a \$9,370 due from General Fund to the Cafeteria Fund and a Due from Building Fund to General Fund for \$50,000.

**PORTOLA VALLEY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

Interfund Transfers

Interfund transfers consist of operating transfers from funds receiving revenues to funds through which the resources are to be expended. The District had a \$35,410 transfer in to the Deferred Maintenance Fund from the General Fund and had a \$19,136 transfer in to the Cafeteria Fund from the Deferred Maintenance Fund.

Payments for the capital lease obligations are paid from the General Fund. Payments on the general obligation bonds are made by the Bond Interest and Redemption Fund from local revenues. The accrued vacation, net pension liabilities and other postemployment benefits will be paid by the fund for which the employee worked.

NOTE 8 - GENERAL OBLIGATION BONDS

Through elections, the District received authorization to issue general obligation bonds (GOB) that requires the county to levy annual ad valorem taxes for the payment of interest and principal on the bonds. Bond proceeds are used to build additional classrooms and to perform repairs and renovations.

In December 2009, refunding bonds in the amount of \$4,910,000 were issued by the Portola Valley School District to defease the Series 1998 General Obligation Bonds. The bonds bear interest rates of 2% to 4% with maturity dates of August 1, 2010 to August 1, 2028. The bonds are issued by the District at a premium sufficient to refund all of the District's General Obligation Bonds, Election of 1998, Series 1998 and to pay costs of issuance of the Bonds. This bond was partially refunded in 2015/16.

In May 2010, refunding bonds in the amount of \$9,180,000 were issued by the Portola Valley School District to defease the Series 2001 General Obligation Bonds. The bonds bear interest rates of 2% to 5% with maturity dates of August 1, 2010 to August 1, 2025. The bonds are issued by the District at a premium sufficient to refund all of the District's General Obligation Bonds, Election of 1998, Series 2001 and to pay costs of issuance of the Bonds. This bond was partially refunded in 2015/16.

In November 2010, the District issued \$5,315,000 of General Obligation Refunding Bonds. The bonds were issued to refund and fully defease 2002 General Obligation Bonds which were issued to improve schools by financing and modernization projects at Corte Madera and Ormondale Schools. Payments of principal and interest on the bonds will be made payable on February 1 and August 1 of each year commencing February 1, 2003 from the collection of *ad valorem* taxes upon all property subject to taxation by the District. This bond was partially refunded in 2015/16.

**PORTOLA VALLEY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

On June 2, 2016, the District issued \$8,200,000 of 2016 General Obligation Refunding Bonds to partially defease the bonds noted above. The bonds bear interest rates at 1.91% with maturity dates of August 1, 2016 to August 1, 2029.

In prior years, the District defeased certain general obligation bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the District's financial statements.

The following schedule summarizes District's outstanding General Obligation Bonds as of June 30, 2018:

NOTE 9 - CAPITAL LEASE OBLIGATIONS

The District leases property and equipment under various lease agreements, which provide for title to pass upon expiration of the lease periods. In July of 2010, the District entered into a site lease for solar and other equipment, including installation, in the amount of \$2,850,000. In January of 2012, the District added a technology and improvement capital lease in the amount of \$514,222, which was paid off as of June 30, 2017. The solar equipment site lease qualifies the District for \$2,850,000 in Qualified School Construction Bond Program tax credits. For the fiscal year ended June 30, 2018, the District is also entitled to federal subsidies over a 15-year period for the solar panel installation. The District was entitled to a federal subsidy of \$99,500 adjusted by a sequester reduction related to these leases. Future federal subsidies could be adjusted by sequester reductions.

NOTE 10 - EMPLOYEE RETIREMENT SYSTEMS

A. California Public Employees Retirement System (CalPERS/PERS) Pension Plan

General Information about the PERS Pension Plan

Plan Description - All qualified permanent and probationary employees are eligible to participate in the District's Miscellaneous Employee Pension Plan (the Plan), a cost-sharing multiple employer defined benefit pension plans administered by the California Public Employees' Retirement System (CalPERS). Benefit provisions under the Plans are established by State statute and District resolution. CalPERS issues publicly available reports that include a full description of the pension plans regarding benefit provisions, assumptions and membership information that can be found on the CalPERS website.

Benefits Provided - CalPERS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full time employment. Members with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after 10 years of service. The death benefit is one of the following: the Basic Death Benefit, the 1957 Survivor Benefit, or the Optional Settlement 2W Death Benefit. The cost of living adjustments for the Plan are applied as specified by the Public Employees' Retirement Law.

**PORTOLA VALLEY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

The Plans' provisions and benefits in effect at June 30, 2018, are summarized as follows:

	CalPERS	
	<u>Classic</u>	<u>PEPRA</u>
Benefit formula	2% @ 55	2% @ 62
Benefit vesting schedule	5 Years	5 Years
Benefit payments	Monthly for Life	Monthly for Life
Retirement age	55	62
Monthly benefits as a % of eligible compensation	2.0% to 2.5%	2.00%
Required employee contribution rates	7.0%	6.0%
Required employer contribution rates	15.531%	15.531%

Contributions - Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. Funding contributions for the Plan are determined annually on an actuarial basis as of June 30 by CalPERS. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The District is required to contribute the difference between the actuarially determined rate and the contribution rate of employees.

For the year ended June 30, 2018, the District's contributions were \$269,069.

Pension Liabilities, Pension Expenses and Deferred Outflows/Inflows of Resources Related to PERS

As of June 30, 2018, the District reported net pension liabilities for its proportionate shares of the net pension liability of the Plan as follows:

	Proportionate Share of Net Pension Liability/(Asset)
CalPERS	<u>\$ 3,626,254</u>

The District's net pension liability for the Plan is measured as the proportionate share of the net pension liability. The net pension liability of the Plan is measured as of June 30, 2017, and the total pension liability for the Plan used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2016 rolled forward to June 30, 2017 using standard update procedures. The District's proportion of the net pension liability was based on a projection of the relative to the projected contributions of all participating employers, actuarially determined.

**PORTOLA VALLEY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

The District's proportionate share of the net pension liability for the Plan as of June 30, 2017 and 2018 was as follows:

	CalPERS
Proportion - June 30, 2017	0.01530%
Proportion - June 30, 2018	0.01519%
Change - Increase/(Decrease)	-0.00011%

For the year ended June 30, 2018, the District recognized pension expense of \$686,005 for the Plan.

At June 30, 2018, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	CalPERS	
	Deferred Outflows of Resources	Deferred Inflows of Resources
Changes of Assumptions	\$ 486,977	\$ -
Differences between Expected and Actual Experience	129,914	-

**PORTOLA VALLEY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

Actuarial Assumptions - The total pension liabilities in the June 30, 2016 actuarial valuations were determined using the following actuarial assumptions:

Valuation Date	June 30, 2016
Measurement Date	June 30, 2017
Actuarial Cost Method	Entry-Age Normal Cost Method
Actuarial Assumptions:	
Discount Rate	7.15%
Inflation	2.75%
Payroll Growth	3.00%
Projected Salary Increase	(1)
Investment Rate of Return	7.5% (2)
Mortality	(3)

(1) Varies by age and service

(2) Net of pension plan investment expenses, including inflation

(3) Derived using CalPERS' membership data for all funds

Discount Rate - The discount rate used to measure the total pension liability was 7.15 percent for the Plan. To determine whether the municipal bond rate should be used in the calculation of a discount rate for the Plan, CalPERS stress tested plans that would most likely result in a discount rate that would be different from the actuarially assumed discount rate. Based on the testing, none of the tested plans run out of assets. Therefore, the current 7.15 percent discount rate is adequate and the use of the municipal bond rate calculation is not necessary. The long term expected discount rate of 7.15 percent will be applied to all plans in the Public Employees Retirement Fund (PERF). The stress test results are presented in a detailed report that can be obtained from the CalPERS website.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all the funds' asset classes, expected compound returns were calculated over the short-term (first 10 years) and the long-term (11-60 years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent.

**PORTOLA VALLEY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

The table below reflects the long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These rates of return are net of administrative expenses.

B. California State Teachers' Retirement System (STRS) Pension Plan

General Information about the STRS Pension Plan

Plan Description - The District contributes to the State Teachers' Retirement System (STRS), a cost-sharing multiple-employer public employee retirement system defined benefit pension plan administered by STRS. The plan provides retirement, disability, and survivor benefits to

**PORTOLA VALLEY SCHOOL DISTRICT
 NOTES TO THE BASIC FINANCIAL STATEMENTS
 FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

beneficiaries. Benefit provisions are established by state statutes, as legislatively amended, within the State Teachers' Retirement Law. STRS issues a separate comprehensive annual financial report that includes financial statements and required supplementary information.

Benefits Provided - STRS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full time employment. The cost of living adjustments for the Plan are applied as specified by the retirement Law.

The Plan's provisions and benefits in effect at June 30, 2018, are summarized as follows:

	CalSTRS	
	Tier 1	Tier 2
Benefit formula	2% @ 60	2% @ 62
Benefit vesting schedule	5 Years	5 Years
Benefit payments	Monthly for Life	Monthly for Life
Retirement age	60	62
Monthly benefits as a % of eligible compensation	2.000%	2.000%
Required employee contribution rates	10.250%	9.205%
Required employer contribution rates	14.430%	14.430%

Contributions - As part of the annual valuation process, the Normal Cost rate is determined as the basis for setting the base member contribution rate for the following fiscal year. Generally, the base member contribution rate is one-half of the Normal Cost rate within certain parameters. Required member, employer and state contribution rates are set by the California Legislature and Governor and detailed in Teachers' Retirement Law. Contribution rates are expressed as a level percentage of payroll using the entry age normal actuarial cost method.

For the year ended June 30, 2018, the District's contributions were as follows:

	CalSTRS
Employer Contributions	\$ 946,055
State Contributions	559,219
Total	\$ 1,505,274

As of June 30, 2018, the District reported net pension liabilities for its proportionate shares of the net pension liability of the Plan as follows:

	Proportionate Share of Net Pension Liability/(Asset)	
District	\$	12,022,270
State		4,468,678
Total	\$	<u>16,490,948</u>

The District’s net pension liability for the Plan is measured as the proportionate share of the net pension liability. The net pension liability of the Plan is measured as of June 30, 2017, and the total pension liability for the Plan used to calculate the net pension liability was determined by and actuarial valuation as of June 30, 2016 rolled forward to June 30, 2017 using standard update procedures. The District’s proportion of the net pension liability was based on a projection of the District’s long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. The state contributed 8.828 percent of the members' creditable earnings from the fiscal year ending in the prior calendar year. Also, as a result of AB 1469, the additional state appropriation required to fully fund the benefits in effect as of 1990 by 2046 is specific in subdivision (b) of Education Code Section 22955.1. The increased contributions end as of fiscal year 2046-2047.

The District’s proportionate share of the net pension liability for the Plan as of June 30, 2017 and 2018 was as follows:

	<u>CalSTRS</u>
Proportion - June 30, 2017	0.01200%
Proportion - June 30, 2018	0.01300%
Change - Increase/(Decrease)	<u>0.00100%</u>

For the year ended June 30, 2018, the District recognized pension expense of \$853,787 for the Plan.

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

Actuarial Assumptions - The total pension liabilities in the June 30, 2016 actuarial valuations were determined using the following actuarial assumptions:

Valuation Date	June 30, 2016
Measurement Date	June 30, 2017
Actuarial Cost Method	Entry-Age Normal Cost Method
Actuarial Assumptions:	
Discount Rate	7.10%
Inflation	2.75%
Payroll Growth	3.50%
Projected Salary Increase	(1)
Investment Rate of Return	7.50% (2)
Mortality	(3)

(1) Varies by age and service. Approximately 6% average over career including inflation

(2) Net of pension plan investment expenses and administrative expenses, including inflation

(3) Derived using CalSTRS' membership data for all funds

Discount Rate - The discount rate used to measure the total pension liability was 7.10 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and employers will be made at statutory contribution rates in accordance with the rate increases per AB 1469. Projected inflows from investment earnings were calculated using the long-term assumed investment rate of return (7.10 percent) and assuming that contributions, benefit payments, and administrative expense occur midyear. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term assumed investment rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

D. Early Retirement Incentives

The District has adopted an early retirement incentive program (ERIP), pursuant to *Education Code* Sections 22714 and 44929, whereby the service credit to eligible employees is increased by two years. Eligible employees must have five or more years of service under the State Teachers' Retirement System and retire during a period of not more than 120 days or less than 60 days from the date of the formal action taken by the District. As of June 30, 2018, the District had a remaining balance of \$484,741. As of the date of this report, the District had paid off this balance.

NOTE 11 - JOINT VENTURES (JOINT POWERS AGREEMENTS)

The District participates in one joint venture under a joint powers agreement (JPA), with the San Mateo County Schools Insurance Group, for Property & Liability, Workers' Compensation and Medical/ Dental. The relationship between the District and the JPA is such that the JPA is not a component unit of the District for financial reporting purposes.

The JPA arranges for and/ or provides coverage for its members. The JPA is governed by a board consisting of a representative from each member district. The board controls the operations of its JPA, including selection of management and approval of operating budgets independent of any influence by the member districts beyond their representation on the Board. Each member district pays a premium commensurate with the level of coverage requested and shares surpluses and deficits proportionately to their participation in the JPA. Separately issued financial statements can be requested from the JPA

NOTE 12 - COMMITMENTS AND CONTINGENCIES

State and Federal Allowances, Awards, and Grants

The District has received state and federal funds for specific purposes that are subject to review and audit by the grantor agencies. If the review or audit discloses exceptions, the District may incur a liability to grantor agencies.

Litigation

The District may be exposed to various claims and litigation. However, District management believes, based on consultation with legal counsel, that the ultimate resolution of these matters would not have a material adverse effect on the District's financial position or results of operations.

**PORTOLA VALLEY SCHOOL DISTRICT
NOTES TO COMPLIANCE SECTION
FOR THE YEAR ENDED JUNE 30, 2018**

1. PURPOSE OF SCHEDULES

A. Schedule of Average Daily Attendance

Average daily attendance is a measurement of the number of pupils attending classes of the District. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionments of state funds are made to school districts. This schedule provides information regarding the attendance of students at various grade levels and in different programs.

B. Schedule of Instructional Time

The District has received incentive funding for increasing instructional time as provided by the Incentives for Longer Instructional Day and Longer Instructional Year. This schedule presents information on the amount of instructional time offered by the District and whether the District complied with the provisions of Education Code Sections 46201 through 46206.

C. Schedule of Financial Trends and Analysis

This schedule discloses the District's financial trends by displaying past years' data along with current year budget information. These financial trend disclosures are used to evaluate the District's ability to continue as a going concern for a reasonable period of time.

D. Reconciliation of Annual Financial and Budget Report to the Audited Financial Statements

This schedule provides the information necessary to reconcile the fund balances of all funds as reported in the annual financial and budget report to the audited financial statements.

2. EARLY RETIREMENT INCENTIVE PROGRAM

The District has adopted an early retirement incentive program, pursuant to Education Code Sections 22714 and 44929, whereby the service credit to eligible employees is increased by two years.

OTHER INDEPENDENT
AUDITOR'S REPORTS

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH *GOVERNMENT AUDITING STANDARDS***

Board of Trustees
Portola Valley School District
Portola Valley, California

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Portola Valley School District as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise Portola Valley School District's basic financial statements, and have issued our report thereon dated December 13, 2018.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Portola Valley School District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Portola Valley School District's internal control. Accordingly, we do not express an opinion on the effectiveness of Portola Valley School District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Portola Valley School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However,

providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR’S REPORT ON COMPLIANCE WITH REQUIREMENTS
 THAT COULD HAVE DIRECT AND MATERIAL EFFECT ON STATE PROGRAMS**

Board of Education
 Portola Valley School District
 Portola Valley, California

Report on Compliance for State Programs

We have audited the Portola Valley School District's (the District) compliance with the types of compliance requirements described in *the 2017-18 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, published by the Education Audit Appeals Panel, that could have a direct and material effect on each of the District’s state programs identified below for the year ended June 30, 2018.

Management’s Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts and grants applicable to its state programs.

Auditors’ Responsibility

Our responsibility is to express an opinion on compliance for each applicable program as identified in the State’s audit guide, *2017-18 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, published by the Education Audit Appeals Panel. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *2017-18 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, published by the Education Audit Appeals Panel. Those standards, and state audit, guide require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the compliance requirements referred to above, that could have a material effect on compliance with the state laws and regulations described in the schedule below, occurred. An audit includes examining, on a test basis, evidence supporting the District’s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the District’s compliance with those requirements.

In connection with the compliance audit referred to above, we selected and tested transactions and records to determine the District's compliance with the state laws and regulations applicable to the following items:

Description	Procedures Performed

APPENDIX D

FORM OF CONTINUING DISCLOSURE CERTIFICATE FOR THE SERIES 2019A BONDS

This Continuing Disclosure Certificate (the “Disclosure Certificate”) is executed and delivered by the Portola Valley School District (the “District”) in connection with the issuance of \$10,000,000 of the District’s Election of 2018 General Obligation Bonds, Series 2019A (the “Bonds”). The Bonds are being issued pursuant to a resolution of the Board of Trustees of the District adopted on February 6, 2019 (the “Resolution”). The District covenants and agrees as follows:

SECTION 1. Purpose of the Disclosure Certificate. This Disclosure Certificate is being executed and delivered by the District for the benefit of the Holders and Beneficial Owners of the Bonds and in order to assist the Participating Underwriter in complying with the Rule.

SECTION 2. Definitions. In addition to the definitions set forth in the Resolution, which apply to any capitalized term used in this Disclosure Certificate unless otherwise defined in this Section, the following capitalized terms shall have the following meanings:

“Annual Report” shall mean any Annual Report provided by the District pursuant to, and as described in, Sections 3 and 4 of this Disclosure Certificate.

“Beneficial Owner” shall mean any person which (a) has the power, directly or indirectly, to vote or consent with respect to, or to dispose of ownership of, any Bonds (including persons holding Bonds through nominees, depositories or other intermediaries), or (b) is treated as the owner of any Bonds for federal income tax purposes.

“Dissemination Agent” shall mean initially Keygent LLC, or any successor Dissemination Agent designated in writing by the District (which may be the District) and which has filed with the District a written acceptance of such designation.

“Financial Obligation” means: (a) a debt obligation; (b) a derivative instrument entered into in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation; or (c) guarantee of (a) or (b). The term “Financial Obligation” does not include municipal securities as to which a final official statement has been provided to the Repository consistent with the Rule.

“Holders” shall mean registered owners of the Bonds.

“Listed Events” shall mean any of the events listed in Section 5(a) or 5(b) of this Disclosure Certificate.

“Official Statement” shall mean the Official Statement dated as of March 19, 2019 and relating to the Bonds.

“Participating Underwriter” shall mean Piper Jaffray & Co., as the original Underwriter of the Bonds required to comply with the Rule in connection with offering of the Bonds.

“Repository” shall mean the Municipal Securities Rulemaking Board, which can be found at <http://emma.msrb.org/>, or any other repository of disclosure information that may be designated by the Securities and Exchange Commission as such for purposes of the Rule in the future.

“Rule” shall mean Rule 15c2-12(b)(5) adopted by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as the same may be amended from time to time.

“State” shall mean the State of California.

SECTION 3. Provision of Annual Reports.

(a) The District shall, or shall cause the Dissemination Agent to, not later than nine months after the end of the District’s fiscal year (presently ending June 30), commencing with the report for the 2018-19 Fiscal Year, provide to the Repository an Annual Report which is consistent with the requirements of Section 4 of this Disclosure Certificate. The Annual Report may be submitted as a single document or as separate documents comprising a package, and may cross-reference other information as provided in Section 4 of this Disclosure Certificate; *provided* that the audited financial statements of the District may be submitted separately from the balance of the Annual Report and later than the date required above for the filing of the Annual Report if they are not available by that date. If the District’s fiscal year changes, it shall give notice of such change in the same manner as for a Listed Event under Section 5(b).

(b) Not later than 30 days (nor more than 60 days) prior to said date the Dissemination Agent shall give notice to the District that the Annual Report shall be required to be filed in accordance with the terms of this Disclosure Certificate. Not later than 15 Business Days prior to said date, the District shall provide the Annual Report in a format suitable for reporting to the Repository to the Dissemination Agent (if other than the District). If the District is unable to provide to the Repository an Annual Report by the date required in subsection (a), the District shall send a timely notice to the Repository in substantially the form attached as Exhibit A with a copy to the Dissemination Agent, no later than the date required by subsection (a). The Dissemination Agent shall not be required to file a Notice to Repository of Failure to File an Annual Report.

(c) The Dissemination Agent shall file a report with the District stating it has filed the Annual Report in accordance with its obligations hereunder, stating the date it was provided to the Repository.

SECTION 4. Content and Form of Annual Reports. (a) The District’s Annual Report shall contain or include by reference the following:

1. The audited financial statements of the District for the prior fiscal year, prepared in accordance with generally accepted accounting principles as promulgated to apply to governmental entities from time to time by the Governmental Accounting Standards Board. If the District’s audited financial statements are not available by the time the Annual Report is required to be filed pursuant to Section 3(a), the Annual Report shall contain unaudited financial statements in a format similar to the financial statements contained in the final Official Statement, and the audited financial statements shall be filed in the same manner as the Annual Report when they become available.

2. Material financial information and operating data with respect to the District of the type included in the Official Statement in the following categories (to the extent not included in the District’s audited financial statements):

(a) summary description of amount of general fund revenues and expenditures which have been budgeted for the current fiscal year, together with audited general fund figures as of the last completed fiscal year;

- (b) Assessed value of taxable property in the District as shown on the most recent equalized assessment roll;
- (c) If San Mateo County no longer includes the tax levy for payment of the Bonds in its Teeter Plan, the property tax levies, collections and delinquencies for the District for the most recently completed fiscal year from the County;
- (d) Top 20 property owners in the District for the then-current fiscal year, as measured by secured assessed valuation, the amount of their respective taxable value and their percentage of total secured assessed value.

Any or all of the items listed above may be included by specific reference to other documents, including official statements of debt issues of the District or related public entities, which have been submitted to the Repository or the Securities and Exchange Commission. If the document included by reference is a final official statement, it must be available from the Municipal Securities Rulemaking Board. The District shall clearly identify each such other document so included by reference.

(b) The Annual Report shall be filed in an electronic format accompanied by identifying information prescribed by the Municipal Securities Rulemaking Board.

SECTION 5. Reporting of Significant Events.

(a) Pursuant to the provisions of this Section 5(a), the District shall give, or cause to be given, notice of the occurrence of any of the following events with respect to the Bonds in a timely manner not in excess of 10 business days after the occurrence of the event:

1. principal and interest payment delinquencies.
2. tender offers.
3. optional, contingent or unscheduled Bond calls.
4. defeasances.
5. rating changes.
6. adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, or Notices of Proposed Issue (IRS Form 5701-TEB).
7. unscheduled draws on the debt service reserves reflecting financial difficulties.
8. unscheduled draws on credit enhancement reflecting financial difficulties.
9. substitution of the credit or liquidity providers or their failure to perform.
10. default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a Financial Obligation, any of which reflect financial difficulties.
11. bankruptcy, insolvency, receivership or similar event of the District. For the purposes of the event identified in this Section 5(a)(9), the event is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent or similar officer for the

District in a proceeding under the U.S. Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the District, or if such jurisdiction has been assumed by leaving the existing governmental body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the District.

(b) Pursuant to the provisions of this Section 5(b), the District shall give, or cause to be given, notice of the occurrence of any of the following events with respect to the Bonds, if material:

1. non-payment related defaults.
2. modifications to rights of Bondholders.
3. unless described under Section 5(a)(5) above, material notices or determinations with respect to the tax status of the Bonds, or other material events affecting the tax status of the Bonds.
4. release, substitution or sale of property securing repayment of the Bonds.
5. the consummation of a merger, consolidation, or acquisition involving the District or the sale of all or substantially all of the assets of the District, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms.
6. appointment of a successor or additional trustee or paying agent with respect to the Bonds or the change of name of such a trustee or paying agent.
7. Incurrence of a Financial Obligation, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a Financial Obligation, any of which affect Bondholders.

(c) Whenever the District obtains knowledge of the occurrence of a Listed Event under Section 5(b) hereof, the District shall as soon as possible determine if such event would be material under applicable federal securities laws.

(d) If the District determines that knowledge of the occurrence of a Listed Event under Section 5(b) hereof would be material under applicable federal securities laws, the District shall (i) file a notice of such occurrence with the Repository in a timely manner not in excess of 10 business days after the occurrence of the event or (ii) provide notice of such reportable event to the Dissemination Agent in format suitable for filing with the Repository in a timely manner not in excess of 10 business days after the occurrence of the event. The Dissemination Agent shall have no duty to independently prepare or file any report of Listed Events. The Dissemination Agent may conclusively rely on the District's determination of materiality pursuant to Section 5(c).

SECTION 6. Termination of Reporting Obligation. The District's obligations under this Disclosure Certificate shall terminate upon the legal defeasance, prior redemption or payment in full of all of the Bonds. If such termination occurs prior to the final maturity of the Bonds, the District shall give notice of such termination in the same manner as for a Listed Event under Section 5(a).

SECTION 7. Dissemination Agent. The District may, from time to time, appoint or engage a Dissemination Agent (or substitute Dissemination Agent) to assist it in carrying out its obligations under this Disclosure Certificate, and may discharge any such Agent, with or without appointing a successor Dissemination Agent. The Dissemination Agent may resign upon 15 days written notice to the District. Upon such resignation, the District shall act as its own Dissemination Agent until it appoints a successor. The Dissemination Agent shall not be responsible in any manner for the content of any notice or report prepared by the District pursuant to this Disclosure Certificate and shall not be responsible to verify the accuracy, completeness or materiality of any continuing disclosure information provided by the District. The District shall compensate the Dissemination Agent for its fees and expenses hereunder as agreed by the parties. Any entity succeeding to all or substantially all of the Dissemination Agent's corporate trust business shall be the successor Dissemination Agent without the execution or filing of any paper or further act.

SECTION 8. Amendment; Waiver. Notwithstanding any other provision of this Disclosure Certificate, the District may amend this Disclosure Certificate, and any provision of this Disclosure Certificate may be waived, provided that the following conditions are satisfied:

- (a) If the amendment or waiver relates to the provisions of Sections 3(a), 4, or 5(a) or 5(b), it may only be made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature or status of an obligated person with respect to the Bonds, or the type of business conducted;
- (b) The undertaking, as amended or taking into account such waiver, would, in the opinion of nationally recognized bond counsel, have complied with the requirements of the Rule at the time of the original issuance of the Bonds, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances;
- (c) The amendment or waiver does not, in the opinion of nationally recognized bond counsel, materially impair the interests of the Holders or Beneficial Owners of the Bonds; and
- (d) No duties of the Dissemination Agent hereunder shall be amended without its written consent thereto.

In the event of any amendment or waiver of a provision of this Disclosure Certificate, the District shall describe such amendment in the next Annual Report, and shall include, as applicable, a narrative explanation of the reason for the amendment or waiver and its impact on the type (or in the case of a change of accounting principles, on the presentation) of financial information or operating data being presented by the District. In addition, if the amendment relates to the accounting principles to be followed in preparing financial statements, (i) notice of such change shall be given in the same manner as for a Listed Event under Section 5(a), and (ii) the Annual Report for the year in which the change is made should present a comparison (in narrative form and also, if feasible, in quantitative form) between the financial statements as prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles.

SECTION 9. Additional Information. Nothing in this Disclosure Certificate shall be deemed to prevent the District from disseminating any other information, using the means of dissemination set forth in this Disclosure Certificate or any other means of communication, or including any other information in any Annual Report or notice of occurrence of a Listed Event, in addition to that which is required by this Disclosure Certificate. If the District chooses to include any information in any Annual Report or notice of occurrence of a Listed Event in addition to that which is specifically required by this Disclosure

Certificate, the District shall have no obligation under this Certificate to update such information or include it in any future Annual Report or notice of occurrence of a Listed Event.

SECTION 10. Default. In the event of a failure of the District to comply with any provision of this Disclosure Certificate any Holder or Beneficial Owner of the Bonds may take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the District to comply with its obligations under this Disclosure Certificate. A default under this Disclosure Certificate shall not be deemed an event of default under the Resolution, and the sole remedy under this Disclosure Certificate in the event of any failure of the District to comply with this Disclosure Certificate shall be an action to compel performance.

SECTION 11. Duties, Immunities and Liabilities of Dissemination Agent. The Dissemination Agent shall have only such duties as are specifically set forth in this Disclosure Certificate. The Dissemination Agent acts hereunder solely for the benefit of the District; this Disclosure Certificate shall confer no duties on the Dissemination Agent to the Participating Underwriter, the Holders and the Beneficial Owners. The District agrees to indemnify and save the Dissemination Agent, its officers, directors, employees and agents, harmless against any loss, expense and liabilities which it may incur arising out of or in the exercise or performance of its powers and duties hereunder, including the costs and expenses (including attorney's fees) of defending against any claim of liability, but excluding liabilities due to the Dissemination Agent's gross negligence or willful misconduct. The obligations of the District under this Section shall survive resignation or removal of the Dissemination Agent and payment of the Bonds. The Dissemination Agent shall have no liability for the failure to report any event or any financial information as to which the District has not provided an information report in format suitable for filing with the Repository. The Dissemination Agent shall not be required to monitor or enforce the District's duty to comply with its continuing disclosure requirements hereunder.

SECTION 12. Beneficiaries. This Disclosure Certificate shall inure solely to the benefit of the District, the Dissemination Agent, the Participating Underwriter and Holders and Beneficial Owners from time to time of the Bonds, and shall create no rights in any other person or entity.

APPENDIX E

FORM OF CONTINUING DISCLOSURE CERTIFICATE FOR THE REFUNDING BONDS

This Continuing Disclosure Certificate (the “Disclosure Certificate”) is executed and delivered by the Portola Valley School District (the “District”) in connection with the issuance of \$3,475,000 of the District’s Election of 2020 General Obligation Refunding Bonds (the “Bonds”). The Bonds are being issued pursuant to a resolution of the Board of Trustees of the District adopted on February 6, 2019 (the “Resolution”). The District covenants and agrees as follows:

SECTION 1. Purpose of the Disclosure Certificate. This Disclosure Certificate is being executed and delivered by the District for the benefit of the Holders and Beneficial Owners of the Bonds and in order to assist the Participating Underwriter in complying with the Rule.

SECTION 2. Definitions. In addition to the definitions set forth in the Resolution, which apply to any capitalized term used in this Disclosure Certificate unless otherwise defined in this Section, the following capitalized terms shall have the following meanings:

“Annual Report” shall mean any Annual Report provided by the District pursuant to, and as described in, Sections 3 and 4 of this Disclosure Certificate.

“Beneficial Owner” shall mean any person which (a) has the power, directly or indirectly, to vote or consent with respect to, or to dispose of ownership of, any Bonds (including persons holding Bonds through nominees, depositories or other intermediaries), or (b) is treated as the owner of any Bonds for federal income tax purposes.

“Dissemination Agent” shall mean initially Keygent LLC, or any successor Dissemination Agent designated in writing by the District (which may be the District) and which has filed with the District a written acceptance of such designation.

“Financial Obligation” means: (a) a debt obligation; (b) a derivative instrument entered into in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation; or (c) guarantee of (a) or (b). The term “Financial Obligation” does not include municipal securities as to which a final official statement has been provided to the Repository consistent with the Rule.

“Holders” shall mean registered owners of the Bonds.

“Listed Events” shall mean any of the events listed in Section 5(a) or 5(b) of this Disclosure Certificate.

“Official Statement” shall mean the Official Statement dated as of March 19, 2019[, as updated by that certain Update to Official Statement, dated _____, 2020] and relating to the Bonds.

“Participating Underwriter” shall mean Piper Jaffray & Co., as the original Underwriter of the Bonds required to comply with the Rule in connection with offering of the Bonds.

“Repository” shall mean the Municipal Securities Rulemaking Board, which can be found at <http://emma.msrb.org/>, or any other repository of disclosure information that may be designated by the Securities and Exchange Commission as such for purposes of the Rule in the future.

“Rule” shall mean Rule 15c2-12(b)(5) adopted by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as the same may be amended from time to time.

“State” shall mean the State of California.

SECTION 3. Provision of Annual Reports.

(a) The District shall, or shall cause the Dissemination Agent to, not later than nine months after the end of the District’s fiscal year (presently ending June 30), commencing with the report for the 2019-20 Fiscal Year, provide to the Repository an Annual Report which is consistent with the requirements of Section 4 of this Disclosure Certificate. The Annual Report may be submitted as a single document or as separate documents comprising a package, and may cross-reference other information as provided in Section 4 of this Disclosure Certificate; *provided* that the audited financial statements of the District may be submitted separately from the balance of the Annual Report and later than the date required above for the filing of the Annual Report if they are not available by that date. If the District’s fiscal year changes, it shall give notice of such change in the same manner as for a Listed Event under Section 5(b).

(b) Not later than 30 days (nor more than 60 days) prior to said date the Dissemination Agent shall give notice to the District that the Annual Report shall be required to be filed in accordance with the terms of this Disclosure Certificate. Not later than 15 Business Days prior to said date, the District shall provide the Annual Report in a format suitable for reporting to the Repository to the Dissemination Agent (if other than the District). If the District is unable to provide to the Repository an Annual Report by the date required in subsection (a), the District shall send a timely notice to the Repository in substantially the form attached as Exhibit A with a copy to the Dissemination Agent, no later than the date required by subsection (a). The Dissemination Agent shall not be required to file a Notice to Repository of Failure to File an Annual Report.

(c) The Dissemination Agent shall file a report with the District stating it has filed the Annual Report in accordance with its obligations hereunder, stating the date it was provided to the Repository.

SECTION 4. Content and Form of Annual Reports. (a) The District’s Annual Report shall contain or include by reference the following:

1. The audited financial statements of the District for the prior fiscal year, prepared in accordance with generally accepted accounting principles as promulgated to apply to governmental entities from time to time by the Governmental Accounting Standards Board. If the District’s audited financial statements are not available by the time the Annual Report is required to be filed pursuant to Section 3(a), the Annual Report shall contain unaudited financial statements in a format similar to the financial statements contained in the final Official Statement, and the audited financial statements shall be filed in the same manner as the Annual Report when they become available.

2. Material financial information and operating data with respect to the District of the type included in the Official Statement in the following categories (to the extent not included in the District’s audited financial statements):

(a) summary description of amount of general fund revenues and expenditures which have been budgeted for the current fiscal year, together with audited general fund figures as of the last completed fiscal year;

- (b) Assessed value of taxable property in the District as shown on the most recent equalized assessment roll;
- (c) If San Mateo County no longer includes the tax levy for payment of the Bonds in its Teeter Plan, the property tax levies, collections and delinquencies for the District for the most recently completed fiscal year from the County;
- (d) Top 20 property owners in the District for the then-current fiscal year, as measured by secured assessed valuation, the amount of their respective taxable value and their percentage of total secured assessed value.

Any or all of the items listed above may be included by specific reference to other documents, including official statements of debt issues of the District or related public entities, which have been submitted to the Repository or the Securities and Exchange Commission. If the document included by reference is a final official statement, it must be available from the Municipal Securities Rulemaking Board. The District shall clearly identify each such other document so included by reference.

(b) The Annual Report shall be filed in an electronic format accompanied by identifying information prescribed by the Municipal Securities Rulemaking Board.

SECTION 5. Reporting of Significant Events.

(a) Pursuant to the provisions of this Section 5(a), the District shall give, or cause to be given, notice of the occurrence of any of the following events with respect to the Bonds in a timely manner not in excess of 10 business days after the occurrence of the event:

1. principal and interest payment delinquencies.
2. tender offers.
3. optional, contingent or unscheduled Bond calls.
4. defeasances.
5. rating changes.
6. adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, or Notices of Proposed Issue (IRS Form 5701-TEB).
7. unscheduled draws on the debt service reserves reflecting financial difficulties.
8. unscheduled draws on credit enhancement reflecting financial difficulties.
9. substitution of the credit or liquidity providers or their failure to perform.
10. default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a Financial Obligation, any of which reflect financial difficulties.
11. bankruptcy, insolvency, receivership or similar event of the District. For the purposes of the event identified in this Section 5(a)(9), the event is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent or similar officer for the

District in a proceeding under the U.S. Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the District, or if such jurisdiction has been assumed by leaving the existing governmental body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the District.

(b) Pursuant to the provisions of this Section 5(b), the District shall give, or cause to be given, notice of the occurrence of any of the following events with respect to the Bonds, if material:

1. non-payment related defaults.
2. modifications to rights of Bondholders.
3. unless described under Section 5(a)(5) above, material notices or determinations with respect to the tax status of the Bonds, or other material events affecting the tax status of the Bonds.
4. release, substitution or sale of property securing repayment of the Bonds.
5. the consummation of a merger, consolidation, or acquisition involving the District or the sale of all or substantially all of the assets of the District, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms.
6. appointment of a successor or additional trustee or paying agent with respect to the Bonds or the change of name of such a trustee or paying agent.
7. Incurrence of a Financial Obligation, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a Financial Obligation, any of which affect Bondowners.

(c) Whenever the District obtains knowledge of the occurrence of a Listed Event under Section 5(b) hereof, the District shall as soon as possible determine if such event would be material under applicable federal securities laws.

(d) If the District determines that knowledge of the occurrence of a Listed Event under Section 5(b) hereof would be material under applicable federal securities laws, the District shall (i) file a notice of such occurrence with the Repository in a timely manner not in excess of 10 business days after the occurrence of the event or (ii) provide notice of such reportable event to the Dissemination Agent in format suitable for filing with the Repository in a timely manner not in excess of 10 business days after the occurrence of the event. The Dissemination Agent shall have no duty to independently prepare or file any report of Listed Events. The Dissemination Agent may conclusively rely on the District's determination of materiality pursuant to Section 5(c).

SECTION 6. Termination of Reporting Obligation. The District's obligations under this Disclosure Certificate shall terminate upon the legal defeasance, prior redemption or payment in full of all of the Bonds. If such termination occurs prior to the final maturity of the Bonds, the District shall give notice of such termination in the same manner as for a Listed Event under Section 5(a).

SECTION 7. Dissemination Agent. The District may, from time to time, appoint or engage a Dissemination Agent (or substitute Dissemination Agent) to assist it in carrying out its obligations under this Disclosure Certificate, and may discharge any such Agent, with or without appointing a successor Dissemination Agent. The Dissemination Agent may resign upon 15 days written notice to the District. Upon such resignation, the District shall act as its own Dissemination Agent until it appoints a successor. The Dissemination Agent shall not be responsible in any manner for the content of any notice or report prepared by the District pursuant to this Disclosure Certificate and shall not be responsible to verify the accuracy, completeness or materiality of any continuing disclosure information provided by the District. The District shall compensate the Dissemination Agent for its fees and expenses hereunder as agreed by the parties. Any entity succeeding to all or substantially all of the Dissemination Agent's corporate trust business shall be the successor Dissemination Agent without the execution or filing of any paper or further act.

SECTION 8. Amendment; Waiver. Notwithstanding any other provision of this Disclosure Certificate, the District may amend this Disclosure Certificate, and any provision of this Disclosure Certificate may be waived, provided that the following conditions are satisfied:

- (a) If the amendment or waiver relates to the provisions of Sections 3(a), 4, or 5(a) or 5(b), it may only be made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature or status of an obligated person with respect to the Bonds, or the type of business conducted;
- (b) The undertaking, as amended or taking into account such waiver, would, in the opinion of nationally recognized bond counsel, have complied with the requirements of the Rule at the time of the original issuance of the Bonds, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances;
- (c) The amendment or waiver does not, in the opinion of nationally recognized bond counsel, materially impair the interests of the Holders or Beneficial Owners of the Bonds; and
- (d) No duties of the Dissemination Agent hereunder shall be amended without its written consent thereto.

In the event of any amendment or waiver of a provision of this Disclosure Certificate, the District shall describe such amendment in the next Annual Report, and shall include, as applicable, a narrative explanation of the reason for the amendment or waiver and its impact on the type (or in the case of a change of accounting principles, on the presentation) of financial information or operating data being presented by the District. In addition, if the amendment relates to the accounting principles to be followed in preparing financial statements, (i) notice of such change shall be given in the same manner as for a Listed Event under Section 5(a), and (ii) the Annual Report for the year in which the change is made should present a comparison (in narrative form and also, if feasible, in quantitative form) between the financial statements as prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles.

SECTION 9. Additional Information. Nothing in this Disclosure Certificate shall be deemed to prevent the District from disseminating any other information, using the means of dissemination set forth in this Disclosure Certificate or any other means of communication, or including any other information in any Annual Report or notice of occurrence of a Listed Event, in addition to that which is required by this Disclosure Certificate. If the District chooses to include any information in any Annual Report or notice of occurrence of a Listed Event in addition to that which is specifically required by this Disclosure

Certificate, the District shall have no obligation under this Certificate to update such information or include it in any future Annual Report or notice of occurrence of a Listed Event.

SECTION 10. Default. In the event of a failure of the District to comply with any provision of this Disclosure Certificate any Holder or Beneficial Owner of the Bonds may take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the District to comply with its obligations under this Disclosure Certificate. A default under this Disclosure Certificate shall not be deemed an event of default under the Resolution, and the sole remedy under this Disclosure Certificate in the event of any failure of the District to comply with this Disclosure Certificate shall be an action to compel performance.

SECTION 11. Duties, Immunities and Liabilities of Dissemination Agent. The Dissemination Agent shall have only such duties as are specifically set forth in this Disclosure Certificate. The Dissemination Agent acts hereunder solely for the benefit of the District; this Disclosure Certificate shall confer no duties on the Dissemination Agent to the Participating Underwriter, the Holders and the Beneficial Owners. The District agrees to indemnify and save the Dissemination Agent, its officers, directors, employees and agents, harmless against any loss, expense and liabilities which it may incur arising out of or in the exercise or performance of its powers and duties hereunder, including the costs and expenses (including attorney's fees) of defending against any claim of liability, but excluding liabilities due to the Dissemination Agent's gross negligence or willful misconduct. The obligations of the District under this Section shall survive resignation or removal of the Dissemination Agent and payment of the Bonds. The Dissemination Agent shall have no liability for the failure to report any event or any financial information as to which the District has not provided an information report in format suitable for filing with the Repository. The Dissemination Agent shall not be required to monitor or enforce the District's duty to comply with its continuing disclosure requirements hereunder.

SECTION 12. Beneficiaries. This Disclosure Certificate shall inure solely to the benefit of the District, the Dissemination Agent, the Participating Underwriter and Holders and Beneficial Owners from time to time of the Bonds, and shall create no rights in any other person or entity.

APPENDIX F

GENERAL ECONOMIC AND DEMOGRAPHIC INFORMATION FOR THE TOWN OF PORTOLA VALLEY AND SAN MATEO COUNTY

Information in this Appendix has been assembled from various sources believed to be reliable; however, the District does not warrant the accuracy or thoroughness of this information. The Bonds are not obligations of the Town of Portola Valley (the "Town") or the County of San Mateo (the "County"), and do not represent a lien or charge against any funds or property thereof. The following information is provided only to give prospective investors an overview of the general economic condition of the Town and the County. The information included herein reflects the most recently available data from the sources indicated

The Town of Portola Valley. Incorporated in 1964, the Town sits along the San Andreas Fault and is bordered on the northwest by the town of Woodside and on the southeast by the city of Palo Alto. It is governed by a five-member Town Council elected biennially to four-year staggered terms. The mayor is selected from among the Town Council members. With a total acreage of approximately 5,824 acres, the Town has set aside 1,900 acres of permanent open space since one of the goals of incorporation was to preserve the land and foster low-density housing. It has an extensive trail system and retains a rural ambiance despite being located just west of Stanford University.

San Mateo County. The County consists of 20 incorporated cities. It is the 14th most populous county in the State of California and encompasses an area of 455 square miles of land and 292 square miles of water. It covers most of the San Francisco Peninsula, with the Santa Cruz Mountains running through its entire length. The County borders San Francisco County to the north and Silicon Valley and Santa Cruz Counties to the south. The Pacific Ocean lies to the west and the San Francisco Peninsula to the east. The County was formed in 1856 as one of California's 18 original counties. The County is governed by a five-member Board of Supervisors elected by district to four-year staggered terms.

PROPOSED FORM OF DELAYED DELIVERY CONTRACT

Piper Jaffray & Co.
50 California Street, Suite 3100
San Francisco, CA 94111

Re: Portola Valley School District
(San Mateo County, California)
2020 General Obligation Refunding Bonds (the “Refunding Bonds”)
(Delayed Delivery)

Ladies and Gentlemen:

The undersigned (the “Purchaser”) hereby agrees to purchase from the above-referenced underwriter as set forth in the Forward Delivery Bond Purchase Agreement (defined below) (the “Underwriter”), when, as, and if issued and delivered to the Underwriter by the Portola Valley School District (San Mateo County, California) (the “District”), and the Underwriter agrees to sell to the Purchaser:

<u>Par Amount</u>	<u>Maturity Date</u>	<u>Interest Rate</u>	<u>CUSIP Number</u>	<u>Yield</u>	<u>Price</u>
-------------------	----------------------	----------------------	---------------------	--------------	--------------

of the above-referenced Bonds offered by the District under the Preliminary Official Statement dated March 13, 2019 and the Official Statement relating to the Bonds dated March 19, 2019 (the “Official Statement”), receipt and review of copies of which is hereby acknowledged, at the purchase price and with the interest rates, principal amounts, and maturity dates shown above, and on the further terms and conditions set forth in this Delayed Delivery Contract. Capitalized terms used but not defined herein shall have the meanings ascribed thereto in the Official Statement. The Bonds are being purchased by the Underwriter pursuant to a Forward Delivery Bond Purchase Agreement between the District and the Underwriter (the “Forward Delivery Bond Purchase Agreement”).

The Purchaser hereby purchases and agrees to accept delivery of such Bonds from the Underwriter on or about May 6, 2020 (the “Settlement Date.”)

Payment for the Bonds which the Purchaser has agreed to purchase on the Settlement Date shall be made to the Underwriter or upon its order on the Settlement Date upon delivery to the Purchaser of the Bonds then to be purchased by the Purchaser through the book-entry system of The Depository Trust Company. The Purchaser agrees that in no event shall the Underwriter be responsible or liable for any claim or loss, whether direct or consequential, which the Purchaser

may suffer in the event the District does not for any reason issue and deliver the above-referenced Bonds.

The obligation of the Purchaser to take delivery hereunder shall be unconditional, even if the Purchaser elects to sell the Bonds after the date hereof and prior to the Settlement Date, unless the District fails to deliver the Bonds as set forth in the Forward Delivery Bond Purchase Agreement or is unable to comply with the conditions to issuance of the Bonds as set forth in the Forward Delivery Bond Purchase Agreement. The Purchaser acknowledges that the Forward Delivery Bond Purchase Agreement gives the Underwriter the right to waive compliance with certain conditions to closing and proceed to closing notwithstanding the failure to meet one or more of such conditions. The Purchaser acknowledges that the Underwriter has the right to terminate the Forward Delivery Bond Purchase Agreement in the event that between the date of this Delayed Delivery Contract and the Settlement Date: (A) the obligations the District provided for in the Forward Delivery Purchase Agreement have not been performed or satisfied, (B) the Underwriter shall have exercised the right to terminate the Forward Delivery Bond Purchase Agreement as provided for therein, with respect to which termination the Purchaser shall be deemed to have consented, or (C) one of the following events shall have occurred:

- (1) there shall have been a Change in Law (defined below);
- (2) as a result of any legislation, regulation, ruling, order, release, court decision or judgment or action by the U.S. Department of the Treasury, the Internal Revenue Service, or any agency of the State either enacted, issued, effective, adopted or proposed (but only with respect to any such proposed legislation, regulation, ruling, order, release, court decision or judgment or action which continues to be proposed as of the Settlement Date), or for any other reason, Bond Counsel cannot issue an opinion substantially in the form attached to the Official Statement as Appendix A to the effect that (a) the interest on the Bonds is not subject to federal income tax under Section 103 of the Code (or comparable provisions of any successor federal tax laws), and (b) the interest on the Bonds is exempt from the State of California income taxation;
- (3) the Official Statement as of the date of Closing (as defined in the Forward Delivery Bond Purchase Agreement between the Underwriter and the District) (which is expected to occur on or about April 3, 2019), or the Updated Official Statement as of the Settlement Date contained or contains an untrue statement or misstatement of material fact or omitted or omits to state a material fact necessary in order to make the statements and information contained therein not misleading in any material respect;
- (4) legislation shall be enacted, or a decision by a court of the United States shall be rendered, or any action shall be taken by, or on behalf of, the Securities Exchange Commission which, in the reasonable opinion of Underwriter, following consultation with the District, has the effect of requiring the Bonds to be registered under the Securities Act of 1933, as amended, or requires the qualification of the Resolution under the Trust Indenture Act of 1939, as amended, or an event shall occur which would cause the sale of the Bonds to be in violation of any provision of the federal or State of California securities laws;
- (5) a general banking moratorium has been declared by federal, New York or California authorities and it is in effect as of the Settlement Date; or
- (6) any condition of settlement is not satisfied or any document is not delivered at settlement including letters or other evidence from Standard and Poor's Rating Service stating the ratings on the Bonds as of the Settlement Date are not delivered or that there is a withdrawal or

downgrade of any rating on the Bonds below investment grade by at least one rating agency rating the Bonds which withdrawal or downgrade exists on the Settlement Date.

The Underwriter shall notify the Purchaser promptly in the event that Underwriter becomes aware of the occurrence of any of the events described in clauses (1) through (6) above.

A “Change in Law” means (i) any change in or addition to applicable federal or state law, whether statutory or as interpreted by the courts or by federal or state agencies, including any changes in or new rules, regulations or other pronouncements or interpretations by federal or state agencies; (ii) any legislation enacted by the Congress of the United States (if such enacted legislation has an effective date which is on or before the Settlement Date), (iii) any law, rule or regulation enacted by any governmental body, department or agency (if such enacted law, rule or regulation has an effective date which is on or before the Settlement Date) or (iv) any judgment, ruling or order issued by any court or administrative body, which in any such case would, (A) as to the Underwriter, prohibit the Underwriter from completing the underwriting of the Bonds or selling the Bonds or the beneficial ownership interests therein to the public, or enforcing confirmations for the purchase of the Bonds (B) as to the District, would make the completion of the issuance, sale or delivery of the Bonds illegal.

The Purchaser acknowledges and agrees that the Bonds are being sold on a “forward” or “delayed delivery” basis for delivery on the Settlement Date and that the Purchaser is obligated to take up and pay for the Bonds on the Settlement Date unless one of the events described above shall have occurred. The Purchaser acknowledges that it will not be able to withdraw its order as described herein, and will not otherwise be excused from performance of its obligations to take up and pay for the Bonds on the Settlement Date because of market or credit changes, including specifically, but not limited to (a) changes in the ratings assigned to the Bonds between the date of Closing and the Settlement Date or changes in the credit associated with the Bonds generally, and (b) changes in the financial condition, operations, performance, properties or prospects of the District from the date hereof to the Settlement Date. The Purchaser acknowledges and agrees that it will remain obligated to purchase the Bonds in accordance with the terms hereof, even if the Purchaser decides to sell such Bonds following the date hereof, unless the Purchaser sells such Bonds to another institution with the prior written consent of the Underwriter and such institution provides a written acknowledgment of confirmation of purchase order and a delayed delivery contract in the same respective forms as that executed by the Purchaser.

The Purchaser represents and warrants that, as of the date of this Delayed Delivery Contract, the Purchaser is not prohibited from purchasing the Bonds hereby agreed to be purchased by it under the laws of the jurisdiction to which the Purchaser is subject.

This Delayed Delivery Contract will inure to the benefit of and be binding upon the parties hereto and their respective successors, but will not be assignable by either party without the prior written consent of the other.

The Purchaser acknowledges that the Underwriter is entering into an agreement with the District to purchase the Bonds in reliance in part on the performance by the Purchaser of its obligations hereunder.

This Delayed Delivery Contract may be executed by either of the parties hereto in any number of counterparts, each of which shall be deemed to be an original, but all such counterparts shall together constitute one and the same instrument.

It is understood that the acceptance by the Underwriter of any Delayed Delivery Contract (including this one) is in the Underwriter's sole discretion and that, without limiting the foregoing, acceptances of such contracts need not be on a first-come, first-served basis. If this Delayed Delivery Contract is acceptable to the Underwriter, it is requested that the Underwriter sign the form of acceptance below and mail or deliver one of the counterparts hereof to the Purchaser at its address set forth below. This will become a binding contract between the Underwriter, as representative of the Underwriter, and the Purchaser when such counterpart is so mailed or delivered by the Underwriter. This Delayed Delivery Contract does not constitute a customer confirmation pursuant to Rule G-15 of the Municipal Securities Rulemaking Board.

This Delayed Delivery Contract shall be construed and administered under the laws of the State of New York.
