

NEW ISSUE - FULL BOOK-ENTRY

**RATING: Moody's: "Aa2"
See "RATING" herein.**

In the opinion of Jones Hall, A Professional Law Corporation, San Francisco, California, Bond Counsel, subject, however to certain qualifications described herein, under existing law, the interest on the Bonds is excluded from gross income for federal income tax purposes and such interest is not an item of tax preference for purposes of the federal alternative minimum tax. In the further opinion of Bond Counsel, interest on the Bonds is exempt from California personal income taxes. Bond Counsel expresses no opinion regarding any other tax consequences caused by the ownership or disposition of, or the accrual or receipt of interest on, the Bonds. See "TAX MATTERS."

**\$71,000,000
VACAVILLE UNIFIED SCHOOL DISTRICT
(Solano County, California)
General Obligation Bonds
Election of 2014, Series D**

Dated: Date of Delivery

Due: August 1, as shown on inside front cover

Authority and Purpose. The above captioned General Obligation Bonds, Election of 2014, Series D (the "Bonds") are being issued by the Vacaville Unified School District (the "District") pursuant to certain provisions of the California Government Code and a resolution of the Board of Education of the District adopted on March 19, 2020 (the "Bond Resolution"). The Bonds were authorized at an election of the registered voters of the District held on November 4, 2014, which authorized the issuance of \$194,000,000 principal amount of general obligation bonds for the purpose of financing the replacement and upgrading of school facilities. The Bonds are the fourth and final series of bonds to be issued under this authorization. See "THE BONDS – Authority for Issuance" and "THE FINANCING PLAN" herein.

Security. The Bonds are general obligations of the District, payable solely from *ad valorem* property taxes levied on taxable property within the District and collected respectively by Solano County (the "County"). The Board of Supervisors of the County is empowered and obligated to annually levy *ad valorem* taxes for the payment of interest on, and principal of, the Bonds upon all property subject to taxation within the District, without limitation of rate or amount (except certain personal property which is taxable at limited rates). The District has other outstanding issues of general obligation bonds which are similarly payable from *ad valorem* taxes levied on parcels in the District and will be payable on a parity basis with the Bonds. See "SECURITY FOR THE BONDS."

Book-Entry Only. The Bonds will be issued in book-entry form only, and will be initially issued and registered in the name of Cede & Co. as nominee of The Depository Trust Company, New York, New York ("DTC"). Purchasers will not receive physical certificates representing their interests in the Bonds. See "THE BONDS" and APPENDIX F.

Payments. The Bonds are dated the date of delivery, and are being issued as current interest bonds. The Bonds accrue interest at the rates set forth on the inside cover page hereof, payable semiannually on each February 1 and August 1 until maturity, commencing August 1, 2020. Payments of principal of and interest on the Bonds will be paid by U.S. Bank National Association, as the designated paying agent, registrar and transfer agent (the "Paying Agent"), to DTC for subsequent disbursement to DTC Participants who will remit such payments to the beneficial owners of the Bonds. See "THE BONDS - Description of the Bonds."

Redemption. Certain maturities of the Bonds are subject to redemption prior to maturity as described herein. See "THE BONDS – Optional Redemption" and "-Mandatory Sinking Fund Redemption."

MATURITY SCHEDULE
(See inside cover)

Cover Page. This cover page contains certain information for general reference only. It is not a summary of all the provisions of the Bonds. Prospective investors must read the entire Official Statement to obtain information essential to making an informed investment decision.

The Bonds will be offered when, as and if issued and accepted by the Underwriter, subject to the approval as to legality by Jones Hall, A Professional Law Corporation, San Francisco, California, Bond Counsel to the District, and subject to certain other conditions. Jones Hall, A Professional Law Corporation is also serving as Disclosure Counsel to the District. Kronick, Moskovitz, Tiedemann & Girard, A Professional Corporation, Sacramento, California, is serving as Underwriter's Counsel. It is anticipated that the Bonds, in book-entry form, will be available for delivery through the facilities of DTC, on or about April 30, 2020.

RAYMOND JAMES®

The date of this Official Statement is April 7, 2020.

GENERAL INFORMATION ABOUT THIS OFFICIAL STATEMENT

Use of Official Statement. This Official Statement is submitted in connection with the sale of the Bonds referred to herein and may not be reproduced or used, in whole or in part, for any other purpose. This Official Statement is not a contract between any bond owner and the District or the Underwriter.

No Offering Except by This Official Statement. No dealer, broker, salesperson or other person has been authorized by the District or the Underwriter to give any information or to make any representations other than those contained in this Official Statement and, if given or made, such other information or representation must not be relied upon as having been authorized by the District or the Underwriter.

No Unlawful Offers or Solicitations. This Official Statement does not constitute an offer to sell or the solicitation of an offer to buy nor may there be any sale of the Bonds by a person in any jurisdiction in which it is unlawful for such person to make such an offer, solicitation or sale.

Information in Official Statement. The information set forth in this Official Statement has been furnished by the District and other sources which are believed to be reliable, but it is not guaranteed as to accuracy or completeness.

Estimates and Forecasts. When used in this Official Statement and in any continuing disclosure by the District in any press release and in any oral statement made with the approval of an authorized officer of the District or any other entity described or referenced herein, the words or phrases "will likely result," "are expected to", "will continue", "is anticipated", "estimate", "project," "forecast", "expect", "intend" and similar expressions identify "forward looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Such statements are subject to risks and uncertainties that could cause actual results to differ materially from those contemplated in such forward-looking statements. Any forecast is subject to such uncertainties. Inevitably, some assumptions used to develop the forecasts will not be realized and unanticipated events and circumstances may occur. Therefore, there are likely to be differences between forecasts and actual results, and those differences may be material. The information and expressions of opinion herein are subject to change without notice, and neither the delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, give rise to any implication that there has been no change in the affairs of the District or any other entity described or referenced herein since the date hereof.

Involvement of Underwriter. The following statement has been provided by the Underwriter of the Bonds: The Underwriter has reviewed the information in this Official Statement in accordance with, and as a part of, its responsibilities to investors under the Federal Securities Laws as applied to the facts and circumstances of this transaction, but the Underwriter does not guarantee the accuracy or completeness of such information.

Stabilization of and Changes to Offering Prices. The Underwriter may over allot or take other steps that stabilize or maintain the market prices of the Bonds at levels above that which might otherwise prevail in the open market. If commenced, the Underwriter may discontinue such market stabilization at any time. The Underwriter may offer and sell the Bonds to certain securities dealers, dealer banks and banks acting as agent at prices lower than the public offering prices stated on the inside cover page of this Official Statement, and those public offering prices may be changed from time to time by the Underwriter.

Document Summaries. All summaries of the Bond Resolution or other documents referred to in this Official Statement are made subject to the provisions of such documents and qualified in their entirety to reference to such documents, and do not purport to be complete statements of any or all of such provisions.

No Securities Laws Registration. The Bonds have not been registered under the Securities Act of 1933, as amended, in reliance upon exceptions therein for the issuance and sale of municipal securities. The Bonds have not been registered or qualified under the securities laws of any state.

Effective Date. This Official Statement speaks only as of its date, and the information and expressions of opinion contained in this Official Statement are subject to change without notice. Neither the delivery of this Official Statement nor any sale of the Bonds will, under any circumstances, give rise to any implication that there has been no change in the affairs of the District, the County, the other parties described in this Official Statement, or the condition of the property within the District since the date of this Official Statement.

Website. The District maintains a website. However, the information presented on the website is not a part of this Official Statement and should not be relied upon in making an investment decision with respect to the Bonds.

VACAVILLE UNIFIED SCHOOL DISTRICT
(Solano County, California)
General Obligation Bonds
Election of 2014, Series D

The purpose of this Official Statement, which includes the cover page, inside cover page and attached appendices, is to set forth certain information concerning the sale and delivery of the General Obligation Bonds Election of 2014, Series D (the “**Bonds**”) by the Vacaville Unified School District (the “**District**”).

INTRODUCTION

This Introduction is not a summary of this Official Statement. It is only a brief description of and guide to, and is qualified by, more complete and detailed information contained in the entire Official Statement and the documents summarized or described in this Official Statement. A full review should be made of the entire Official Statement. The offering of the Bonds to potential investors is made only by means of the entire Official Statement.

The District. The District is a unified school district serving the City of Vacaville (the “**City**”) and certain adjacent unincorporated portions of Solano County (the “**County**”), in the State of California (the “**State**”). The District is located approximately 50 miles northeast of San Francisco and 30 miles west of Sacramento. The District operates nine elementary schools (grades K through 6), one of which is a dependent charter school, two middle schools (grades 7 through 8), one independent charter school (grades K through 8), one elementary/middle school (grades K through 8), four high schools (grades 9 through 12), one of which is a dependent charter and another which is a continuation school that also houses their adult education program, and a dependent charter learning academy (grades K through 12). Total enrollment for the fiscal year 2019-20, which does not include charter school enrollment, is approximately 11,582 students.

For more information regarding the District and its finances, see APPENDIX A and APPENDIX B attached hereto. See also APPENDIX C for demographic and other statistical information regarding the City and the County.

Purposes. The net proceeds of the Bonds will be used to replace and upgrade school facilities as approved by the voters at an election held in the District on November 4, 2014 (the “**Bond Election**”) which authorized a total of \$194,000,000 principal amount of general obligation bonds (the “**2014 Authorization**”) to finance new construction and additions to modernization of school facilities for the District. The Bonds are the fourth and final series bonds to be issued pursuant to the 2014 Authorization. See “THE FINANCING PLAN” herein.

Authority for Issuance of the Bonds. The Bonds are being issued pursuant to Article 4.5 of Chapter 3 of Part 1 of Division 2 of Title 5 of the California Government Code, commencing with Section 53506 thereof, and pursuant to a resolution adopted by the Board of Education of the District (the “**Board**”) on March 19, 2020 (the “**Bond Resolution**”). See “THE BONDS - Authority for Issuance” herein.

Payment and Registration of the Bonds. The Bonds are being issued as current interest bonds. The Bonds mature in the years and in the amounts as set forth on the inside cover page hereof. The Bonds will be dated their date of original issuance and delivery (the “**Dated Date**”), and will be issued in book-entry form only, and will be initially issued and registered in the name of Cede

& Co. as nominee for DTC. Purchasers will not receive physical certificates representing their interest in the Bonds. See “THE BONDS” and APPENDIX F.

Interest on the Bonds accrues from the Dated Date and is payable semiannually on February 1 and August 1 of each year, commencing August 1, 2020. See “THE BONDS - Description of the Bonds.”

Redemption. The Bonds are subject to redemption prior to maturity as described herein. See “THE BONDS – Optional Redemption” and “– Mandatory Sinking Fund Redemption.”

Security and Sources of Payment for the Bonds. The Bonds are general obligation bonds of the District payable solely from *ad valorem* property taxes levied on taxable property located in the District and collected by the County. The County is empowered and obligated to annually levy *ad valorem* taxes for the payment of interest on, and principal of, the Bonds upon all property subject to taxation by the District, without limitation of rate or amount (except with respect to certain personal property which is taxable at limited rates). See “SECURITY FOR THE BONDS.”

Legal Matters. Issuance of the Bonds is subject to the approving opinions of Jones Hall, A Professional Law Corporation, San Francisco, California, as bond counsel (“**Bond Counsel**”), to be delivered in substantially the forms attached hereto as APPENDIX D. Jones Hall, A Professional Law Corporation, San Francisco, California, will also serve as Disclosure Counsel to the District (“**Disclosure Counsel**”). Payment of the fees of Bond Counsel and Disclosure Counsel is contingent upon issuance of the Bonds.

Tax Matters. In the opinion of Bond Counsel, interest on the Bonds is excluded from gross income for federal income tax purposes and is not an item of tax preference for purposes of the federal individual alternative minimum tax. In the further opinion of Bond Counsel, interest on the Bonds is exempt from California personal income taxes. See “TAX MATTERS” for additional information, and APPENDIX D hereto for the forms of Bond Counsel’s opinions to be delivered concurrently with the Bonds.

Continuing Disclosure. The District has covenanted and agreed that it will comply with and carry out all of the provisions of the Continuing Disclosure Certificate executed in connection with the Bonds. The form of the Continuing Disclosure Certificate is included in APPENDIX E hereto. See “CONTINUING DISCLOSURE” herein.

Other Information. This Official Statement speaks only as of its date, and the information contained in this Official Statement is subject to change. Copies of documents referred to in this Official Statement and information concerning the Bonds are available from the District from the Superintendent’s Office at Vacaville Unified School District 401 Nut Tree Road, Vacaville, CA 95687; telephone (707) 453-6117. The District may impose a charge for copying, mailing and handling.

THE FINANCING PLAN

The Bonds

On August 13, 2015, the District issued an initial series of bonds pursuant to the 2014 Authorization in the aggregate principal amount of \$40,000,000. On May 10, 2017, the District issued a second series of bonds pursuant to the 2014 Authorization in the aggregate principal amount of \$38,000,000. On January 29, 2019, the District issued a third series of bonds pursuant to the 2014 Authorization in the aggregate principal amount of \$45,000,000. The Bonds are the fourth and final series of bonds issued pursuant to the 2014 Authorization. Following the issuance of the Bonds, there will be no remaining authorization under the 2014 Authorization. See “DEBT SERVICE SCHEDULES” and APPENDIX A under the heading “FINANCIAL INFORMATION – Existing Debt Obligations.”

The net proceeds of the Bonds will be used to finance projects approved by more than the requisite 55% of District voters at the Bond Election. The abbreviated form of the 2014 Authorization is as follows:

“To improve the quality of education; provide equity among district schools; replace roofing, renovate ageing plumbing and inadequate electrical systems; increase student access to computers/technology; make security/safety improvements; upgrade/modernize/construct classrooms; and improve athletic fields/facilities for school and community use, shall the Vacaville Unified School District issue \$194,000,000 of bonds at legal interest rates, have an independent citizens’ oversight committee and have NO money used for administrative salaries or be taken by the state?”

In addition to the abbreviated statement of the ballot measure, as part of the sample ballot materials, in accordance with the requirements of California law, District voters were presented with a full text of ballot measure, which, among other items, included a project list identifying to District voters the types of projects eligible for funding from proceeds of bonds approved at the Bond Election (the “**Project List**”). The District makes no representation as to the specific application of the proceeds of the Bonds, the completion of any projects listed on the Project List, or whether bonds authorized by the 2014 Authorization will provide sufficient funds to complete any particular project listed in the Project List.

SOURCES AND USES OF FUNDS

The estimated sources and uses of funds with respect to the Bonds are as follows:

Sources of Funds

Principal Amount of Bonds	\$71,000,000.00
Original Issue Premium	<u>7,217,110.10</u>
Total Sources	\$78,217,110.10

Uses of Funds

Deposit to Building Fund	\$70,775,000.00
Deposit to Debt Service Fund ⁽¹⁾	7,025,410.10
Costs of Issuance ⁽²⁾	<u>416,700.00</u>
Total Uses	\$78,217,110.10

⁽¹⁾ Represents original issue premium received by the District on the Bonds.

⁽²⁾ All estimated costs of issuing the Bonds including, but not limited to, fees of Bond Counsel Disclosure Counsel, the Financial Advisor, the Paying Agent and the rating agency, and Underwriter's discount.

THE BONDS

Authority for Issuance

The Bonds will be issued pursuant to Article 4.5 of Chapter 3 of Part 1 of Division 2 of Title 5 of the California Government Code, commencing with Section 53506 thereof, the Bond Resolution and the 2014 Authorization. The Bonds represent the fourth and final series of bonds issued pursuant to the 2014 Authorization.

Description of the Bonds

The Bonds mature in the years and in the amounts as set forth on the inside cover page hereof. The Bonds will be issued in book-entry form only, and will be initially issued and registered in the name of Cede & Co. as nominee for DTC. Purchasers will not receive physical certificates representing their interest in the Bonds. See “Book-Entry Only System” below and APPENDIX F.

The Bonds shall be issued as current interest bonds in the denominations of \$5,000 principal amount each or any integral multiple thereof. Interest on the Bonds is payable semiannually on each February 1 and August 1, commencing August 1, 2020 (each, an “**Interest Payment Date**”). Each Bond will bear interest from the Interest Payment Date next preceding the date of registration and authentication thereof unless (i) it is authenticated as of an Interest Payment Date, in which event it will bear interest from such date, or (ii) it is authenticated prior to an Interest Payment Date and after the close of business on the fifteenth (15th) day of the month preceding the Interest Payment Date (each, a “**Record Date**”), in which event it will bear interest from such Interest Payment Date, or (iii) it is authenticated prior to July 15, 2020, in which event it will bear interest from the date of delivery of the Bonds identified on the cover page hereof. Notwithstanding the foregoing, if interest on any Bond is in default at the time of authentication thereof, such Bond will bear interest from the Interest Payment Date to which interest has previously been paid or made available for payment thereon. Payments of principal of and interest on the Bonds will be paid by the Paying Agent to DTC for subsequent disbursement to DTC Participants who will remit such payments to the Beneficial Owners of the Bonds.

Book-Entry Only System

The Bonds will be issued in book-entry form only and will be initially issued and registered in the name of Cede & Co. as nominee of The Depository Trust Company, New York, New York (“**DTC**”). Purchasers of the Bonds (the “**Beneficial Owners**”) will not receive physical certificates representing their interest in the Bonds. Payments of principal of and interest on the Bonds will be paid by U.S. Bank National Association (the “**Paying Agent**”) to DTC for subsequent disbursement to DTC Participants which will remit such payments to the Beneficial Owners of the Bonds.

As long as DTC’s book-entry method is used for the Bonds, the Paying Agent will send any notice of prepayment or other notices to owners only to DTC. Any failure of DTC to advise any DTC Participant, or of any DTC Participant to notify any Beneficial Owner, of any such notice and its content or effect will not affect the validity or sufficiency of the proceedings relating to the prepayment of the Bonds called for prepayment or of any other action premised on such notice. See also APPENDIX F.

The Paying Agent, the District, and the Underwriter of the Bonds have no responsibility or liability for any aspects of the records relating to or payments made on account of beneficial ownership, or for maintaining, supervising or reviewing any records relating to beneficial ownership, of interests in the Bonds.

Optional Redemption

The Bonds maturing on or before August 1, 2028 are not subject to redemption prior to maturity. The Bonds maturing on or after August 1, 2029 are subject to redemption prior to maturity, at the option of the District, in whole or in part among maturities on such basis as shall be designated by the District and by lot within a maturity, from any available source of funds, on August 1, 2028, or on any date thereafter, at a price equal to 100% of the principal amount thereof, without premium, together with accrued interest thereon to the redemption date.

Selection of Bonds for Purpose of Redemption. For the purpose of selection for optional redemption, Bonds will be deemed to consist of \$5,000 portions, and any such portion may be separately redeemed. Whenever less than all of the outstanding Bonds of any one maturity are designated for redemption, the Paying Agent shall select the outstanding Bonds of such maturity to be redeemed by lot in any manner deemed fair by the Paying Agent. For purposes of such selection, each Bond will be deemed to consist of individual bonds of \$5,000 denominational amounts. The Bonds may all be separately redeemed.

Mandatory Sinking Fund Redemption

The Bonds maturing on August 1, 2042 and August 1, 2045, (together, the “**Term Bonds**”), are subject to mandatory sinking fund redemption on August 1 of each year in accordance with the schedules set forth below, respectively. The Term Bonds so called for mandatory sinking fund redemption shall be redeemed in the sinking fund payments in the amounts and on the dates set forth below, without premium.

\$8,345,000 Term Bonds Maturing August 1, 2042

Redemption Date (August 1)	Sinking Fund Redemption
2041	\$4,010,000
2042 (Maturity)	4,335,000

\$32,550,000 Term Bonds Maturing August 1, 2045

Redemption Date (August 1)	Sinking Fund Redemption
2043	\$7,990,000
2044	8,695,000
2045 (Maturity)	15,865,000

If any such Term Bonds are redeemed pursuant to optional redemption, the total amount of all future sinking fund payments with respect to such Term Bonds shall be reduced by the aggregate principal amount of such Term Bonds so redeemed, to be allocated among such payments on a pro rata basis in integral multiples of \$5,000 Maturity Value (or on such other basis as the District may determine) as set forth in written notice given by the District to the Paying Agent.

Notice of Redemption

The Paying Agent is required to give notice of the redemption of the Bonds, at the expense of the District, at least 20 days but not more than 60 days prior to the date fixed for redemption. Notice of any redemption of Bonds shall specify: (a) that the Bonds or a designated portion thereof are to be redeemed, (b) the numbers and CUSIP numbers of the Bonds to be redeemed, (c) the date of notice and the date of redemption, (d) the place or places where the redemption will be made, and (e) descriptive information regarding the Bonds including the dated date, interest rate and stated maturity date. Such notice shall further state that on the specified date there shall become due and payable upon each Bond to be redeemed, the portion of the principal amount of such Bond to be redeemed, together with interest accrued to said date, the redemption premium, if any, and that from and after such date interest with respect thereto shall cease to accrue and be payable.

Neither failure to receive or failure to send any notice of redemption nor any defect in any such redemption notice so given shall affect the sufficiency of the proceedings for the redemption of the affected Bonds.

Partial Redemption of Bonds

Upon the surrender of any Bond redeemed in part only, the Paying Agent shall execute and deliver to the Owner thereof a new Bond or Bonds of like tenor, series and maturity and of authorized denominations equal in transfer amounts to the unredeemed portion of the Bond surrendered. Such partial redemption shall be valid upon payment of the amount required to be paid to such Owner, and the County and the District shall be released and discharged thereupon from all liability to the extent of such payment.

Conditional Notice; Right to Rescind Notice of Redemption

Redemption notices may be conditional. The District has the right to rescind any notice of the optional redemption of Bonds by written notice to the Paying Agent on or prior to the date fixed for redemption. Any notice of redemption shall be cancelled and annulled if for any reason funds will not be or are not available on the date fixed for redemption for the payment in full of the Bonds then called for redemption. The District and the Paying Agent have no liability to the Bond owners or any other party related to or arising from such rescission of redemption. The Paying Agent shall mail notice of such rescission of redemption in the same manner as the original notice of redemption was sent under the Bond Resolution.

Registration, Transfer and Exchange of Bonds

If the book entry system is discontinued, the District shall cause the Paying Agent to maintain and keep at its principal corporate trust office all books and records necessary for the registration, exchange and transfer of the Bonds.

If the book entry system is discontinued, the person in whose name a Bond is registered on the Bond Register shall be regarded as the absolute owner of that Bond. Payment of the principal of and interest on any Bond shall be made only to or upon the order of that person; none of the District, the County or the Paying Agent shall be affected by any notice to the contrary, but the registration may be changed as provided the Bond Resolution.

Bonds may be exchanged at the principal corporate trust office of the Paying Agent in San Francisco, California for a like aggregate principal amount of Bonds of authorized denominations and of the same series and maturity. Any Bond may, in accordance with its terms, but only if (i) the

District determines to no longer maintain the book entry only status of the Bonds, (ii) DTC determines to discontinue providing such services and no successor securities depository is named or (iii) DTC requests the District to deliver Bond certificates to particular DTC Participants, be transferred, upon the books required to be kept pursuant to the provisions of the Bond Resolution, by the person in whose name it is registered, in person or by his duly authorized attorney, upon surrender of such Bond for cancellation at the office of the Paying Agent, accompanied by delivery of a written instrument of transfer in a form approved by the Paying Agent, duly executed.

No exchanges of Bonds shall be required to be made (a) fifteen days prior to an Interest Payment Date or the date established by the Paying Agent for selection of Bonds for redemption until the close of business on the Interest Payment Date or day on which the applicable notice of redemption is given or (b) with respect to a Bond after such Bond has been selected or called for redemption in whole or in part.

Defeasance

The Bonds may be paid by the District, in whole or in part, in any one or more of the following ways:

- (a) by paying or causing to be paid the principal or redemption price of and interest on the Bonds, as and when the same become due and payable;
- (b) by irrevocably depositing, in trust, at or before maturity, money or securities in the necessary amount (as provided in the Bond Resolution) to pay or redeem such Bonds; or
- (c) by delivering such Bonds to the Paying Agent for cancellation by it.

Whenever in the Bond Resolution it is provided or permitted that there be deposited with or held in trust by the Paying Agent money or securities in the necessary amount to pay or redeem any Bonds, the money or securities so to be deposited or held may be held by the Paying Agent or by any other fiduciary. Such money or securities may include money or securities held by the Paying Agent in the funds and accounts established under the Bond Resolution and will be:

- (i) lawful money of the United States of America in an amount equal to the principal amount of such Bonds and all unpaid interest thereon to maturity, except that, in the case of Bonds which are to be redeemed prior to maturity and in respect of which notice of such redemption is given as provided in the Bond Resolution or provision satisfactory to the Paying Agent is made for the giving of such notice, the amount to be deposited or held will be the principal amount or redemption price of such Bonds and all unpaid interest thereon to the redemption date; or
- (ii) Federal Securities (not callable by the issuer thereof prior to maturity) the principal of and interest on which when due, in the opinion of a certified public accountant delivered to the District, will provide money sufficient to pay the principal or redemption price of and all unpaid interest to maturity, or to the redemption date, as the case may be, on the Bonds to be paid or redeemed, as such principal or redemption price and interest become due, provided that, in the case of Bonds which are to be redeemed prior to the maturity thereof, notice of such redemption is given as provided in the Bond Resolution or provision satisfactory to the Paying Agent is made for the giving of such notice.

Upon the deposit, in trust, at or before maturity, of money or securities in the necessary amount (as described above) to pay or redeem any outstanding Bond (whether upon or prior to its maturity or the redemption date of such Bond), then all liability of the County and the District in respect of such Bond will cease and be completely discharged, except only that thereafter the owner thereof will be entitled only to payment of the principal of and interest on such Bond by the District, and the District will remain liable for such payment, but only out of such money or securities deposited with the Paying Agent for such payment.

“Federal Securities” means United States Treasury notes, bonds, bills or certificates of indebtedness, or any other obligations the timely payment of which is directly or indirectly guaranteed by the faith and credit of the United States of America.

APPLICATION OF PROCEEDS OF THE BONDS

Building Fund

Pursuant to the Bond Resolution, the net proceeds from the sale of the Bonds will be paid and credited to the fund established and held by the County Treasurer (the “**County Treasurer**”) and designated as the “Vacaville Unified School District, Election of 2014, Series D Building Fund” (the “**Building Fund**”). Amounts credited to the Building Fund will be expended by the District solely for the financing of projects for which the Bond proceeds are authorized to be expended under the 2014 Authorization. All interest and other gain arising from the investment of proceeds of the Bonds will be retained in the Building Fund and used for the purposes thereof. All moneys held in the Building Fund will be invested in Authorized Investments (as defined in the Bond Resolution) in accordance with the investment policies of the County, as such policies exist at the time of investment. Pursuant to the Bond Resolution and applicable provisions of the Education Code, a portion of the proceeds of the Bonds may be deposited with a fiscal agent for the purpose of paying costs of issuance. See also APPENDIX G.

Debt Service Funds

Pursuant to the Bond Resolution, premium, if any, received by the County on behalf of the District from the sale of the Bonds, will be deposited and kept separate and apart in the fund established and held by the County Treasurer and designated as the “Vacaville Unified School District Election of 2014, Series D General Obligation Bonds Debt Service Fund,” which is pledged for the payment of the principal of and interest on the Bonds when and as the same become due. All taxes levied by the County for the payment of the principal of and interest and premium (if any) on the Bonds will be deposited in the debt service fund by the County promptly upon apportionment of said levy.

Any moneys remaining in the debt service fund after the Bonds and the interest thereon have been paid, shall be transferred to any other interest and sinking fund or account for general obligation bond indebtedness of the District, including refunding bonds, and in the event there is no such debt outstanding, shall be transferred to the District’s general fund upon the order of the County Auditor, as provided in Section 15234 of the Education Code.

Investment of Proceeds of Bonds

All moneys held in any of the funds or accounts established with the County under the Bond Resolution will be invested in Authorized Investments (as defined in the Bond Resolution) in accordance with the investment policies of the County, as such policies exist at the time of investment. Obligations purchased as an investment of moneys in any fund or account will be deemed to be part of such fund or account. All interest or gain derived from the investment of amounts in any of the funds or accounts established under the Bond Resolution will be deposited in the fund or account from which such investment was made, and will be expended for the purposes thereof.

In accordance with Government Code Section 53600 *et seq.*, the County Treasurer manages funds deposited with it by the District. The County is required to invest such funds in accordance with California Government Code Sections 53601 *et seq.* In addition, the County is required to establish its own investment policies which may impose limitations beyond those required by the Government Code. See APPENDIX G.

DEBT SERVICE SCHEDULES

The following table shows the debt service schedule with respect to the Bonds, assuming no optional redemptions.

VACAVILLE UNIFIED SCHOOL DISTRICT Bond Debt Service Schedule

August 1	Bond Principal	Bond Interest	Bond Total Debt Service
2020	--	\$717,888.89	\$717,888.89
2021	--	2,840,000.00	2,840,000.00
2022	\$2,095,000.00	2,840,000.00	4,935,000.00
2023	--	2,756,200.00	2,756,200.00

SECURITY FOR THE BONDS

Ad Valorem Taxes

Bonds Payable from Ad Valorem Property Taxes. The Bonds are general obligations of the District, payable solely from *ad valorem* property taxes levied on taxable property within the District and collected by the County. The County is empowered and is obligated to annually levy *ad valorem* taxes for the payment of the Bonds and the interest thereon upon all property within the District subject to taxation by the District, without limitation of rate or amount (except certain personal property which is taxable at limited rates). The District has other series of general obligation bonds outstanding which will be payable on a parity basis with the Bonds. See “DEBT SERVICE SCHEDULES” and APPENDIX A under the heading “DISTRICT FINANCIAL INFORMATION – Existing Debt Obligations.”

Other Non-District Debt Payable from Ad Valorem Property Taxes. In addition to the Bonds and the District’s other outstanding general obligation bonds, there is other debt issued by entities within the jurisdiction of the District, which is payable from *ad valorem* taxes levied on parcels in the District. See “PROPERTY TAXATION – Tax Rates” and “– Direct and Overlapping Debt” below.

Levy and Collection. The County will levy and collect such *ad valorem* taxes in such amounts and at such times as is necessary to ensure the timely payment of debt service on the Bonds. Such taxes, when collected, will be deposited into the Debt Service Funds for the Bonds, which are maintained by the County and which are irrevocably pledged for the payment of principal of, and interest on the Bonds when due.

District property taxes are assessed and collected by the County in the same manner and at the same time, and in the same installments as other *ad valorem* taxes on real property, and will have the same priority, become delinquent at the same times and in the same proportionate amounts, and bear the same proportionate penalties and interest after delinquency, as do the other *ad valorem* taxes on real property.

Statutory Lien on Ad Valorem Tax Revenues. In accordance with Section 53515 of the California Government Code, the Bonds are secured by a statutory lien on all revenues received pursuant to the levy and collection of the *ad valorem* tax imposed to service the Bonds. This lien automatically arises without the need for any action or authorization by the District or the Board. The revenues received pursuant to the levy and collection of the *ad valorem* tax shall be immediately subject to the lien, and the lien shall immediately attach to the revenues and be effective, binding, and enforceable against the District, its successors, transferees, and creditors, and all others asserting rights therein, irrespective of whether those parties have notice of the lien and without the need for any further act.

Annual Tax Rates. The amount of the annual *ad valorem* tax levied by the County to repay the Bonds will be determined by the relationship between the assessed valuation of taxable property in the District and the amount of debt service due on the Bonds. Fluctuations in the annual debt service on the Bonds and the assessed value of taxable property in the District may cause the annual tax rate to fluctuate.

Economic and other factors beyond the District’s control, such as economic recession, deflation of land values, a relocation out of the District or financial difficulty or bankruptcy by one or more major property taxpayers, or the complete or partial destruction of taxable property caused by, among other eventualities, earthquake, flood, fire or other natural disaster, could cause a reduction

in the assessed value within the District and necessitate a corresponding increase in the annual tax rate.

Debt Service Funds

As described herein under the heading “APPLICATION OF PROCEEDS OF THE BONDS - Debt Service Fund,” the County Treasurer will establish a Debt Service Fund for the Bonds. All taxes levied by the County for the payment of the principal of and interest and premium (if any) on the Bonds will be deposited in the debt service fund by the County promptly upon the receipt. The Debt Service Fund is pledged for the payment of the principal of and interest and premium (if any) on the Bonds when and as the same become due. The County will transfer amounts in the Debt Service Fund to the Paying Agent to the extent necessary to pay the principal of and interest and premium (if any) on the Bonds as the same becomes due and payable.

Not a County Obligation

The Bonds are payable solely from the proceeds of an *ad valorem* tax levied and collected by the County for the payment of principal and interest on the Bonds. Although the County is obligated to collect the *ad valorem* tax for the payment of the Bonds, the Bonds are not a debt or obligation of the County.

The Coronavirus Global Pandemic

Background. The outbreak of COVID-19, a respiratory disease caused by a new strain of coronavirus (“**Coronavirus**”), which was first detected in China and has spread to other countries, including the United States, was declared a pandemic by the World Health Organization, a national emergency by the President of the United State (the “**President**”) and a state of emergency by the Governor of the State (the “**Governor**”). There has been tremendous volatility in the markets in the United States and globally, resulting in significant recent declines and speculation of a national and global recession.

The President’s declaration of a national emergency on March 13, 2020 made available more than \$50 billion in federal resources to combat the spread of the virus. A multibillion-dollar Coronavirus relief package was signed into law by the President on March 18, 2020 providing for Medicaid expansion, unemployment benefits and paid emergency leave during the crisis. On March 27, 2020, the House approved a \$2 trillion relief package, including economic stimulus in the form of direct payment to certain Americans and billions of dollars to hospitals. In addition, the Federal Reserve has lowered its benchmark interest rate to nearly zero, introduced a large bond-buying program and established emergency lending programs to banks and money market mutual funds.

On March 15, 2020, the Governor ordered the closing of California bars and nightclubs, gatherings of more than 250 to be canceled and confirmed that school districts that close will continue to receive State funding so long as certain requirements are met. Most school districts in the State have suspended classes and the Governor has indicated that schools are likely to remain closed for the remainder of the school year. On March 16, 2020, the State legislature passed \$1.1 billion in emergency funds in response to the Coronavirus crisis. On March 19, 2020, the Governor issued a shelter-in-place order, Executive Order N-33-20, ordering all California residents to stay home except to get food, care for a relative, get necessary healthcare or go to an essential job. The stay at home order went into effect immediately and will stay in effect until further notice.

Impacts on Global and Local Economies; Potential Declines in State Revenues. The Coronavirus public health emergency is altering the behavior of businesses and people in a manner that will have negative impacts on global and local economies, including the economy of the State. Under the 2019-20 State Budget (defined below) approximately 70% of the State's general fund revenue is projected to be derived from personal income tax receipts. Additionally, capital gains tax receipts are budgeted to account for about 10% of such receipts in fiscal year 2019-20. California's Legislative Analyst's Office published a report on March 18, 2020 which anticipates that the economic uncertainty caused by the outbreak will significantly affect California's near-term fiscal outlook, including lower capital gains-related tax revenue due to the volatility in the financial markets, and the likelihood that a recession is forthcoming due to pullback in activity across wide swaths of the economy. See "STATE FUNDING OF EDUCATION; RECENT STATE BUDGETS - LAO Fiscal Perspective Report." The District cannot predict the short or long term impacts that Coronavirus will have on global, State-wide and local economies, which could impact District operations and local property values.

Suspension of Classroom Instruction; Unanticipated Costs. The Governor's shelter in place order has suspended classroom instruction indefinitely throughout California schools. Further, the Governor has indicated that schools statewide may not open again for the remainder of the school year. Most school districts are undertaking distance learning efforts to provide continuing instruction to students. On March 13, 2020, the Governor signed Executive Order N-26-20 ordering that school districts closing in order to address Coronavirus will, subject to certain conditions, continue to receive state funding to support distance learning or independent study, to continue to provide subsidized school meals to low-income students, to continue to pay school district employees, and, to the extent practicable, to provide for supervision of students during school hours. Additionally, State law allows school districts to apply for a waiver to hold them harmless from the loss of LCFF funding based on attendance and state instructional time penalties when they are forced to close schools due to emergency conditions. See Appendix A under the heading "DISTRICT FINANCIAL INFORMATION – Education Funding Generally."

School districts in California may incur additional unanticipated costs since budget adoption that result as a result of the Coronavirus emergency. Examples include cleaning and sanitizing costs, and possibly heightened security costs.

The District cannot predict the impacts that the Coronavirus emergency might have on the District's finances or operations.

General Obligation Bonds Secured by Ad Valorem Tax Revenues. Notwithstanding the impacts the Coronavirus emergency may have on the economy in the State, the County and the District, the Bonds described herein are voter-approved general obligations of the District payable solely from the levy and collection of *ad valorem* property taxes, unlimited as to rate or amount, and are not payable from the general fund of the District. See "SECURITY FOR THE BONDS – *Ad Valorem* Taxes" above.

PROPERTY TAXATION

Property Tax Collection Procedures

In California, property subject to *ad valorem* taxes is classified as “secured” or “unsecured.” The “secured roll” is that part of the assessment roll containing state assessed public utilities’ property and real property, the taxes on which create a lien on such property sufficient, in the opinion of the county assessor, to secure payment of the taxes. A tax levied on unsecured property does not become a lien against such unsecured property, but may become a lien on certain other property owned by the taxpayer. Every tax which becomes a lien on secured property has priority over all other liens arising pursuant to State law on such secured property, regardless of the time of the creation of the other liens. Secured and unsecured property are entered separately on the assessment roll maintained by the county assessor. The method of collecting delinquent taxes is substantially different for the two classifications of property.

Property taxes on the secured roll are due in two installments, on November 1 and February 1 of each fiscal year. If unpaid, such taxes become delinquent after December 10 and April 10, respectively, and a 10% penalty attaches to any delinquent payment. In addition, property on the secured roll with respect to which taxes are delinquent is declared tax defaulted on or about June 30 of the fiscal year. Such property may thereafter be redeemed by payment of the delinquent taxes and a delinquency penalty, plus a redemption penalty of 1.5% per month to the time of redemption. If taxes are unpaid for a period of five years or more, the property is subject to sale by the respective county.

Property taxes are levied for each fiscal year on taxable real and personal property situated in the taxing jurisdiction as of the preceding January 1. A bill enacted in 1983, SB813 (Statutes of 1983, Chapter 498), however, provided for the supplemental assessment and taxation of property as of the occurrence of a change of ownership or completion of new construction. Thus, this legislation eliminated delays in the realization of increased property taxes from new assessments. As amended, SB813 provided increased revenue to taxing jurisdictions to the extent that supplemental assessments of new construction or changes of ownership occur subsequent to the January 1 lien date and result in increased assessed value.

Property taxes on the unsecured roll are due on the January 1 lien date and become delinquent, if unpaid on the following August 31. A 10% penalty is also attached to delinquent taxes in respect of property on the unsecured roll, and further, an additional penalty of 1.5% per month accrues with respect to such taxes beginning the first day of the third month following the delinquency date. The taxing authority has four ways of collecting unsecured personal property taxes: (1) a civil action against the taxpayer; (2) filing a certificate in the office of the county clerk specifying certain facts in order to obtain a judgment lien on certain property of the taxpayer; (3) filing a certificate of delinquency for record in the county recorder’s office, in order to obtain a lien on certain property of the taxpayer; and (4) seizure and sale of personal property, improvements or possessory interests belonging or assessed to the assessee. The exclusive means of enforcing the payment of delinquent taxes in respect of property on the secured roll is the sale of the property securing the taxes for the amount of taxes which are delinquent.

Taxation of State-Assessed Utility Property

The State Constitution provides that most classes of property owned or used by regulated utilities be assessed by the State Board of Equalization (“SBE”) and taxed locally. Property valued by the SBE as an operating unit in a primary function of the utility taxpayer is known as “unitary

property”, a concept designed to permit assessment of the utility as a going concern rather than assessment of each individual element of real and personal property owned by the utility taxpayer. State-assessed unitary and “operating nonunitary” property (which excludes nonunitary property of regulated railways) is allocated to the County based on the situs of the various components of the unitary property. Except for unitary property of regulated railways and certain other excepted property, all unitary and operating nonunitary property is taxed at special county-wide rates and tax proceeds are distributed to taxing jurisdictions according to statutory formulae generally based on the distribution of taxes in the prior year.

Assessed Valuation

Assessed Valuation History. The table below shows a recent history of the District’s assessed valuation.

VACAVILLE UNIFIED SCHOOL DISTRICT Assessed Valuations of All Taxable Property Fiscal Years 2005-06 to 2019-20

Factors Relating to Increases/Decreases in Assessed Value. As indicated in the previous table, assessed valuations are subject to change in each year. Increases or decreases in assessed valuation result from a variety of factors including but not limited to general economic conditions, supply and demand for real property in the area, government regulations such as zoning, and natural disasters such as earthquakes, fires, floods and droughts.

In addition, wildfires have occurred in recent years in different regions of the State, and related flooding and mudslides have also occurred. The most destructive of the recent wildfires, which have burned thousands of acres and destroyed thousands of homes and structures, have originated in wildlands adjacent to urban areas. Although the recent natural disasters do not include territory within the District’s boundaries, the District cannot predict or make any representations regarding the effects that wildfires, flooding, mudslides or any other natural disasters and related conditions have or may have on the value of taxable property within the District, or to what extent the effects said disasters might have had on economic activity in the District or throughout the State.

The District cannot predict or make any representations regarding the effects that natural disasters and related conditions have or may have on the value of taxable property within the District, or to what extent the effects said disasters might have had on economic activity in the District or throughout the State. See also “SECURITY FOR THE BONDS – *Ad Valorem* Taxes – Global Coronavirus Pandemic.”

A State constitutional amendment designated as the California Schools and Local Community Funding Act of 2020, has qualified by initiative for the November 3, 2020 ballot which, if approved by State voters by majority vote, would amend the State Constitution to change to a split roll approach to determine property values for purposes of property taxation. If approved, the State Constitution will be amended to provide for the reassessment to fair market value of certain commercial and industrial real properties every three years, overriding the current two percent limitation on annual assessment increases until a property changes ownership. The resulting increases in property tax revenues would be allocated among local public agencies. The District cannot predict if such initiative will be successful or the impact it might have on assessed values in the District.

Assessed Valuation by Land Use. The following table shows the land use of property in the District, as measured by assessed valuation and the number of parcels for fiscal year 2019-20.

**VACAVILLE UNIFIED SCHOOL DISTRICT

Reassessments and Appeals of Assessed Value

There are general means by which assessed values can be reassessed or appealed that could adversely impact property tax revenues within the District.

Appeals may be based on Proposition 8 of November 1978, which requires that for each January 1 lien date, the taxable value of real property must be the lesser of its base year value, annually adjusted by the inflation factor pursuant to Article XIII A of the State Constitution, or its full cash value, taking into account reductions in value due to damage, destruction, depreciation, obsolescence, removal of property or other factors causing a decline in value. See “CONSTITUTIONAL AND STATUTORY PROVISIONS AFFECTING DISTRICT REVENUES AND APPROPRIATIONS – Article XIII A of the California Constitution” in APPENDIX A.

Under California law, property owners may apply for a Proposition 8 reduction of their property tax assessment by filing a written application, in form prescribed by the State Board of Equalization, with the County board of equalization or assessment appeals board. In most cases, the appeal is filed because the applicant believes that present market conditions (such as residential home prices) cause the property to be worth less than its current assessed value.

Any reduction in the assessment ultimately granted as a result of such appeal applies to the year for which application is made and during which the written application was filed. These reductions are subject to yearly reappraisals and are adjusted back to their original values, adjusted for inflation, when market conditions improve. Once the property has regained its prior value, adjusted for inflation, it once again is subject to the annual inflationary factor growth rate allowed under Article XIII A.

A second type of assessment appeal involves a challenge to the base year value of an assessed property. Appeals for reduction in the base year value of an assessment, if successful, reduce the assessment for the year in which the appeal is taken and prospectively thereafter. The base year is determined by the completion date of new construction or the date of change of ownership. Any base year appeal must be made within four years of the change of ownership or new construction date.

Proposition 8 reductions may also be unilaterally applied by the County Assessor. The District cannot predict the changes in assessed values that might result from pending or future appeals by taxpayers or by reductions initiated by the County Assessor. Any reduction in aggregate District assessed valuation due to appeals, as with any reduction in assessed valuation due to other causes, will cause the tax rate levied to repay the Bonds to increase accordingly, so that the fixed debt service on the Bonds (and other outstanding general obligation bonds, if any) may be paid.

Tax Rates

Below are historical typical tax rates in a typical tax rate area (Tax Rate Area 6-001) within the District for fiscal years 2015-16 through 2019-20.

VACAVILLE UNIFIED SCHOOL DISTRICT

Tax Levies and Delinquencies

The Board of Supervisors of the County has adopted the Alternative Method of Distribution of Tax Levies and Collections and of Tax Sale Proceeds (the “**Teeter Plan**”), as provided for in Section 4701 *et seq.* of the California Revenue and Taxation Code. Under the Teeter Plan, each entity levying property taxes in the County may draw on the amount of uncollected secured taxes credited to its fund, in the same manner as if the amount credited had been collected. The District participates in the Teeter Plan, and thus receives 100% of secured property taxes levied in exchange for foregoing any interest and penalties collected on delinquent taxes. Currently, the County includes the District’s general obligation bond levies in its Teeter Plan.

So long as the Teeter Plan remains in effect and the County continues to include the District in the Teeter Plan, the District’s receipt of revenues with respect to the levy of *ad valorem* property taxes on the secured roll will not be dependent upon actual collections of the *ad valorem* property taxes by the County. However, under the statute creating the Teeter Plan, a Board of Supervisors could under certain circumstances terminate the Teeter Plan in its entirety and, in addition, the Board of Supervisors could terminate the Teeter Plan with respect to the District if the delinquency rate for all *ad valorem* property taxes levied within the District in any year exceeds 3%. In the event that the Teeter Plan were terminated with regard to the secured tax roll, the amount of the levy of *ad valorem* property taxes in the District would depend upon the collections of the *ad valorem* property taxes and delinquency rates experienced with respect to the parcels within the District.

Notwithstanding the County's participation in the Teeter Plan, the following table shows historical secured tax charges and delinquencies in the District.

SECURED TAX CHARGES AND DELINQUENCIES
Fiscal Years 2006-07 through 2018-19
Vacaville Unified School District

<u>Fiscal Year</u>	<u>Secured Tax Charge ⁽¹⁾</u>	<u>Amt. Del. June 30</u>	<u>% Del. June 30</u>

Major Taxpayers

The following table shows the 20 largest taxpayers in the District as determined by their secured assessed valuations in fiscal year 2019-20. The District cannot determine from County assessment records whether individual persons, corporations or other organizations are liable for tax payments with respect to multiple properties held in various names that in aggregate may be larger than is suggested by the table below. A large concentration of ownership in a single individual or entity results in a greater amount of tax collections which are dependent upon that property owner's ability or willingness to pay property taxes.

VACAVILLE UNIFIED SCHOOL DISTRICT Largest 2019-20 Local Secured Taxpayers

Direct and Overlapping Debt

Set forth below is a direct and overlapping debt report (the “**Debt Report**”) prepared by California Municipal Statistics, Inc. for debt issued as of March 1, 2020. The Debt Report is included for general information purposes only. The District has not reviewed the Debt Report for completeness or accuracy and makes no representation in connection therewith.

The Debt Report generally includes long-term obligations sold in the public credit markets by public agencies whose boundaries overlap the boundaries of the District in whole or in part. Such long-term obligations generally are not payable from revenues of the District (except as indicated) nor are they necessarily obligations secured by land within the District. In many cases, long-term obligations issued by a public agency are payable only from the general fund or other revenues of such public agency.

VACAVILLE UNIFIED SCHOOL DISTRICT Statement of Direct and Overlapping Bonded Debt (Debt Issued as of March 1, 2020)

2019-20 Assessed Valuation: \$12,754,647,956

TAX MATTERS

Federal Tax Status. In the opinion of Jones Hall, A Professional Law Corporation, San Francisco, California, Bond Counsel, subject, however to the qualifications set forth below, under existing law, the interest on the Bonds is excluded from gross income for federal income tax purposes and such interest is not an item of tax preference for purposes of the federal alternative minimum tax.

The opinions set forth in the preceding paragraph are subject to the condition that the District comply with all requirements of the Internal Revenue Code of 1986, as amended (the "**Tax Code**") that must be satisfied subsequent to the issuance of the Bonds in order that the interest thereon be. The District has made certain representations and covenants in order to comply with each such requirement. Inaccuracy of those representations, or failure to comply with certain of those covenants, may cause the inclusion of such interest in gross income for federal income tax purposes, which may be retroactive to the date of issuance of the Bonds.

Tax Treatment of Original Issue Discount and Premium. If the initial offering price to the public at which a Bond is sold is less than the amount payable at maturity thereof, then such difference constitutes "original issue discount" for purposes of federal income taxes and State of California personal income taxes. If the initial offering price to the public at which a Bond is sold is greater than the amount payable at maturity thereof, then such difference constitutes "bond premium" for purposes of federal income taxes and State of California personal income taxes.

Under the Tax Code, original issue discount is treated as interest excluded from federal gross income and exempt from State of California personal income taxes to the extent properly allocable to each owner thereof subject to the limitations described in the first paragraph of this section. The original issue discount accrues over the term to maturity of the Bond on the basis of a constant interest rate compounded on each interest or principal payment date (with straight-line interpolations between compounding dates). The amount of original issue discount accruing during each period is added to the adjusted basis of such Bonds to determine taxable gain upon disposition (including sale, redemption, or payment on maturity) of such Bond. The Tax Code contains certain provisions relating to the accrual of original issue discount in the case of purchasers of the Bonds who purchase the Bonds after the initial offering of a substantial amount of such maturity. Owners of such Bonds should consult their own tax advisors with respect to the tax consequences of ownership of Bonds with original issue discount, including the treatment of purchasers who do not purchase in the original offering to the public at the first price at which a substantial amount of such Bonds is sold to the public.

Under the Tax Code, bond premium is amortized on an annual basis over the term of the Bond (said term being the shorter of the Bond's maturity date or its call date). The amount of bond premium amortized each year reduces the adjusted basis of the owner of the Bond for purposes of determining taxable gain or loss upon disposition. The amount of bond premium on a Bond is amortized each year over the term to maturity of the Bond on the basis of a constant interest rate compounded on each interest or principal payment date (with straight-line interpolations between compounding dates). Amortized Bond premium is not deductible for federal income tax purposes. Owners of premium Bonds, including purchasers who do not purchase in the original offering, should consult their own tax advisors with respect to State of California personal income tax and federal income tax consequences of owning such Bonds.

California Tax Status. In the further opinion of Bond Counsel, interest on the Bonds is exempt from California personal income taxes.

Other Tax Considerations. Current and future legislative proposals, if enacted into law, clarification of the Tax Code or court decisions may cause interest on the Bonds to be subject, directly or indirectly, to federal income taxation or to be subject to or exempted from state income taxation, or cause the Bonds to not be “qualified tax-exempt obligations,” or otherwise prevent beneficial owners from realizing the full current benefit of the tax status of such interest. The introduction or enactment of any such legislative proposals, clarification of the Tax Code or court decisions may also affect the market price for, or marketability of, the Bonds. It cannot be predicted whether or in what form any such proposal might be enacted or whether, if enacted, such legislation would apply to bonds issued prior to enactment.

The opinions expressed by Bond Counsel are based upon existing legislation and regulations as interpreted by relevant judicial and regulatory authorities as of the date of such opinion, and Bond Counsel has expressed no opinion with respect to any proposed legislation or as to the tax treatment of interest on the Bonds, or as to the consequences of owning or receiving interest on the Bonds, as of any future date. Prospective purchasers of the Bonds should consult their own tax advisors regarding any pending or proposed federal or state tax legislation, regulations or litigation, as to which Bond Counsel expresses no opinion.

Owners of the Bonds should also be aware that the ownership or disposition of, or the accrual or receipt of interest on, the Bonds may have federal or state tax consequences other than as described above. Other than as expressly described above, Bond Counsel expresses no opinion regarding other federal or state tax consequences arising with respect to the Bonds, the ownership, sale or disposition of the Bonds, or the amount, accrual or receipt of interest on the Bonds.

CERTAIN LEGAL MATTERS

Legality for Investment

Under provisions of the California Financial Code, the Bonds are legal investments for commercial banks in California to the extent that the Bonds, in the informed opinion of the bank, are prudent for the investment of funds of depositors, and under provisions of the California Government Code, the Bonds are eligible to secure deposits of public moneys in California.

Absence of Litigation

No litigation is pending or threatened to restrain the issuance, sale, execution or delivery of the Bonds or in any way concerning the validity or enforceability of the Bonds, and a certificate to that effect will be furnished to purchasers at the time of the original delivery of the Bonds. The District is not aware of any litigation pending or threatened that (i) questions the political existence of the District, (ii) contests the District's ability to receive *ad valorem* taxes or to collect other revenues or (iii) contests the District's ability to issue and retire the Bonds.

The District is routinely subject to lawsuits and claims. In the opinion of the District, the aggregate amount of the uninsured liabilities of the District under these lawsuits and claims will not materially affect the financial position or operations of the District.

Compensation of Certain Professionals

Payment of the fees and expenses of Jones Hall, A Professional Law Corporation, as Bond Counsel and Disclosure Counsel to the District, Kronick, Moskovitz, Tiedemann & Girard, A Professional Corporation, as counsel to the Underwriter, Isom Advisors, a Division of Urban Futures, Inc., as financial advisor to the District, is contingent upon issuance of the Bonds.

CONTINUING DISCLOSURE

The District will execute a Continuing Disclosure Certificate in connection with the issuance of the Bonds in the form attached hereto as APPENDIX E. The District has covenanted therein, for the benefit of holders and beneficial owners of the Bonds to provide certain financial information and operating data relating to the District to the Municipal Securities Rulemaking Board (an “**Annual Report**”) not later than nine months after the end of the District’s fiscal year (which currently is June 30), commencing March 31, 2021 with the report for the 2019-20 Fiscal Year, and to provide notices of the occurrence of certain enumerated events. Such notices will be filed by the District with the Municipal Securities Rulemaking Board. The specific nature of the information to be contained in an Annual Report or the notices of enumerated events is set forth in APPENDIX E. These covenants have been made in order to assist the Underwriter with complying with Securities and Exchange Commission Rule 15c2-12(b)(5) (the “**Rule**”).

The District has existing undertakings pursuant to the Rule in connection with the delivery of prior general obligation bonds. See APPENDIX A under the heading “DISTRICT FINANCIAL INFORMATION - Existing Debt Obligations.”

A review of obligations and filings made in the previous five years has been undertaken, and no instances of material non-compliance have been identified. The District has engaged Isom

Advisors, a Division of Urban Futures, Inc., to serve as dissemination agent with respect to each of its continuing disclosure undertakings, including the undertaking to be entered into for the Bonds.

Neither the County nor any other entity other than the District shall have any obligation or incur any liability whatsoever with respect to the performance of the District's duties regarding continuing disclosure.

RATING

Moody's Investors Service ("**Moody's**") has assigned a rating of "Aa2" to the Bonds. The District has provided certain additional information and materials to Moody's (some of which does not appear in this Official Statement). Such a rating reflects only the view of Moody's, and explanations of the significance of such a rating may be obtained only from Moody's. There is no assurance that any credit rating given to the Bonds will be maintained for any period of time or that the rating may not be lowered or withdrawn entirely by Moody's if, in the rating agency's judgment, circumstances so warrant. Any such downward revision or withdrawal of a rating may have an adverse effect on the market price of the Bonds.

UNDERWRITING

The Bonds are being purchased by Raymond James & Associates, Inc. (the "**Underwriter**"). The Underwriter has agreed to purchase the Bonds at a price of \$78,025,410.10 which is equal to the initial principal amount of the Bonds of \$71,000,000.00, plus original issue premium of \$7,217,110.10, less an Underwriter's discount of \$191,700.00. The purchase contract relating to the Bonds provides that the Underwriter will purchase all of the Bonds (if any are purchased), and provides that the Underwriter's obligation to purchase is subject to certain terms and conditions, including the approval of certain legal matters by counsel.

The Underwriter may offer and sell the Bonds to certain dealers and others at prices lower than the offering prices stated on the inside cover page hereof. The offering prices may be changed by the Underwriter.

ADDITIONAL INFORMATION

The discussions herein about the Bond Resolution and the Continuing Disclosure Certificate are brief outlines of certain provisions thereof. Such outlines do not purport to be complete and for full and complete statements of such provisions reference is made to such documents. Copies of these documents mentioned are available from the Financial Advisor and following delivery of the Bonds will be on file at the offices of the Paying Agent in San Francisco, California.

References are also made herein to certain documents and reports relating to the District; such references are brief summaries and do not purport to be complete or definitive. Copies of such documents are available upon written request to the District.

EXECUTION

Any statements in this Official Statement involving matters of opinion, whether or not expressly so stated, are intended as such and not as representations of fact. This Official Statement is not to be construed as a contract or agreement between the District and the purchasers or Owners of any of the Bonds.

The execution and delivery of this Official Statement have been duly authorized by the District.

VACAVILLE UNIFIED SCHOOL DISTRICT

APPENDIX A

GENERAL AND FINANCIAL INFORMATION FOR THE VACAVILLE UNIFIED SCHOOL DISTRICT

GENERAL DISTRICT INFORMATION

The information in this and other sections concerning the District's operations and operating budget is provided as supplementary information only, and it should not be inferred from the inclusion of this information in this Official Statement that the principal of and interest on the Bonds is payable from the general fund of the District. The Bonds are payable from the proceeds of an ad valorem tax required to be levied by the County in an amount sufficient for the payment thereof. See "SECURITY FOR THE BONDS" in the front half of the Official Statement.

General Information

The Vacaville Unified School District (the "**District**") is a public school district located in Solano County (the "**County**") in the State of California (the "**State**"). The District provides educational services to residents of the City of Vacaville (the "**City**") and certain adjacent unincorporated portions of the County. The District is located approximately 50 miles northeast of San Francisco and 30 miles west of Sacramento. The District operates nine elementary schools (grades K through 6), one of which is a dependent charter school, two middle schools (grades 7 through 8), one independent charter school (grades K through 8), one elementary/middle school (grades K through 8), four high schools (grades 9 through 12), one of which is a dependent charter, and another which is a continuation school and also houses their adult education program, and lastly a dependent charter learning academy (grades K through 12). Total enrollment for the fiscal year 2019-20, which does not include charter school enrollment, is approximately 11,582 students.

See also APPENDIX C hereto for demographic and other statistical information regarding the City and County.

Administration

The District is governed by a seven-member Board of Education (the "**Board**"), each member of which is elected to a four-year term. Elections for positions to the Board are held every two years, alternating between three and four available positions. Current members of the Board, together with their office and the date their term expires, are listed below.

BOARD OF EDUCATION Vacaville Unified School District

Name	Position	Term Expires
Sherie Mahlberg	President	December 2020
John Jansen	Vice President	December 2022
Tracey Stacy	Clerk	December 2020
Shelley Dally	Member	December 2022
Michael Kitzes	Member	December 2020
Michael Silva	Member	December 2022
Shawn Windham	Member	December 2020

Administrative Personnel. The Superintendent of the District, appointed by the Board, is responsible for management of the day-to-day operations and supervises the work of other District administrators. Jane Shamieh serves as the Superintendent of the District and Jennifer Stahlheber serves as Associate Superintendent, Business and Administrative Services.

Recent Enrollment Trends

The following table shows recent enrollment history for the District with projections for fiscal year 2019-20.

**ANNUAL ENROLLMENT
Fiscal Years 2010-11 through 2019-20
Vacaville Unified School District**

School Year	Enrollment	% Change
2010-11	11,539	--
2011-12	11,354	(1.6)%
2012-13	11,414	0.5
2013-14	11,230	(1.6)
2014-15	11,200	(0.3)
2015-16	11,220	0.2
2016-17	11,051	(1.5)
2017-18	11,348	2.7
2018-19	11,433	0.7
2019-20	11,582	1.3

Employee Relations

The District has 683.9 certificated, 437.1 classified, and 86.9 management full-time equivalent positions. Two unions represent District employees. The following table identifies the current status of the contracts with the bargaining units. The District has not experienced any recent work disputes with employees or any work-related disruptions.

**BARGAINING UNITS
Vacaville Unified School District**

DISTRICT FINANCIAL INFORMATION

The information in this and other sections concerning the District's operations and operating budget is provided as supplementary information only, and it should not be inferred from the inclusion of this information in this Official Statement that the principal of and interest on the Bonds is payable from the General Fund of the District. The Bonds are payable from the proceeds of an ad valorem tax required to be levied by the County in an amount sufficient for the payment thereof.

Education Funding Generally

School districts in California receive operating income primarily from two sources: the State funded portion which is derived from the State's general fund, and a locally funded portion, being the district's share of the one percent general *ad valorem* tax levy authorized by the California Constitution. As a result, decreases or deferrals in education funding by the State could significantly affect a school district's revenues and operations.

From 1973-74 to 2012-13, California school districts operated under general purpose revenue limits established by the State Legislature. In general, revenue limits were calculated for each school district by multiplying (1) the average daily attendance ("**ADA**") for such district by (2) a base revenue limit per unit of ADA. The revenue limit calculations were adjusted annually in accordance with a number of factors designated primarily to provide cost of living increases and to equalize revenues among all California school districts of the same type. Funding of the District's revenue limit was provided by a mix of local property taxes and State apportionments of basic and equalization aid. Generally, the State apportionments amounted to the difference between the District's revenue limit and its local property tax revenues. Districts which had local property tax revenues which exceeded its revenue limit entitlement were deemed "Basic Aid Districts" and received full funding from local property tax revenues, and were entitled to keep those tax revenues which exceeded its revenue limit funding entitlement.

The fiscal year 2013-14 State budget package (the "**2013-14 State Budget**") replaced the previous K-12 finance system with a formula known as the Local Control Funding Formula (the "**LCFF**"). Under the LCFF, revenue limits and most state categorical programs were eliminated. School districts instead receive funding based on the demographic profile of the students they serve and gain greater flexibility to use these funds to improve outcomes of students. The LCFF creates funding targets based on student characteristics. For school districts and charter schools, the LCFF funding targets consist of grade span-specific base grants plus supplemental and concentration grants that reflect student demographic factors. The LCFF includes the following components:

- A base grant for each local education agency per unit of ADA, which varies with respect to different grade spans. The base grant is \$2,375 more than the average revenue limit provided prior to LCFF implementation. The base grants will be adjusted upward each year to reflect cost-of-living increases. In addition, grades K-3 and 9-12 are subject to adjustments of 10.4% and 2.6%, respectively, to cover the costs of class size reduction in grades K-3 and the provision of career technical education in grades 9-12.
- A 20% supplemental grant for English learners, students from low-income families and foster youth to reflect increased costs associated with educating those students.

- An additional concentration grant of up to 50% of a local education agency’s base grant, based on the number of English learners, students from low-income families and foster youth served by the local agency that comprise more than 55% of enrollment.
- An economic recovery target to ensure that almost every local education agency receives at least their pre-recession funding level, adjusted for inflation, at full implementation of the LCFF.

The LCFF was implemented for fiscal year 2013-14 and was phased in gradually. Beginning in fiscal year 2013-14, an annual transition adjustment was required to be calculated for each school district, equal to each district’s proportionate share of the appropriations included in the State budget based on the percentage of each district’s students who are low-income, English learners, and foster youth (“**Targeted Students**”), to close the gap between the prior-year funding level and the target allocation at full implementation of LCFF. In each year, districts will have the same proportion of their respective funding gaps closed, with dollar amounts varying depending on the size of a district’s funding gap.

Funding levels used in the LCFF target entitlement calculations, not including any supplemental or concentration grant funding entitlements, for fiscal year 2019-20 are set forth in the following table. Full implementation occurred in fiscal year 2018-19 in connection with adoption of the State Budget for said fiscal year.

**Fiscal Year 2019-20 Base Grant* Under LCFF by Grade Span
(Targeted Entitlement)**

Grade Span	2019-20 Base Grant Per ADA	2018-19 COLA (3.70%)	Grade Span Adjustments (K-3: 10.4%; 9-12: 2.6%)	2019-20 Base Grant/Adjusted Base Grant Per ADA
K-3	\$7,459	\$243	\$801	\$8,503
4-6	7,571	247	n/a	7,818
7-8	7,796	254	n/a	8,050
9-12	9,034	295	243	9,572

*Does not include supplemental and concentration grant funding entitlements.
Source: California Department of Education.

The new legislation included a “hold harmless” provision which provided that a district or charter school would maintain total revenue limit and categorical funding at least equal to its 2012-13 level, unadjusted for changes in ADA or cost of living adjustments.

The LCFF includes an accountability component. Districts are required to increase or improve services for English language learners, low income, and foster youth students in proportion to supplemental and concentration grant funding received. All school districts, county offices of education, and charter schools are required to develop and adopt local control and accountability plans, which identify local goals in areas that are priorities for the State, including pupil achievement, parent engagement, and school climate.

County superintendents review and provide support to the districts under their jurisdiction, and the Superintendent of Public Instruction performs a corresponding role for county offices of education. In addition, the 2013-14 State Budget created the California Collaborative for

Education Excellence to advise and assist school districts, county offices of education, and charter schools in achieving the goals identified in their plans. Under the LCFF and related legislation, the State will continue to measure student achievement through statewide assessments, produce an index for schools and subgroups of students, determine the contents of the school accountability report card, and establish policies to implement the federal accountability system.

District Accounting Practices

The accounting practices of the District conform to generally accepted accounting principles in accordance with policies and procedures of the California School Accounting Manual. This manual, according to Section 41010 of the California Education Code, is to be followed by all California school districts.

District accounting is organized on the basis of funds, with each group consisting of a separate accounting entity. The major fund classification is the general fund which accounts for all financial resources not requiring a special fund placement. The District's fiscal year begins on July 1 and ends on June 30. For more information on the District's basis of accounting and fund accounting, see Note 1 of APPENDIX B to the Official Statement.

District expenditures are accrued at the end of the fiscal year to reflect the receipt of goods and services in that year. Revenues generally are recorded on a cash basis, except for items that are susceptible to accrual (measurable and/or available to finance operations). Current taxes are considered susceptible to accrual. Revenues from specific state and federally funded projects are recognized when qualified expenditures have been incurred. State block grant apportionments are accrued to the extent that they are measurable and predictable. The State Department of Education sends the District updated information from time to time explaining the acceptable accounting treatment of revenue and expenditure categories.

The Governmental Accounting Standards Board (“**GASB**”) published its Statement No. 34 “Basic Financial Statements – and Management’s Discussion and Analysis – for State and Local Governments” on June 30, 1999. Statement No. 34 provides guidelines to auditors, state and local governments and special purpose governments such as school districts and public utilities, on new requirements for financial reporting for all governmental agencies in the United States. Generally, the basic financial statements and required supplementary information should include (i) Management’s Discussion and Analysis; (ii) financial statements prepared using the economic measurement focus and the accrual basis of accounting, (iii) fund financial statements prepared using the current financial resources measurement focus and the modified accrual method of accounting and (iv) required supplementary information.

District Accounting Practices

The accounting practices of the District conform to generally accepted accounting principles in accordance with policies and procedures of the California School Accounting Manual. This manual, according to Section 41010 of the California Education Code, is to be followed by all California school districts.

District accounting is organized on the basis of fund groups, with each group consisting of a separate set of self-balancing accounts containing assets, liabilities, fund balances, revenues and expenditures. The major fund classification is the general fund which accounts for all financial

resources not requiring a special fund placement. The District's fiscal year begins on July 1 and ends on June 30.

District expenditures are accrued at the end of the fiscal year to reflect the receipt of goods and services in that year. Revenues generally are recorded on a cash basis, except for items that are susceptible to accrual (measurable and/or available to finance operations). Current taxes are considered susceptible to accrual. Revenues from specific state and federally funded projects are recognized when qualified expenditures have been incurred. State block grant apportionments are accrued to the extent that they are measurable and predictable. The State Department of Education sends the District updated information from time to time explaining the acceptable accounting treatment of revenue and expenditure categories.

The Governmental Accounting Standards Board (“**GASB**”) published its Statement No. 34 “Basic Financial Statements – and Management’s Discussion and Analysis – for State and Local Governments” on June 30, 1999. Statement No. 34 provides guidelines to auditors, state and local governments and special purpose governments such as school districts and public utilities, on new requirements for financial reporting for all governmental agencies in the United States. Generally, the basic financial statements and required supplementary information should include (i) Management’s Discussion and Analysis; (ii) financial statements prepared using the economic measurement focus and the accrual basis of accounting, (iii) fund financial statements prepared using the current financial resources measurement focus and the modified accrual method of accounting and (iv) required supplementary information.

Financial Statements

General. The District's general fund finances the legally authorized activities of the District for which restricted funds are not provided. General fund revenues are derived from such sources as State school fund apportionments, taxes, use of money and property, and aid from other governmental agencies. The District's June 30, 2019 Audited Financial Statements were prepared by James Marta & Company LLP, Sacramento, California and are attached hereto as APPENDIX B (the “Auditor”). Audited financial statements are on file with the District and available for public inspection at the Office of the Director of Fiscal Services, Vacaville Unified School District, 401 Nut Tree Road, Vacaville, California 95687; phone (707) 453-6177. The District has not requested, and the auditor has not provided, any review or update of such Financial Statements in connection with inclusion in this Official Statement. Copies of such financial statements will be mailed to prospective investors and their representatives upon written request to the District. This District may impose a charge for copying, mailing and handling.

General Fund Revenues, Expenditures and Changes in Fund Balance. The following table shows the audited income and expense statements for the District for fiscal years 2014-15 through 2018-19.

District Budget and Interim Financial Reporting

Budgeting and Interim Reporting Procedures. State law requires school districts to maintain a balanced budget in each fiscal year. The State Department of Education imposes a uniform budgeting and accounting format for school districts.

Under current law, a school district governing board must adopt and file with the county superintendent of schools a tentative budget by July 1 in each fiscal year. The District is under the jurisdiction of the Solano County Superintendent of Schools (the "**County Superintendent**").

The County Superintendent must review and approve or disapprove the budget no later than August 15. The County Superintendent is required to examine the adopted budget for compliance with the standards and criteria adopted by the State Board of Education and identify technical corrections necessary to bring the budget into compliance with the established standards. If the budget is disapproved, it is returned to the District with recommendations for revision. The District is then required to revise the budget, hold a public hearing thereon, adopt the revised budget and file it with the County Superintendent no later than September 8. Pursuant to State law, the County Superintendent has available various remedies by which to impose and enforce a budget that complies with State criteria, depending on the circumstances, if a budget is disapproved. After approval of an adopted budget, the school district's administration may submit budget revisions for governing board approval.

Subsequent to approval, the County Superintendent will monitor each district under its jurisdiction throughout the fiscal year pursuant to its adopted budget to determine on an ongoing basis if the district can meet its current or subsequent year financial obligations. If the County Superintendent determines that a district cannot meet its current or subsequent year obligations, the County Superintendent will notify the district's governing board of the determination and may then do either or both of the following: (a) assign a fiscal advisor to enable the district to meet those obligations or (b) if a study and recommendations are made and a district fails to take appropriate action to meet its financial obligations, the County Superintendent will so notify the State Superintendent of Public Instruction, and then may do any or all of the following for the remainder of the fiscal year: (i) request additional information regarding the district's budget and operations; (ii) after also consulting with the district's board, develop and impose revisions to the budget that will enable the district to meet its financial obligations; and (iii) stay or rescind any action inconsistent with such revisions. However, the County Superintendent may not abrogate any provision of a collective bargaining agreement that was entered into prior to the date upon which the County Superintendent assumed authority.

A State law adopted in 1991 ("**A.B. 1200**") imposed additional financial reporting requirements on school districts, and established guidelines for emergency State aid apportionments. Under the provisions of A.B. 1200, each school district is required to file interim certifications with the County Superintendent (on December 15, for the period ended October 31, and by mid-March for the period ended January 31) as to its ability to meet its financial obligations for the remainder of the then-current fiscal year and, based on current forecasts, for the subsequent fiscal year. The County Superintendent reviews the certification and issues either a positive, negative or qualified certification. A positive certification is assigned to any school district that will meet its financial obligations for the current fiscal year and subsequent two fiscal years. A negative certification is assigned to any school district that is deemed unable to meet its financial obligations for the remainder of the current fiscal year or the subsequent fiscal year. A qualified

certification is assigned to any school district that may not meet its financial obligations for the current fiscal year or two subsequent fiscal years.

Under California law, any school district and office of education that has a qualified or negative certification in any fiscal year may not issue, in that fiscal year or in the next succeeding fiscal year, certificates of participation, tax anticipation notes, revenue bonds or any other debt instruments that do not require the approval of the voters of the district, unless the applicable county superintendent of schools determines that the district's repayment of indebtedness is probable.

District's Budget Approval/Disapproval and Certification History. The District has not received any qualified or negative certifications of its financial reports in the past five years, nor have any of its budgets been disapproved. The District's most recently reviewed interim report, the second interim for fiscal year 2019-20, received a positive certification from the Board.

Copies of the District's budget, interim reports and certifications may be obtained upon request from the District Office at Vacaville Unified School District, 401 Nut Tree Road, Vacaville, California 95687; telephone (707) 453-6177. The District may impose charges for copying, mailing and handling.

District's General Fund. The following table shows the general fund figures for the District for fiscal year 2019-20 (adopted budget and second interim projections).

District Reserves. The District's ending fund balance is the accumulation of surpluses from prior years. This fund balance is used to meet the State's minimum required reserve of 3% of expenditures, plus any other allocation or reserve which might be approved as an expenditure by the District in the future. The District maintains an unrestricted reserve which meets the State's minimum requirements.

In connection with legislation adopted in connection with the State's fiscal year 2014-15 Budget ("SB 858"), the Education Code was amended to provide that, beginning in fiscal year 2015-16, if a district's proposed budget includes a local reserve above the minimum recommended level, the governing board must provide the information for review at the annual public hearing on its proposed budget. In addition, SB 858 included a provision, which became effective upon the passage of Proposition 2 at the November 4, 2014 statewide election, which limits the amount of reserves which may be maintained at the District level. Specifically, the

legislation, among other things, enacted Education Code Section 42127.01, which became operative December 15, 2014, and provides that in any fiscal year immediately after a fiscal year in which a transfer is made to the State’s Public School System Stabilization Account (the Proposition 98 reserve), a school district may not adopt a budget that contains a reserve for economic uncertainties in excess of twice the applicable minimum recommended reserve for economic uncertainties established by the State Board (for school districts with ADA over 400,000, the limit is three times the amount). Exemptions can be granted by the County Superintendent under certain circumstances.

On October 11, 2017, the Governor signed new legislation (“**SB 751**”) amending Section 42127.01 of the Education Code, effective January 1, 2018. SB 751 raises the reserve cap established under SB 858 to no more than 10% of a school district’s combined assigned or unassigned ending general fund balance and provides that the reserve cap will be triggered only if there is a minimum balance of 3% of the Proposition 98 reserve. Basic aid school districts and small districts with 2,500 or fewer ADA are exempt from the reserve cap.

Attendance - Revenue Limit and LCFF Funding

As described herein, prior to fiscal year 2013-14, school districts in California derived most State funding based on a formula which considered a revenue limit per unit of average daily attendance (“**ADA**”). With the implementation of the LCFF, commencing in fiscal year 2013-14, school districts receive base funding based on ADA, and may also be entitled to supplemental funding, concentration grants and funding based on an economic recovery target. The following table sets forth LCFF funding for the District for fiscal years 2013-14 through 2019-20 (Budgeted).

**AVERAGE DAILY ATTENDANCE AND STATE FUNDING UNDER LCFF
Fiscal Years 2013-14 and 2019-20
Vacaville Unified School District**

Fiscal Year	ADA	LCFF Entitlement Per ADA
2013-14	10,773	\$6,501
2014-15	10,694	7,206
2015-16	10,695	8,006
2016-17	10,491	8,696
2017-18	10,850	8,591
2018-19	10,926	9,281
2019-20 ⁽¹⁾	11,039	9,620

⁽¹⁾ Second Interim Projection.

 Vacaville Unified School District 2018-19 and 2019-20.

District's Unduplicated Student Count. Under LCFF, school districts are entitled to supplemental funding based on the unduplicated count of targeted students. The District's percentage of unduplicated students is approximately 44% for purposes of calculating supplemental and concentration grant funding under LCFF.

Possible Impacts of Coronavirus. As described herein, the short-term and long-term impact of the Coronavirus on the District's attendance, revenues and local property values cannot be predicted. The Bonds described in this Official Statement are secured by *ad valorem* property taxes, and not the District's general fund. See "SECURITY FOR THE BONDS – *Ad Valorem* Taxes –Global Coronavirus Pandemic."

Revenue Sources

The District categorizes its general fund revenues into four sources, being LCFF, Federal Revenues, Other State Revenues and Local Revenues. Each of these revenue sources is described below.

LCFF Sources. District funding is provided by a mix of (1) local property taxes and (2) State apportionments of funding under the LCFF. Generally, the State apportionments will amount to the difference between the District's LCFF funding entitlement and its local property tax revenues.

Beginning in 1978-79, Proposition 13 and its implementing legislation provided for each county to levy (except for levies to support prior voter-approved indebtedness) and collect all property taxes, and prescribed how levies on county-wide property values are to be shared with local taxing entities within each county.

The principal component of local revenues is the school district's property tax revenues, i.e., the district's share of the local 1% property tax, received pursuant to Sections 75 and following and Sections 95 and following of the California Revenue and Taxation Code. Education Code Section 42238(h) itemizes the local revenues that are counted towards the base revenue limit before calculating how much the State must provide in equalization aid. Historically, the more local property taxes a district received, the less State equalization aid it is entitled to.

Federal Revenues. The federal government provides funding for several District programs, including special education programs, programs under the Every Student Succeeds Act, the Individuals With Disabilities Education Act, and specialized programs such as Drug Free Schools.

Other State Revenues. As discussed above, the District receives State apportionment of basic and equalization aid in an amount equal to the difference between the District's revenue limit and its property tax revenues. In addition to such apportionment revenue, the District receives other State revenues.

The District receives State aid from the California State Lottery (the "**Lottery**"), which was established by a constitutional amendment approved in the November 1984 general election. Lottery revenues must be used for the education of students and cannot be used for non-instructional purposes such as real property acquisition, facility construction, or the financing of research. Moreover, State Proposition 20 approved in March 2000 requires that 50% of the increase in Lottery revenues over 1997-98 levels must be restricted to use on instruction material.

For additional discussion of State aid to school districts, see “-State Funding of Education.”

Other Local Revenues. In addition to local property taxes, the District receives additional local revenues from items such as interest earnings and other local sources, including a voter-approved parcel tax.

District Retirement Programs

Qualified employees of the District are covered under multiple-employer defined benefit pension plans maintained by agencies of the State. Certificated employees are members of the State Teachers’ Retirement System (“**STRS**”) and classified employees are members of the Public Employees’ Retirement System (“**PERS**”). Both STRS and PERS are operated on a Statewide basis. *The information set forth below regarding the STRS and PERS programs, other than the information provided by the District regarding its annual contributions thereto, has been obtained from publicly available sources which are believed to be reliable but are not guaranteed as to accuracy or completeness, and should not to be construed as a representation by either the District or the Underwriter.*

STRS. All full-time certificated employees participate in STRS, a cost-sharing, multiple-employer contributory public employee retirement system. STRS provides retirement, disability and survivor benefits to plan members and beneficiaries under a defined benefit program. Benefit provisions and contribution amounts are established by State statutes, as legislatively amended. The program is funded through a combination of investment earnings and statutorily set contributions from three sources: employees, employers and the State. The District’s employer contributions to STRS for recent fiscal years are set forth in the following table.

**STRS EMPLOYER CONTRIBUTIONS
Fiscal Years 2013-14 through 2019-20
Vacaville Unified School District**

Fiscal Year	Amount
2013-14	\$3,721,863
2014-15	4,138,203
2015-16	5,289,513
2016-17	9,776,396
2017-18	11,869,721
2018-19	17,437,911
2019-20 ⁽¹⁾	13,235,084

(1) Second Interim Projection.
Source: Vacaville Unified School District.

Historically, employee, employer and State contribution rates did not vary annually to account for funding shortfalls or surpluses in the STRS plan. In recent years, the combination of investment earnings and statutory contributions were not sufficient to pay actuarially required amounts. As a result, the STRS defined benefit program showed an estimated unfunded actuarial liability of approximately \$107.2 billion as of June 30, 2018 (the date of the last actuarial valuation). In connection with the State’s adoption of its fiscal year 2014-15 Budget, the Governor signed into law Assembly Bill 1469 (“**AB 1469**”), which represents a legislative effort to address the unfunded liabilities of the STRS pension plan. AB 1469 addressed the funding gap by increasing contributions by employees, employers and the State. In particular, employer contribution rates

are scheduled to increase through at least fiscal year 2020-21, from a contribution rate of 8.88% in fiscal year 2013-14 to 19.1% in fiscal year 2020-21. Thereafter, employer contribution rates will be determined by the STRS board to reflect the contribution required to eliminate unfunded liabilities by June 30, 2046.

The District's employer contribution rates for fiscal years 2015-16 through 2018-19 were 10.73%, 12.58%, 14.43% and 16.28%, respectively. Projected employer contribution rates for school districts (including the District) for fiscal year 2019-20 through fiscal year 2022-23 are set forth in the following table.

**EMPLOYER CONTRIBUTION RATES (STRS)
Fiscal Years 2019-20 through 2022-23**

Fiscal Year	Employer Contribution Rate⁽¹⁾
2019-20	17.10%
2020-21	18.40
2021-22	18.60
2022-23	18.10

(1) Expressed as a percentage of covered payroll.
Source: AB 1469

PERS. All full-time and some part-time classified employees participate in PERS, an agent multiple-employer contributory public employee retirement system that acts as a common investment and administrative agent for participating public entities within the State. PERS provides retirement, disability, and death benefits to plan members and beneficiaries. The District is part of a cost-sharing pool within PERS known as the "Schools Pool." Benefit provisions are established by State statutes, as legislatively amended. Contributions to PERS are made by employers and employees. Each fiscal year, the District is required to contribute an amount based on an actuarially determined employer rate. The District's employer contributions to PERS for recent fiscal years are set forth in the following table.

**PERS EMPLOYER CONTRIBUTIONS
Fiscal Years 2013-14 through 2019-20
Vacaville Unified School District**

Fiscal Year	Amount
2013-14	\$1,592,409
2014-15	1,756,650
2015-16	2,053,009
2016-17	2,608,872
2017-18	3,112,211
2018-19	5,063,379
2019-20 ⁽¹⁾	4,008,584

(1) Second Interim Projection.
Source: Vacaville Unified School District.

Like the STRS program, the PERS program has maintained an unfunded liability in recent years. The PERS unfunded liability, on a market value of assets basis, was approximately \$27.2 billion as of June 30, 2018 (the date of the last actuarial valuation). To address such unfunded liability, the PERS board has taken a number of actions. In April 2013, for example, the PERS

board approved changes to the PERS amortization and smoothing policy intended to reduce volatility in employer contribution rates. In addition, in April 2014, PERS set new contribution rates, reflecting new demographic assumptions and other changes in actuarial assumptions. In November 2015, PERS adopted a funding risk mitigation policy intended to incrementally lower its discount rate (its assumed rate of investment return) in years of good investment returns, help pay down the pension fund's unfunded liability, and provide greater predictability and less volatility in contribution rates for employers. In December 2016, PERS voted to lower its discount rate from the current 7.5% to 7.0% over the next three years according to the following schedule.

**PERS Discount Rate
Fiscal Years 2018-19 through 2020-21**

Fiscal Year	Amount
2018-19	7.375%
2019-20	7.250
2020-21	7.000

Source: PERS.

The new rates and underlying assumptions, which are aimed at eliminating the unfunded liability of PERS in approximately 30 years, will be implemented for school districts beginning in fiscal year 2016-17, with the costs spread over 20 years and the increases phased in over the first five years.

The District's employer contribution rates for fiscal years 2015-16, 2016-17, 2017-18, and 2018-19 were 11.847%, 13.888%, 15.531%, and 18.062% respectively. Projected employer contribution rates for school districts (including the District) for fiscal year 2019-20 through fiscal year 2022-23 are set forth in the following table.

**EMPLOYER CONTRIBUTION RATES (PERS)
Fiscal Years 2019-20 through 2022-23⁽¹⁾**

Fiscal Year	Employer Contribution Rate ⁽²⁾
2019-20	19.721%
2020-21	22.900
2021-22	24.600
2022-23	25.300

(1) The PERS board is expected to approve official employer contribution rates for each fiscal year shown during the immediately preceding fiscal year.

(2) Expressed as a percentage of covered payroll.

Source: PERS

California Public Employees' Pension Reform Act of 2013. On September 12, 2012, the Governor signed into law the California Public Employees' Pension Reform Act of 2013 ("PEPRA"), which impacted various aspects of public retirement systems in the State, including the STRS and PERS programs. In general, PEPRA (i) increased the retirement age for public employees depending on job function, (ii) capped the annual pension benefit payouts for public employees hired after January 1, 2013, (iii) required public employees hired after January 1, 2013 to pay at least 50% of the costs of their pension benefits (as described in more detail below), (iv) required final compensation for public employees hired after January 1, 2013 to be determined

based on the highest average annual pensionable compensation earned over a period of at least 36 consecutive months, and (v) attempted to address other perceived abuses in the public retirement systems in the State. PEPRA applies to all public employee retirement systems in the State, *except* the retirement systems of the University of California, and charter cities and charter counties whose pension plans are not governed by State law. PEPRA's provisions went into effect on January 1, 2013 with respect to new State, school, and city and local agency employees hired on or after that date; existing employees who are members of employee associations, including employee associations of the District, have a five-year window to negotiate compliance with PEPRA through collective bargaining.

PERS has predicted that the impact of PEPRA on employees and employers, including the District and other employers in the PERS system, will vary, based on each employer's current level of benefits. As a result of the implementation of PEPRA, new members must pay at least 50% of the normal costs of the plan, which can fluctuate from year to year. To the extent that the new formulas lower retirement benefits, employer contribution rates could decrease over time as current employees retire and employees subject to the new formulas make up a larger percentage of the workforce. This change would, in some circumstances, result in a lower retirement benefit for employees than they currently earn.

With respect to the STRS pension program, employees hired after January 1, 2013 will pay the greater of either (1) fifty percent of the normal cost of their retirement plan, rounded to the nearest one-quarter percent, or (2) the contribution rate paid by then-current members (i.e., employees in the STRS plan as of January 1, 2013). The member contribution rate could be increased from this level through collective bargaining or may be adjusted based on other factors. Employers will pay at least the normal cost rate, after subtracting the member's contribution.

The District is unable to predict the amount of future contributions it will have to make to PERS and STRS as a result of the implementation of PEPRA, and as a result of negotiations with its employee associations, or, notwithstanding the adoption of PEPRA, resulting from any legislative changes regarding the PERS and STRS employer contributions that may be adopted in the future.

Coronavirus Impacts: Recent investment losses in the PERS and STRS portfolios as a result of the general market downturn caused by the Coronavirus outbreak may result in increases in the District's required contributions in future years. The District cannot predict the level of such increases, if any.

Additional Information. Additional information regarding the District's retirement programs is available in Note 6 to the District's audited financial statements attached hereto to the Official Statement as APPENDIX B. In addition, both STRS and PERS issue separate comprehensive financial reports that include financial statements and required supplemental information. Copies of such reports may be obtained from STRS and PERS, respectively, as follows: (i) STRS, P.O. Box 15275, Sacramento, California 95851-0275; and (ii) PERS, 400 Q Street, Sacramento, California 95811. More information regarding STRS and PERS can also be obtained at their websites, www.calstrs.com and www.calpers.ca.gov, respectively. *The references to these Internet websites are shown for reference and convenience only and the information contained on such websites is not incorporated by reference into this Official Statement. The information contained on these websites may not be current and has not been reviewed by the District or the Underwriter for accuracy or completeness.*

Other Post-Employment Retirement Benefits

Plan Description. The District provides post-employment health care benefits to eligible retired employees who are at least age 50 and have at least 18 years of service with the District and obtain medical insurance coverage in a District plan. For nine of the 18 years of service, the employee must have been qualified for benefits. The health care benefit is payable until the earlier of the death of the retiree or 7 years following date of commencement. Membership of the Plan as of June 30, 2017 was 418 retirees, and 19 spouses of retirees currently receiving benefits and 1,083 active plan members.

Actuarial Assumptions and Other Inputs. The District's OPEB liability was measured as of June 30, 2019 and was determined by an actuarial valuation as of July 1, 2017 using an inflation rate of 2.75%, and healthcare cost trend rates under 65 years at 1.50% to 4.25%, and over 65 years at 1.00% to 4.50%. The entry age normal actuarial cost method was used.

Discount rate. The discount rate used to measure total OPEB liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that contributions from school districts and county offices will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected OPEB payments for current active and inactive employees. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

Changes in OPEB Liability of the District. The changes in OPEB liability of the District as of June 30, 2019, is shown in the following table:

CHANGES IN TOTAL OPEB LIABILITY Vacaville Unified School District

Balance at June 30, 2018	\$33,603,814
Changes for the year	
Service Cost	1,121,539
Interest	2,285,194
Benefit payments	<u>(1,770,136)</u>
Net changes	1,636,597
Balance at June 30, 2019	\$35,240,411

Source: Vacaville Unified School District.

OPEB Expense. For the year ended June 30, 2019, the District recognized an OPEB expense of \$197,537. For additional information about the District's other postemployment benefits, see Note 7 of the District's audited financial statements for fiscal year ended June 30, 2019, attached to the Official Statement as APPENDIX B.

Insurance-Joint Powers Agreements

The District is a member with other school districts in a joint powers authority ("JPA"), North Bay Schools Insurance Authority, for the operation of a common risk management and insurance program for property and liability coverage. Settled claims resulting from these risks have not exceeded insurance coverage in any of the past three years. The relationship between

the District and the JPA is such that the JPA is not a component unit of the District for financial reporting purposes.

Existing Debt Obligations

General Obligation Bonds. The District has general obligation bonds secured by *ad valorem* taxes levied and collected within the District, on a parity basis with the Bonds, as described below. The following table shows the outstanding principal amount of general obligation bonded debt of the District as of March 1, 2020.

Summary of Outstanding General Obligation Bond Indebtedness Vacaville Unified School District

Issue Date	Issue Name	Original Principal Amount	Outstanding Principal as of 3/1/2020
05/20/2014	2014 General Obligation Refunding Bonds	\$22,950,000	\$17,900,000
01/06/2015	2014 General Obligation Refunding Bonds, Series B	33,910,000	33,230,000
05/05/2015	2014 General Obligation Refunding Bonds, Series C (Forward Delivery)	20,370,000	15,740,000
08/13/2015	General Obligation Bonds, Election of 2014, Series A	40,000,000	24,320,000
05/10/2017	General Obligation Bonds, Election of 2014, Series B	38,000,000	34,605,000
01/29/2019	General Obligation Bonds, Election of 2014, Series C	45,000,000	45,000,000
Total		\$200,230,000	\$170,795,000

Certificates of Participation. On May 14, 2015, the District issued its \$15,890,000 Certificates of Participation (the “2015 COPs”), currently outstanding in the aggregate principal amount of \$15,890,000, with principal payments due December 1, 2020 through December 1, 2036. Debt service payments on the 2015 COPs are payable from monies in the District’s general fund.

Investment of District Funds

In accordance with Government Code Section 53600 *et seq.*, the Solano County Treasurer manages funds deposited with it by the District. The County is required to invest such funds in accordance with California Government Code Sections 53601 *et seq.* In addition, counties are required to establish their own investment policies which may impose limitations beyond those required by the Government Code.

Effect of State Budget on Revenues

Public school districts in California are dependent on revenues from the State for a large portion of their operating budgets. California school districts generally receive the majority of their operating revenues from various State sources. The primary source of funding for school districts is LCFF funding, which is derived from a combination of State funds and local property taxes (see “—State Funding of Education – Revenue Limits” above). State funds typically make up the majority of a district’s LCFF funding. School districts also receive funding from the State for some specialized programs such as special education.

The availability of State funds for public education is a function of constitutional provisions affecting school district revenues and expenditures (see “CONSTITUTIONAL AND STATUTORY PROVISIONS AFFECTING DISTRICT REVENUES AND APPROPRIATIONS” below), the condition of the State economy (which affects total revenue available to the State general fund), and the annual State budget process. The District cannot predict how education funding may further be changed in the future, or the state of the economy which in turn can impact the amounts of funds available from the State for education funding. See “STATE FUNDING OF EDUCATION; RECENT STATE BUDGETS” on the following page.

STATE FUNDING OF EDUCATION; RECENT STATE BUDGETS

State Funding of Education

General. The State requires that from all State revenues there first shall be set apart the moneys to be applied for support of the public school system and public institutions of higher education. School districts in California receive operating income primarily from two sources: (1) the State funded portion which is derived from the State’s general fund, and (2) a locally funded portion, being a district’s share of the 1% general *ad valorem* tax levy authorized by the California Constitution (see “DISTRICT FINANCIAL INFORMATION – Education Funding Generally” above). School districts in California are dependent on revenues from the State for a large portion of their operating budgets. California school districts receive an average of about 55% of their operating revenues from various State sources.

The availability of State funds for public education is a function of constitutional provisions affecting school district revenues and expenditures (see “CONSTITUTIONAL AND STATUTORY PROVISIONS AFFECTING DISTRICT REVENUES AND APPROPRIATIONS” below), the condition of the State economy (which affects total revenue available to the State general fund), and the annual State budget process. Decreases in State revenues may significantly affect appropriations made by the legislature to school districts.

The following information concerning the State’s budgets for the current and most recent preceding years has been compiled from publicly-available information provided by the State. None of the District, the Purchaser or the County is responsible for the information relating to the State’s budgets provided in this section. Further information is available from the Public Finance Division of the State Treasurer’s Office.

The Budget Process. The State’s fiscal year begins on July 1 and ends on June 30. The annual budget is proposed by the Governor by January 10 of each year for the next fiscal year (the “**Governor’s Budget**”). Under State law, the annual proposed Governor’s Budget cannot provide for projected expenditures in excess of projected revenues and balances available from prior fiscal years. Following the submission of the Governor’s Budget, the Legislature takes up the proposal.

Under the State Constitution, money may be drawn from the State Treasury only through an appropriation made by law. The primary source of the annual expenditure authorizations is the Budget Act as approved by the Legislature and signed by the Governor. The Budget Act must be approved by a majority vote of each house of the Legislature. The Governor may reduce or eliminate specific line items in the Budget Act or any other appropriations bill without vetoing the entire bill. Such individual line-item vetoes are subject to override by a two-thirds majority vote of each house of the Legislature.

Appropriations also may be included in legislation other than the Budget Act. Bills containing appropriations (including for K-14 education) must be approved by a majority vote in each House of the Legislature, unless such appropriations require tax increases, in which case they must be approved by a two-thirds vote of each house of the Legislature, and be signed by the Governor. Continuing appropriations, available without regard to fiscal year, may also be provided by statute or the State Constitution.

Funds necessary to meet an appropriation need not be in the State Treasury at the time such appropriation is enacted; revenues may be appropriated in anticipation of their receipt.

Recent State Budgets

Certain information about the State budgeting process and the State budget is available through several State of California sources. A convenient source of information is the State's website, where recent official statements for State bonds are posted. *The references to internet websites shown below are shown for reference and convenience only, the information contained within the websites may not be current and has not been reviewed by the District and is not incorporated herein by reference.*

- The California State Treasurer internet home page at www.treasurer.ca.gov, under the heading "Bond Information", posts various State of California Official Statements, many of which contain a summary of the current State budget, past State budgets, and the impact of those budgets on school districts in the State.
- The California State Treasurer's Office Internet home page at www.treasurer.ca.gov, under the heading "Financial Information", posts the State's audited financial statements. In addition, the Financial Information section includes the State's Rule 15c2-12 filings for State bond issues. The Financial Information section also includes the Overview of the State Economy and Government, State Finances, State Indebtedness, Litigation from the State's most current Official Statement, which discusses the State budget and its impact on school districts.
- The California Department of Finance's Internet home page at www.dof.ca.gov, under the heading "California Budget", includes the text of proposed and adopted State budgets.
- The State Legislative Analyst's Office (the "**LAO**") prepares analyses of the proposed and adopted State budgets. The analyses are accessible on the Legislative Analyst's Internet home page at www.lao.ca.gov under the heading "Subject Area – Budget (State)".

Prior Years' Budgeting Techniques. Declining revenues and fiscal difficulties which arose in the State commencing in fiscal year 2008-09 led the State to undertake a number of budgeting strategies, which had subsequent impacts on local agencies within the State. These techniques included the issuance of IOUs in lieu of warrants (checks), the enactment of statutes deferring amounts owed to public schools, until a later date in the fiscal year, or even into the following fiscal year (known as statutory deferrals), trigger reductions, which were budget cutting measures which were implemented or could have been implemented if certain State budgeting

goals were not met, among others, and the dissolution of local redevelopment agencies in part to make available additional funding for local agencies. Although the fiscal year 2018-19 State budget is balanced and projects a balanced budget for the foreseeable future, largely attributable to the additional revenues generated due to the passage of Proposition 55 at the November 8, 2016 statewide election, there can be no certainty that budget-cutting strategies such as those used in recent years will not be used in the future should the State budget again be stressed and if projections included in such budget do not materialize.

2013-14 State Budget: Significant Change in Education Funding. As described previously herein, the 2013-14 State Budget and its related implementing legislation enacted significant reforms to the State's system of K-12 education finance with the enactment of the LCFF. Significant reforms such as the LCFF and other changes in law may have significant impacts on the District's finances.

2019-20 State Budget

On June 27, 2019, the Governor signed the 2019-20 State budget (the "**2019-20 State Budget**") into law. The 2019-20 State Budget calls for total spending of \$214.8 billion, with \$147.8 billion in general fund spending. The 2019-20 State Budget provides for \$81.1 billion of funding through Proposition 98, the primary source of funding for K-12 school districts and community college districts, an increase of \$2.7 billion, or 3.4%, from the 2018-19 State budget. Of that \$81.1 billion, \$62.9 billion will be distributed to K-12 school districts through the LCFF, which will be fully funded during fiscal year 2019-20, restoring every school district in the State to at least pre-recession funding levels.

The 2019-20 State Budget continues to build State reserves, with the rainy-day fund balance projected to grow to \$16.5 billion by the end of the budget year. Additionally, revenues have been set aside in new savings funds, including a \$900 million reserve for safety net programs. Other significant features of the 2019-20 State Budget include:

- \$1.5 billion anticipated in Proposition 51 bond funds for school facilities and an additional \$1.2 million of ongoing Proposition 51 bond funds;
- \$5 million one-time funding for a long-term strategic plan to provide childcare and preschool for children from birth through age twelve;
- \$300 million one-time funding to construct new or retrofit existing facilities to support full-day kindergarten programs;
- \$645.3 million ongoing funding for special education, including \$152.6 million to provide all Special Education Local Plan Areas with at least the statewide target rate for base special education funding.
- \$147.4 million one-time and ongoing funding to address the shortage of teachers;
- \$918 million in additional funding to identify and implement recommendations and solutions to reduce wildfire risk, bolster the state's emergency preparedness capacity and protect vulnerable communities;

- \$518,000 one-time funding to reimburse cities, counties and special districts for 2018-2019 property tax losses and a corresponding \$530,000 that will be used to backfill property tax revenue losses for K-14 schools in those cities, counties and districts;
- \$460 million one-time general funding to increase the quality and availability of child care, including \$263 million for child care and preschool facilities expansion and \$195 million for childcare and preschool workforce development;
- one-time funding of \$750 million to support local governments in increasing and accelerating housing production; and
- one-time funding of \$650 million to support local governments in addressing homelessness, to be used for emergency shelters and navigation centers, rapid rehousing, permanent supportive housing, job programs and hotel/motel conversions.

2020-21 Proposed State Budget

On January 10, 2020, the Governor released the proposed State budget for fiscal year 2020-21 (the “**2020-21 Proposed State Budget**”), noting that while economic expansion is occurring, there are growing risks facing the State, including risks caused by climate change and uncertainty regarding the political climate and federal policies. The 2020-21 Proposed State Budget projects general fund revenues in fiscal year 2020-21 of approximately \$155 billion (including a prior year balance of approximately \$8.5 billion) and expenditures of approximately \$149.7 billion. The 2020-21 Proposed State Budget continues to build State reserves, with \$21 billion set aside in reserve funds. The 2020-21 Proposed State Budget maintains \$900 million in the Safety Net Reserve, sets aside \$110 million in the Public School System Stabilization Account, and allocates \$3.1 billion in a Special Fund for Economic Uncertainties. In addition, the 2020-21 Proposed State Budget estimates the Rainy Day Fund will have a fund balance of approximately \$18 billion in fiscal year 2020-21 and \$19.4 billion by 2023-24.

The 2020-21 Proposed State Budget raises the Proposition 98 funding for school districts and community college districts for fiscal year 2020-21 to \$84 billion, a new all-time high, which reflects a 2.29% cost of living adjustment and includes an additional \$1.2 billion in Proposition 98 funding for the LCFF. The 2020-21 Proposed State Budget also confirms that school district reserve caps are not required for fiscal year 2021-22. The 2020-21 Proposed State Budget includes an includes one-time increases in Proposition 98 general fund resources of \$350 million of educator workforce investment grants, \$193 million for workforce development grants, \$18 million to strengthen the capacity of local educational agencies in certain priority areas, and \$10 million for credentialed teacher stipends. The Governor is required to release a revision to the Proposed State Budget by May 14 of each year.

LAO Fiscal Perspective Report

The LAO issued a fiscal perspective report on March 18, 2020 entitled “COVID-19 and California’s Evolving Fiscal Outlook,” concluding that the economic uncertainty caused by the Coronavirus emergency will significantly affect California’s near-term fiscal outlook. Key takeaways from the report are as follows:

Volatility in Financial Markets Indicate Lower Capital Gains-Related Tax Revenue.

Taxes on capital gains are a significant source of State revenue, but they are difficult to forecast because of their correlation to stock market performance. The LAO states that the volatility of financial markets indicate lower capital gains-related tax revenue. With the market now well below the budget assumption, absent a more rapid recovery than has occurred in any modern market downturn of this severity, it appears likely that the average price level will wind up lower than the budget assumption. The LAO projects there is a high likelihood that tax revenues from capital gains income will be several billion dollars lower than what the Governor's budget assumed.

COVID-19 Response Brings Economic Activity to a Halt. For the broader economy, the LAO stated that the odds of a recession have increased substantially due to the pullback in activity across wide swaths of the economy. The abrupt and nearly across-the-board curtailment of spending that is now underway sets it apart from previous downturns. An optimistic scenario is that the economy would experience a sharp but comparatively short-lived downturn lasting one or two months. Under a more pessimistic scenario, economic activity would remain depressed for longer, compounded by dislocated supply chains and reduced lending caused by elevated risk aversion in credit markets. The type of contraction the state, national, and global economies experience will have implications for revenue collections in the coming years.

California's Strong Fiscal Position is a Key Advantage. The LAO notes, however, that California's budget entered 2020 on a strong footing due to strong budget reserves, the pay down of debt and multiyear balanced budgets during the economic expansion of previous years.

Disclaimer Regarding State Budgets.

The implementation of the foregoing 2019-20 State Budget and future State budgets may be affected by numerous factors, including but not limited to: (i) shifts in costs from the federal government to the State, (ii) national, State and international economic conditions, (iii) litigation risks associated with proposed spending reductions, (iv) rising health care costs and/or other unfunded liabilities, such as pension or OPEB, and (v) numerous other factors, all or any of which could cause the revenue and spending projections included in such budgets to be unattainable. The District cannot predict the impact that the 2018-19 State Budget, or subsequent state budgets, will have on its own finances and operations. However, the Bonds are secured by *ad valorem* taxes levied and collected on taxable property in the District, without limit as to rate or amount, and are not secured by a pledge of revenues of the District or its general fund.

The State has not entered into any contractual commitments with the District, the County, the Purchaser or the owners of the Bonds to provide State budget information to the District or the owners of the Bonds. Although they believe the sources of information listed below are reliable, neither the District nor the Purchaser assumes any responsibility for the accuracy of State budget information set forth or referred to or incorporated in this Official Statement.

Availability of State Budgets. The complete 2019-20 State Budget and 2020-21 Proposed State Budget are available from the California Department of Finance website at www.ebudget.ca.gov. An impartial analysis of the budget is published by the Legislative Analyst Office, and is available at www.lao.ca.gov/budget. The District can take no responsibility for the continued accuracy of these internet addresses or for the accuracy, completeness or timeliness of information posted on these sites, and such information is not incorporated in this Official Statement by these references. The information referred to above should not be relied upon when making an investment decision with respect to the Bonds.

Uncertainty Regarding Future State Budgets. The District cannot predict what actions will be taken in future years by the State legislature or the Governor to address the State’s current or future revenues and expenditures, or possible future budget deficits. Future State budgets will be affected by national and State economic conditions and other factors over which the District has no control. The District cannot predict what impact any future budget proposals will have on the financial condition of the District. To the extent that the State budget process results in reduced revenues to the District, the District will be required to make adjustments to its own budgets.

Legal Challenges to State Funding of Education

The application of Proposition 98 and other statutory regulations has been the subject of various legal challenges in the past. The District cannot predict if or when there will be changes to education funding or legal challenges which may arise relating thereto.

CONSTITUTIONAL AND STATUTORY PROVISIONS AFFECTING DISTRICT REVENUES AND APPROPRIATIONS

Principal of and interest of the Bonds are payable from the proceeds of an *ad valorem* tax levied by the County for the payment thereof. Articles XIII A, XIII B, XIII C, and XIII D of the State Constitution, Propositions 62, 98, 111 and 218, and certain other provisions of law discussed below, are included in this section to describe the potential effect of these Constitutional and statutory measures on the ability of the District to levy taxes and spend tax proceeds for operating and other purposes, and it should not be inferred from the inclusion of such materials that these laws impose any limitation on the ability of the District to levy taxes for payment of the Bonds. The tax levied by the County for payment of the Bonds was approved by the District's voters in compliance with Article XIII A and all applicable laws.

Constitutionally Required Funding of Education

The State Constitution requires that from all State revenues, there shall be first set apart the moneys to be applied by the State for the support of the public school system and public institutions of higher education. School districts receive a significant portion of their funding from State appropriations. As a result, decreases and increases in State revenues can significantly affect appropriations made by the State Legislature to school districts.

Article XIII A of the California Constitution

Basic Property Tax Levy. On June 6, 1978, California voters approved Proposition 13 (“**Proposition 13**”), which added Article XIII A to the State Constitution (“**Article XIII A**”). Article XIII A limits the amount of any *ad valorem* tax on real property to 1% of the full cash value thereof, except that additional *ad valorem* taxes may be levied to pay debt service on (i) indebtedness approved by the voters prior to July 1, 1978, (ii) (as a result of an amendment to Article XIII A approved by State voters on June 3, 1986) bonded indebtedness for the acquisition or improvement of real property which has been approved on or after July 1, 1978 by two-thirds of the voters on such, and (iii) (as a result of an amendment to Article XIII A approved by State voters on November 7, 2000) bonded indebtedness incurred by a school district or community college district for the construction, reconstruction, rehabilitation or replacement of school facilities or the acquisition or lease of real property for school facilities, approved by 55% of the voters of the district, but only if certain accountability measures are included in the proposition. The tax for the

payment of the Bonds falls within the exception described in (iii) of the immediately preceding sentence. Article XIII A defines full cash value to mean “the county assessor’s valuation of real property as shown on the 1975-76 tax bill under full cash value, or thereafter, the appraised value of real property when purchased, newly constructed, or a change in ownership have occurred after the 1975 assessment”. This full cash value may be increased at a rate not to exceed 2% per year to account for inflation.

Article XIII A has subsequently been amended to permit reduction of the “full cash value” base in the event of declining property values caused by damage, destruction or other factors, to provide that there would be no increase in the “full cash value” base in the event of reconstruction of property damaged or destroyed in a disaster and in other minor or technical ways.

Both the United States Supreme Court and the California State Supreme Court have upheld the general validity of Article XIII A.

Legislation Implementing Article XIII A. Legislation has been enacted and amended a number of times since 1978 to implement Article XIII A. Under current law, local agencies are no longer permitted to levy directly any property tax (except to pay voter-approved indebtedness). The 1% property tax is automatically levied by the county and distributed according to a formula among taxing agencies. The formula apportions the tax roughly in proportion to the relative shares of taxes levied prior to 1979.

Increases of assessed valuation resulting from reappraisals of property due to new construction, change in ownership or from the annual adjustment not to exceed 2% are allocated among the various jurisdictions in the “taxing area” based upon their respective “situs.” Any such allocation made to a local agency continues as part of its allocation in future years.

Inflationary Adjustment of Assessed Valuation. As described above, the assessed value of a property may be increased at a rate not to exceed 2% per year to account for inflation. On December 27, 2001, the Orange County Superior Court, in *County of Orange v. Orange County Assessment Appeals Board No. 3*, held that where a home’s taxable value did not increase for two years, due to a flat real estate market, the Orange County assessor violated the 2% inflation adjustment provision of Article XIII A, when the assessor tried to “recapture” the tax value of the property by increasing its assessed value by 4% in a single year. The assessors in most California counties, including the County, use a similar methodology in raising the taxable values of property beyond 2% in a single year. The SBE has approved this methodology for increasing assessed values. On appeal, the Appellate Court held that the trial court erred in ruling that assessments are always limited to no more than 2% of the previous year’s assessment. On May 10, 2004 a petition for review was filed with the California Supreme Court. The petition has been denied by the California Supreme Court. As a result of this litigation, the “recapture” provision described above may continue to be employed in determining the full cash value of property for property tax purposes.

Article XIII B of the California Constitution

Article XIII B (“**Article XIII B**”) of the State Constitution, as subsequently amended by Propositions 98 and 111, respectively, limits the annual appropriations of the State and of any city, county, school district, authority or other political subdivision of the State to the level of appropriations of the particular governmental entity for the prior fiscal year, as adjusted for changes in the cost of living and in population and for transfers in the financial responsibility for providing services and for certain declared emergencies. For fiscal years beginning on or after July 1, 1990, the appropriations limit of each entity of government shall be the appropriations limit for the 1986-87 fiscal year adjusted for the changes made from that fiscal year under the provisions of Article XIII B, as amended.

The appropriations of an entity of local government subject to Article XIII B limitations include the proceeds of taxes levied by or for that entity and the proceeds of certain state subventions to that entity. “Proceeds of taxes” include, but are not limited to, all tax revenues and the proceeds to the entity from (a) regulatory licenses, user charges and user fees (but only to the extent that these proceeds exceed the reasonable costs in providing the regulation, product or service), and (b) the investment of tax revenues.

Appropriations subject to limitation do not include (a) refunds of taxes, (b) appropriations for debt service, (c) appropriations required to comply with certain mandates of the courts or the federal government, (d) appropriations of certain special districts, (e) appropriations for all qualified capital outlay projects as defined by the legislature, (f) appropriations derived from certain fuel and vehicle taxes and (g) appropriations derived from certain taxes on tobacco products.

Article XIII B includes a requirement that all revenues received by an entity of government other than the State in a fiscal year and in the fiscal year immediately following it in excess of the amount permitted to be appropriated during that fiscal year and the fiscal year immediately following it shall be returned by a revision of tax rates or fee schedules within the next two subsequent fiscal years. However, in the event that a school district’s revenues exceed its spending limit, the district may in any fiscal year increase its appropriations limit to equal its spending by borrowing appropriations limit from the State.

Article XIII B also includes a requirement that 50% of all revenues received by the State in a fiscal year and in the fiscal year immediately following it in excess of the amount permitted to be appropriated during that fiscal year and the fiscal year immediately following it shall be transferred and allocated to the State School Fund under Section 8.5 of Article XVI of the State Constitution.

Unitary Property

Some amount of property tax revenue of the District is derived from utility property which is considered part of a utility system with components located in many taxing jurisdictions (“**unitary property**”). Under the State Constitution, such property is assessed by the SBE as part of a “going concern” rather than as individual pieces of real or personal property. State-assessed unitary and certain other property is allocated to the counties by SBE, taxed at special county-wide rates, and the tax revenues distributed to taxing jurisdictions (including the District) according to statutory formulae generally based on the distribution of taxes in the prior year.

Articles XIIC and XIID of the California Constitution

On November 5, 1996, the voters of the State of California approved Proposition 218, popularly known as the “Right to Vote on Taxes Act.” Proposition 218 added to the California Constitution Articles XIIC and XIID (respectively, “**Article XIIC**” and “**Article XIID**”), which contain a number of provisions affecting the ability of local agencies, including school districts, to levy and collect both existing and future taxes, assessments, fees and charges.

According to the “Title and Summary” of Proposition 218 prepared by the California Attorney General, Proposition 218 limits “the authority of local governments to impose taxes and property-related assessments, fees and charges.” Among other things, Article XIIC establishes that every tax is either a “general tax” (imposed for general governmental purposes) or a “special tax” (imposed for specific purposes), prohibits special purpose government agencies such as school districts from levying general taxes, and prohibits any local agency from imposing, extending or increasing any special tax beyond its maximum authorized rate without a two-thirds vote; and also provides that the initiative power will not be limited in matters of reducing or repealing local taxes, assessments, fees and charges. Article XIIC further provides that no tax may be assessed on property other than *ad valorem* property taxes imposed in accordance with Articles XIII and XIII A of the California Constitution and special taxes approved by a two-thirds vote under Article XIII A, Section 4.

On November 2, 2010, Proposition 26 was approved by State voters, which amended Article XIIC to expand the definition of “tax” to include “any levy, charge, or exaction of any kind imposed by a local government” except the following: (1) a charge imposed for a specific benefit conferred or privilege granted directly to the payor that is not provided to those not charged, and which does not exceed the reasonable costs to the local government of conferring the benefit or granting the privilege; (2) a charge imposed for a specific government service or product provided directly to the payor that is not provided to those not charged, and which does not exceed the reasonable costs to the local government of providing the service or product; (3) a charge imposed for the reasonable regulatory costs to a local government for issuing licenses and permits, performing investigations, inspections, and audits, enforcing agricultural marketing orders, and the administrative enforcement and adjudication thereof; (4) a charge imposed for entrance to or use of local government property, or the purchase, rental, or lease of local government property; (5) a fine, penalty, or other monetary charge imposed by the judicial branch of government or a local government, as a result of a violation of law; (6) a charge imposed as a condition of property development; and (7) assessments and property-related fees imposed in accordance with the provisions of Article XIID. Proposition 26 provides that the local government bears the burden of proving by a preponderance of the evidence that a levy, charge, or other exaction is not a tax, that the amount is no more than necessary to cover the reasonable costs of the governmental activity, and that the manner in which those costs are allocated to a payor bear a fair or reasonable relationship to the payor’s burdens on, or benefits received from, the governmental activity.

Article XIID deals with assessments and property-related fees and charges, and explicitly provides that nothing in Article XIIC or XIID will be construed to affect existing laws relating to the imposition of fees or charges as a condition of property development.

While the provisions of Proposition 218 may have an indirect effect on the District, such as by limiting or reducing the revenues otherwise available to other local governments whose boundaries encompass property located within the District (thereby causing such local governments to reduce service levels and possibly adversely affecting the value of property within the District), the District does not believe that Proposition 218 will directly impact the revenues

available to pay debt service on the Bonds.

Proposition 98

On November 8, 1988, California voters approved Proposition 98, a combined initiative constitutional amendment and statute called the “Classroom Instructional Improvement and Accountability Act” (the “**Accountability Act**”). Certain provisions of the Accountability Act have, however, been modified by Proposition 111, discussed below, the provisions of which became effective on July 1, 1990. The Accountability Act changes State funding of public education below the university level and the operation of the State’s appropriations limit. The Accountability Act guarantees State funding for K-12 school districts and community college districts (hereinafter referred to collectively as “K-14 school districts”) at a level equal to the greater of (a) the same percentage of general fund revenues as the percentage appropriated to such districts in 1986-87, and (b) the amount actually appropriated to such districts from the general fund in the previous fiscal year, adjusted for increases in enrollment and changes in the cost of living. The Accountability Act permits the Legislature to suspend this formula for a one-year period.

The Accountability Act also changes how tax revenues in excess of the State appropriations limit are distributed. Any excess State tax revenues up to a specified amount would, instead of being returned to taxpayers, be transferred to K-14 school districts. Any such transfer to K-14 school districts would be excluded from the appropriations limit for K-14 school districts and the K-14 school district appropriations limit for the next year would automatically be increased by the amount of such transfer. These additional moneys would enter the base funding calculation for K-14 school districts for subsequent years, creating further pressure on other portions of the State budget, particularly if revenues decline in a year following an Article XIII B surplus. The maximum amount of excess tax revenues which could be transferred to K-14 school districts is 4% of the minimum State spending for education mandated by the Accountability Act.

Proposition 111

On June 5, 1990, the voters approved Proposition 111 (Senate Constitutional Amendment No. 1) called the “Traffic Congestion Relief and Spending Limit Act of 1990” (“**Proposition 111**”) which further modified Article XIII B and Sections 8 and 8.5 of Article XVI of the State Constitution with respect to appropriations limitations and school funding priority and allocation. The most significant provisions of Proposition 111 are summarized as follows:

Annual Adjustments to Spending Limit. The annual adjustments to the Article XIII B spending limit were liberalized to be more closely linked to the rate of economic growth. Instead of being tied to the Consumer Price Index, the “change in the cost of living” is now measured by the change in California *per capita* personal income. The definition of “change in population” specifies that a portion of the State’s spending limit is to be adjusted to reflect changes in school attendance.

Treatment of Excess Tax Revenues. “Excess” tax revenues with respect to Article XIII B are now determined based on a two-year cycle, so that the State can avoid having to return to taxpayers excess tax revenues in one year if its appropriations in the next fiscal year are under its limit. In addition, the Proposition 98 provision regarding excess tax revenues was modified. After any two-year period, if there are excess State tax revenues, 50% of the excess are to be transferred to K-14 school districts with the balance returned to taxpayers; under prior law, 100% of excess State tax revenues went to K-14 school districts, but only up to a maximum of 4% of the schools’ minimum funding level. Also, reversing prior law, any excess State tax revenues

transferred to K-14 school districts are not built into the school districts' base expenditures for calculating their entitlement for State aid in the next year, and the State's appropriations limit is not to be increased by this amount.

Exclusions from Spending Limit. Two exceptions were added to the calculation of appropriations which are subject to the Article XIII B spending limit. First, there are excluded all appropriations for "qualified capital outlay projects" as defined by the Legislature. Second, there are excluded any increases in gasoline taxes above the 1990 level (then nine cents per gallon), sales and use taxes on such increment in gasoline taxes, and increases in receipts from vehicle weight fees above the levels in effect on January 1, 1990. These latter provisions were necessary to make effective the transportation funding package approved by the Legislature and the Governor, which expected to raise over \$15 billion in additional taxes from 1990 through 2000 to fund transportation programs.

Recalculation of Appropriations Limit. The Article XIII B appropriations limit for each unit of government, including the State, is to be recalculated beginning in fiscal year 1990-91. It is based on the actual limit for fiscal year 1986-87, adjusted forward to 1990-91 as if Proposition 111 had been in effect.

School Funding Guarantee. There is a complex adjustment in the formula enacted in Proposition 98 which guarantees K-14 school districts a certain amount of State general fund revenues. Under prior law, K-14 school districts were guaranteed the greater of (1) 40.9% of State general fund revenues (the "**first test**") or (2) the amount appropriated in the prior year adjusted for changes in the cost of living (measured as in Article XIII B by reference to *per capita* personal income) and enrollment (the "**second test**"). Under Proposition 111, schools will receive the greater of (1) the first test, (2) the second test, or (3) a third test, which will replace the second test in any year when growth in *per capita* State general fund revenues from the prior year is less than the annual growth in California per capita personal income (the "**third test**"). Under the third test, schools will receive the amount appropriated in the prior year adjusted for change in enrollment and *per capita* State general fund revenues, plus an additional small adjustment factor. If the third test is used in any year, the difference between the third test and the second test will become a "credit" to schools which will be paid in future years when State general fund revenue growth exceeds personal income growth.

Proposition 39

On November 7, 2000, California voters approved an amendment (commonly known as "**Proposition 39**") to the California Constitution. This amendment (1) allows school facilities bond measures to be approved by 55% (rather than two-thirds) of the voters in local elections and permits property taxes to exceed the current 1% limit in order to repay the bonds and (2) changes existing statutory law regarding charter school facilities. Constitutional amendments may be changed only with another statewide vote. The statutory provisions could be changed by a majority vote of both houses of the Legislature and approval by the Governor, but only to further the purposes of the proposition. The local school jurisdictions affected by Proposition 39 are K-12 school districts including the District, community college districts, and county offices of education. As noted above, the California Constitution previously limited property taxes to 1% of the value of property. Prior to the approval of Proposition 39, property taxes could only exceed this limit to pay for (1) any local government debts approved by the voters prior to July 1, 1978 or (2) bonds to acquire or improve real property that receive two-thirds voter approval after July 1, 1978.

The 55% vote requirement authorized by Proposition 39 applies only if the local bond measure presented to the voters includes: (1) a requirement that the bond funds can be used only for construction, rehabilitation, equipping of school facilities, or the acquisition or lease of real property for school facilities; (2) a specific list of school projects to be funded and certification that the school board has evaluated safety, class size reduction, and information technology needs in developing the list; and (3) a requirement that the school board conduct annual, independent financial and performance audits until all bond funds have been spent to ensure that the bond funds have been used only for the projects listed in the measure. Legislation approved in June 2000 places certain limitations on local school bonds to be approved by 55% of the voters. These provisions require that the tax rate levied as the result of any single election be no more than \$60 (for a unified school district), \$30 (for an elementary school district or high school district), or \$25 (for a community college district), per \$100,000 of taxable property value. These requirements are not part of Proposition 39 and can be changed with a majority vote of both houses of the Legislature and approval by the Governor.

Proposition 1A and Proposition 22

On November 2, 2004, California voters approved Proposition 1A, which amended the State constitution to significantly reduce the State's authority over major local government revenue sources. Under Proposition 1A, the State cannot (i) reduce local sales tax rates or alter the method of allocating the revenue generated by such taxes, (ii) shift property taxes from local governments to schools or community colleges, (iii) change how property tax revenues are shared among local governments without two-thirds approval of both houses of the State Legislature or (iv) decrease Vehicle License Fee revenues without providing local governments with equal replacement funding. Under Proposition 1A, beginning in 2008-09, the State may shift to schools and community colleges a limited amount of local government property tax revenue if certain conditions are met, including: (i) a proclamation by the Governor that the shift is needed due to a severe financial hardship of the State, and (ii) approval of the shift by the State Legislature with a two-thirds vote of both houses. Under such a shift, the State must repay local governments for their property tax losses, with interest, within three years. Proposition 1A does allow the State to approve voluntary exchanges of local sales tax and property tax revenues among local governments within a county. Proposition 1A also amended the State Constitution to require the State to suspend certain State laws creating mandates in any year that the State does not fully reimburse local governments for their costs to comply with the mandates. This provision does not apply to mandates relating to schools or community colleges or to those mandates relating to employee rights.

Proposition 22, a constitutional initiative entitled the "Local Taxpayer, Public Safety, and Transportation Protection Act of 2010," approved on November 2, 2010, superseded many of the provision of Proposition 1A. This initiative amends the State constitution to prohibit the legislature from diverting or shifting revenues that are dedicated to funding services provided by local government or funds dedicated to transportation improvement projects and services. Under this proposition, the State is not allowed to take revenue derived from locally imposed taxes, such as hotel taxes, parcel taxes, utility taxes and sales taxes, and local public transit and transportation funds. Further, in the event that a local governmental agency sues the State alleging a violation of these provisions and wins, then the State must automatically appropriate the funds needed to pay that local government. This Proposition was intended to, among other things, stabilize local government revenue sources by restricting the State's control over local property taxes. Proposition 22 did not prevent the California State Legislature from dissolving State redevelopment agencies pursuant to AB 1X26, as confirmed by the decision of the California Supreme Court decision in *California Redevelopment Association v. Matosantos* (2011).

Because Proposition 22 reduces the State's authority to use or reallocate certain revenue sources, fees and taxes for State general fund purposes, the State will have to take other actions to balance its budget, such as reducing State spending or increasing State taxes, and school and college districts that receive Proposition 98 or other funding from the State will be more directly dependent upon the State's general fund.

Proposition 30 and Proposition 55

The Guaranteed Local Public Safety Funding, Initiative Constitutional Amendment (also known as "**Proposition 30**"), temporarily increased the State Sales and Use Tax and personal income tax rates on higher incomes. Proposition 30 temporarily imposed an additional tax on all retailers, at the rate of 0.25% of gross receipts from the sale of all tangible personal property sold in the State from January 1, 2013 to December 31, 2016. Proposition 30 also imposed an additional excise tax on the storage, use, or other consumption in the State of tangible personal property purchased from a retailer on and after January 1, 2013 and before January 1, 2017. This excise tax was levied at a rate of 0.25% of the sales price of the property so purchased. For personal income taxes imposed beginning in the taxable year commencing January 1, 2012 and ending December 31, 2018, Proposition 30 increases the marginal personal income tax rate by: (i) 1% for taxable income over \$250,000 but less than \$300,000 for single filers (over \$500,000 but less than \$600,000 for joint filers), (ii) 2% for taxable income over \$300,000 but less than \$500,000 for single filers (over \$600,000 but less than \$1,000,000 for joint filers), and (iii) 3% for taxable income over \$500,000 for single filers (over \$1,000,000 for joint filers). Proposition 55 (described below) extended said increases to personal income rates through the end of 2030.

The revenues generated from the temporary tax increases will be included in the calculation of the Proposition 98 minimum funding guarantee for school districts and community college districts. See "Proposition 98" and "Proposition 111" above. From an accounting perspective, the revenues generated from the temporary tax increases will be deposited into the State account created pursuant to Proposition 30 called the Education Protection Account (the "**EPA**"). Pursuant to Proposition 30, funds in the EPA will be allocated quarterly, with 89% of such funds provided to schools districts and 11% provided to community college districts. The funds will be distributed to school districts and community college districts in the same manner as existing unrestricted per-student funding, except that no school district will receive less than \$200 per unit of ADA and no community college district will receive less than \$100 per full time equivalent student. The governing board of each school district and community college district is granted sole authority to determine how the moneys received from the EPA are spent, provided that, the appropriate governing board is required to make these spending determinations in open session at a public meeting and such local governing boards are prohibited from using any funds from the EPA for salaries or benefits of administrators or any other administrative costs.

The California Children's Education and Health Care Protection Act of 2016, also known as Proposition 55, was a proposed constitutional amendment initiative that was approved on the November 8, 2016 general election ballot in California. Proposition 55 extends the increases to personal income tax rates for high-income taxpayers that were approved as part of Proposition 30 through 2030, instead of the scheduled expiration date of December 31, 2018. Tax revenue received under Proposition 55 is to be allocated 89% to K-12 schools and 11% to community colleges. Proposition 55 did not extend the sales or excise tax increases of Proposition 30.

California Senate Bill 222

Senate Bill 222 (“**SB 222**”) was signed by the California Governor on July 13, 2015 and became effective on January 1, 2016. SB 222 amended Section 15251 of the California Education Code and added Section 52515 to the California Government Code to provide that voter approved general obligation bonds which are secured by *ad valorem* tax collections such as the Bonds are secured by a statutory lien on all revenues received pursuant to the levy and collection of the property tax imposed to service those bonds. Said lien shall attach automatically and is valid and binding from the time the bonds are executed and delivered. The lien is enforceable against the issuer, its successors, transferees, and creditors, and all others asserting rights therein, irrespective of whether those parties have notice of the lien and without the need for any further act. The effect of SB 222 is the treatment of general obligation bonds as secured debt in bankruptcy due to the existence of a statutory lien.

Future Initiatives

Article XIII A, Article XIII B, Article XIII C and Article XIII D of the California Constitution and Propositions 98, 111, 22, 26, 30, 39 and 55 were each adopted as measures that qualified for the ballot under the State’s initiative process. From time to time other initiative measures could be adopted further affecting District revenues or the District’s ability to expend revenues. The nature and impact of these measures cannot be anticipated by the District.

INDEPENDENT AUDITOR'S REPORT

To the Governing Board
Vacaville Unified School District
Vacaville, California

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Vacaville Unified School District (the "District"), as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Vacaville Unified School District (the “District”), as of June 30, 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management’s discussion and analysis, the Schedule of Revenues, Expenditures and Changes in Fund Balance-Budget (Non-GAAP) and Actual – for General Fund and Charter School Fund, Schedule of Changes in the District’s Net OPEB Liability and Related Ratios, Schedule of OPEB Contributions, Schedule of Proportionate Share of Net Pension Liability and Schedule of Pension Contributions be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management’s responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District’s basic financial statements. The accompanying supplementary information as listed in the table of contents, including the schedule of expenditures of federal awards, as required by the August 2019 Edition of the Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Federal Awards (Uniform Guidance), Audits of States, Local Governments, and Non-Profit Organizations, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplementary information as listed in the table of contents is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information as listed in the table of contents is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 6, 2019 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering District's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

VACAVILLE UNIFIED SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS

FOR FISCAL YEAR ENDED JUNE 30, 2019

Management's discussion and analysis of Vacaville Unified School District's financial performance provides an overall review of the District's financial activities for the fiscal year ended June 30, 2019. The intent of this discussion and analysis is to look at the District's financial performance as a whole. To provide a complete understanding of the District's financial performance, please read it in conjunction with the Independent Auditor's Report, notes to the basic financial statements and the District's financial statements, as listed in the table of contents.

Management's Discussion and Analysis (MD&A) is an element of the reporting model adopted by the Governmental Accounting Standards Board (GASB) in their Statement No. 34 Basic Financial Statements - and Management's Discussion and Analysis for State and Local Governments issued June 1999. Certain comparative information is required to be presented in the MD&A.

FINANCIAL HIGHLIGHTS

- P-2 funded average daily attendance (ADA) for 2018-19 was 10,926.43 (not including adult education and charter school attendance).
- General Fund Revenues increased by \$16,544,715 over prior year. The increase is primarily due to additional Local Control Funding Formula funding and the additional entry for SB 90 for STRS and PERS on Behalf.
- General Fund combined unrestricted and restricted revenues exceeded expenditures and other sources and other uses by \$5,920,486 resulting in a general fund ending balance of \$32,164,040 with a total Unassigned/Unappropriated amount of \$14,416,627 which satisfies the state minimum reserve requirement of 3%.
- In complying with GASB 34, fixed assets were valued at historical cost and are reported. The total of the District's fixed assets, land, site, buildings, and equipment, valued on an acquisition cost basis was \$344 million. After accumulated depreciation, the June 30, 2019 book value for fixed assets totaled \$246 million.

OVERVIEW OF THE FINANCIAL STATEMENTS

Components of the Financial Section

The financial statements also include notes that explain some of the information in the statements and provide more detailed data. The statements are followed by a section of required supplementary information that further explains and supports the financial statements.

VACAVILLE UNIFIED SCHOOL DISTRICT
MANAGEMENT’S DISCUSSION AND ANALYSIS
FOR FISCAL YEAR ENDED JUNE 30, 2019

Reporting the School District as a Whole

Statement of Net Position and the Statement of Activities

These two statements provide information about the District as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the District’s assets and liabilities using the accrual basis of accounting. This basis of accounting takes into account all of the current year’s revenues and expenses regardless of when cash is received or paid. These statements report information on the District as a whole and its activities in a way that helps answer the question, “How did we do financially during 2018-19?”

These two statements report the School District's net position and changes in net position. This change in net position is important because it tells the reader that, for the School District as a whole, the financial position of the School District has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. Over time, the increases or decreases in the District's net position, as reported in the Statement of Activities, are one indicator of whether its financial health is improving or deteriorating. The relationship between revenues and expenses indicates the District's operating results.

However, the District's goal is to provide services to our students, not to generate profits as commercial entities. One must consider many other non-financial factors, such as the quality of education provided and the safety of the schools to assess the overall health to the District.

Increases or decreases in the net position of the District over time are indications of whether its financial position is improving or deteriorating, respectively.

Additional non-financial factors such as condition of school buildings and other facilities, and changes to the property tax base of the District need to be considered in assessing the overall health of the District.

Reporting the School District’s Most Significant Funds

Fund Financial Statement

The fund financial statements provide more detailed information about the District's most significant funds-not the District as a whole. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on particular programs. Some funds are required to be established by State law. However, the District establishes other funds to control and manage money for specific purposes.

Governmental Funds

Most of the School District's activities are reported in governmental funds. The major governmental funds of the District are the General Fund, the Building Fund, the Capital Facilities Fund and the Bond Interest and Redemption Fund. Governmental funds focus on how money flows into and out of the funds and the balances that remain at the end of the year. They are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short term view of the District's operations and services that help determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs.

VACAVILLE UNIFIED SCHOOL DISTRICT
MANAGEMENT’S DISCUSSION AND ANALYSIS
FOR FISCAL YEAR ENDED JUNE 30, 2019

Proprietary Funds

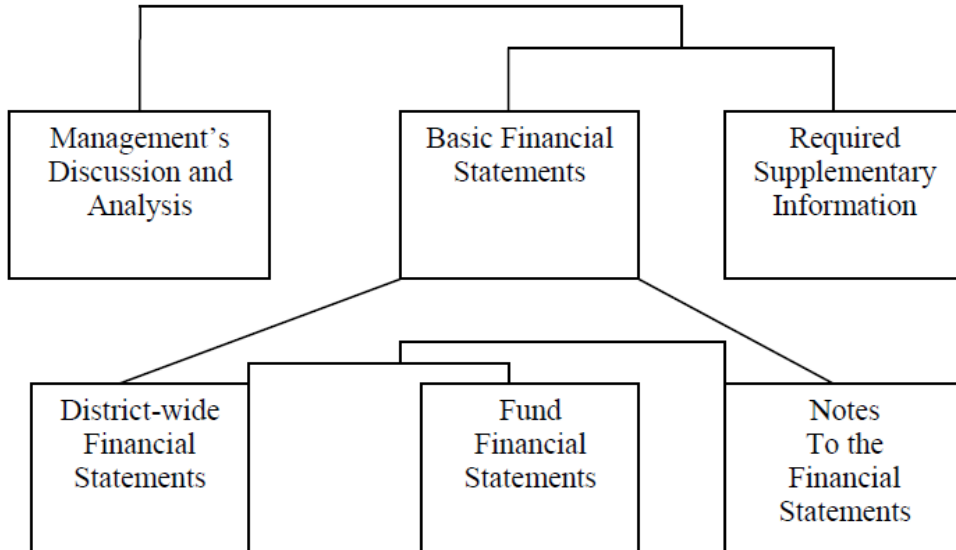

Proprietary funds use the full accrual basis of accounting, the same as the District-wide statements. The District currently has no proprietary funds.

Fiduciary Funds

The District is the trustee, or fiduciary, for its student activity funds. All of the District’s fiduciary activities are reported in separate Statements of Fiduciary Net Position. We exclude these activities from the District’s other financial statements because the District cannot use these assets to finance its operations. The District is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

This annual report consists of three parts – management’s discussion and analysis (this section,) the basic financial statements, and required supplementary information. These statements are organized so the reader can understand the Vacaville Unified School District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

Components of the Financial Section

The first two statements are *district-wide financial statements*, the Statement of Net Position and Statement of Activities. These statements provide information about the activities of the whole School District, presenting both an aggregate view of the District’s finances and a longer-term view of those finances. Fund financial statements provide the next level of detail for governmental funds, these statements tell how services are financed in the short-term as well as what remains for future spending. The fund financial statements also look at the School District’s more significant funds with all other non-major funds presented in total in one column. A comparison of the District’s general fund budget is included.

VACAVILLE UNIFIED SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR FISCAL YEAR ENDED JUNE 30, 2019

FINANCIAL ANALYSIS OF THE GOVERNMENT-WIDE STATEMENTS

The School District as a Whole

The District's ending net position was \$25 million at June 30, 2019. Investments in capital assets, net of related debt, account for \$52 million of the total net position.

(Table 1)

FINANCIAL ANALYSIS OF THE FUND STATEMENTS

The fund financial statements focus on individual parts of the District's operations in more detail than the government-wide statements. The District's individual fund statements provide information on inflows and outflows and balances of spendable resources. The District's Governmental Funds reported a combined fund balance of \$109 million, an increase of \$46.4 million from the previous fiscal year's combined ending balance of \$62.7 million. The General Fund balance increased \$5.9 million and the Building Fund increased \$36 million from the prior year.

Governmental Activities

The amount that the District's local taxpayers financed for these activities through property taxes was \$53 million. Federal and State aid not restricted to specific purposes totaled \$79 million. Operating Grants & Contribution revenue totaled \$27 million. Interest & Other Miscellaneous revenues total \$4 million. (See Figure 1)

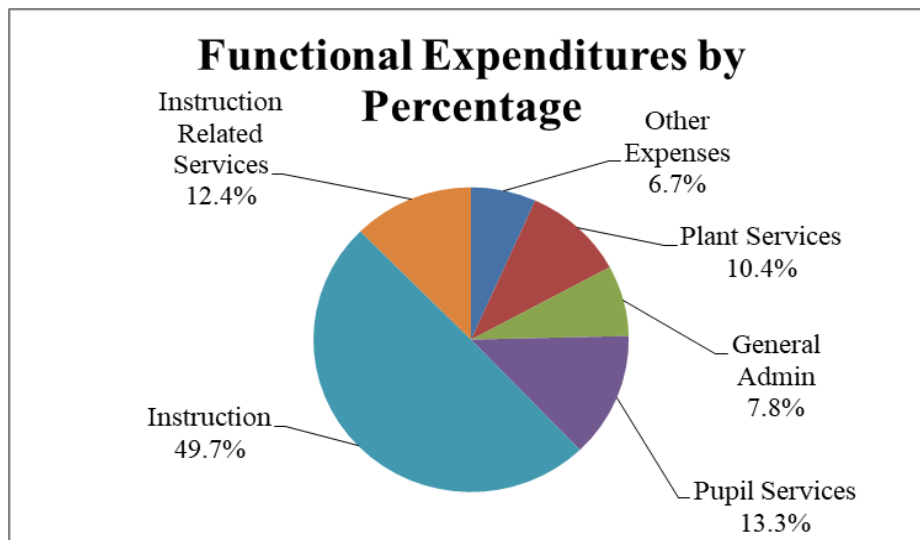

VACAVILLE UNIFIED SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR FISCAL YEAR ENDED JUNE 30, 2019

Sources of VUSD's Revenue for the 2018-19 Fiscal Year Figure 1

The administrative activities of the District accounted for 7.8% percent of total costs. Instruction and Instruction Related Services accounted for 62.1% of costs. Pupil services constituted 13.8% of the total while Plant services accounted for 10.4%. Other expenses accounted for the remaining 6.7% (See Figure 2).

Sources of VUSD's Expenses for the 2018-19 Fiscal Year
Figure 2

VACAVILLE UNIFIED SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR FISCAL YEAR ENDED JUNE 30, 2019

GENERAL FUND BUDGETARY HIGHLIGHTS

Over the course of the year, the District revised the annual operating budget monthly. The significant budget adjustments fell into the following categories:

- Budget revisions to the adopted budget required after approval of the State budget.
- Budget revisions to update revenues to actual enrollment information on and to update expenditures for staffing adjustments related to actual enrollments.
- Other budget revisions are routine in nature, including adjustments to categorical revenues and expenditures based on final awards, and adjustments between expenditure categories for school and department budgets.

The District ended the year with \$32.2 million in the general fund ending balance, of which \$3.7 million is designated as the reserve for economic uncertainties. The remaining balance is made up of nonspendable, restricted, assigned and unassigned fund balances. The State recommends an ending reserve for economic uncertainties of 3%.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

By the end of the 2018-19 fiscal year, the District had invested \$344 million in a broad range of capital assets, including school buildings, athletic facilities, administrative buildings, site improvements, vehicles, and equipment. The capital assets net of depreciation were \$246 million as of June 30, 2019, which is an increase of \$21 million from the previous year.

Table 3 Capital Assets

	<u>June 30, 2019</u>	<u>June 30, 2018</u>	<u>Change</u>
Land	\$ 5,969,271	\$ 5,969,271	\$ -
Site Improvement	\$ 68,684,828	\$ 36,338,569	\$ 32,346,259
Buildings	\$ 249,634,021	\$ 228,577,423	\$ 21,056,598
Machinery & Equipment	\$ 6,495,774	\$ 5,874,427	\$ 621,347

Total	\$ 344,298,754	\$ 322,647,981	\$ 21,650,773
Less: Accumulated Depreciation	\$ (98,110,526)	\$ (97,915,800)	\$ (194,729)
Book Value	\$ 246,188,228	\$ 224,732,181	\$ 21,456,044

VACAVILLE UNIFIED SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR FISCAL YEAR ENDED JUNE 30, 2019

Long-Term Debt

At June 30, 2019, the District had \$354 million in long-term debt outstanding.

Outstanding Debt

	<u>June 30, 2019</u>	<u>June 30, 2018</u>	<u>Change</u>
General Obligations Bonds	\$ 177,885,000	\$ 140,415,000	\$ 37,470,000
Certificate of Participation	\$ 15,890,000	\$ 15,890,000	\$ -
Net Pension Liability	\$ 133,648,039	\$ 127,612,744	\$ 6,035,295
Net OPEB Obligation	\$ 25,908,485	\$ 26,127,626	\$ (219,141)
Compensated Absences	\$ 743,799	\$ 697,826	\$ 45,973
Total	\$ 354,075,323	\$ 310,743,196	\$ 43,332,127

The District continues to maintain excellent credit ratings on all of its debt issues.

FACTORS BEARING ON THE DISTRICT'S FUTURE

The Governor's budget assumes continued growth in Prop. 98 revenue. This is good news and districts are fully funded under LCFF which can create expenditure challenges as well. Districts face increasing competition for a limited pool of qualified teaching candidates, coupled with the legislatively established STRS rates and increasing PERS costs borne by employees and employers.

Although LCFF funding is increasing by the COLA, there has been no recognition of the significant increase in the District's contribution to the state retirement funds. These mandated contributions are taking a larger share of the District budget without a comparable increase in the base funding to account for these increasing costs. In 2013-14, retirement system district contributions accounted for 5.66% of the General Fund expenditures; 5.97% in 2014-15; 6.55% in 2015-16; 7.98% in 16-17; 8.52% in 17-18; 9.52% in 18-19 and a projected 10.11% in the 2019-20 adopted budget (excluding STRS and PERS on Behalf). As noted below, the contribution rates are projected to continue increasing significantly over the next several years.

The following are the current planning factors for multi-year projections:

Planning Factors	Fiscal Year		
	2019-20	2020-21	2021-22
COLA	3.26%	3.00%	2.80%
STRS Employer Rates	17.10%	18.40%	18.10%
PERS Employer Rates (PERS Board/Actuary)	19.721%	22.70%	24.60%

LCFF Revenues for the 2019-20 fiscal year are projected based on 10,932.20 average daily attendance (ADA).

VACAVILLE UNIFIED SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR FISCAL YEAR ENDED JUNE 30, 2019

The District will realize increased funds under the LCFF due to continued increased enrollment but the funding formula requires increased and/or improved services to students, especially students in the targeted groups – English learners, foster youth and low socio-economic. With LCFF comes increased accountability through the Local Control Accountability Plan, which requires a link between student outcomes and expenditures.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide the District's citizens, taxpayers, vendors, investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. Questions about this report or additional information requests should be directed to the Chief Business Officer at 401 Nut Tree Road, Vacaville, California 95687.

**RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE
STATEMENT OF NET POSITION**

GOVERNMENTAL FUNDS

FOR THE FISCAL YEAR ENDED JUNE 30, 2019

Total fund balances - governmental funds	\$ 109,076,348
--	----------------

Amounts reported for assets and liabilities for governmental activities in the statement of net position are different from amounts reported in governmental funds because:

Capital assets: In governmental funds, only current assets are reported. In the statement of net position, all assets are reported, including capital assets and accumulated depreciation.

Capital assets at historical cost:	\$ 344,298,754	
Accumulated depreciation:	(98,110,526)	
		246,188,228

Unamortized costs: In governmental funds, debt issuance premiums, gain or loss on refunding, and defeasance costs are recognized as expenditures in the period they are incurred. In the government-wide statements, these amounts are amortized over the life of the debt. Unamortized premiums, losses, and defeasance costs at year end consist of:

Unamortized portion of bond premiums	(14,884,279)
Unamortized portion of loss on refunding	4,658,428

Unmatured interest on long-term debt: In governmental funds, interest on long-term debt is not recognized until the period in which it matures and is paid. In the government-wide statement of activities, it is recognized in the period that it is incurred. The additional liability for unamatured interest owing at the end of the period was:

(6,778,313)

Long-term liabilities: In governmental funds, only current liabilities are reported. In the statement of net position, all liabilities, including long-term liabilities, are reported. Long-term liabilities relating to governmental activities consist of:

General obligation bonds payable	\$ 177,885,000	
Net pension liability	133,648,039	
Certificates of participation payable	15,890,000	
Net OPEB liability	25,908,485	
Compensated absences payable	743,799	
		(354,075,323)

Deferred outflows and inflows of resources relating to OPEB: In governmental funds, deferred outflows and inflows of resources relating to OPEB are not reported because they are applicable to future periods. In the statement of net position, deferred outflows and inflows of resources relating to OPEB are reported.

Deferred inflows of resources relating to OPEB	(40,667)
--	----------

Deferred outflows and inflows of resources relating to pensions: In governmental funds, deferred outflows and inflows of resources relating to pensions are not reported because they are applicable to future periods. In the statement of net position, deferred outflows and inflows of resources relating to pension are reported.

Deferred outflows of resources relating to pensions	59,543,810	
Deferred inflows of resources relating to pensions	(18,762,520)	

Total net position, governmental activities	\$ 24,925,712

VACAVILLE UNIFIED SCHOOL DISTRICT

**RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES,
EXPENDITURES, AND CHANGES IN FUND BALANCES TO THE STATEMENT OF
ACTIVITIES**

FOR THE FISCAL YEAR ENDED JUNE 30, 2019

Total net change in fund balances - governmental funds \$ 46,378,541

Amounts reported for revenues and expenses for governmental activities in the statement of activities are different from amounts reported in governmental funds because:

Capital outlay: In governmental funds, the costs of capital assets are reported as expenditures in the period when the assets are acquired. In the statement of activities, costs of capital assets are allocated over their estimated useful lives as depreciation expense. The difference between capital outlay expenditures and depreciation expense for the period is:

Expenditures for capital outlay:	\$21,650,773	
Depreciation expense:	<u>(194,726)</u>	
Net:		21,456,047

Debt service: In governmental funds, repayments of long-term debt are reported as expenditures. In the government-wide statements, repayments of long-term debt are reported as reductions of liabilities. Expenditures for repayment of the principal portion of long-term debt were: 7,530,000

Debt proceeds: In governmental funds, proceeds from debt are recognized as Other Financing Sources. In the government-wide statements, proceeds from debt are reported as increases to liabilities. Amounts recognized in governmental funds as proceeds from debt, net of issue premium or discount were: (45,000,000)

Amortization: In governmental funds, bond premiums, bond discounts, and bond refunding losses are recognized as expenditures in the period they are incurred in governmental funds. In the government-wide statements, these costs are amortized over the life of the debt. Amortization of premiums, discounts, and refunding losses for the period is: (2,920,214)

Unmatured interest on long-term debt: In governmental funds, interest on long-term debt is recognized in the period that it becomes due. In the government-wide statement of activities, it is recognized in the period that it is incurred. Unmatured interest owing at the end of the period, less matured interest paid during the period but owing from the prior period was: (1,967,298)

Pensions: In government funds, pension costs are recognized when employer contributions are made in the statement of activities, pension costs are recognized on the accrual basis. This year, the difference between accrual-basis pension costs and actual employer contributions was: 24,484,319

Compensated absences: In governmental funds, compensated absences are measured by the amounts paid during the period. In the statement of activities, compensated absences are measure by the amounts earned. The difference between compensated absences paid and compensated absences earned was: (45,973)

Other postemployment benefits (OPEB): In governmental funds, OPEB expenses are recognized when employer contributions are made. In the statement of activities, OPEB expenses are recognized on the accrual basis. This year, the difference between OPEB expenses and actual employer OPEB contributions was: 197,537

Total change in net position - governmental activities \$ 50,112,959

VACAVILLE UNIFIED SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2019

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. HISTORY OF DISTRICT

Vacaville Unified School District (The “District”) accounts for its financial transactions in accordance with the policies and procedures of the California Department of Education’s *California School Accounting Manual*. The accounting policies of the District conform to accounting principles generally accepted in the United States of America, as prescribed by the Governmental Accounting Standards Board. The following is a summary of more significant policies.

B. REPORTING ENTITY

The Board of Education is the level of government which has governance responsibilities over all activities related to public school education in the District. The Board is not included in any other governmental “reporting entity” as defined by the Governmental Accounting Standards Board since Board members have decision-making authority, the power to designate management, the responsibility to significantly influence operations and primary accountability for fiscal matters.

C. BASIS OF PRESENTATION

Financial Statements

The basic financial statements include a Management Discussion and Analysis (MD&A) section providing an analysis of the District’s overall financial position and results of operations, financial statements prepared using full accrual accounting for all of the District’s activities, including infrastructure, and focus on the major funds.

D. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Government-Wide Financial Statements

The Statement of Net Position and the Statement of Activities displays information about the reporting government as a whole. Fiduciary funds are not included in the government-wide financial statements. Fiduciary funds are reported only in the Statement of Fiduciary Net Position and the Statement of Revenues, Expenditures and Change in Fiduciary Net Position at the fund financial statement level.

The statement of Net Position and the Statement of Activities are prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Revenues, expenses, gains, losses, assets and liabilities resulting from nonexchange transactions are recognized in accordance with the requirements of Governmental Accounting Standards Board Codification Section (GASB Cod. Sec.) N50.118-.121.

Program revenues: Program revenues included in the Statement of Activities derive directly from the program itself or from parties outside the District’s taxpayers or citizenry, as a whole; program revenues reduce the cost of the function to be financed from the District’s general revenues.

VACAVILLE UNIFIED SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2019

Government-Wide Financial Statements (Continued)

Allocation of indirect expenses: The District reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable with a function. Depreciation expense is specifically identified by function and is included in the direct expense and is reported separately on the Statement of Activities.

E. FUND ACCOUNTING

The accounts of the District are organized on the basis of funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures, as appropriate. District resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled. The District funds are as follows:

Major Governmental Funds:

The **General Fund** is the general operating fund of the District and accounts for all revenues and expenditures of the District not encompassed within other funds. All general tax revenues and other receipts that are not allocated by law or contractual agreement to some other fund are accounted for in this fund. General operating expenditures and the capital improvement costs that are not paid through other funds are paid from the General Fund. For financial reporting purposes, the current year activity and year end balances for both the Special Reserve for Post-Employment Benefits Fund and Retiree Benefit Fund are combined with the General Fund.

The **Charter School Fund** is used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for Charter School Operations.

The **Building Fund** is used to account for the acquisition of major governmental capital facilities and buildings from the sale of bonds.

The **Capital Facilities Fund** is used to account for the accumulation and expenditure of resources used for the acquisition or construction for major capital facilities and equipment.

The **Bond Interest and Redemption Fund** is used to account for the accumulation of resources for, and the repayment of general long-term debt principal, interest, and related costs.

Non-Major Governmental Funds:

The **Adult Education Fund** is used to account for revenues received and expenditures made to operate the District's adult education.

The **Cafeteria Fund** is used to account for revenues received and expenditures made to operate the District's cafeterias.

The **Child Development Fund** is used to account separately for federal, state and local revenues to operate child development programs.

VACAVILLE UNIFIED SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2019

Non-Major Governmental Funds: (continued)

The **County School Facilities Funds** are used to account for state apportionments (Education Code Sections 17009.5 and 17070.10-17076.10).

The **Special Reserve Fund for Capital Outlay Projects** is used to account for resources used for the acquisition or construction of major capital facilities and equipment.

Fiduciary Funds:

The **Foundation Trust Fund** is used to account for assets held by the District as trustee.

Student Body Funds are **Agency Funds** used to account for assets of others for which the District has an agency relationship with the activity of the fund.

F. BASIS OF ACCOUNTING

Accrual

Governmental activities in the government-wide financial statements and the proprietary and fiduciary fund financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

Modified Accrual

The governmental funds financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or within 60 days after year end. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exception to this general rule is that principal and interest on general obligation long-term debt, if any, is recognized when due.

G. BUDGETS AND BUDGETARY ACCOUNTING

By state law, the Board of Education must adopt a final budget by July 1. A public hearing is conducted to receive comments prior to adoption. The Board of Education complied with these requirements.

H. RECEIVABLES

Receivables are made up principally of amounts due from the state of California for Local Control Funding Formula (LCFF) funding and Categorical programs. The District has determined that no allowance for doubtful accounts was needed as of June 30, 2019.

VACAVILLE UNIFIED SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2019

I. STORES INVENTORY

Inventory in the General and Cafeteria Funds consists mainly of consumable supplies held for future use and are valued at average cost. Inventories are recorded as expenditures at the time individual inventory items are transferred from the warehouse to schools. Maintenance and other supplies held for physical plant repair, transportation supplies, and operating supplies are not included in inventories; rather, these amounts are recorded as expenditures when purchased.

J. ENCUMBRANCES

Encumbrance accounting is used in all budgeted funds to reserve portions of applicable appropriations for which commitments have been made. Encumbrances are recorded for purchase orders, contracts, and other commitments when they are written. Encumbrances are liquidated when the commitments are paid. All encumbrances are liquidated at June 30.

K. REVENUES – EXCHANGE AND NON-EXCHANGE TRANSACTIONS

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter, to be used to pay liabilities of the current fiscal year. For the District, available means expected to be received within 90 days of fiscal year-end.

Non-exchange transactions, in which the District receives value without directly giving equal value in return, include property taxes, certain grants, entitlements, and donations. Revenue from property taxes is recognized in the fiscal year in which the taxes are received. Revenue from certain grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include time and purpose restrictions. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at fiscal year-end: State apportionments, interest, certain grants, and other local sources.

L. UNEARNED REVENUE

Revenue from federal, state, and local special projects and programs is recognized when qualified expenditures have been incurred. Funds received but not earned are recorded as unearned revenue until earned.

VACAVILLE UNIFIED SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2019

M. EXPENSES/EXPENDITURES

On the accrual basis of accounting, expenses are recognized at the time they are incurred. The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable, and typically paid within 90 days. Principal and interest on long-term obligations, which have not matured, are recognized when paid in the governmental funds as expenditures. Allocations of costs, such as depreciation and amortization, are not recognized in the governmental funds but are recognized in the entity-wide statements.

N. FUND BALANCE

In accordance with Governmental Accounting Standards Board (GASB) Statement No. 54, "*Fund Balance Reporting and Governmental Fund Type Definitions*", the District is required to report fund balances in the following categories: Nonspendable, Restricted, Committed, Assigned and/or Unassigned.

Nonspendable Fund Balance reflects assets not in spendable form, either because they will never convert to cash (e.g. prepaid expense) or must remain intact pursuant to legal or contractual requirements.

Restricted Fund Balance reflects amounts that can be spent only for the *specific purposes* stipulated by constitution, external resource providers, or through enabling legislation.

Committed Fund Balance reflects amounts that can be used only for the *specific purposes* determined by a formal action of the government's highest level of decision-making authority: the Board of Trustees. Commitments may be established, modified, or rescinded only through resolutions approved by the Board of Trustees.

Assigned Fund Balance reflects amounts intended to be used by the government for *specific purposes* but do not meet the criteria to be classified as restricted or committed. Under the District's adopted policy, only the Board of Trustees is authorized to assign amounts for specific purposes.

Unassigned Fund Balance represents the residual classification for the government's general fund and includes all spendable amounts not contained in the other classifications.

When expenditures are incurred for purposes of which restricted, committed, assigned and unassigned fund balances are available, the District considers restricted funds to have been spent first, followed by committed, assigned and unassigned, respectively.

O. CASH AND CASH EQUIVALENTS

The District's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. Cash equivalents also include cash with county treasury balances for purposes of the statement of cash flows.

VACAVILLE UNIFIED SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2019

P. PREPAID EXPENDITURES

Prepaid expenditures (expenses) represent amounts paid in advance of receiving goods or services. The District has the option of reporting an expenditure in governmental funds for prepaid items either when purchased or during the benefiting period. The District has chosen to report the expenditures when paid.

Q. CAPITAL ASSETS AND DEPRECIATION

Capital assets purchased or acquired, with an original cost of \$15,000 or more, are recorded at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements and other capital outlay that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expenses as incurred. Capital assets are depreciated using the straight-line method over 4-30 years depending on asset types.

R. INTERFUND BALANCES

On fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "interfund receivables/payables". These amounts are eliminated in the governmental and business-type activities columns of the statement of net position.

S. COMPENSATED ABSENCES

All vacation pay plus related payroll taxes are accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

T. ACCUMULATED SICK LEAVE

Accumulated sick leave benefits are not recognized as liabilities of the District. The District's policy is to record sick leave as an operating expenditure in the period taken since such benefits do not vest nor is payment probable; however, unused sick leave is added to the creditable service period for calculation of retirement benefits when the employee retires.

U. DEFERRED OUTFLOWS/INFLOWS OF RESOURCES

In addition to assets, the statement of net position includes a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s), and as such will not be recognized as an outflow of resources (expense/expenditures) until then.

In addition to liabilities, the statement of net position includes a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and as such, will not be recognized as an inflow of resources (revenue) until that time.

VACAVILLE UNIFIED SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2019

V. LOCAL CONTROL FUNDING FORMULA/PROPERTY TAXES

Secured property taxes are attached as an enforceable lien on property as of March 1. Taxes are due in two installments on or before December 10 and April 10. Unsecured property taxes are due in one installment on or before August 31. The County of Solano bills and collects taxes for the District. Tax revenues are recognized by the District when received.

W. CUSTODIAL RELATIONSHIPS

The balance sheet for agency funds represents the assets, liabilities and trust accounts of various student organizations within the District. As the funds are custodial in nature, no measurement of operating results is involved.

X. ESTIMATES

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Accordingly, actual results may differ from those estimates.

Y. PENSIONS

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Vacaville Unified School District's California Public Employees' Retirement System (CalPERS) and California State Teachers' Retirement System (CalSTRS) plans (Plans) and additions to/deductions from the Plans' fiduciary net position have been determined on the same basis as they are reported by CalPERS and CalSTRS, respectively. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Z. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB)

For purposes of measuring the District's OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the District's OPEB Plan (OPEB Plan) and additions to/deductions from the District's fiduciary net position have been determined on the same basis as they are reported by the OPEB Plan. For this purpose, the OPEB Plan recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value, except for money market investments and participating interest earning investment contracts that have a maturity at the time of purchase of one year or less, which are reported at cost.

VACAVILLE UNIFIED SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2019

2. CASH AND CASH EQUIVALENTS

Cash at June 30, 2019 consisted of the following:

	Governmental Activities	Fiduciary Activities	Total
Pooled Funds:			
Cash in county treasury	\$ 104,488,810	\$ 299,018	\$ 104,787,828
Deposits:			
Cash in revolving fund	53,813	-	53,813
Cash on hand and in banks	6,000	647,251	653,251
Cash with Fiscal Agent	9,341,117	-	9,341,117
Total Cash and Investments	\$ 113,889,740	\$ 946,269	\$ 114,836,009

A. Policies and Practices

In accordance with Education Code Section 41001, the District maintains substantially all of its cash in the Solano County Treasury. The County pools and invests the cash. These pooled funds are carried at cost which approximates fair value. Interest earned is deposited annually to participating funds. Any investment losses are proportionately shared by all funds in the pool.

Because the District's deposits are maintained in a recognized pooled investment fund under the care of a third party and the District's share of the pool does not consist of specific, identifiable investment securities owned by the District, no disclosure of the individual deposits and investments or related custodial credit risk classifications is required.

In accordance with applicable state laws, the Solano County Treasurer may invest in derivative securities with the State of California. However, at June 30, 2019, the Solano County Treasurer has represented that the Pooled Investment Fund contained no derivatives or other investments with similar risk profiles.

B. Cash in County Treasury

Cash in Solano County Treasury consist of cash deposited in the interest-bearing Solano Treasurer's Pooled Surplus Investment Fund. Investments are recorded at cost, which approximates fair value. Because the District's deposits are maintained in a recognized pooled investment fund under the care of a third party and the District's share of the pool does not consist of specific, identifiable investment securities owned by the District, no disclosure of the individual deposits and investments or related custodial credit risk classifications is required. The District's deposits in the Fund are considered to be highly liquid.

The fair value of the District's investment in the pool is reported in the financial statements at amounts that are based upon the District's pro-rata share of the fair value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The weighted average maturity of the pool is 517 days. The pool is rated AAA by Standard and Poor's.

VACAVILLE UNIFIED SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2019

2. CASH AND CASH EQUIVALENTS (CONTINUED)

B. Cash in County Treasury (Continued)

As permitted under applicable state laws, the Solano County Treasurer may invest in derivative securities. However, at June 30, 2019, the Solano County Treasurer has represented that the Treasurer's pooled investment fund contained no derivatives or other investments with similar risk profiles.

C. Cash in Revolving Funds and in Banks

Cash balances held in banks and revolving funds are insured up to \$250,000 by the Federal Depository Insurance Corporation. All cash held by the financial institution is fully insured or collateralized.

Interest Rate Risk. The District does not have a formal investment policy that limits cash and investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. At June 30, 2019, the District had no significant interest rate risk related to cash and investments held.

D. Cash with Fiscal Agent

Cash with Fiscal Agent represents funds held by third parties restricted for the repayment of General Obligation Bonds and Certificates of Participation.

VACAVILLE UNIFIED SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2019

3. INTERFUND TRANSACTIONS

Transactions between funds of the District are recorded as interfund transfers. The unpaid balances at year-end, as a result of such transactions, are shown as due to and due from other funds.

Interfund Receivables/Payables

As of June 30, 2019, the interfund receivable and payable balances were as follows:

	<u>Due To</u>	<u>Due From</u>
Major Funds		
General Fund	\$ 2,120,669	\$ 1,529,082
Charter School	493,632	1,994,896
Building	549,773	84,878
Capital Facilities	84,878	-
Nonmajor Funds		
Adult Education	-	35,759
Child Development	3,953	6,349
County School Facilities	-	475,156
Special Reserve Fund for Capital Outlay Projects	956,163	-
Cafeteria	-	82,948
Total	<u>\$ 4,209,068</u>	<u>\$ 4,209,068</u>

Interfund Transfers

Interfund transfers consist of operating transfers from funds receiving revenue to funds through which the resources are to be expended.

The interfund transfers for the year ended June 30, 2019 were as follows:

Transfer from the County School Facilities Fund to the Building Fund for the transfer of completed construction projects.	<u>\$ 474,438</u>
Total Transfers	<u>\$ 474,438</u>

VACAVILLE UNIFIED SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2019

5. LONG-TERM LIABILITIES

General Obligation Bonds

In 2014, the District issued General Obligation Refunding Bonds in the amount of \$22,950,000 for the purpose of refunding portions of 2005 General Obligations Bonds and 2005 Refunding General Obligation Bonds. The current interest and yield vary, ranging from 3.0% to 5.0%. The bonds are scheduled to mature through August 2030.

In 2015, the District issued General Obligation Refunding Bonds, Series B in the amount of \$33,910,000 for the purpose of refunding the Series 2007 General Obligation Bonds. The current interest and yield vary, ranging from 2.0% to 5.0%. The bonds are scheduled to mature through August 2032.

In 2015, the District issued General Obligation Refunding Bonds, Series C in the amount of \$20,370,000 for the purpose of refunding the remaining portions of 2005 General Obligations Bonds and 2005 Refunding General Obligation Bonds. The current interest and yield vary, ranging from 3.0% to 5.0%. The bonds are scheduled to mature through August 2030.

In 2015, the District issued 2014 General Obligation Bonds, Series A in the amount of \$40,000,000 for the purpose of upgrading and repairing school facilities. The current interest and yield vary, ranging from 3.0% to 5.0%. The bonds are scheduled to mature through August 2040.

In 2017, the District issued 2014 General Obligation Bonds, Series B in the amount of \$38,000,000 for the purpose of upgrading and repairing school facilities. The current interest and yield vary, ranging from 3.0% to 5.0%. The bonds are scheduled to mature through August 2042.

In 2019, the District issued 2014 General Obligation Bonds, Series C in the amount of \$45,000,000 for the purpose of upgrading and repairing school facilities. The current interest and yield vary, ranging from 4.0% to 5.0%. The bonds are scheduled to mature through August 2044.

The District's outstanding general obligation refunding bonded debt as of June 30, 2019 is as follows:

<u>Issue Date</u>	<u>Maturity Date</u>	<u>Interest Rate</u>	<u>Original Issue</u>	<u>Balance June 30, 2018</u>	<u>Issued/ Accretion</u>	<u>Redeemed</u>	<u>Balance June 30, 2019</u>

VACAVILLE UNIFIED SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2019

5. LONG-TERM LIABILITIES (CONTINUED)

The annual requirements to amortize the refunding bonds payable, outstanding as of June 30, 2019, are as follows:

Year Ending June 30	Principal	Interest to Maturity	Total
2020	\$ 7,090,000	\$ 7,726,385	\$ 14,816,385
2021	8,050,000	7,381,963	15,431,963
2022	7,105,000	7,042,813	14,147,813
2023	5,780,000	6,751,013	12,531,013
2024	5,250,000	6,493,311	11,743,311
2025-2029	29,630,000	28,480,437	58,110,437
2030-2034	45,265,000	19,301,318	64,566,318
2035-2039	27,650,000	11,756,019	39,406,019
2040-2044	36,045,000	4,941,031	40,986,031
2045-2049	6,020,000	120,400	6,140,400
Total	<u>\$ 177,885,000</u>	<u>\$ 99,994,690</u>	<u>\$ 277,879,690</u>

Payment of the general obligation bonds will be made by the Bond Interest and Redemption Fund. The Bond Interest and Redemption Fund receives property tax revenues which are used solely to repay the principal and interest due on these obligations.

Certificates of Participation

In 2015, the District issued Certificates of Participation in the aggregate principal amount of \$15,890,000 for the purpose of repaying all or a portion of the 2008 Certificates of Participation, fund a reserve fund surety for the Certificates, and pay costs of delivery of the Certificates. The 2015 Certificates of Participation mature through December 2036, and have interest rates ranging from 3.0% to 5.0%.

The following is a schedule of the future payments for the 2015 Certificates of Participation as of June 30, 2019:

Year Ending June 30	Principal	Interest	Total
2020	\$ -	\$ 679,317	\$ 679,317
2021	55,000	678,494	733,494
2022	125,000	675,794	800,794
2023	205,000	670,844	875,844
2024	290,000	661,969	951,969
2025-2029	2,930,000	3,009,041	5,939,041
2030-2034	6,010,000	2,114,594	8,124,594
2035-2039	6,275,000	422,500	6,697,500
Total	<u>15,890,000</u>	<u>8,912,553</u>	<u>24,802,553</u>

Payments of Certificates of Participation are made from the Special Reserve for Capital Outlay Projects Fund.

VACAVILLE UNIFIED SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2019

5. LONG-TERM LIABILITIES (CONTINUED)

Summary

The changes in the District's long-term obligations during the year consisted of the following:

	Balance June 30, 2018	Additions	Deductions	Balance June 30, 2019	Amounts Due Within One Year
General Obligation Bond	\$ 140,415,000	\$ 45,000,000	\$ 7,530,000	\$ 177,885,000	\$ 7,090,000
Certificates of Participation	15,890,000	-	-	15,890,000	-
Net pension liability (Note 6)	127,612,744	6,035,295	-	133,648,039	-
Net OPEB liability (Note 7)	26,127,626	-	219,141	25,908,485	3,111,210
Compensated absences	697,826	45,973	-	743,799	-
Total long term obligation	<u>\$ 310,743,196</u>	<u>\$ 51,081,268</u>	<u>\$ 7,749,141</u>	<u>\$ 354,075,323</u>	<u>\$ 10,201,210</u>

Payments on the compensated absences, pensions and other postemployment benefits are made from the fund for which the related employee worked.

VACAVILLE UNIFIED SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2019

6. EMPLOYEE RETIREMENT SYSTEMS

Qualified employees are covered under multiple-employer defined benefit pension plans maintained by agencies of the State of California. Certificated employees are members of the State Teachers' Retirement System (STRS), and classified employees are members of the California Public Employees' Retirement System (CalPERS).

Plan Description

California Public Employees' Retirement System (CalPERS)

The District contributes to the School Employer Pool under the California Public Employees' Retirement System (CalPERS), a cost-sharing multiple-employer public employee retirement system defined benefit pension plan administered by CalPERS. The plan provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by state statutes, as legislatively amended, within the Public Employees' Retirement Law. CalPERS issues a separate comprehensive annual financial report that includes financial statements and required supplementary information. Copies of the CalPERS annual financial report may be obtained from the CalPERS Headquarters, 400 Q Street, Sacramento, California 95811.

State Teachers' Retirement System (STRS)

The District contributes to the State Teachers' Retirement System (STRS), a cost-sharing, multiple-employer, public employee retirement system defined benefit pension plan administered by STRS. The plan provides retirement and disability benefits and survivor benefits to beneficiaries. Benefit provisions are established by state statutes, as legislatively amended, within the State Teachers' Retirement Law. STRS issues a separate comprehensive annual financial report that includes financial statements and required supplementary information. Copies of the STRS annual financial report may be obtained from the STRS Headquarters, 100 Waterfront Place, West Sacramento, California 95605.

The Plans' provisions and benefits in effect at June 30, 2019, are summarized as follows:

	CalPERS		CalSTRS	
	Prior to January 1, 2013	On or after January 1, 2013	Prior to January 1, 2013	On or after January 1, 2013
Hire date				
Benefit formula	2% @ 55	2% @ 62	2% @ 60	2% @ 62
Benefit vesting schedule	5 years service	5 years service	5 years service	5 years service
Benefit payments	monthly for life	monthly for life	monthly for life	monthly for life
Retirement age	55	62	60	62
Monthly benefits, as a % of eligible compensation	2.0%	2.0%	2.0%	2.0%
Required employee contribution rates	7%	6.5%	10.25%	9.205%
Required employer contribution rates	18.062%	18.062%	16.28%	16.28%

VACAVILLE UNIFIED SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2019

6. EMPLOYEE RETIREMENT SYSTEMS (CONTINUED)

Contributions

CalPERS

Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. Funding contributions for the Plans are determined annually on an actuarial basis as of June 30 by CalPERS. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The District is required to contribute the difference between the actuarially determined rate and the contribution rate of employees.

STRS

Required member, employer and state contribution rates are set by the California Legislature and Governor and detailed in Teachers' Retirement Law. Contribution rates are expressed as a level percentage of payroll using the entry age normal actuarial cost method.

For the year ended June 30, 2019 the contributions reported as deferred outflows of resources related to pensions recognized as part of pension expense for the Plan were:

	CalPERS	STRS	Total
Contributions - employer	\$ 3,695,808	\$ 8,920,486	\$ 12,616,294
On behalf contributions - state	1,367,571	8,517,425	9,884,996
Total	\$ 5,063,379	\$ 17,437,911	\$ 22,501,290

Pension Liabilities, Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions

As of June 30, 2019, the District's reported net pension liabilities for its proportionate share of the net pension liability of the Plans' of:

	Proportionate Share of Net Pension Liability
CalPERS	\$ 40,337,727
STRS	93,310,312
Total Net Pension Liability	\$ 133,648,039

The District's net pension liability for the Plan is measured as the proportionate share of the net pension liability. The net pension liability of the Plan is measured as of June 30, 2018, and the total pension liability for the Plan used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2017 rolled forward to June 30, 2018 using standard update procedures. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined.

VACAVILLE UNIFIED SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2019

6. EMPLOYEE RETIREMENT SYSTEMS (CONTINUED)

The District's proportionate share of the net pension liability for the Plan as of June 30, 2017 and 2018 was as follows:

	<u>CalPERS</u>	<u>STRS</u>
Proportion - June 30, 2017	0.14725%	0.09998%
Proportion - June 30, 2018	0.15129%	0.10153%
Change - Increase (Decrease)	<u>0.00403%</u>	<u>0.00155%</u>

For the year ended June 30, 2019, the District recognized pension expense of \$24,484,319. At June 30, 2019, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>CalPERS</u>		<u>STRS</u>		<u>Total</u>	
	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Pension contributions subsequent to measurement date	\$ 5,063,379	\$ -	\$ 17,437,911	\$ -	\$ 22,501,290	\$ -
Difference between proportionate share of aggregate employer contributions and actual contributions for 2017-18	-	827,481	-	3,311,736	-	4,139,217
Changes of Assumptions	5,587,996	404,934	24,660,302	-	30,248,298	404,934

Actuarial Assumptions

The total pension liabilities in the June 30, 2017 actuarial valuations were determined using the following actuarial assumptions:

	<u>CalPERS</u>	<u>STRS</u>
Valuation Date	June 30, 2017	June 30, 2017
Measurement Date	June 30, 2018	June 30, 2018
Actuarial Cost Method	Entry-Age Normal Cost	Entry-Age Normal Cost
Actuarial Assumptions		
Discount Rate	7.15%	7.10%
Inflation	2.50%	2.75%
Payroll Growth Rate	2.75%	3.50%
Projected Salary Increase	Varies by Entry Age and Service	Varies by Entry Age and Service
Investment Rate of Return ⁽¹⁾	7.15%	7.10%
Mortality	Derived using CalPERS' Membership Data for all Funds	Derived using STRS' Membership Data for all Funds

⁽¹⁾ Net of pension plan investment expenses, including inflation

The mortality table used was developed based on CalPERS-specific data. The table includes 15 years of mortality improvements using the Society of Actuaries Scale 90% of scale MP 2016. For more details on this table, please refer to the December 2017 experience study report (based on CalPERS demographic data from 1997 to 2015) that can be found on the CalPERS website.

CalSTRS changed the mortality assumptions based on the July 1, 2010, through June 30, 2015, experience study adopted by the board in February 2017. CalSTRS uses a generational mortality assumption, which involves the use of a base mortality table and projection scales to reflect expected annual reductions in mortality rates at each age, resulting in increases in life expectancies each year into the future. The base mortality tables are CalSTRS custom tables derived to best fit the patterns of mortality among our members. The projection scale was set equal to 110% of the ultimate improvement factor from the Mortality Improvement Scale (MP-2016) table, issued by the Society of Actuaries.

Discount Rate

CalPERS

The discount rate used to measure the total pension liability for the Plan was 7.15%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all of the funds' asset classes, expected compound (geometric) returns were calculated over the short term (first 10 years) and the long term (11+ years) using a building-block approach. Using the expected nominal returns for both short term and long term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the rounded single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equal to the single equivalent rate calculated above and adjusted to account for assumed administrative expenses.

The table below reflects the long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These rates of return are net of administrative expenses.

<u>Asset Class</u>	<u>CalPERS</u>		
	<u>Assumed Asset Allocation</u>	<u>Real Return Years 1 - 10 ^(a)</u>	<u>Real Return Years 11+ ^(b)</u>
Global Equity	50.0%	4.80%	5.98%
Fixed Income	28.0%	1.00%	2.62%
Inflation Assets	0.0%	77.00%	1.81%
Private Equity	8.0%	6.30%	7.23%
Real Estate	13.0%	3.75%	4.93%
Liquidity	1.0%	0.00%	-0.92%
	<u>100.0%</u>		

^(a) An expected inflation of 2.00% used for this period

^(b) An expected inflation of 2.92% used for this period

Discount Rate

STRS

The discount rate used to measure the total pension liability was 7.10%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and employers will be made at statutory contribution rates. Projected inflows from investment earnings were calculated using the long-term assumed investment rate of return (7.10%) and assuming that contributions, benefit payments and administrative expenses occur midyear. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term assumed investment rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. The best estimate ranges were developed using capital market assumptions from CalSTRS general investment consultant (Pension Consulting Alliance-PCA) as inputs to the process. The actuarial investment rate of return assumption was adopted by the board in February 2017 in conjunction with the most recent experience study. For each future valuation, the consulting actuary (Milliman) reviews the return assumptions for reasonableness based on the most current capital market assumptions. Best estimates of 20-year geometrically linked real rates of return and the assumed asset allocation for each major asset class are summarized in the following table.

Asset Class	STRS	
	Assumed Asset Allocation	Long-Term Expected Real Rate of Return ^(a)
Global Equity	47.0%	6.30%
Fixed Income	12.0%	0.30%
Real Estate	13.0%	5.20%
Private Equity	13.0%	9.30%
Risk Mitigating Strategies	9.0%	2.90%
Inflation Sensitive	4.0%	3.80%
Cash/Liquidity	2.0%	-1.00%
Total	100%

Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the District's proportionate share of the net pension liability for each Plan, calculated using the discount rate for each Plan, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

	CalPERS		
	Discount Rate - 1%	Current Discount	Discount Rate + 1%
	(6.15%)	Rate (7.15%)	(8.15%)
Plan's Net Pension Liability/(Asset)	\$ 57,164,018	\$ 40,337,727	\$ 24,410,246

	STRS		
	Discount Rate - 1%	Current Discount	Discount Rate + 1%
	(6.10%)	Rate (7.10%)	(8.10%)
Plan's Net Pension Liability	\$ 134,603,245	\$ 93,310,312	\$ 56,470,517

Pension Plan Fiduciary Net Position

Detailed information about each pension plan's fiduciary net position is available in the separately issued CalPERS and STRS financial reports.

Payable to the Pension Plan

As of June 30, 2019, the District had no outstanding required contributions to the pension plans.

VACAVILLE UNIFIED SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2019

7. OTHER POSTEMPLOYMENT BENEFITS

Plan description. The Plan is an agent OPEB plan administered by CalPERS. The District provides postemployment health care benefits, through the California Employers' Retiree Benefit Trust (CERBT-OPEB), to employees who are at least age 50 and have at least 18 years of service and obtain medical insurance coverage in a District plan. For none of the 18 years of service, the employee must have been qualified for benefits. The health care benefit is payable until the earlier of the death of the retiree or 7 years following the date of commencement.

Employees covered by benefit terms. At July 1, 2017, the following employees were covered by the benefit terms:

Actives	1083
Retirees	418
Beneficiaries	-
Spouces of Retirees	19
	<u>1,520</u>

Contributions. Contributions are not mandatory and instead are calculated by the District. The allocation strategy is determined by the District and the actuary report is used to determine the contribution amount.

Net OPEB Liability

The District's net OPEB liability was measured as of June 30, 2019, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of July 1, 2017

Actuarial assumptions: The total OPEB liability in the July 1, 2017 actuarial valuation was determined using the actuarial assumptions shown on the following page, applied to all periods included in the measurement, unless otherwise specified.

Valuation Date	July 1, 2017
Measurement Date	June 30, 2019
Actuarial Cost Method	Entry Age Normal
Amortization Method	Level percent, closed periods
Amortization Period	24 years (at July 1, 2017)
Inflation	2.75%
Salary Increases	2.75%
Discount rate	6.75%
Long-term expected rate of return, net of investment expenses	6.75%
Municipal bond rate	N/A
Healthcare cost trend rates	Pre65: 1.50% to 4.25% over 56 years Post65: 1.00% to 4.50% over 56 years

VACAVILLE UNIFIED SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2019

7. OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Index	Target Allocation	Long-Term Expected Arithmetic Real Rate of Return	Long-Term Expected Geometric Real Rate of Return
Global Equity	MSCI ACWI NR	59%	4.98%	3.62%
US Long Bonds	Barclays LT Gvt/Credit	25%	3.38%	2.88%
US Inflation-Indexed Bonds	Barclays US TIPS	5%	1.42%	1.29%
Global REITs	FTSE EPRA/NAREIT Developed	8%	5.59%	3.57%
Commodities	Dow Jones UBS	3%	3.07%	1.42%
Total		<u>100%</u>		
Assumed Inflation - Mean			2.75%	2.75%
Assumed Inflation - Standard Deviation			1.85%	1.85%
Portfolio Real Mean Return			4.39%	3.69%
Portfolio Nominal Mean Return			7.14%	6.54%
Portfolio Standard Deviation				1.31%
Long-Term Expected Rate of Return				6.75%

Discount rate. The discount rate used to measure the total OPEB liability was 6.75 percent. The projection of cash flows used to determine the discount rate assumed that contributions from school districts and county offices will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected OPEB payments for current active and inactive employees. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

VACAVILLE UNIFIED SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2019

9. JOINT VENTURES

The District is a member with other school districts in a Joint Powers Authority, North Bay Schools Insurance Authority, for the operation of a common risk management and insurance program for property and liability coverage. Settled claims resulting from these risks have not exceeded insurance coverage on any of the past three years. The following is a summary of financial information for North Bay Schools Insurance Authority:

	<u>NBSIA</u> <u>6/30/2018*</u>
Total Assets	<u>\$ 69,002,947</u>
Deferred Outflows of Resources	<u>757,440</u>
Total Liabilities	<u>34,191,002</u>
Deferred Inflows of Resources	<u>131,003</u>
Net Position	<u>\$ 35,438,382</u>
Revenues	\$ 28,791,356
Expenditures	<u>28,310,800</u>
Change in Net Position	<u>\$ 480,556</u>

*Most Recent Available

The relationship between Vacaville Unified School District and the Joint Powers Authority is such that the Joint Powers Authority is not a component unit of the District for financial reporting purposes.

10. EXCESS OF EXPENDITURES OVER APPROPRIATIONS

The District incurred unanticipated expenditures in excess of appropriations in expenditure classifications for which the budget was not revised.

Excess of expenditures over appropriations for the year ended June 30, 2019 were as follows:

	<u>Excess</u> <u>Expenditures</u>
General Fund:	
Employee Benefits	\$ 4,381,565
Charter School Fund	
Employee Benefits	\$ 380,260

The excess is not in accordance with Education Code 42600. The excess expenditures are primarily due to the recognition of the STRS on-behalf payments not included in the budget.

VACAVILLE UNIFIED SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2019

11. COMMITMENT AND CONTINGENCIES

The District is subject to legal proceedings and claims which arise in the ordinary course of business. In the opinion of management, the amount of ultimate liability with respect to these actions will not materially affect the financial position or results of operations of the District.

Also, the District has received state and federal funds for specific purposes that are subject to review or audit by the grantor agencies. Although such audits could generate expenditures disallowances under terms of the grants, it is believed that any required reimbursements will not be material.

12. SUBSEQUENT EVENTS

The District's management evaluated its June 30, 2019 financial statements for subsequent events through December 6, 2019, the date the financial statements were available to be issued. Management is not aware of any subsequent events that would require recognition or disclosure in the financial statements.

Proportion of the net pension liability (asset)	0.10007%	0.09800%	0.10019%	0.09998%	0.10153%
Proportionate share of the net pension liability (asset)	\$ 58,479,987	\$ 65,977,731	\$ 81,031,911	\$ 92,459,561	\$ 93,310,312
Covered payroll ⁽²⁾	\$ 41,410,766	\$ 37,644,026	\$ 42,587,496	\$ 46,194,352	\$ 47,902,807
Proportionate Share of the net pension liability (asset) as percentage of covered payroll	141.22%	175.27%	190.27%	200.15%	194.79%
Plan fiduciary net position as a percentage of the total pension liability (asset)	76.52%	74.02%	70.04%	69.46%	70.99%
Proportionate share of aggregate employer contributions ⁽³⁾	\$ 3,677,276	\$ 4,039,204	\$ 5,357,507	\$ 6,665,845	\$ 7,798,577

⁽¹⁾ Historical information is required only for measurement periods for which GASB 68 is applicable.

⁽²⁾ Covered payroll is the payroll on which contributions to a pension plan are based.

⁽³⁾ The Plan's proportionate share of aggregate contributions may not match the actual contributions made by the employer during the measurement period. The Plan's proportionate share of aggregate contributions is based on the Plan's proportion of fiduciary net position as well as any additional side fund (or unfunded liability) contributions made by the employer during the measurement period.

Covered payroll ⁽³⁾	\$ 13,412,658	\$ 14,826,007	\$ 14,797,372	\$ 16,791,205	\$ 17,158,399
Contributions as a percentage of covered payroll ⁽³⁾	11.771%	11.847%	13.888%	15.531%	18.062%
STRS	Fiscal Year 2014-15 ⁽¹⁾	Fiscal Year 2015-16 ⁽¹⁾	Fiscal Year 2016-17 ⁽¹⁾	Fiscal Year 2017-18 ⁽¹⁾	Fiscal Year 2018-19 ⁽¹⁾
Contractually required contribution ⁽²⁾	\$ 3,677,276	\$ 4,039,204	\$ 5,357,507	\$ 6,665,845	\$ 7,798,577
Contributions in relation to the contractually required contribution ⁽²⁾	(4,138,203)	(5,289,513)	(6,726,463)	(7,926,264)	(8,920,486)
Contribution deficiency (excess)	<u>\$ (460,927)</u>	<u>\$ (1,250,309)</u>	<u>\$ (1,368,956)</u>	<u>\$ (1,260,419)</u>	<u>\$ (1,121,909)</u>
Covered payroll ⁽³⁾	\$ 41,410,766	\$ 37,644,026	\$ 42,587,496	\$ 46,194,352	\$ 47,902,807
Contributions as a percentage of covered payroll ⁽³⁾	8.880%	10.730%	12.580%	14.430%	16.280%

⁽¹⁾ Historical information is required only for measurement periods for which GASB 68 is applicable.

⁽²⁾ Employers are assumed to make contributions equal to the contractually required contributions. However, some employers may choose to make additional contributions towards their side fund or their unfunded liability. Employer contributions for such plans exceed the contractually required contributions. CalPERS has determined that employer obligations referred to as "side funds" do not conform to the circumstances described in paragraph 120 of GASB 68, therefore are not considered separately financed specific liabilities.

⁽³⁾ Covered payroll is the payroll on which contributions to a pension plan are based.

VACAVILLE UNIFIED SCHOOL DISTRICT
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
FOR THE FISCAL YEAR ENDED JUNE 30, 2019

1. PURPOSE OF SCHEDULES

A - Statement of Revenues, Expenditures and Changes in Fund Balance – Budget and Actual

The District employs budget control by object codes and by individual appropriation accounts. Budgets are prepared on the modified accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board. The budgets are revised during the year by the Board of Trustees to provide for revised priorities. Expenditures cannot legally exceed appropriations by major object code. The originally adopted and final revised budgets for the General Fund and the Charter School Fund are presented as Required Supplementary Information. The basis of budgeting is the same as GAAP.

B - Schedule of the Changes in the District’s Net OPEB Liability and Related Ratios

Benefit changes. There were no changes to benefits.

Changes of assumptions. There were no changes to assumptions.

Fiscal year 2018 was the first year of implementation, therefore only two years are shown.

C - Schedule of OPEB Contributions

Actuarial methods and assumptions used to set the actuarially determined contributions for fiscal year ended June 30, 2019 were from the July 1, 2017 valuation

Valuation Timing	Actuarial valuations for funding purposes are performed biennially as of July 1. The most recent valuation was performed as of July 1, 2017.
Actuarial Cost Method	Entry Age Normal
Amortization Method	
Amortization Method	Level percent
Closed, open, or layered periods	Closed
Amortization period at July 1, 2017	24 years
Amortization growth rate	2.75%
Asset Valuation Method	Market Value
Smoothing period	N/A
Recognition method	N/A
Corridor	N/A
Inflation	2.75%
Salary Increases	2.75% per annum, in aggregate
Discount rate	6.75%
Healthcare cost trend rates	Pre65: 1.50% to 4.25% over 56 years Post65: 1.00% to 4.50% over 56 years

VACAVILLE UNIFIED SCHOOL DISTRICT

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

FOR THE FISCAL YEAR ENDED JUNE 30, 2019

1. PURPOSE OF SCHEDULES (CONTINUED)

D - Schedule of Proportionate Share of the Net Pension Liability

This schedule presents information on the District's proportionate share of the net pension liability (NPL), the Plans' fiduciary net position and, when applicable, the State's proportionate share of the NPL associated with the District. In the future, as data becomes available, ten years of information will be presented.

Changes in Assumptions

In 2018, demographic assumptions and inflation rate were changed in accordance to the CalPERS Experience Study and Review of Actuarial Assumptions December 2017. There were no changes in the discount rate. There were no changes in the assumptions used in the calculation of the STRS collective net pension liability.

Changes in Benefit Terms

There were no changes in benefit terms since the previous valuations for both CalPERS and CalSTRS.

Fiscal year 2015 was the first year of implementation, therefore only five years are shown.

E - Schedule of Pension Contributions

If an employer's contributions to the plan are actuarially determined or based on statutory or contractual requirements, the employer's actuarially determined contribution to the pension plan (or, if applicable, its statutorily or contractually required contribution), the employer's actual contributions, the difference between the actual and actuarially determined contributions (or statutorily or contractually required), and a ratio of the actual contributions divided by covered-employee payroll. In the future, as data becomes available, ten years of information will be presented.

Fiscal year 2015 was the first year of implementation, therefore only five years are shown.

VACAVILLE UNIFIED SCHOOL DISTRICT

ORGANIZATION

JUNE 30, 2019

Vacaville Unified School District was established in 1966. The District is in Vacaville, California. There was no change in District boundaries during the year. The District operates eight elementary schools, two middle school, two high schools, one continuation high school and three charter schools. In addition, the District operates an adult school program.

SCHEDULE OF FINANCIAL TRENDS AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2019

	Adopted Budget 2019/2020	Actuals 2018/2019	Actuals 2017/2018	Actuals 2016/2017
<u>General Fund</u>				
Revenues and Other Financial Sources	\$ 124,459,557	\$ 131,809,980	\$ 116,137,044	\$ 114,768,227
Expenditures	125,175,961	125,889,494	118,236,213	106,094,613
Other Uses and Transfers Out	-	-	-	61,042
Total Outgo	125,175,961	125,889,494	118,236,213	106,155,655
Change in Fund Balance	(716,404)	5,920,486	(2,099,169)	8,612,572
Ending Fund Balance	\$ 31,447,636	\$ 32,164,040	\$ 26,243,554	\$ 28,342,723
Available Reserves *	\$ 18,189,623	\$ 16,869,576	\$ 16,640,003	\$ 19,874,061
Designated for Economic Uncertainties	\$ 3,772,996	\$ 3,776,531	\$ 3,546,958	\$ 8,559,648
Undesignated Fund Balance	\$ 14,416,627	\$ 13,093,045	\$ 13,093,045	\$ 11,314,413
Available Reserves as a Percentage of Total Outgo	14.5%	13.4%	14.1%	18.7%
<u>All Funds</u>				
Total Long-Term Debt	\$ 343,874,113	354,075,323	310,743,196	\$ 300,855,011
Actual Daily Attendance at P-2 (Exclusive of Adult ADA)	11,012	10,926	10,854	10,583

*Available reserves consist of all undesignated fund balances and all funds designated for economic uncertainty contained within the General Fund

The general fund balance has increased by \$12,433,889 over the past three years. For a District this size, the State of California recommends available reserves of at least 3 percent of total general fund expenditures, transfers out, and other uses (total outgo). The district has met this requirement.

The District has incurred operating surpluses in two of the last three years and anticipates incurring an operating deficit during the fiscal year 2019-2020.

Total long-term liabilities have increased by \$53,220,312 over the past two years due to increases in the net pension liability, issuance of new general obligation bonds and increases to the Net OPEB liability.

Average Daily Attendance (ADA) has increased by 343 over the past two years. The District anticipates an increase in ADA in 2019-20.

VACAVILLE UNIFIED SCHOOL DISTRICT
NOTES TO SUPPLEMENTARY INFORMATION
FOR THE FISCAL YEAR ENDED JUNE 30, 2019

1. Schedule of Average Daily Attendance

Average daily attendance is a measurement of the number of pupils attending classes of the District. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionments of state funds are made to school districts. This schedule provides information regarding the attendance of students at various grade levels and in different programs.

2. Schedule of Instructional Time

The District has received incentive funding for increasing instructional time as provided by the Incentives for Longer Instructional Day. This schedule presents information on the amount of instructional time offered by the District and whether the District complied with the provisions of Education Code Sections 46201 through 46206. Districts must maintain their instructional minutes in accordance with the State's standard requirement as required by Education Code Section 46201(b).

3. Schedule of Charter Schools

This schedule provides information for the California Department of Education to monitor financial reporting by Charter Schools.

4. Reconciliation of Annual Financial and Budget Report with Audited Financial Statements

This schedule provides information necessary to reconcile the Unaudited Actual Fund Financial Reports to the audited financial statements.

5. Schedule of Expenditures of Federal Awards

The accompanying schedule of expenditures of federal awards includes federal grant activity of the District and is presented under the modified accrual basis of accounting. The August 2019 Edition of the Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Federal Awards (Uniform Guidance) requires a disclosure of the financial activities of all federally funded programs. This schedule was prepared to comply with the Uniform Guidance and state requirements. Therefore, some amounts presented in this schedule may differ from amounts used in the preparation of the general purpose financial statements. The District has elected not to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

The schedule on the following page provides a reconciliation between revenues reported on the Statement of Revenues, Expenditures and Changes in Fund Balances, and the related expenditures reported on the Schedule of Expenditures of Federal Awards.

VACAVILLE UNIFIED SCHOOL DISTRICT
NOTES TO SUPPLEMENTARY INFORMATION
FOR THE FISCAL YEAR ENDED JUNE 30, 2019

5. Schedule of Expenditures of Federal Awards (Continued)

	Federal Catalog Number	Amount
Total Federal Revenues From the Statement of Revenues, Expenditures and Changes in Fund Balance		\$ 7,533,027
Reconciling items		
Food Distribution - Commodities	10.553	<u>257,458</u>
Total Schedule of Expenditures of Federal Awards		<u>\$ 7,790,485</u>

6. Schedule of Financial Trends and Analysis

This schedule discloses the District's financial trends by displaying past years' data along with current year budget information. These financial trend disclosures are used to evaluate the District's ability to continue as a going concern for a reasonable period of time.

OTHER INDEPENDENT AUDITOR'S REPORTS

James Marta & Company LLP

Accounting, Auditing, Consulting and Tax

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE
WITH STATE LAWS AND REGULATIONS**

Board of Education
Vacaville Unified School District
Vacaville, California

Report on Compliance for Each State Program

We have audited the compliance of Vacaville Unified School District (the "District") with the types of compliance requirements described in the State of California's 2018-19 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting (the "Audit Guide") to the state laws and regulations listed below for the year ended June 30, 2019.

Management's Responsibility

Compliance with the requirements of state laws and regulations is the responsibility of District's management.

Auditor's Responsibility

Our responsibility is to express an opinion on the District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the 2018-19 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the state laws and regulations listed below occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the District's compliance with those requirements.

Local Education Agencies Other Than Charter Schools

Description	Procedures Performed
Attendance	Yes
Teacher Certification and Misassignments	Yes
Kindergarten Continuance	Yes
Independent Study	No, see below
Continuation Education	Yes
Instructional Time for School Districts	Yes
Instructional Materials	
General Requirements	Yes
Ratio of Administrative Employees to Teachers	Yes
Classroom Teacher Salaries	Yes
Early Retirement Incentive Program	No, see below
Gann Limit Calculation	Yes
School Accountability Report Card	Yes
Juvenile Court Schools	No, see below
Middle or Early College High Schools	Yes
K-3 Grade Span Adjustment	Yes
Transportation Maintenance of Effort	Yes
Apprenticeship: Related and Supplemental Instruction	No, see below
Comprehensive School Safety Plan	Yes
District of Choice	No, see below

School Districts, County Offices of Education and Charter Schools

Description	Procedures Performed
California Clean Energy Jobs Act	Yes
After/Before Schools Education and Safety Program	
General requirements	Yes
After School	Yes
Before School	No, see below
Proper Expenditure of Education Protection Account Fund	Yes
Unduplicated Local Control Funding Formula Pupil Counts	Yes
Local Control and Accountability Plan	Yes
Independent Study-Course Based	No, see below

Charter Schools

Description	Procedures Performed
Attendance	Yes
Mode of Instruction	Yes
Nonclassroom-Based Instruction/Independent Study	Yes
Determination of Funding for Nonclassroom-Based Instruction	Yes
Annual Instructional Minutes - Classroom Based	Yes
Charter School Facility Grant Program	No, see below

We did not perform any procedures related to Early Retirement Incentive Program, Juvenile Court Schools, Before School requirements for the After/Before School Education and Safety, Independent Study-Course Based, District of Choice, Apprenticeship: Related and Supplemental Instruction or Charter School Facility Grant Program because the District did not offer these programs.

We did not perform any procedures related to Independent Study because the ADA generated was immaterial.

Opinion on Compliance with State Laws and Regulations

In our opinion, Vacaville Unified School District complied, in all material respects, with the state laws and regulations referred to above for the year ended June 30, 2019.

A handwritten signature in cursive script that reads "James Marta & Company LLP".

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH GOVERNMENT AUDITING STANDARDS**

INDEPENDENT AUDITOR'S REPORT

Board of Education
Vacaville Unified School District
Vacaville, California

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Vacaville Unified School District (the "District"), as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated December 6, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs to be significant deficiencies: **2019-01**.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Vacaville Unified School District's Response to Findings

The District's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The District's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM
AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE
REQUIRED BY THE UNIFORM GUIDANCE**

INDEPENDENT AUDITOR'S REPORT

Board of Education
Vacaville Unified School District
Vacaville, California

Report on Compliance for Each Major Federal Program

We have audited the Vacaville Unified School District's (the "District") compliance with the types of compliance requirements described in the August 2019 Edition of the *OMB Compliance Supplement* that could have a direct and material effect on each of District's major federal programs for the year ended June 30, 2019. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the audit requirements of the August 2019 Edition of the Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Federal Awards (Uniform Guidance), Audits of States, Local Governments, and Non-Profit Organizations. Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the District's compliance.

Opinion on Each Major Federal Program

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2019.

Internal Control Over Compliance

Management of the District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

VACAVILLE UNIFIED SCHOOL DISTRICT
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2019

Section II – Financial Statement Findings

2019-1: INTERNAL CONTROL – ASSOCIATED STUDENT BODY (30000)

Criteria:

Education Code Section 48930 (and the California Department of Education’s “Accounting Procedures for Student Organizations Handbook”) requires student body organizations to follow the regulations set by the Governing Board of the school district.

- a. Fundraising approval forms should be used for all fundraising activities

Condition:

At Hemlock Elementary we noted the “Spaghetti Fundraiser” was held but no fundraising approval form was completed.

Effect:

- a. Fundraising activity may be unauthorized or inappropriate

Cause

The policies and procedures for account and cash handling procedures, as outlined by the California Department of Education, were not properly implemented by the school site personnel.

Recommendations:

- a. All fundraising activities should have a fundraising approval form completed prior to the revenue generating event. The fundraising approval form is a vital internal control tool and it should be used to document revenues, expenditures, potential revenue and actual revenue. This allows an analysis of the fundraiser to be conducted, indicating to the staff the success or failure of the completed project and, in addition, would provide assurance that all moneys earned are properly receipted and deposited.

Managements Response:

Management had a mandatory ASB Training for all sites on December 4, 2019. Management will review all aspects of ASB. Management will focus on the mandatory requirements and forms for ASB. Management is using FCMAT’s ASB forms across all sites to standardize the forms for consistency. Management has been visiting the sites bi-annually to review ASB processes and forms, but beginning with 2019-20 they will perform quarterly visits. At these site visits, management will perform an internal audit and pull samples to review the forms and process in detail to ensure all policies and procedures are being followed.

APPENDIX C

ECONOMIC AND DEMOGRAPHIC INFORMATION THE CITY OF VACAVILLE AND THE COUNTY OF SOLANO

The following information concerning the City of Vacaville (the “City”) and the County of Solano (the “County”) is included only for the purpose of supplying general information regarding the area of the District. The Certificates are not a debt of the City, the County, the State or any of its political subdivisions (other than the District), and neither the City, the County, the State nor any of its political subdivisions (other than the District) is liable therefor.

General

The City. The City comprises of approximately 21 square miles. It is located in the County some 50 miles northeast of San Francisco and 30 miles west of Sacramento. The City is served by Interstate 80, the major freeway link between San Francisco and Sacramento, as well as Interstate 505, a connecting freeway from Interstate 80 to Interstate 5 which runs north/south through California.

Historically, the City's economy has been based upon agriculture and related industries; the City has served as a commerce center for agriculture in its region for over 100 years. In recent years, however, the City has transformed its economic base as a result of significant residential, industrial and commercial building activity occurring over the past several years. The City has been proactive in providing commercial/industrial development opportunities, and has formed several assessment districts to finance public improvements required by new projects. Additionally, the City's Redevelopment Agency has formed two project areas to also fund public improvements required by development.

This rapid expansion in manufacturing, warehousing and distribution areas has lead to substantial growth in population and employment. The City is known for the large medical detention facility maintained by the State, the Nut Tree Restaurant and extensive shopping facilities located in the eastern portion of the City.

The County. The County is located on the northeast side of the San Francisco Bay, north of Contra Costa County, Suisun Bay and the Carquinez Strait, east of Sonoma County and Napa County, south of Yolo County and west of Sacramento County. The County is located approximately halfway between San Francisco and Sacramento.

The southern part of the County has direct access to Suisun Bay, the San Francisco Bay and the Sacramento-San Joaquin River Delta. For decades, the economy of the County was based primarily on agriculture and ship building at Mare Island Naval Shipyard, which was decommissioned in 1996. Travis Air Force Base, which is located near Fairfield, is the largest military air base in the United States, and is the largest employer in the County.

Population

The following table lists population estimates County for the last five calendar years, as of January 1.

SOLANO COUNTY
Population Estimates
Calendar Years 2015 through 2019 as of January 1

Area	2015	2016	2017	2018	2019

Employment and Industry

The County is included in the Vallejo-Fairfield Metropolitan Statistical Area (“**MSA**”). The unemployment rate in the County was 3.4 percent in December 2019, up from a revised 3.3 percent in November 2019, and below the year-ago estimate of 3.8 percent. This compares with an unadjusted unemployment rate of 3.7 percent for California and 3.4 percent for the nation during the same period.

The table below list employment by industry group for the years 2014 through 2018.

VALLEJO-FAIRFIELD MSA (Solano County)

Median Effective Buying Income

“Effective Buying Income” is defined as personal income less personal tax and nontax payments, a number often referred to as “disposable” or “after-tax” income. Personal income is the aggregate of wages and salaries, other labor-related income (such as employer contributions to private pension funds), proprietor’s income, rental income (which includes imputed rental income of owner-occupants of non-farm dwellings), dividends paid by corporations, interest income from all sources, and transfer payments (such as pensions and welfare assistance). Deducted from this total are personal taxes (federal, state and local), nontax payments (fines, fees, penalties, etc.) and personal contributions to social insurance. According to U.S. government definitions, the resultant figure is commonly known as “disposable personal income.”

The following table summarizes the total effective buying income for Solano County, the State and the United States for the period 2016 through 2020.

**SOLANO COUNTY, STATE OF CALIFORNIA
AND UNITED STATES

APPENDIX D

PROPOSED FORM OF OPINION OF BOND COUNSEL

April 30, 2020

Board of Education
Vacaville Unified School District
401 Nut Tree Road
Vacaville, CA 95687

OPINION: \$71,000,000 Vacaville Unified School District (Solano County, California)
General Obligation Bonds, Election of 2014, Series D

Members of the Board of Education:

We have acted as bond counsel to the Vacaville Unified School District (the "District") in connection with the issuance by the District of \$71,000,000 principal amount of Vacaville Unified School District (Solano County, California) General Obligation Bonds, Election of 2014, Series D, dated the date hereof (the "Bonds"), under the provisions of Article 4.5 of Chapter 3 of Part 1 of Division 2 of Title 5 of the California Government Code (the "Act"), and a resolution of the Board adopted on March 19, 2020 (the "Bond Resolution"). We have examined the law and such certified proceedings and other papers as we deemed necessary to render this opinion.

As to questions of fact material to our opinion, we have relied upon representations of the Board contained in the Bond Resolution and in the certified proceedings and other certifications furnished to us, without undertaking to verify such facts by independent investigation.

Based upon our examination, we are of the opinion, under existing law, as follows:

1. The District is a duly created and validly existing unified school district with the power to issue the Bonds, and to perform its obligations under the Bond Resolution and the Bonds.
2. The Bond Resolution has been duly adopted by the Board, and constitutes a valid and binding obligation of the District enforceable upon the District in accordance with its terms.
3. The Bonds have been duly authorized, executed and delivered by the District, and are valid and binding general obligations of the District.
4. The Board of Supervisors of Solano County is required under the Act to levy an *ad valorem* tax upon the taxable property in the District, unlimited as to rate or amount, for the payment of

principal of and interest on the Bonds (except for certain personal property that is taxable at limited rates).

5. The interest on the Bonds is excluded from gross income for federal income tax purposes and is not an item of tax preference for purposes of the federal alternative minimum tax. The opinions set forth in the preceding sentence are subject to the condition that the District comply with all requirements of the Internal Revenue Code of 1986, as amended, that must be satisfied subsequent to the issuance of the Bonds relating to the exclusion from gross income for federal income tax purposes of interest on obligations such as the Bonds. The District has made certain representations and covenants in order to comply with each such requirement. Inaccuracy of those representations, or failure to comply with certain of those covenants subsequent to the issuance of the Bonds, may cause the inclusion of such interest in gross income for federal income tax purposes, which may be retroactive to the date of issuance of the Bonds.

6. The interest on the Bonds is exempt from personal income taxation imposed by the State of California.

The rights of the owners of the Bonds and the enforceability of the Bonds and the Resolution may be subject to bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted and may also be subject to the exercise of judicial discretion in appropriate cases.

Respectfully submitted,

Jones Hall,
A Professional Law Corporation

APPENDIX E

FORM OF CONTINUING DISCLOSURE CERTIFICATE

\$71,000,000
VACAVILLE UNIFIED SCHOOL DISTRICT
(Solano County, California)
General Obligation Bonds
Election of 2014, Series D

CONTINUING DISCLOSURE CERTIFICATE

This Continuing Disclosure Certificate (this “**Disclosure Certificate**”) is executed and delivered by the Vacaville Unified School District (the “**District**”) in connection with the execution and delivery of the captioned bonds (the “**Bonds**”). The Bonds are being executed and delivered pursuant to a resolution adopted by the Board of Education of the District on March 19, 2020 (the “**Resolution**”). U.S. Bank National Association, is initially acting as paying agent for the Bonds (the “**Paying Agent**”). The District hereby covenants and agrees as follows:

Section 1. Purpose of the Disclosure Certificate. This Disclosure Certificate is being executed and delivered by the District for the benefit of the holders and beneficial owners of the Bonds and in order to assist the Participating Underwriter in complying with S.E.C. Rule 15c2-12(b)(5).

Section 2. Definitions. In addition to the definitions set forth above and in the Resolution, which apply to any capitalized term used in this Disclosure Certificate unless otherwise defined in this Section 2, the following capitalized terms shall have the following meanings:

“*Annual Report*” means any Annual Report provided by the District pursuant to, and as described in, Sections 3 and 4 of this Disclosure Certificate.

“*Annual Report Date*” means the date not later than nine months after the end of each fiscal year of the District (currently June 30th), or March 31.

“*Dissemination Agent*” means initially Isom Advisors, a Division of Urban Futures, Inc. or any third-party Dissemination Agent designated in writing by the District and which has filed with the District a written acceptance of such designation.

“*Listed Events*” means any of the events listed in Section 5(a) of this Disclosure Certificate.

“*MSRB*” means the Municipal Securities Rulemaking Board, which has been designated by the Securities and Exchange Commission as the sole repository of disclosure information for purposes of the Rule.

“*Official Statement*” means the final official statement executed by the District in connection with the issuance of the Bonds.

“*Paying Agent*” means U.S. Bank National Association, or any successor thereto.

“*Participating Underwriter*” means Raymond James & Associates, Inc., the original purchaser of the Bonds required to comply with the Rule in connection with offering of the Bonds.

“*Rule*” means Rule 15c2-12(b)(5) adopted by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as the same may be amended from time to time.

Section 3. Provision of Annual Reports.

(a) The District shall, or shall cause the Dissemination Agent to, not later than the Annual Report Date, commencing March 31, 2021 with the report for the 2019-20 fiscal year, provide to the MSRB in an electronic format as prescribed by the MSRB (currently through its Electronic Municipal Market Access system), an Annual Report that is consistent with the requirements of Section 4 of this Disclosure Certificate. Not later than 15 Business Days prior to the Annual Report Date, the District shall provide the Annual Report to the Dissemination Agent (if other than the District). If by 15 Business Days prior to the Annual Report Date the Dissemination Agent (if other than the District) has not received a copy of the Annual Report, the Dissemination Agent shall contact the District to determine if the District is in compliance with the previous sentence. The Annual Report may be submitted as a single document or as separate documents comprising a package, and may include by reference other information as provided in Section 4 of this Disclosure Certificate; provided that the audited financial statements of the District may be submitted separately from the balance of the Annual Report, and later than the Annual Report Date, if not available by that date. If the District’s fiscal year changes, it shall give notice of such change in the same manner as for a Listed Event under Section 5(a). The District shall provide a written certification with each Annual Report furnished to the Dissemination Agent to the effect that such Annual Report constitutes the Annual Report required to be furnished by the District hereunder.

(b) If the District does not provide (or cause the Dissemination Agent to provide) an Annual Report by the Annual Report Date, the District shall provide (or cause the Dissemination Agent to provide) in a timely manner to the MSRB, in an electronic format as prescribed by the MSRB, a notice in substantially the form attached as Exhibit A, with a copy to the Paying Agent and Participating Underwriter.

(c) With respect to each Annual Report, the Dissemination Agent shall:

- (i) determine each year prior to the Annual Report Date the then-applicable rules and electronic format prescribed by the MSRB for the filing of annual continuing disclosure reports; and
- (ii) if the Dissemination Agent is other than the District, file a report with the District certifying that the Annual Report has been provided pursuant to this Disclosure Certificate, and stating the date it was provided to the MSRB.

Section 4. Content of Annual Reports. The District's Annual Report shall contain or incorporate by reference the following:

(a) Audited financial statements prepared in accordance with generally accepted accounting principles as promulgated to apply to governmental entities from time to time by the Governmental Accounting Standards Board. If the District's audited financial statements are not available by the Annual Report Date, the Annual Report shall contain unaudited financial statements in a format similar to the financial statements contained in the final Official Statement, and the audited financial statements shall be filed in the same manner as the Annual Report when they become available.

(b) Unless otherwise provided in the audited financial statements filed on or before the Annual Report Date, information for the most recently completed fiscal year, or, if available at the time of filing the Annual Report, for the fiscal year in which the Annual Report is filed:

(i) The District's approved annual budget or interim report;

(ii) Assessed value of taxable property in the District as shown on the most recent equalized assessment roll;

(iii) If Solano County no longer includes the tax levy for payment of the Bonds in its Teeter Plan, the property tax levies, collections, and delinquencies for the District;

(iv) Top ten property owners in the District, as measured by secured assessed valuation, the amount of its taxable assessed value, and their percentage of total secured assessed value, if material.

(c) Any or all of the items listed above may be included by specific reference to other documents, including official statements of debt issues of the District or related public entities, which are available to the public on the MSRB's internet web site or filed with the Securities and Exchange Commission. The District shall clearly identify each such other document so included by reference.

Section 5. Reporting of Significant Events.

(a) The District shall give, or cause to be given, notice of the occurrence of any of the following Listed Events with respect to the Bonds in a timely manner as described in (b) below:

- (1) Principal and interest payment delinquencies.
- (2) Non-payment related defaults, if material.
- (3) Unscheduled draws on debt service reserves reflecting financial difficulties.
- (4) Unscheduled draws on credit enhancements reflecting financial difficulties.
- (5) Substitution of credit or liquidity providers, or their failure to perform.

- (6) Adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the security, or other material events affecting the tax status of the security.
- (7) Modifications to rights of Bondholders, if material.
- (8) Bond calls, if material, and tender offers.
- (9) Defeasances.
- (10) Release, substitution, or sale of property securing repayment of the securities, if material.
- (11) Rating changes.
- (12) Bankruptcy, insolvency, receivership or similar event of the District.
- (13) The consummation of a merger, consolidation, or acquisition involving the District or the sale of all or substantially all of the assets of the District, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material.
- (14) Appointment of a successor or additional trustee or the change of name of a trustee, if material.
- (15) Incurrence of a financial obligation of the obligated person, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a financial obligation of the District, any of which affect security holders, if material.
- (16) default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a financial obligation of the District, any of which reflect financial difficulties.

(b) Whenever the District obtains knowledge of the occurrence of a Listed Event, the District shall, or shall cause the Dissemination Agent (if not the District) to, file a notice of such occurrence with the MSRB, in an electronic format as prescribed by the MSRB, in a timely manner not in excess of 10 business days after the occurrence of the Listed Event.

(c) The District acknowledges that the events described in subparagraphs (a)(2), (a)(7), (a)(8) (if the event is a bond call), (a)(10), (a)(13), (a)(14), and (a)(15) of this Section 5 contain the qualifier "if material" and that subparagraph (a)(6) also contains the qualifier "material" with respect to certain notices, determinations or other events affecting the Bonds or the District. The District shall cause a notice to be filed as set forth in paragraph (b) above with respect to any such event only to the extent that it determines the event's occurrence is material for purposes of U.S. federal securities law. Whenever the District obtains knowledge of the occurrence of any of these Listed Events, the District will as soon as possible determine if such event would be material under applicable federal securities law. If such event is determined to be material, the District will cause a notice to be filed as set forth in paragraph (b) above.

(d) For purposes of this Disclosure Certificate, any event described in paragraph (a)(12) above is considered to occur when any of the following occur: the appointment of a

receiver, fiscal agent, or similar officer for the District in a proceeding under the United States Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the District, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement, or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the District.

(e) For purposes of Section 5(a)(15) and (16), “financial obligation” means a (i) debt obligation; (ii) derivative instrument entered into in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation; or (iii) guarantee of (i) or (ii). The term financial obligation shall not include municipal securities as to which a final official statement has been provided to the Municipal Securities Rulemaking Board consistent with the Rule.

Section 6. Identifying Information for Filings with the MSRB. All documents provided to the MSRB under the Disclosure Certificate shall be accompanied by identifying information as prescribed by the MSRB.

Section 7. Termination of Reporting Obligation. The District’s obligations under this Disclosure Certificate shall terminate upon the legal defeasance, prior redemption or payment in full of all of the Bonds. If such termination occurs prior to the final maturity of the Bonds, the District shall give notice of such termination in the same manner as for a Listed Event under Section 5(b).

Section 8. Dissemination Agent. The District may, from time to time, appoint or engage a Dissemination Agent to assist it in carrying out its obligations under this Disclosure Certificate, and may discharge any Dissemination Agent, with or without appointing a successor Dissemination Agent. Any Dissemination Agent may resign by providing 30 days’ written notice to the District and the Paying Agent.

Section 9. Amendment; Waiver. Notwithstanding any other provision of this Disclosure Certificate, the District may amend this Disclosure Certificate, and any provision of this Disclosure Certificate may be waived, provided that the following conditions are satisfied:

(a) if the amendment or waiver relates to the provisions of Sections 3(a), 4 or 5(a), it may only be made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature, or status of an obligated person with respect to the Bonds, or type of business conducted;

(b) the undertakings herein, as proposed to be amended or waived, would, in the opinion of nationally recognized bond counsel, have complied with the requirements of the Rule at the time of the primary offering of the Bonds, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and

(c) the proposed amendment or waiver either (i) is approved by holders of the Bonds in the manner provided in the Resolution for amendments to the Resolution with the consent of holders, or (ii) does not, in the opinion of nationally recognized

bond counsel, materially impair the interests of the holders or beneficial owners of the Bonds.

If the annual financial information or operating data to be provided in the Annual Report is amended pursuant to the provisions hereof, the first annual financial information filed pursuant hereto containing the amended operating data or financial information shall explain, in narrative form, the reasons for the amendment and the impact of the change in the type of operating data or financial information being provided.

If an amendment is made to the undertaking specifying the accounting principles to be followed in preparing financial statements, the annual financial information for the year in which the change is made shall present a comparison between the financial statements or information prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles. The comparison shall include a qualitative discussion of the differences in the accounting principles and the impact of the change in the accounting principles on the presentation of the financial information, in order to provide information to investors to enable them to evaluate the ability of the District to meet its obligations. To the extent reasonably feasible, the comparison shall be quantitative. A notice of the change in the accounting principles shall be filed in the same manner as for a Listed Event under Section 5(c).

Section 10. Additional Information. Nothing in this Disclosure Certificate shall be deemed to prevent the District from disseminating any other information, using the means of dissemination set forth in this Disclosure Certificate or any other means of communication, or including any other information in any Annual Report or notice of occurrence of a Listed Event, in addition to that which is required by this Disclosure Certificate. If the District chooses to include any information in any Annual Report or notice of occurrence of a Listed Event in addition to that which is specifically required by this Disclosure Certificate, the District shall have no obligation under this Disclosure Certificate to update such information or include it in any future Annual Report or notice of occurrence of a Listed Event.

Section 11. Default. If the District fails to comply with any provision of this Disclosure Certificate, the Participating Underwriter or any holder or beneficial owner of the Bonds may take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the District to comply with its obligations under this Disclosure Certificate. A default under this Disclosure Certificate shall not be deemed an Event of Default under the Resolution, and the sole remedy under this Disclosure Certificate in the event of any failure of the District to comply with this Disclosure Certificate shall be an action to compel performance.

Section 12. Duties, Immunities and Liabilities of Dissemination Agent.

(a) The Dissemination Agent shall have only such duties as are specifically set forth in this Disclosure Certificate, and the District agrees to indemnify and save the Dissemination Agent, its officers, directors, employees and agents, harmless against any loss, expense and liabilities which they may incur arising out of or in the exercise or performance of its powers and duties hereunder, including the costs and expenses (including attorneys fees) of defending against any claim of liability, but excluding liabilities due to the Dissemination Agent's negligence or willful misconduct. The Dissemination Agent will have no duty or obligation to review any information provided to it by the District hereunder, and shall not be deemed to be acting in any fiduciary capacity for the District, the Bondholders or any other party. The obligations of the District under this Section shall survive resignation or removal of the Dissemination Agent and payment of the Bonds.

(b) The Dissemination Agent shall be paid compensation by the District for its services provided hereunder in accordance with its schedule of fees as amended from time to time, and shall be reimbursed for all expenses, legal fees and advances made or incurred by the Dissemination Agent in the performance of its duties hereunder.

Section 13. Beneficiaries. This Disclosure Certificate shall inure solely to the benefit of the District, the Dissemination Agent, the Participating Underwriter and holders and beneficial owners from time to time of the Bonds, and shall create no rights in any other person or entity.

APPENDIX F

DTC AND THE BOOK-ENTRY ONLY SYSTEM

The following description of the Depository Trust Company (“DTC”), the procedures and record keeping with respect to beneficial ownership interests in the Bonds, payment of principal, interest and other payments on the Bonds to DTC Participants or Beneficial Owners, confirmation and transfer of beneficial ownership interest in the Bonds and other related transactions by and between DTC, the DTC Participants and the Beneficial Owners is based solely on information provided by DTC. Accordingly, no representations can be made concerning these matters and neither the DTC Participants nor the Beneficial Owners should rely on the foregoing information with respect to such matters, but should instead confirm the same with DTC or the DTC Participants, as the case may be.

None of the District, the Paying Agent or the Underwriter take any responsibility for the information contained in this Section.

No assurances can be given that DTC, DTC Participants or Indirect Participants will distribute to the Beneficial Owners (a) payments of interest, principal or premium, if any, with respect to the Bonds, (b) Bonds representing ownership interest in or other confirmation or ownership interest in the Bonds, or (c) redemption or other notices sent to DTC or Cede & Co., its nominee, as the registered owner of the Bonds, or that they will so do on a timely basis, or that DTC, DTC Participants or DTC Indirect Participants will act in the manner described in this Appendix. The current "Rules" applicable to DTC are on file with the Securities and Exchange Commission and the current "Procedures" of DTC to be followed in dealing with DTC Participants are on file with DTC.

1. The Depository Trust Company (“DTC”), New York, NY, will act as securities depository for the securities (in this Appendix, the “Bonds”). The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Bond will be issued for each maturity of the Bonds, in the aggregate principal amount of such maturity, and will be deposited with DTC. If, however, the aggregate principal amount of any maturity exceeds \$500 million, one certificate will be issued with respect to each \$500 million of principal amount and an additional certificate will be issued with respect to any remaining principal amount of such issue.

2. DTC, the world’s largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC’s participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned

subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). DTC has a Standard & Poor’s rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com. *The information contained on this Internet site is not incorporated herein by reference.*

3. Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC’s records. The ownership interest of each actual purchaser of each Bond (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive Bonds representing their ownership interests in Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

4. To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co. or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC’s records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

5. Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Bonds may wish to take certain steps to augment transmission to them of notices of significant events with respect to the Bonds, such as redemptions, tenders, defaults, and proposed amendments to the Bond documents. For example, Beneficial Owners of Bonds may wish to ascertain that the nominee holding the Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of the notices be provided directly to them.

6. Redemption notices will be sent to DTC. If less than all of the Bonds within an issue are being redeemed, DTC’s practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

7. Neither DTC nor Cede & Co. (nor such other DTC nominee) will consent or vote with respect to the Bonds unless authorized by a Direct Participant in accordance with DTC’s MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to District as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.’s consenting or voting

rights to those Direct Participants to whose accounts the Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

8. Redemption proceeds, distributions, and interest payments on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts, upon DTC's receipt of funds and corresponding detail information from District or Paying Agent on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC nor its nominee, Paying Agent, or District, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of District or Paying Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

9. DTC may discontinue providing its services as securities depository with respect to the Bonds at any time by giving reasonable notice to District or Paying Agent. Under such circumstances, in the event that a successor securities depository is not obtained, Bonds are required to be printed and delivered.

10. The District may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Bond certificates will be printed and delivered to DTC.

11. The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that District believes to be reliable, but District takes no responsibility for the accuracy thereof.

Purpose

This policy provides guidance, control, and direction for the management of surplus funds entrusted to the care of the Solano County Treasurer. These funds are invested collectively and referred to as the Treasury Pool. In addition, the Treasurer is entrusted with segregated investments related to debt issuance and other sources. These funds are invested within the scope of all applicable bond issuance documents, government codes, trust agreements, or other restrictions in affect at the time of the deposit and during the holding period. Any funds entrusted and invested outside the Treasury Pool are accounted for separately.

Scope

This policy applies to all funds over which the Treasurer has been granted fiduciary responsibility and direct control for their management.

Implementation

The guidelines and restrictions found herein shall be applied to all actions taken after its adoption by the Board of Supervisors and shall remain in effect until replaced.

Participants

This investment policy generally restricts deposits to those funds mandated by law or contractual agreement to be held in care of the County Treasurer.

On the consent of the Treasurer, exemptions may be granted pursuant to Government Code §53684 for non-mandatory depositing agencies or non-mandated funds, if it is determined that the additional deposit provides a benefit to the Treasury Pool as a whole while not creating an unmanageable liquidity risk.

Non-mandated depositors or funds may be subject to specific transactional limitations that mitigate the non-mandated deposit liquidity risk. These restrictions may include but are not limited to restrictions on the number of transactions per month, on the size of individual transactions, and on the amount of notification time required before processing a transaction. Non-mandated depositors must agree to the terms and conditions of deposit prior to the Treasurer's acceptance of any non-mandated funds. As a default, these restrictions shall be not more than five transactions per month, not more than the lesser of five million dollars or one percent of the portfolio in aggregate transaction totals per month, and a minimum of thirty days' prior notification for any transaction.

General Policy Statement

It shall be the policy of the Solano County Treasurer to manage the Treasury Pool in accordance with applicable State codes and for the benefit of the pool participants. The Treasurer will make every reasonable effort to maintain the composition of the Treasury Pool within an acceptable risk – return profile. To achieve and maintain this profile, the Treasurer may direct investment purchases or sales to adjust the credit risk, interest rate risk, liquidity risk, or other risks inherent in investment pools.

Objectives

It is the objective of the Solano County Treasurer to invest public funds in a manner that provides security of principal, sufficient liquidity to ensure that the specific portfolio is able to meet its cash flow needs, and generates returns commensurate with the inherent risks being managed. This practice is generally referred to as the “SLY” principal; which is Safety, Liquidity, and Yield.

Safety: Safety of principal seeks to insure the preservation of capital. The objective will be to manage credit risk and liquidity risk

Credit risk, also known as default risk, is the risk that the issuer of a fixed income security may be unable to make timely principal and interest payments. This risk is mitigated through diversification, a process whereby funds are invested in multiple issuers as opposed to a single name.

Liquidity risk is the risk that an investment will be difficult or impossible to sell at a reasonable price relative to its potential return. Marketability risk increases or decreases based on a number of factors including the notoriety of the debt issuer and the frequency at which they issue debt. The size, structure, and complexity of the particular deal, and the size of the market it is issued in are also factors that impact marketability of the security. Market risk is mitigated in the portfolio through the purchase and holding of securities issued by larger, more well-known, and higher rated issuers, such as the United States Treasury and Federal Agencies.

Liquidity: The investment pool shall remain sufficiently liquid to meet all operating requirements that may be reasonably anticipated. This is accomplished by purchasing securities from large, well known, and highly rated issuers. As well as maintaining a ladder of investment whose maturities are timed to match the historical needs of depositors. This includes structuring the ladder to provide additional maturities in summer months when cash demands exceed deposits. The Treasury Pool also maintains cash balances in several Money Market and Money Market-like instruments including the Local Agency Investment Fund.

Yield: The Treasury Pool shall be managed with the objective of maintaining a rate of return commensurate with the risk through various budgetary and economic cycles. Taking into account prevailing interest rates, liquidity needs as described above, and the limits on the types of securities the Treasury Pool is authorized to purchase.

A prudent balancing of liquidity needs results in an investment return for Treasury pool participants that is higher, under most conditions, than that which would be available to them in an overnight investment. However, as a consequence of purchasing longer maturity investments with higher yields, the yield on the Treasury Pool can be expected to lag changes in market interest rates. The result is a buffered Treasury Pool yield that moves slowly and steadily in the direction of market rates, while providing higher long-term rates of return, and an increased ability to forecast depositor yields for budgetary purposes.

Standard of Care

The following policies are designed in accordance with Government Code §53600 et al and the recommended best practices of the Government Finance Officers Association (GFOA) to provide transparency to Treasury operations while enhancing portfolio controls.

- a) **Mark to Market:** In accordance with Governmental Accounting Standard Board (GASB) Statement 40, the portfolio will be marked to market on a monthly or more frequent basis and treated as “Available for Sale” for reporting purposes.
- b) **Wires, ACH’s, and other electronic transfers:** Electronic transfers will require either dual control in the establishment of a repetitive transaction or dual control in the release of a non-repetitive transaction.
- c) **Prudent Investor:** Treasury staff will at all times be held to the “Prudent Investor Standard” when investing, reinvesting, purchasing, acquiring, exchanging, selling, or managing public funds. The County Treasurer and his/her deputies shall act with care, skill, prudence, and diligence under the circumstances then prevailing, specifically including, but not limited to, the general economic conditions and the anticipated needs of the County and other depositors that a prudent person acting in a like capacity and familiarity with those matters would use in the conduct of investing funds of a like character and with like aims to safeguard the principal and maintain the liquidity needs of the County and other depositors.
- d) **Indemnification:** The Treasurer and his or her staff, when acting in accordance with written procedures and this investment policy and exercising due diligence shall be relieved of personal responsibility for an individual security’s credit risk or market price changes. Investments shall be made with judgment and care under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own

affairs. Investments will not be made for speculation but for investment consistent with the stated objectives.

- e) **Ethics and Conflicts of Interest:** County officers, employees, agents and any others who may be directly involved in the investment decision making process shall adhere to all applicable laws regarding conflicts of interest and refrain from personal business activity that could conflict with the proper execution and management of the investment program or that could impair their ability to make impartial decisions. Individuals making or advising on investment decisions shall refrain from conducting personal investment transactions with the same individual firm with whom business is conducted on behalf of the County. The receipt of gifts is subject to the disclosure requirements and limitations set forth in sections §87200 and §89503 of the Government Code. In addition, the receipt of honoraria is prohibited.
- f) **Delegation of Authority – Government Code §53607:** California Government Code §53607 authorizes the County Board of Supervisors the authority to delegate the investment function to the County Treasurer for a one-year period. The Treasurer shall thereafter assume full responsibility for those transactions until the authority is revoked or expires.
- g) **Transactions Records:** All Treasury records will be maintained in accordance with the County’s adopted records retention policy.

Banking

Banking services are utilized to facilitate the financial transactions required by the pool participants. The bank or banks providing these services will be selected in accordance with Government Code §53635.2. Where possible the Treasurer will strive to consolidate banking services in order to achieve the most cost-effective means of meeting the needs of the pool participants.

In addition, the Treasurer works with the County Auditor, the Department of Information Technology, and representatives from School and other districts depositing funds into the Treasury. The objective is to as far as possible automate the transfer of financial information between the disparate groups. These efforts are intended to provide enhanced internal controls, reduce staff workloads, and generate cost savings to the pool participants.

Safekeeping and Custody

Delivery vs. Payment: Purchased, or otherwise acquired, investment securities will be delivered by Fed Book Entry, DTC, or physical deliver, and to the extent feasible, held in third party safekeeping with a designated custodian. To the greatest extent possible, all

transactions will be conducted on a Delivery Versus Payment (DVP) methodology where funds for payment are released simultaneously with the arrival of the investment.

Third-party Safekeeping: The trust department of a bank or other qualified provider will be designated as custodian for safekeeping specific securities. The custodian shall provide reporting and as needed real time access to financial records that show the specific instrument, selling broker/dealer, issuer, coupon, maturity, CUSIP number, purchase or sale price, transaction date, and other pertinent information.

Reporting

In accordance with the recommendations of Government Code §53646 the Treasurer will publish on the County public website, or make available through other electronic means, a detailed report of the investment transactions on a monthly basis. The report will also disclose the amount of liquidity available to meet cash flow demands for the subsequent six month period.

In addition, it is the practice of the Treasurer to provide additional and more frequent information to provide transparency in Treasury operations. These reports include:

- a) A monthly summary report showing the ending assets, monthly average assets, summary income, and net asset value of the Treasury Pool portfolio.
- b) Detailed supporting documentation for asset balances, income, and net asset values.

Transaction records, bank statements, account reconciliations, and associated accounting materials are filed and maintained in accordance with Government Code §27000 - §27013 inclusive; and the County's adopted records retention policy.

Compensation

In accordance with Government Code §§ 27013 and 53684, the Treasurer will charge all pool participants for administrative and overhead costs. Costs include, but are not limited to, employee salaries and benefits, portfolio management, bank and custodial fees, software maintenance fees, and other direct and indirect costs incurred from handling or managing funds. Costs will be deducted from interest earnings on the pool prior to apportioning and payment of interest. The Treasurer shall annually prepare a proposed budget providing a detailed itemization of all estimated costs which comprises the administrative fee charged in accordance with California Government Code § 27013. The administrative fee will be subject to change annually. At the end of each fiscal year the amount of the administrative fee is adjusted to reflect the actual Treasury costs for the year.

Financial Dealers and Institutions

As a trustee of public funds held on behalf of other governing bodies it is the Treasurer's policy to use those financial institutions and financial service providers who provide the greatest investment benefit to the pool participants.

- a) Issues of public social concern and benefit will be evaluated on a case by case basis using the minimum criteria that to be eligible to receive County funds, all banks, savings associations or federally insured industrial loan companies must have received an overall rating of not less than "satisfactory" in its most recent evaluation by the appropriate federal financial supervisory agency of its record meeting the credit needs of California's communities, including low, moderate income neighborhoods pursuant to Section 2906 of Title 12 of the United States Code.
- b) Any decision to conduct financial transactions with an entity shall be made exercising the care, skill, prudence and diligence under the circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs.
- c) Authorization of Broker/Dealers to conduct business with the County is in the sole discretion of the Treasurer. In order to assist in the determination process, Broker/Dealers must provide reasonable proof of qualifications. The criteria for authorization of Broker/Dealers are as follows:
 - i. Any individual Broker/Dealer or Broker/Dealer firm that has made any political contribution to any agency, individual, or campaign within the potential scope of this policy, at any time during the prior 48 months that exceeds the limitations contained in Rule G-37 of the Municipal Securities Rulemaking Board shall be barred from consideration.
 - ii. Individual Broker/Dealers and Broker/Dealer firms must be in good standing with the NASD.
 - iii. Individual Broker/Dealer and Broker/Dealer firms must be licensed to conduct business in the State of California.

Constitutionally Mandated Temporary Transfers

Pursuant to Article XVI, section 6 of the California Constitution, the County Treasurer, upon resolution of the Board of Supervisors, has the power and the duty to make temporary transfers of Treasury Pool funds to districts whose funds are in the custody of and paid out solely through the Treasurer's Office. In accordance with statute, these temporary transfers will be limited to 85% of all anticipated revenues accruing to the district that are mandated for deposit with the Treasury.

Calculating and Apportioning Pool Earnings

The Solano County Investment Pool is comprised of monies from multiple units of the county, schools, agencies and districts. Each entity has unique cash flow demands, which dictate the type of investments the Treasurer must purchase. To ensure parity among the pool participants when apportioning interest, the following procedures have been developed.

- a) Interest is apportioned on an at least quarterly basis in accordance with the California Government Code.
- b) Interest is apportioned to pool participants based on the participants' average daily fund balance as determined by the Auditor-Controller.
- c) Interest is calculated on an accrual basis for all investments in the Treasurer's Pool by the Treasurer and reported to the Auditor-Controller for distribution into the funds of the participants.
- d) The Auditor-Controller deducts accounting fees and makes any adjustments from the interest earning and apportions the remaining earnings to all participants based on the positive average daily balance.
- e) Negative average daily fund balance will be charged interest at the rate of interest that is being apportioned.

Deposit and Withdrawal Requests

Solano County operates a Pooled Investment Portfolio that allows optimal liquidity and diversification for depositing agencies. Unless otherwise specified, monies from all units of government, schools, agencies and districts deposited into the Treasury are combined into the Treasury Pool. The purpose of the combined portfolio is to increase participant's liquidity and not limit them to specific investments. This portfolio is managed as a unit based on a calculated combined cash flow of all the participants. See "Participants" section for additional information and restrictions on deposits.

Per Government Code §27136, the Treasurer will approve all material withdrawals from the investment pool that are made for the purpose of investing or depositing those funds outside the County Treasury Pool. Transactions by non-mandatory depositors will be at a minimum subject to the limitations as described in Treasurer's pool participants section of this policy.

Exceptions to the combined pool are allowed for bond proceeds and other funds that must be segregated by applicable bond documents, trust agreements, statutes, or other restrictions in place at or during the time the funds are entrusted to the Solano County

Treasurer. Investment and reporting of these funds will be segregated from the Treasury Pool. For additional information see “Bond Proceeds Portfolios.”

Authorized Investments and Restrictions

The Solano County Treasurer’s Pool shall be governed by the tenets of Government Code § 53600 et seq. In addition to these tenets the portfolio is further restricted to the following percentages based on book value at the time of purchase.

- a) Bonds issued by Solano County as the local agency
 - i. Not more than 20% of the portfolio
 - ii. Maximum maturity of 30 years in accordance with Resolution 2008-96
- b) Treasury Bills, Notes, Bonds, and other Certificates of Indebtedness backed by the full faith and credit of the United States Government
 - i. No restrictions above those mandated by §53601
- c) Registered state warrants or treasury notes or bonds of the State of California
 - i. Not more than 20% of the portfolio
 - ii. Maximum maturity of 30 years in accordance with Resolution 2008-96
- d) Registered treasury notes or bonds issued by any of the other 49 states in accordance with §53601 (d)
 - i. Not more than 20% of the portfolio.
 - ii. Maximum maturity of 30 years in accordance with Resolution 2008-96
- e) Bonds, notes, warrants, or other evidences of indebtedness of any local agency within the State of California not including Solano County
 - i. Not more than 20% of the portfolio
 - ii. Maximum maturity of 30 years in accordance with Resolution 2008-96
- f) Federal Agency or United States government-sponsored enterprise obligations, participations, or other instruments
 - i. Not more than 80% of the portfolio
 - ii. Not more than 50% of the portfolio in any single agency
- g) Bankers Acceptances
 - i. No restrictions above those mandated by §53601
- h) Commercial Paper
 - i. Must be credit rated the equivalent of “A-1” or higher by at least two nationally recognized statistical rating organizations.
- i) Negotiable Certificates of Deposit
 - i. Not more than 20% of the portfolio

- j) Repurchase Agreement or Reverse Repurchase Agreements Collateral
 - i. No restrictions above those mandated by §53601
- k) Corporate Bonds, Notes, or other Certificates of Indebtedness
 - i. No restrictions above those mandated by §53601
- l) Shares of Beneficial Interest
 - i. No restrictions above those mandated by §53601
- m) Bond Proceeds
 - i. No restrictions above those mandated by §53601
- n) Security Interests
 - i. No restrictions above those mandated by §53601
- o) Any mortgage or other asset backed pass-through security or collateralization
 - i. No restrictions above those mandated by §53601
- p) JPA Participations
 - i. No restrictions above those mandated by §53601
- q) International Bank for Reconstruction and Development, International Finance Corporation, Inter-American Development Bank
 - i. Dollar denominated senior unsecured unsubordinated rated AA or better.
- r) Other Restrictions
 - i. Currently callable securities restricted to not more than 60% of the portfolio. Restriction does not apply to make whole calls.
 - ii. Securities downgraded to below investment grade shall be reviewed and sold at market prices if the determination is made that they present a material risk to the portfolio liquidity.
- s) Commercial Bank, Savings Bank, Savings and Loan Association, or Credit Union Certificate distribution mechanisms.
 - i. No Restrictions above those mandated by §53601

Any investment currently held in the portfolio that does not meet the guidelines established in this policy is exempted from the requirements of this policy. At maturity or liquidation, such monies shall be reinvested only as provided by this policy.

In accordance with California Government Code Section §53601 the Treasurer retains the right to petition the Solano County Board of Supervisors for approval to invest in securities with a final maturity in excess of five years. The Solano County Board of Supervisors adoption of any resolution allowing maturities beyond five years shall be considered an allowed modification to this policy and any investments made in accordance with the modification shall be allowable under this policy.

The Board's previously granted exception in the form of Resolution 2009-65 on April 07, 2009 shall remain in effect regarding the purchase of extended maturity securities, pursuant to Government Code §53601.

Other Policy Considerations

Disaster Recovery: The County Treasury maintains disaster recovery policies, procedures, and practices that are tested and updated on a regular basis as technologies and conditions change. These items are intended first and foremost to provide the maximum protection to Treasury assets in the event of a natural or manmade disaster.

The Treasury also maintains contingency operating procedures to provide business continuity in the event that key County facilities or equipment are unavailable for extended periods of time.

Auditing: Pursuant to Government Code § 26920 the Treasury undergoes a quarterly review of the Treasurer's statement of assets conducted by the Internal Audit division of the Auditor-Controller's office. The Auditor's review shall be accomplished in accordance with the appropriate professional standards, as determined by the County Auditor. The Treasurer shall prepare a statement showing the amount and type of assets in the County Treasury as of the date of the review. The review shall include:

- a) Counting cash in the Treasury.
- b) Verifying that the records of the Treasurer and Auditor are reconciled pursuant to California Government Code § 26905.
- c) Issuing a report to the Board of Supervisors in accordance with the Statements on Standards of Accounting and Review Services issued by the American Institute of Certified Public Accountants.
- d) On an annual basis, the Internal Audit Division of the Auditor-Controller's Office shall perform or cause to be performed an audit of the assets in the County Treasury and express an opinion whether the Treasurer's statement of assets is presented fairly and in accordance with generally accepted accounting principles.
- e) The report shall be addressed to the Board of Supervisors. The quarterly review referenced above need not be performed for the period when an audit is conducted.

Environmental, Social and Governance (ESG) considerations: Industry standards for ESG compliance have not been universally defined and accepted. The Treasury will monitor ESG developments and recommend future policy changes when appropriate.

Investment of Segregated Funds

As needed, the Treasurer may be entrusted to manage the proceeds of specific bond issuances or other deposited funds as separate investments from the Treasury Pool. These include, but are not limited to General Obligations of the County, County TRANs, Pension Trust Fund, School General Obligations, School TRANs, and State or other entity provided loans or deposits to local agencies including School Districts.

Participation: Participation in a “segregated funds” portfolio is restricted to the terms of the specific issues trust agreement or as directed by the appropriate legal counsel. Establishment of a segregated investment will be by mutual agreement of the requesting agency and the Treasurer

Portfolio Restrictions: Funds in any segregated portfolio will be governed by the tenets of the trust agreement, and any other agreed upon governance. Segregated investment will be held to the prudent investor standard.

- a) Investments in this portfolio are not subject to the limitations of §53601 - §53609 inclusive.
- b) For tax purposes portfolio investments may be restricted to tax exempt or other specific tax treatment securities.
- c) As a result of spending restrictions, portfolio funds may be invested in securities with durations of up to forty years or as otherwise proscribed in the trust agreement

Withdrawing funds from the Portfolio: Withdrawals are subject to the limitations and restrictions as described in the trust agreement. Any gains or losses realized as a result of changes in the anticipated withdrawal schedule will be apportioned to the depositor’s fund.

Special Investments: Special investments are subject to the restrictions of the individual bond issuance as described in the trust agreement or as directed by the appropriate legal counsel.

Roles and Responsibilities: The Treasurer manages these funds on behalf of the depositor and relies on the depositor to provide accurate information with regard to liquidity and other specific investment needs. It shall be the responsibility of the depositor to notify the Treasurer of any changes in the investment requirements. Balances are validated against records maintained by the Auditor – Controller’s office.

Public Hearing Required? Yes ___ No X

DEPARTMENTAL RECOMMENDATION:

It is recommended that the Board accept the County Treasurer’s Quarterly Report for the period of October 1, 2019 through December 31, 2019.

SUMMARY:

Submitted herein is the Treasurer’s FY2019/20 Second Quarter Report, which contains the Treasurer’s Statement of Compliance.

This report is provided for informational purposes only. All information contained in this report pertains to all county, district, agency and school district funds. This report is also available on the Treasurer’s web site at www.solanocounty.com.

FINANCIAL IMPACT:

There is no financial impact in accepting this report; all costs associated with preparing the agenda item are nominal and absorbed by the department’s FY2019/20 Adopted Budget.

ALTERNATIVES:

The Board could elect not to accept this report at this time or request a change in content or format.

OTHER AGENCY INVOLVEMENT:

This report will be promulgated to the distribution list on the Statement of Compliance and published on the Treasurer’s website.

January 21, 2020

The Honorable Members of the Board of Supervisors
County of Solano County
675 Texas Street, Suite 6500
Fairfield CA 94533

Honorable Members of the Board:

It is my pleasure to present the quarterly report for the second quarter of FY2019/20.

State of the Treasury

The \$1.3 billion Treasurer's pool is managed in accordance with the tenets of California Government Code §53600.5 to provide for the safety of principal, adequate liquidity for all anticipated cash flow requirements, and a consistent rate of return commensurate with the established risk profile.

The \$609 million currently held in cash and investments with six months or less left to maturity should provide adequate funding for all anticipated cash needs, while also affording the Treasury an opportunity to invest excess liquidity at market rates.

The treasury pool is maintained with a duration designed to stabilize yields and prevent rapid increases or decreases in earnings. The treasury pool is also diversified from a credit risk perspective by maintaining a mix of investments that includes 9.7% in cash and cash equivalents, 36.8% in US Treasuries 24.5% in Government Sponsored Enterprises, 16.6% in US Corporations, and 4.8% in Municipals; with the balance of 7.6% held in a variety of assets including mutual funds, commercial paper, and other holdings allowable under §53600.5.

Current Market Conditions Impacting the Treasury Pool

Treasury managers monitor information provided by the Federal Reserve; its actions and information impact the interest rates at the short end of the curve where nearly most of the treasury investments are made. The federal funds rate was not changed at the last meeting and remain 1.75 -1.50%. The information statement released by the committee indicate a sustained expansion, strong labor markets and strong economic activity.

Expectations going forward

The committee reported no change in rates and continued strong economic activity, therefore, treasury managers expect no change in rates in the coming quarter. The investment pool earnings are expected to remain stable.

Respectfully Submitted,
CHARLES LOMELI

STATEMENT OF COMPLIANCE

December 31, 2019

Liquidity:

The Treasury has a cash and cash equivalent position (securities maturing within 6 months) of \$609 million dollars as of December 31, 2019. Based on historical trend analysis and projections by the various school districts, it is estimated that this cash position is adequate to meet projected liquidity requirements of the pool participants for the next six months.

Should the treasury experience unusual demands on cash, the liquidity position will be adjusted accordingly.

Investments:

The investment portfolio has been reviewed by the Treasurer-Tax Collector-County Clerk on June 30, 2019 and found to be in compliance with the Investment Policy.

Reporting and Distribution:

In accordance with Government code section 53607, a monthly report is submitted to the Clerk of the Board electronically.

In accordance with the Government Code section 53646 this non-mandated quarterly report is submitted to provide full disclosure to the Board and public.

This report is also made available to the Superintendent of Schools, the business managers of each district, many pool participants and the public at large via the Internet.

Respectfully Submitted,
CHARLES LOMELI
Treasurer-Tax Collector-County Clerk
